4th Grade BOY Reading Diagnostic

- For the 2020-2021 school year, districts are required to provide make-up assessments to all fourth grade students no later than the tenth day buildings are open to students. This one-time assessment may be conducted remotely.
- i-Ready is the approved formative/diagnostic assessment for MCS.

- 237 fourth grade students enrolled in MCS
- 235 fourth grade students completed BOY i-Ready Reading Diagnostic
- 99% participation rate

Impacts to Improved Participation

- Engaging content provided by teachers
- Student support services
- Increased internet access through hotspots
  - First 67 hotspots checked out to students impacted 181 students
  - Sept. 9, 2020 – Checked out 139 hotspots to students impacting 288 students
  - Sept. 10, 2020 – Checked out an additional 72 hotspots impacting 108 students
  - Continue working to place hotspots in community buildings
  - We will address internet capacity with remaining hotspots while continuing to address connectivity as needs are expressed
- Awaiting an additional 500 hotspots provided by county funds

BOY Reading and Math Diagnostic Assessments

- RtA Legislation requires BOY, MOY, and EOY benchmark assessments be administered to all K-3 students.
- For EVAAS purposes, the state will use MOY to EOY data for K-2 growth for the 2020-2021 school year.
- Benchmark assessment window for BOY is the first 20 instructional days in September. Participation percentages will be reported at the October Board meeting.
- i-Ready is the approved formative/diagnostic assessment for MCS
