The House System

March 2, 2020

What is our Why?

- Establish a sense of community by creating a school-within-a-school.
- Build excitement about coming to school and create a sense of belonging
- Promote social-emotional and character education
- Focus on positive reinforcement
- Form strong mentoring relationships between students and school staff
- Strengthen PBIS by reinforcing expectations and strengthening relationships

The House System

- Houses meet weekly and include all staff members who serve as mentors for smaller groups within each House.
- Each House has a specific color and character trait that is celebrated for a month.
- Celebrated House members do morning announcements and lead the Pledge of Allegiance.
- Everyone celebrates the featured House by wearing their color on Wednesdays.

The House System
