STEM Labs

Candor Elementary
MCS Board Presentation, October 1, 2018

WHY?

- **To foster 21st Century Skills using the 4 C's: Creation, Collaboration, Communication, and Critical Thinking**
- **To encourage teachers to teach more Science K-5**
- **To provide a space and time for teachers to use the Stemscopes Science materials that were provided by the district. The IF is supporting this process.**
- **AIG Enrichment**
- **Level 5 students participate in STEM lab activities once per week. (HB 986)**
