

Proactive Academic Classroom Experience (PACE)

$$\sqrt{\frac{3}{4}} = (a^2)$$

PACE Classroom

1 Certified Teacher
2 Teacher Assistants
8 Students

$$\sqrt{\frac{3}{4}} = (a^2)$$

PACE Classroom

The Pace classroom allows for a flexible learning environment where each student's individual learning, behavior, and social/emotional needs can be met.

$$\sqrt{\frac{3}{4}} = (a^2)$$

Individualized

Due to the student-to-teacher ratio lessons can be tailored to meet each students needs. Small group instruction and support occurs daily.

$$\sqrt{\frac{3}{4}} = (a^2)$$

Support Provided

Behavior

Learn appropriate classroom behaviors.

Process feelings and learn to express positive behaviors

Academic

One-on -One academic support

Small group instruction

Less distractions

Social/Emotional

Zones of Regulation

Learning coping and calming skills

Establishing Peer Relationships

SEL Support

Assistance with processing emotions

Social Skills

Transitional Support

As students display appropriate classroom behavior and social skills we begin transitioning them into our grade-level classrooms in small increments and increase time as they continue to show positive behaviors.

$$\sqrt{\frac{3}{4}} = (a^2)$$
