

# Montgomery County Early College

---

**BOARD PRESENTATION: MCEC STUDY NIGHT**

**FEBRUARY 5, 2024**

# MCEC Study Night Background

- Idea for Study Night shared by another school at the RTI Early College Summit
- Implemented for the first time last school year
- Plan to host a Study Night at the end of each semester
- Teachers volunteer to host sessions
- Focus on study sessions, test prep, and homework assistance
- Added PreACT Parent Night this Fall

Sign Up Here

# MCEC Study Night Outcomes

---

- Student attendance and participation (117 students)
- Collaboration between students and teachers
- Targeted instruction based on student needs and interest
- Safe and open learning environment
- Voluntary tutoring for high school and college classes.
- PreACT and ACT Test Review
- Increased participation in MCEC's PreACT Parent Night.

# MCEC Study Night Highlights

---

- Great time to finish the semester strong
- Opportunity to finish projects and assignments
- Attend study session for final exams
- Student/Teacher collaboration
- Students working together to excel
- Attendance make-up
- Community service projects
- Parent information night
- Free snacks and pizza!

# Student Reflections

---

“I think that it is nice for the school to make the time for Study Night. The teachers all take the time to help students complete their final assignments for the semester.” – Yanely, 11th grade

“I like the fact that we get so much help on Study Night. For example, when I was a sophomore, Mrs. Martin reviewed everything that we needed to know so that we could be ready for our Biology exam.” – Jocelyn, 11th grade

“Honestly, I love it! You get to stay after school and talk to your teachers while you finish your work. And, if you need to make up time, then you can make it up in a fun environment. It’s better than sitting and making it up alone.” – Lauren, 12th grade

# Teacher Reflections

---

“I love how eager the students are to come after hours to work together and enjoy doing it!” - Mrs. April Daywalt, Math

“Study Night provides students the opportunity to ask questions in an relaxed atmosphere.” - Mrs. Cindy Martin, Biology

“Study night is a highlight of the semester. Students embrace the opportunity to prepare for finals. They have the benefit of peer support, teacher-led review, and independent study. Free food and snacks fuel their energy levels, and an abundance of encouragement is available to all. Study Night helps our Phoenixes soar!” - Mrs. Pearle Pratt, English
