MEMO: Supplemental Pay for Mentors

Mr. Auman:

I would like to recommend that we continue the supplemental pay of $500 per year for our EC mentors. Each of these people work with our EC staff members who do not have a clear license. They must sit in on all meetings, check over all paperwork, and sign off on all meetings with the unlicensed person. This responsibility takes a good amount of time from their day and must be done in addition to all their own duties. If we could support them with $250 per semester, that would be wonderful, that way if we have some individuals that are licensed at mid-year, the support could be decreased, and money saved.

The supplement would come from monies coming to the Exceptional Children's Dept. A list of all EC mentors will be provided to Finance.

I appreciate your consideration of this request.

Respectfully,

Clarkie Hussey
EC Director, Montgomery Co. Schools
