

September 1, 2021

As per Ohio Administrative Code Rule 3301-51-11 (Effective: July 1, 2021) Whitehall City Schools must annually publish a list of community preschool options in order to ensure that a continuum of alternative placements is available to preschool students identified with disabilities. Whitehall City Schools cannot guarantee that a given student's special education services can be provided at these centers as that is determined on an individual basis by each child's IEP Team.
