INTRODUCTION

It is the mission of the Paterson Public School District to recognizing our proud traditions and diverse community and partnerships, the mission of the Paterson Public School District is to provide an academically rigorous, safe and nurturing educational environment; by meeting the social, emotional, and academic needs of our students as we prepare them for post-secondary education and career.

The District recognizes that students have a fundamental right to a thorough and efficient public education, and that students have a corresponding duty to cooperate with teachers and administrators in fostering a school environment that is conducive to learning. Because school attendance and good discipline are essential to an orderly and effective learning environment, it is the duty of the school community to ensure that its members respect one another. Students, families, and schools must work together to achieve this goal.

The District acknowledges its legal and moral responsibility to provide an atmosphere for a sound educational program promoting optimum conditions for learning. Violations of school rules and District policies by students are addressed in accordance with the Code of Conduct. The Code of Conduct provides guidelines for school responses to misconduct that take into account, at a minimum, the severity of the offenses, the developmental ages of the student offenders, and students' histories of inappropriate behaviors.

As we anticipate the reopening of the district's school buildings, we must continue to keep the health and safety of our students and staff as the top priority. We will comply with New Jersey Governor Phil Murphy, *The Road Back: Restart and Recovery Plan for Education*.

Please familiarize yourself with this Handbook. We appreciate your understanding and support in ensuring that our schools are an educationally sound and safe place to learn.

[Academic Services / Academic Services And Special Programs \(paterson.k12.nj.us\)](http://paterson.k12.nj.us)

Measuring, recording, and reporting academic achievement is vital to the learning process. Teachers may assign schoolwork that will be graded in order to assist each student in understanding his or her academic strengths, achievements, and progress.

A final grade will be given in every course at the end of each school year or marking period. The grade will be based on evidence of the student's effort and achievement in learning and proficiency on various types of assignments, including

- Homework and classwork
- Class participation
- Tests, quizzes, and exams
- Research projects
- Book reports, essays, and term papers
- Oral reports and presentations

Paterson Public Schools is committed to holding all students to high academic standards and expectations. This commitment has lead the district to implement a new grading scheme over the course of the next three years. The current passing grade is 63.

Guidance Counselor

The guidance counselor at the school will be available to advise students and parents regarding courses, course-level selection, required course distribution, credit requirements, and issues of promotion and graduation.

Academic Integrity

Grades will be based on each student's academic performance and may only be lowered as a direct penalty for plagiarism or other forms of academic dishonesty.

Homework

Homework is an opportunity to extend student learning beyond the school day and may be assigned to promote the development of study skills, effective time management, independence, responsibility, and academic confidence. Teachers may not assign homework as a form of disciplinary action.

Failure to complete homework on time may negatively affect a student's grades. If there is a good reason why homework cannot be completed on time, the student or their parent should contact the teacher in advance. Students are expected to complete missed homework assignments in the event of absence for any reason.

Report Cards & Progress Reports

Report cards will be distributed four (4) times per year, at the end of each marking period. Additionally, progress reports will be distributed approximately every forty-five (45) days, in the middle of each marking period. Students and parents will be able to access both documents using their Infinite Campus portal account.

Retention/Promotion

The Paterson Public School District is taking many steps to significantly improve student achievement. One of these steps includes putting an end to "social promotion" (promoting students from one grade level to the next when the child has not demonstrated sufficient educational growth during the school year).

It is important for all parents to understand that if their child's educational performance does not meet the District's promotion policy, the student will be retained. The student will be required to attend a mandatory summer school program and show adequate growth, based on District guidelines, before being promoted to the next grade level.

This means that the District will not promote students to the next grade level until they clearly demonstrate proficiency in language arts and mathematics or growth in these subject areas as measured by District-wide multiple measures.

Student Attendance

Students are expected to attend school every day and to arrive on time. Regular attendance is essential for a student to make the most of his or her education. Every effort should be made to avoid unnecessary absences and instances of lateness. Students who are chronically late to school or class, or skip instructional or non-instructional periods, or are absent from school or class without prior excuse will be subject to consequences.

Students who are absent from school will be excluded from that day's athletic and/or after-school activities. Additionally, unexcused absences from school or class may result in disciplinary action. All disciplinary actions shall be subject to the availability of school resources and supervisory personnel.

Each time a student is absent from school or class without prior excuse, the student's parent will receive an automated telephone call. The parent may be asked to explain the reason for the student's absence.

Students who are chronically absent or late will be referred to the school Intervention and Referral Team to determine appropriate interventions and to the school attendance officer to determine if a truancy investigation is warranted. Students who reach **twenty (20)** or more unexcused absences in any one class may not receive course credit for that class. **Twenty (20)** or more unexcused absences from school may result in a loss of credit for the school year and grade retention.

After the twentieth unexcused absence from school, the school will hold a hearing to determine whether credit recovery should be made available through an alternative education program.

Seat time may be provided for students to make up time due to unexcused absences for high school class courses.

High School Students (ONLY)

***Attendance Steps for Students 16 Years Old and Younger**

If a student has 20 unexcused absences at the end of 2ND marking period, the building Principal may recommend placement in Silk City Academy/Great Falls Academy.

***Attendance Steps for Students 17 Years Old and Older**

If the student has accumulated 20 unexcused absences, they may be referred to attend Silk City Academy/Alonzo “Tambua” Moody Academy, or Adult School.

If all measures have been exhausted and recommended by the building Principal, after the student has accumulated 40 days of unexcused absences, they may be dropped from roll and referred to NJ Youth Core, Youth Build or another alternative placement.

****Students who lose credit for the year or are dropped from roll for attendance purposes may re-enroll at their home school the following year.***

Excused Absences

Parents/guardians who expect their child will be absent from school are asked to call the school's Main Office to notify the school secretary. Absences from school or class due to religious observance, illness, family emergency, or participation in a school-approved activity will be excused only if verified by appropriate documentation. Documentation must be presented in the Main Office within two days after a student returns to school.

Students who are absent due to religious observance must provide written notice signed by their parent prior to the day of absence. For absences due to family emergencies, students must provide written notice signed by the parent. For absences lasting five (5) or more days due to illness, the student must provide a doctor's note.

Late Arrivals

Students who arrive late to school **will not** be turned away and will be permitted to enter the school building regardless of their time of arrival. Students who are late to school will receive credit for classes attended but will not receive credit for any classes missed that day. Any student who arrives late must report directly to the school's designated sign-in location to be processed for purposes of attendance and to avoid being marked absent for the day.

Tardiness to school or class that is caused by a pupil's illness, an emergency in the pupil's family, the observance of a religious holiday, a death in the pupil's family, or by the pupil's compliance with a request or directive of an administrator will be considered justified and is excused. All other incidents of tardiness will be considered unexcused. Five instances of unexcused tardiness will equal one unexcused absence for the purpose of calculating unexcused absences for application of Board Policy No. 5410 on promotion and Policy No. 5460 on high school graduation.

Five (5) instances of unexcused tardiness are equal to one unexcused absence from class for the purpose of course credit (This does not pertain to homeroom attendance). Failure to serve an assigned detention before/after school

or at lunch will result in one (1) Saturday detention. Students who are chronically late will be referred for counseling and truancy investigation.

Students who arrive late to school **WILL NOT** be turned away and will be permitted to enter the school building regardless of their time of arrival. Students who are late to school will receive credit for classes attended but will not receive credit for any classes missed that day. Any student who arrives late must report directly to the school's designated sign-in location to be processed for purposes of attendance and to avoid being marked absent for the day.

Cutting Class

Students must attend scheduled classes on a regular basis in order to keep up with coursework, achieve course objectives, learn skills and acquire knowledge, and earn the course credits required for grade promotion graduation from high school. Absences from class can seriously disrupt the learning process. Cutting class means being absent from a scheduled class without permission. This includes instructional periods as well as lunch and activities such as assemblies.

Student Arrival and Dismissal

Students may be picked up from school only by their parent or by another non-student adult who has been authorized by the student's parent in writing or by designation on the school's emergency contact form. Prior authorization must be submitted to the Main Office and signed by the student's parent. Authorized adults must come to the Main Office with photo identification.

Students must be in school for *at least four hours per day in order for the day not to be counted as an absence*. No student will be released by telephone request.

Arrival:

- Students may enter the school building only after the first school bell rings, at 8:15 a.m. Therefore, parents should be sure **NOT** to drop their children off at school prior to 8:15 a.m., as no certificated staff will be available to supervise students before that time. During inclement weather, such as rain, snow, or falling temperatures students will be escorted to designated areas as defined by the building principal.
- The school may notify local law enforcement and/or DCP&P if we believe that a child's early arrival at school endangers their health and well being.

Dismissal:

- Students should leave school promptly when dismissed, or else face consequences such as written warnings, referrals to local law enforcement and/or DCP&P, and home address verification.
- Students in grades 3 through 6 will be released only to their parent/guardian at dismissal time, unless the parent/guardian has submitted either (a) an Unaccompanied Dismissal Permission Form, or (b) a Pick-Up Permission Form.
- Parents must submit the Unaccompanied Dismissal Permission Form if they wish to allow their child to walk home alone after school, without an escort. Only students in grades 3 through 6 may walk home alone.
- Parents must submit the Pick-Up Permission Form if they wish to allow someone other than a parent to escort their child from school. Only individuals named as "emergency contacts" on this form may escort the student. Students will not be released to any individual who is not listed on this form, or who is unable to provide photo ID.

Grievances

Student grievances are complaints that arise out of the acts or policies of the District or its employees. It is the right of every student to seek a redress of grievances without fear of retaliation or reprisal.

A student or their parent must first attempt to resolve a grievance directly and informally by making the grievance known to a guidance counselor or to the staff member who is the subject of the grievance. If the grievance cannot be resolved informally, the student must prepare a written statement describing the nature of the specific grievance, the facts that gave rise to it, the resolution sought by the student, and the reasons why such a resolution is appropriate. The student must then submit his or her written grievance to the school principal for an opportunity to be heard.

If an appropriate resolution is not reached, the student may then submit the written grievance to the Superintendent for hearing, and then to the Board. The student will have an opportunity to appeal any decision by the Board to the State Commissioner of Education.

Student Records

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of students' educational records and affords certain rights for parents and eligible to access, and dispute, the contents of these records. These rights belong to parents only with respect to their children's educational records, and they transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

Parents or eligible students have the right to inspect and review the student's educational records. Schools do not have to provide copies of records unless extenuating circumstances make it too difficult to review the records at the location designated by the school. Schools may charge a fee for copies.

Parents and eligible students have the right to request that school correct records, which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to include a statement in the record describing his or her view about the contested information.

Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions:

- School officials with legitimate educational interest;
- Other schools to which a student is transferring;
- Specified officials for audit or evaluation purposes;
- Appropriate parties in connection with financial aid to a student;
- Organizations conducting certain studies for or on behalf of the school;
- Accrediting organizations;
- To comply with a judicial order or lawfully issued subpoena;
- Appropriate officials in cases of health and safety emergencies; and
- State and local authorities, within a juvenile justice system, pursuant to specific state law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them.

Infinite Campus

Infinite Campus is a web-based student information system, which is designed to improve access to student data and communication between faculty, parents, and students. Commencing in the 2018-2019 school year, we will be launching the district wide Campus Student Portal and Campus Parent Portal that provides access to Infinite Campus student information. Parents and students can use the portal to check grades, attendance, view their schedule, and other tasks. It is important that contact information is current throughout the year in order to ensure access to our system. Please contact your child(ren) school secretary to ensure that your contact information is current.

***Please note that all Progress Reports and Report Cards can only be accessed through the Parent Portal.**

Use of Technology, Social Media, and Electronic Devices

Policy & Regulation 2361 (Acceptable Use of Technology and Social Media), 5516 (Use of Electronic Communication and Recording Devices), 5770 (Pupil Right of Privacy), 7441 (Electronic Surveillance in School Buildings and on School Grounds)

The District is committed to supporting and facilitating the responsible use of technology and social media for educational purposes but reserves the right to limit in-school use to educationally appropriate materials. Our district 1:1 initiative will afford all high school students an opportunity to receive a device to aide them in their academic programs.

Students are required at all times to comply with District policies and regulations regarding the acceptable use of technology, social media and the Internet. Guidelines for acceptable use are included in the **“Student/Parent Agreement” attached at the end of this Handbook**. All students must carefully review, sign and return (with their parent’s signature) a copy of the agreement in order to use technology and the Internet at school.

For safety purposes, students are permitted to have personal cellular phones in school, but these devices must remain turned off during instructional class time, including all testing, unless they are being used for approved instructional purposes. Other kinds of privately owned technology are prohibited in school, except as permitted by the school principal. The District does not provide access to its computer network(s) for such devices, and assumes no responsibility for students’ privately owned technology. In the unlikely event that a student is responsible for the loss or theft of District-issued technology, the District may impose disciplinary sanctions or enforce financial obligations against the student.

Students must exercise reasonable care and good judgment when using technology or engaging in electronic communications. Websites visited or electronic files stored on District devices and networks can be reviewed by administrators. Additionally, students should be aware that all school buildings and school grounds may be monitored with electronic surveillance systems that the District has installed to enhance the safety and security of the school community. Therefore, while the expectation of privacy in school and on school grounds should be limited, none should exist when using the District’s technology.

Video or audio recordings of students or staff members that are made without permission may violate legitimate privacy interests and can disrupt the educational process. Moreover, students’ names, photos or images, residential addresses, e-mail addresses, phone numbers and locations of students constitute personally identifiable information that cannot be recorded or published without the consent of students and their parents.

Accordingly, students are prohibited from turning on or using audio/video recording devices or transmitters on school grounds during the school day, on school transportation, and at school events or school-sponsored activities, except in emergency situations or with permission from school staff and with proper parental consent.

In the event that a student obtains permission from a school staff member to capture or transmit any audio and/or video recording of a curricular or school-sponsored activity where other students or staff members are present, the student must also obtain permission for the recording from every other student and their parents and/or staff members whose voice or image may appear in the recording.

Parents who wish to permit their children to participate in publicity opportunities must complete and return the ***Media Release and Permission for Student Publicity form, which is attached at the end of this Handbook.***

Student Discipline

Policy & Regulation 5550 (Disaffected Pupils), 5560 (Disruptive Pupils), 5600 (Pupil Discipline/ Code of Conduct), 5610 (Suspension), and 5620 (Expulsion)

The District aims to foster the health, safety, social, and emotional well-being of all students while supporting civil, safe, secure, supportive, and disciplined school environments that are conducive to learning. Each student will be held responsible for his or her own behavior. Unacceptable conduct will be corrected and, at times, disciplinary action may be imposed to prevent or remediate problem behaviors and promote the achievement of high academic standards.

Code of Conduct

The Code of Conduct provides guidelines for school responses to misconduct that take into account, at a minimum, the severity of the offenses, the developmental ages of the student offenders, and students' histories of inappropriate behaviors. Students will be subject to appropriate disciplinary action for violations of the Code of Conduct that occur on or off school grounds, including on a school bus or at a school-sponsored function. Approved disciplinary sanctions include:

- Admonishment
- Before/After-School Detention
- Lunch Detention
- Saturday Detention
- Early Dismissal Day Detention
- In-School Suspension
- Out-of-School Suspension

- Silk City Student Center – Grades 9 – 12 Category III
- Expulsion

Where the discipline is greater than an admonishment, the student's parent will be notified of the offense and of the discipline imposed and will be offered an opportunity to speak with the building Principal. For incidents of misconduct that occur outside of school, disciplinary action may be imposed if it is reasonably necessary for the physical or emotional safety, security, and well-being of the student or for reasons relating to the safety, security, and well-being of other students, staff, or school property. Discipline will be applied without regard to race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability or by any other distinguishing characteristic.

Infractions and Offenses

Appropriate corrective and/or disciplinary measures will be determined based on the nature and severity of the offense and frequency of infraction. Conduct offenses generally fall into three categories of severity, with Category 3 infractions being subject to mandatory and serious disciplinary action. If a student repeatedly commits a Category 1 offense, the next occurrence may be elevated to a Category 2 offense and will be subject to more severe forms of discipline. **Charts of specific offenses and disciplinary sanctions are attached at the end of this Handbook.**

Special education students are subject to the same disciplinary procedures as non-classified students and may be disciplined in accordance with their IEP or 504 Plan. Prior to suspending a classified student for ten (10) days or more, a Manifestation Determination hearing must be held to determine if the offensive conduct was caused by, or had a direct and substantial relationship to the disability, or was the direct result of a failure to implement the student's IEP or 504 Plan. In addition, the child's case manager must be notified prior to the imposition of discipline.

Restorative Practices

What are Restorative Practices and Restorative Circles?

Restorative practices provide school administrators an opportunity to provide alternative discipline consequences that vary from the traditional actions. Restorative practices focus on resolving conflict, repairing harm and addressing the social emotional well being of the students. It strives to build a sense of community and build healthy relationships to reduce conflict by providing strategies to resolve conflicts. The use of “circles,” conflict-resolution practices that involve all participants may be used as deemed appropriate. This may include students and parents if deemed necessary.

A restorative circle is a technique that builds and restores relationships through equal opportunity sharing and listening. These talking circles build the skills individuals need when conflicts arise because they give every individual the opportunity to speak and be heard. Restorative circles are especially beneficial for youth learning how to negotiate conflict, as they help them practice respectful listening and healthy self-expression.

In schools, these circles are often conducted as a response to wrongdoing or conflict as an alternative disciplinary strategy; however, this technique can be equally as effective in providing *preventative* factors for when future challenges arise. Circles have the power to create and strengthen support systems between peers, and lay the groundwork for a trusting classroom environment.

Building administrators will use restorative circles to address student disciplinary infractions. They can be used for all discipline categories, but will not replace mandated Category III offenses. These offenses are as follows:

- Possession or use of explosive device
- Possession of a dangerous weapon or firearm
- Substance abuse policy violation
- Sexual assault

Building administrators may include parents or other stakeholders deemed relevant to support the students involved in a restorative circle. An additional restorative circle can be used to reintegrate students from a disciplinary infraction.

The use of video monitoring devices will be used to monitor school security. The recording of inappropriate student behavior may be used in the determination of appropriate disciplinary actions. In some cases, the video recordings may be forwarded to law enforcement agencies when deemed necessary. All recorded data will be used at the discretion of the Superintendent's designee. Staff, students, parents and school administrative personnel are prohibited from viewing and disseminating video footage without written consent of the District Superintendent or designee.

All medication must be stored at the school nurse's office and consumed under the supervision of the school nurse unless the student's parent has submitted a signed written authorization permitting the student to self-administer the medication and a written certification from the student's doctor identifying the particular medication and stating the student is capable of and has been instructed in proper self-administration of the medication.

If a student requires epinephrine via epi-pen during school hours, the student's parent must submit written authorization for the administration of epinephrine by the school nurse along and written orders from the student's doctor stating that the student may require epinephrine and does not have the capability to self-administer.

If a student requires the use of a nebulizer during school hours, the student's parent must submit a treatment plan prepared by the student's doctor, which identifies asthma triggers.

In all cases, a signed authorization from the student's parent must state that the school and District will not be held liable for any injury that may arise from the student's self-administration of medication and that the student and student's parent will hold harmless the District and its employees and agents against any claims arising from self-administration of medication by the student.

Healthy Eating and Food Allergies

The health and well being of children can significantly affect academic achievement. For students to achieve their full academic potential, full physical and mental growth, and lifelong health and well being, it is essential that they learn and adopt healthy eating patterns early in life. Students are encouraged to bring only healthy foods to school.

In an effort to protect students who may have dietary restrictions or severe allergies to certain foods or food ingredients, parents and students are prohibited from bringing food or treats to share with the class for holidays and other celebrations.

STUDENT/PARENT AGREEMENT

ACCEPTABLE USE OF TECHNOLOGY AND THE INTERNET

The Paterson Public School District recognizes that the responsible use of technology and the Internet will enrich teaching and learning in the 21st Century and will prepare students for success in higher education and in their chosen careers. While it is important to ensure that schools have access to these resources, it is equally important for students to use them responsibly and for families to understand that some of the information accessible on-line may be inaccurate or even offensive. Our district 1:1 initiative will afford all high school students an opportunity to receive a device to aid them in their academic programs.

Before allowing your child to access technology and the Internet in school, please review this form with him or her and acknowledge that you each understand and agree to the following terms:

- Students may use technology and the Internet in school for educational purposes only, under the supervision of a teacher or other staff member. The District has no obligation to give students access to these resources.
- Students are expected to avoid inappropriate content on the Internet. If a student accidentally gains access to an inappropriate web site, they must use their browser's "BACK" button to quickly escape the site. The student must immediately inform the teacher so that the situation may be handled appropriately.
- Students are expected to exercise due care and good judgment when viewing, posting, and sharing information and social media content on computers and mobile devices. Students are advised to follow the attached Internet safety guidelines.
- Students are expected to treat all members of the school community with respect, in person and on-line. Students must not use or transmit inappropriate language or hateful messages on-line, or respond to such messages if they are received. District policy also prohibits students from using technology to harass, intimidate, bully, defame, or otherwise discriminate against any individual on or off school grounds.
- Students are expected to be considerate of the work of others when using technology and the Internet. Students must not violate copyright laws, plagiarize information found on-line, or interfere with the work of other technology users.
- Students must not download, install or modify any software on District technology devices without the permission and supervision of a teacher or other staff member.
- Students who misuse technology or the Internet for illegal, inappropriate, offensive, or unapproved purposes will face appropriate disciplinary sanctions under the Pupil Code of Conduct, mandatory loss of technology privileges, and possible prosecution by law enforcement. Additionally, the student and their parent or guardian may be held liable for monetary damages that result from misuse.

STUDENTS: Please sign below only if you agree to use technology and the Internet according to the above terms and to accept consequences for misuse that may be assigned by the school faculty/administration and/or your parents.

AGREEMENT

By signing below, both the student and their parent/guardian agree to comply with the following terms and conditions regarding the use and care of a District-issued Chromebook and acknowledge receipt of the Acceptable Use Handbook:

LOANED EQUIPMENT. The student named above will be borrowing a Chromebook laptop with accessories (the "Equipment"), which the District owns has agreed to lend to the student exclusively for academic purposes. It is the student's responsibility to care for the Equipment and to ensure it is kept and stored in a safe environment to prevent damage or loss. This Equipment is being loaned only for the duration of the current academic school year. If the student should use the Equipment for an inappropriate purpose or to view inappropriate material, the District may take back the Equipment and/or prohibit the student from using District-issued technology equipment in the future. The student's use of the Equipment is a privilege, not a right, and it is the student's responsibility to protect and safeguard the Equipment and to return it in the same good condition as when it was issued.

ACCEPTABLE USE. The student is authorized to use the Equipment only for academic purposes in accordance with the District's policies and regulations. Students are expected to utilize their assigned Chromebooks for completing school assignments using the G-Suite platform and other software approved by the Paterson Board of Education. All pre-loaded software programs are subject to their own user license agreements, which the student and their parent/guardian are expected to review and comply with at all times. The Equipment may be used only to run software authorized by the District, and students are expressly prohibited from installing or utilizing other software or modifying any software which the District has installed. The District is not responsible for damages caused by digital viruses or malware that may be transmitted between the Equipment and the student's privately-owned electronic devices (including data storage devices). The student must use their best efforts to prevent the Equipment in their possession from being damaged or rendered inoperable by digital viruses or malware.

LOSS, THEFT, OR DAMAGE. The student must notify their homeroom teacher immediately if the Equipment is lost, stolen, or damaged while entrusted to the student. In the event of loss or theft, the teacher will attempt to locate the Equipment according to the procedures for tracking and recovering mobile digital devices (see Policy 5513, Section F). Although the District may issue a replacement device, the student and their parent/guardian may be required to pay the cost of insuring the replacement device (\$60 fee) before it is issued.

RETURN OF EQUIPMENT. *The student must return the Equipment to the school promptly when instructed, or before transferring to another school, or at the end of the school year (whichever is sooner).* Students who do not return the Equipment as required by this Agreement may be subject to disciplinary sanctions, civil liability, and even criminal prosecution. A late fee may be charged if the Chromebook is not returned to the school district or the required check-in date.

STUDENT RESPONSIBILITIES. As a condition of being allowed to bring their assigned Chromebook home, the student must: treat the device with care, use it responsibly and only for educational purposes, keep it safely stored, comply with all copyright laws, and make sure the device is fully charged for school each day. DO NOT loan the device to others. DO NOT install or delete any software. DO NOT try to repair the device. DO NOT remove, alter, or deface the serial number or the Paterson Public School logo on the device. DO NOT give out personal information over the Internet. Misuse or inappropriate use of the device, as determined by school officials, may result in any or all of the following consequences: student-teacher conference, parent-teacher conference, revocation of access or device use privileges, school disciplinary sanctions according to the Code of Student Conduct, civil liability, and criminal prosecution.

PARENT/GUARDIAN RESPONSIBILITIES. It will also provide the district with additional time to reconsider full closure based on developing weather conditions and the forecast.

During an early dismissal, students will be dismissed at 1:00pm, and staff will be dismissed per the Weather Emergency Procedures guidelines which are on the district's website.
