

## What is a School-Parent Compact?

A *School-Parent Compact for Achievement* is an agreement that parents, students, and teachers develop together. It explains how parents and teachers will work together to make sure all our students reach grade-level standards.

Effective Compacts:

- » Link to goals of the school improvement plan
- » Focus on student learning skills
- » Describe how teachers will help students develop those skills using high-quality instruction
- » Share strategies parents can use at home
- » Explain how teachers and parents will communicate about student progress

» Describe opportunities for parents to volunteer, observe, and participate in the classroom

## Jointly Developed

The parents, students and staff of Hogansville Elementary School developed this School-Parent Compact for Achievement. Teachers suggested home learning strategies, parents added ideas to make them more specific, and students told us what would help them learn. Meetings are held each year to review the compact and make changes based on student needs.

**Parents are welcome to contribute comments at any time.**

If you would like to volunteer, participate and/or observe in the classroom, please contact our Family Liaison.

## Building Partnerships

Anytime parents visit EKES- from luncheons to academic workshops-our partnership is strengthened. Please check the student handbook, website, and/or Social Media

for scheduled events.

If you would like to volunteer or mentor at the school, please let us know.

## Communication about Student Learning

EKES is committed to frequent two-way

communication with families about student's learning. Some of the ways you can expect us to reach you are:

- » Weekly homework folders
- » Email or phone calls
- » Updates on the school website and current grades in Infinite Campus.
- » Conferences on student progress
- » Home visits

Do you have questions about your child's progress?

Contact your child's teacher by phone at 706-812-7943 or e-mail.

## Our Goals for Student Achievement

### District Goals

The Board of Education sets goals for the entire district. The district goals for 2024-2025 are:

1. Improved Lexile Levels, College & Career Readiness Index Scores (CCRPI) & Georgia Milestone Assessment (GMAS) scores.

\*Reading on grade level & mathematical competency.

2. Observation of more rigorous instruction, increased implementation of STEAM and project based learning activities.

\*Problem solving & critical thinking

### School Goals

In 1st grade our school will focus on the following areas:

#### Reading Goal-

By the end of the 2024-2025 school year teachers will assist students in improving their phonological awareness and phonics skills in order for them to become better readers.

#### Math Goal-

By the end of the 2024-2025 school year students will be able to add within 10 fluently with 80% accuracy.

When teachers, students and families work together, we CAN achieve our goals!

## Teachers, Parents, Students - Together for Success

### In the 1st Grade Classroom

The 1st grade classroom will work with students and their families to support students' success in reading and math. Some of our key connections with families will be:

We will use resources such as iReady Reading, Foundations, ALO, Ready Reading, and flexible reading groups in order to assist students in achieving their grade level and/or personal goals.

We will use resources such as iReady Math, Reflex and flexible reading groups in order to assist students in achieving their grade level and/or personal goals.

We continue to review school wide and classroom expectations in order to promote positive behavior. We will also give out class dojo points for positive behavior.

### At Home

Ethel Kight Elementary School parents joined staff to develop ideas about how families can support students' success in reading and math.

We will read books and review letters at home with students every day.

We will practice simple addition to 10 every day until students can recall facts fluently.

We will encourage positive behavior at home and at school.

### EKES Students

Ethel Kight Elementary School students joined staff and parents to develop ideas about how they can succeed in school and reach for the stars in math and reading. Students thought of the following ideas to make connections between learning at home and school:

We will work hard during phonics, heggrety, iReady reading whole group and small group and whole group reading to meet our goals.

We will work hard on iReady Math and Reflex and during whole group and small group math to meet our goals.

We will follow the big 3 so that we can earn points to spend at the PBIS store and go to PBIS events

### Additional Key Points for Success

1. Go to bed on time.
2. Arrive at school no later than 7:25 each day in order to enjoy breakfast.
3. Come to school prepared.
4. Strive to be at school and on time every day.
5. Good relationship with teachers for open communication.
