

# PaperCut Login Screen

Tap your Access Card on the Card Reader or Type in your Network Username and Password (the same you use on your computer)

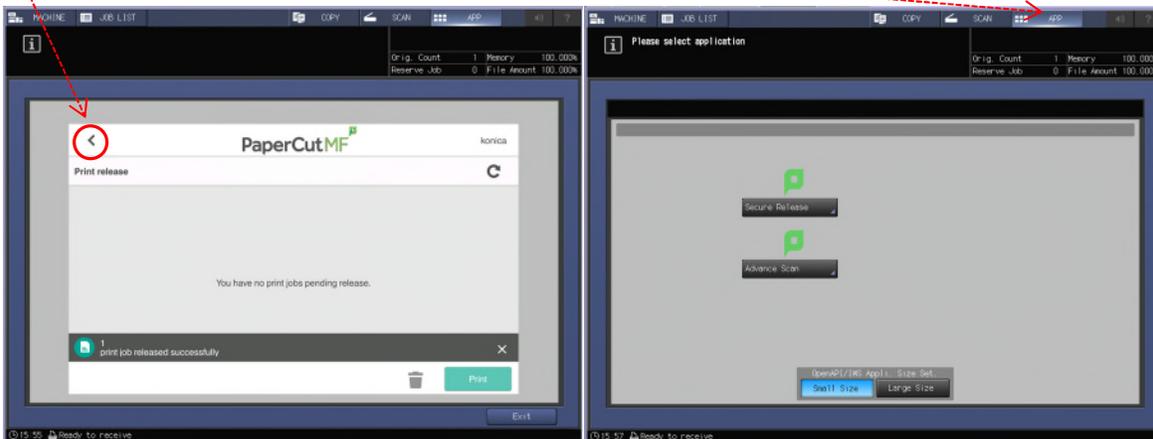

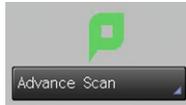

If you have Print Jobs to Release this Screen will appear after login. Select then press Print

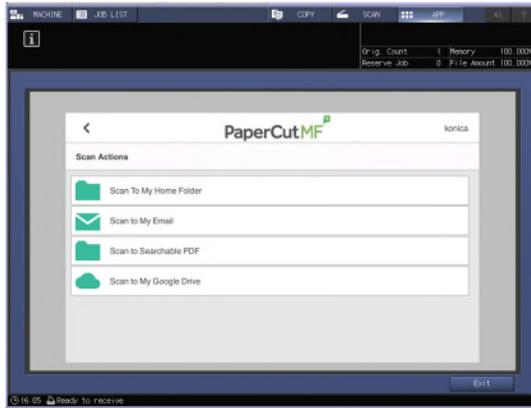

Press this to Refresh Print job that may not be listed

Select this < will take you to the APP Window

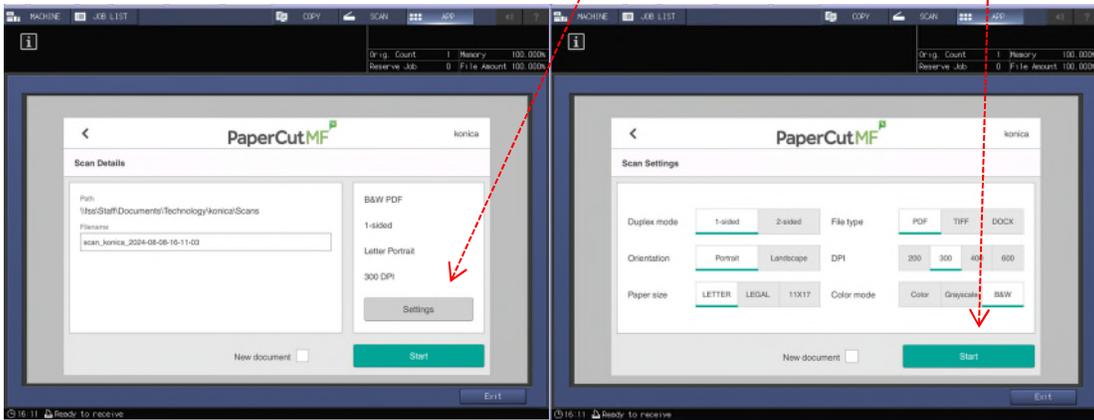

Pressing the **Advance Scan** button will provide Advance Scan options listed.

Selecting an Advance Scan option will provide file naming and Settings to provide scan specifics. Press Start when finished

Pressing the **Follow You Print** button will provide you your list of print jobs ready to be printed
