PURCHASING MANUAL

1.0 Introduction

1.1 Mission Statement

The Northwest Independent School District Purchasing Department provides support and guidance regarding district policies and procedures for purchasing products, materials, and services at the best value in a manner consistent with local, state, and federal guidelines, Board of Education policies, ethical business practices, and exceptional customer service.

1.2 Organization chart

The Purchasing Department performs many operations in the procurement of goods and services for the district. It is basically divided into three interrelated sections and functions, the order processing function, the contracting function, and bidding function. Please reference the attached organizational chart.

1.3 Purpose

To distribute and see the execution of the Purchasing policies and procedures to all employees of the Northwest Independent School District, hereafter referred to as the district.

1.4 Scope

The scope of the District in centralizing the purchasing function is to comply with state laws and policies of the Northwest Independent School District Board of Trustees, hereafter, called the Board. State law does not mandate that District purchase at the lowest price available in the marketplace. The law mandates that the District purchase at the lowest price, meeting published specifications, in accordance to the applicable competitive pricing statutes and local Board policies. Therefore, the primary object of the Purchasing Department is to make purchases in compliance with the applicable statutes and policies.

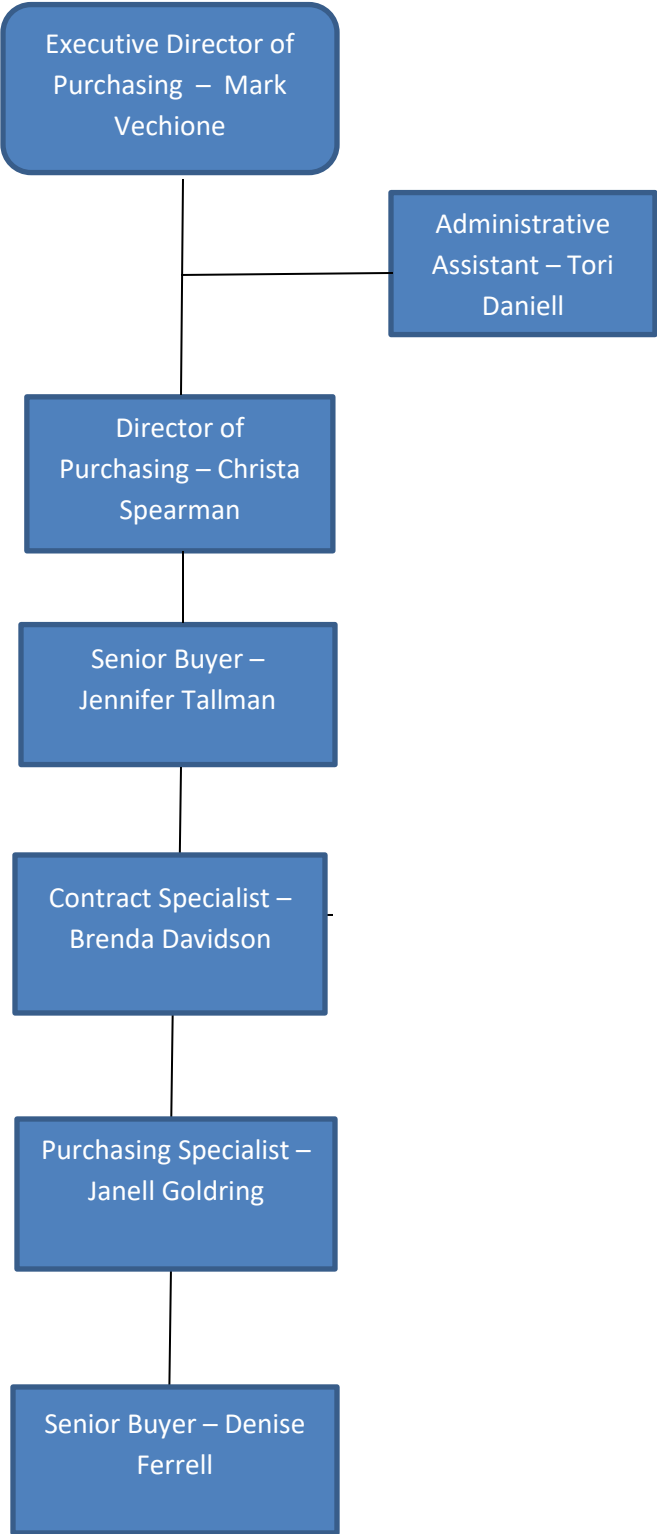

1.5 Former Procedures

This manual rescinds all previous operational policies and procedures, whether written or verbal, concerning the purchasing functions.

1.6 Responsibility

It is the responsibility of the District employees involved in any aspect of the purchasing function to be familiar with these policies and procedures. The employees are to follow them in the execution of day-to-day business, and to report any violations to their immediate supervisor. The primary staff responsibility for compliance with procedures is assigned to the Executive Director of Purchasing.

The following is from District policy DH-Exhibit.

Professional Ethical Conduct, Practices, and Performance.

Standard 1.1. The educator shall not intentionally, knowingly, or recklessly engage in deceptive practices regarding official policies of the school district, educational institution, educator preparation program, the Texas Education Agency, or the State Board for Educator Certification (SBEC) and its certification process.

Standard 1.2. The educator shall not intentionally, knowingly, or recklessly misappropriate, divert, or use monies, personnel, property, or equipment committed to his or her charge for personal gain or advantage.

Standard 1.3. The educator shall not submit fraudulent requests for reimbursement, expenses, or pay.

Standard 1.4. The educator shall not use institutional or professional privileges for personal or partisan advantage.

Standard 1.5. The educator shall neither accept nor offer gratuities, gifts, or favors that impair professional judgment or that are used to obtain special advantage. This standard shall not restrict the acceptance of gifts or tokens offered and accepted openly from students, parents of students, or other persons or organizations in recognition or appreciation of service.

Standard 1.6. The educator shall not falsify records, or direct or coerce others to do so.

Standard 1.7. The educator shall comply with state regulations, written local school board policies, and other state and federal laws.

Standard 1.8. The educator shall apply for, accept, offer, or assign a position or a responsibility on the basis of professional qualifications.

The employees may not promise or obligate future awards or compensation based upon gifts, gratuities, rebates or discounts given.

Restrictions on certain purchases

District funds will not be used to purchase personal items. Memberships to organizations and certain subscriptions can be considered personal and may not be allowed. Memberships should be for the position/entity and not the individual if possible.

1.85 Conflicts of Interest

School district employees are limited in the types of employment in which they may be involved outside of normal school activities.

1. An employee shall not accept or solicit any gift, favor, service, or other benefit that could reasonably be construed to influence the employee's discharge of assigned duties and responsibilities
2. An employee shall not have a personal financial interest, a business interest, or any other obligation that in any way creates a substantial conflict with the proper discharge of assigned duties and responsibilities or that creates a conflict with the best interest of the District.
3. Each employee shall disclose, to the best of his or her knowledge, in writing to the Superintendent, Executive Director of Purchasing, or designee any financial or ownership interest in any business or other purchase arrangement with the district.
4. An employee who believes he or she has or may have a conflict of interest shall disclose the interest to the Superintendent or designee, who shall take whatever action is necessary, if any, to ensure that the District's best interests are protected.

Standards of Conduct

Now especially, in this age of accountability, when activities and conduct of school business officials are subject to greater scrutiny and more severe criticism than before, standards of conduct when conducting business are in order.

1. Conduct business honestly, openly and with integrity
2. Avoid conflicts of interest situations by not conducting business with a company or firm which the official or any member of the official's family has a vested interest.
3. Avoid preferential treatment of one outside interest group, company or individual over another.
4. Avoid using the position for personal gain
5. Never accept or offer illegal payment, for goods/services rendered.
6. Refrain from accepting gifts, free services or anything of value for or because of any act performed or withheld
7. Permit the use of school property only for officially authorized activities

Purchasing Department Internal Code of Ethics

1. Avoid the intent and appearance of unethical or compromising practice in relationships, actions and communications
2. Demonstrate loyalty to your employer by diligently following the lawful instructions of your employer, using reasonable care and only authority granted.
3. Refrain from any private business or professional activity that would create a conflict between personal interests and those of your employer
4. Refrain from soliciting or accepting money, loans, credits, discounts, gifts entertainment, favors or services from present or potential suppliers.
5. Handle confidential or proprietary information with due care and proper consideration of ethical and legal ramifications and governmental regulations.
6. Promote positive supplier relationships through courtesy and impartiality.
7. Know and obey the letter and spirit of laws governing the purchasing function and remain alert to the legal ramifications of purchasing decisions.
8. Ensure that all segments of society have the opportunity to participate in district contracts.
9. Discourage purchasing involvement in employer-sponsored programs of personal purchases, which are not business related.
10. Enhance the stature of the purchasing profession by improving your technical knowledge and adhering to the highest ethical standards.

1.9 Governance

One of the main guidelines governing the procurement function is from the Texas Education Code, Subchapter B. 44.031, Purchasing Contracts.

- (a) Except as provided by this subchapter, all school district contracts, except contracts for the purchase of produce or vehicle fuel, valued at \$50,000, or more in the aggregate for each 12-month period shall be made by the method, of the following methods, that provides the best value for the district;
- (1) competitive bidding;
 - (2) competitive sealed proposals;
 - (3) a request for proposals, for services other than construction services;
 - (4) an interlocal contract
 - (5) a method provided by Chapter 2269, Government Code, for construction services;

- (6) the reverse auction procedure as defined by Section 2155.062(d), Government Code; or
 - (7) the formation of a political subdivision corporation under Section 304.001, Local Government Code.
- (b) Except as provided by this subchapter, in determining to whom to award a contract, the district may consider:
- (1) The purchase price;
 - (2) The reputation of the vendor and of the vendors goods or services
 - (3) The quality of the vendor's goods or services;
 - (4) The extent to which the goods or services meet the district's needs;
 - (5) The vendor's past relationship with the district;
 - (6) The impact on the ability of the district to comply with laws and rules relating to historically underutilized businesses;
 - (7) The total long-term cost to the district to acquire the vendor's goods or services; and
 - (8) For a contract for goods and services, other than goods and services related to telecommunications and information services, building construction and maintenance, or instructional materials, whether the vendor or the vendors ultimate parent company or majority owner:
 - 1. Has its principal place of business in this state; or
 - 2. Employs at least 500 persons in this state; and
 - (9) Any other relevant factor specifically listed in the request for bids or proposals.
- (c) The state auditor may audit purchases of goods or services by the district.
- (d) The board of trustees of the district may adopt rules and procedures for the acquisition of goods or services.
- (e) To the extent of any conflict, this subchapter prevails over any other law relating to the purchasing of goods and services except a law relating to contracting with historically underutilized businesses.
- (f) This section does not apply to a contract for professional services rendered, including services of an architect, attorney, or fiscal agent. A school district may at its option, contact for professional services rendered by a financial consultant or a technology consultant in the manner provided by Section 2254.003 Government Code, in lieu of the methods provided by this section.
- (g) Notice of the time by, when and place where bids or proposals, or the responses to a request for qualifications, will be received and opened shall be published in the county in which the district's central administrative office is located, once a week for at least two weeks before the deadline for receiving bids, proposals, or response to a request for qualifications. If there is not a newspaper in that county, the advertising shall be published in a

newspaper in the county nearest the county seat of the county in which the district's central administrative office is located. In a two-step procurement process, the time and place where the second-step bids, proposals or responses will be received are not required to be published separately.

- (h) If school equipment, a school facility, or portion of a school facility is destroyed, severely damaged, or experiences a major unforeseen operations or structural failure, and the board of trustees determines that the delay posed by the contract methods required by this section would prevent or substantially impair the conduct of classes or other essential school activities, then contracts for the replacement or repair of the equipment, school facility, or portion of the school facility may be made by a method other than the methods required by this section.
- (i) A school district may acquire computers and computer-related equipment, including computer software, through the Department of Information Resources under contracts entered into in accordance with Chapter 2054 or 2157, Government Code. Before issuing an invitation for bids, the department shall consult with the agency concerning the computer and computer related equipment needs of school districts. To the extent possible the resulting contract shall provide for such needs.
- (j) Without complying with Subsection (a), a school district may purchase an item that is available from only one source, including:
 - (1) an item for which competition is precluded because of the existence of a patent, copyright, secret process, or monopoly;
 - (2) a film, manuscript, or book;
 - (3) a utility service, including electricity, gas, or water, and
 - (4) a captive replacement part or component, for equipment
- (k) The exceptions provided by Subsection (j) do not apply to mainframe data-processing equipment and peripheral attachments with a single item purchase price in excess of \$15,000.
- (l) Each contract proposed to be made by a school district for the purchase or lease of one or more school buses, including a lease with an option to purchase must be submitted to competitive bidding when the contract is valued at \$20,000 or more.
- (m) If a purchase is made at the campus level in a school district with an average daily attendance of 180,000 or more as determined under Section 42.005 that has formally adopted a site-based decision-making plan under Subchapter F, Chapter 11, that delegates purchasing decisions to the campus level, this section applies only to the campus and does not require the district to aggregate and jointly award purchasing contracts. A district that adopts site-based purchasing under this subsection shall adopt a policy to ensure that campus purchases achieve the best value to the district and are not intended or used to avoid the requirement that district aggregate purchases under Subsection (a).

1.95 Enforcement of Purchase Procedures/Criminal Penalties

Component purchases – means purchases of the component parts of an item that in normal purchasing practices would be purchased in one purchase.

Separate purchases – means purchases, made separately, of items that in normal purchasing practices would be purchased in one purchase.

Sequential purchases – means purchases, made over a period, of items that in normal purchasing practices would be purchased in one purchase.

An officer, employee or agent of a school district commits an offense if the person with criminal negligence makes or authorizes separate, sequential, or component purchases to avoid the requirements of Section 44.031 (a) or (b). An offense under this subsection is a Class B misdemeanor and is an offense involving moral turpitude.

An officer, employee, or agent of a school district commits an offense if the person with criminal negligence violates Section 44.031 (a) or (b) other than by conduct described by Subsection (b). An offense under this subsection is a Class B misdemeanor and is an offense involving moral turpitude.

An officer or employee of a school district commits an offense if the officer or employee knowingly violates Section 44.031, other than by conduct described by Subsection (b) or (c). An offense under this subsection is a Class C misdemeanor. The final conviction of a person other than a trustee of a school district for an offense under Subsection (b) or (c) results in the immediate removal from office or employment of that person.

The court may enjoin performance of a contract made in violation of Section 44.031 (a) or (b). A county attorney, a district attorney, a criminal district attorney or a citizen of the county in which the school district is located may bring an action for an injunction. A citizen who prevails in any action brought under this subsection is entitled to reasonable attorney's fees as approved by the court." Texas Education Code, Chapter 44 Fiscal Management 44.032 Enforcement of Purchase Procedures: Criminal Penalties; Removal; Ineligibility

1.97 Procedures

Purchases of Personal Property Valued between \$10,000 and \$50,000

- (a) A school district shall purchase personal property if the value of the items is at least \$10,000 but less than \$50,000, in the aggregate, for a 12-month period. In the alternative, the school district may purchase those items in accordance with Sections 44.031 (a) and (b).
- (b) Purchases of produce and fuel shall be made in accordance with the section.

2.0 Bidding

2.1 Electronic Bidding –

According to Texas Education Code 44.0313, a school district may receive bids or proposals under this chapter through electronic transmission if the board of trustees of the school district adopts rules to ensure the identification, security, and confidentiality of electronic bids or proposals and ensure that the electronic bids or proposals remain effectively unopened until the proper time.

Notwithstanding any other provision of this chapter, an electronic bid or proposal is not required to be sealed. Northwest ISD Board of Trustees has approved the use of electronic bidding and the Purchasing Department utilizes extensively.

2.2 Competitive procurement options

Competitive bidding - is a formal process that may also be referred to as competitive sealed bidding or formal bidding. It is an option available to school districts for the procurement of goods or services. According to the American Bar Association Model Procurement Code, "Competitive bidding is the preferred method of procurement." The request for bids contains the purchase description or specifications covering the item(s), work and/or services needed, the terms and conditions for the proposed bid contract, the time and place for opening bids and other provisions as necessary. The advertisement for bids; and description in the request for bid(s) of item(s), work and/or services needed, and specific terms and conditions must be done in a manner that accomplishes the primary purpose of competitive bidding – stimulate competition and obtain the lowest practical price for the work, service and/or items(s) needed. Competitive bidding is a lengthy process. From the initial step of "determination of need" through the award of contract by the Board, the average time period is approximately ninety (90) to one-hundred twenty (120) calendar days. The competitive bidding process requires that bids be evaluated, and awards based solely upon bid specifications, terms and conditions contained in the request for bids documents, and according to the bid prices offered by vendors and pertinent factors that may affect contract performance. NISD does not award solely on the basis of the lowest bid(s), rather on the lowest and best bid(s) as determined to be in the best interests of the District.

The Board of Trustees is the contracting authority for the District. The Executive Director of Purchasing makes formal recommendations to the Board for an award of contract.

Request for Bid / Invitation to Bid

The invitation to Bid (ITB) / Request for Bid (RFB) is used when the department knows the type of goods or services required. The quantity is a known fact and will not vary during the fiscal year. Costs are usually readily identified before the

process begins and can be guaranteed as stated. This method is becoming less frequent based on uncertain conditions predominant in our current environment.

Public Notice – Notice of the time by when and place where the bids or proposals or the responses to a request for qualifications, will be received shall be published in the county in which the district’s central administration office is located, once a week for at least two weeks before the deadline for receiving bids, proposals, or responses to a request for qualifications; and if there is not a newspaper in that county the advertisement shall be published in a newspaper in the country nearest the county seat of the county in which the district’s central administration is located. Texas Education Code, Chapter 44. Fiscal Management, Subchapter B. Purchases; Contracts, 44.-41 Purchasing Contracts. Northwest ISD will advertise as a matter of record in the Denton Record Chronicle.

Bid acceptance and Evaluation Process

1. Bids are to be accepted at the advertised date and time
2. The names of the submitting bidders and their respective unit and/or overall prices will be read into the record.
3. Bids will be evaluated on the basis of compliance to the published specifications
4. Bids will be awarded on the basis of lowest or overall lowest prices, meeting specifications, as deemed in the best interest of the District.
5. Correction/withdrawal of bids; cancellation of awards criteria – in case of errors in extensions, unit prices shall govern. In cases of errors on unit prices bidders shall be allowed to withdraw their bids on the respective line items. Bid awards may be rescinded in cases of non-performance or non-compliance to the published specifications, term and/or conditions.

Competitive Sealed Proposals / Requests for Proposals

Conditions for use – The competitive sealed proposals (CSP) or Request for Proposal (RFP) is an alternative to competitive bidding. An important difference between competitive sealed proposals and competitive bidding relates to the finality of initial offers. Under competitive sealed proposals, changes in the nature of a proposal, and in prices, may be negotiated after proposals are opened. In contrast, changes in the price of goods and services are not negotiable in the competitive bidding process. Competitive proposal procedures are recommended where other procurement procedures are not required according to federal rules, laws or regulations, in order to stimulate competitive prices for services. Examples of services, which may be obtained through a CSP, include accounting, architectural and consulting services. (Chapter 2254, Government Code). Request for Proposals may also generate non-sealed

competitive proposal which would allow a school district to open the proposals upon receipt.

Public Notice – same requirements as for the competitive bid process

Receipt / evaluation procedures for proposals

The primary difference from the Competitive Bid process lies within the evaluation process. Competitive Bids are awarded solely upon how the bidder satisfied the written specifications. Full disclosure regarding participating bidders and their respective pricing offers is open to the public upon the opening of the bids. However, within the RFP process only the names of participating respondents and any fees can be made available to the public. Requests for Proposals are tabulated, reviewed and evaluated by a team of staff members from the Purchasing Department and the using department requesting the proposal. A point system can be utilized in the scoring process so that all recommendations can be justified for award of contract.

Procedures for negotiating with vendors.

Whereas, negotiations are not allowed with the Competitive bid process, negotiations are an integral part of the RFP/CSP process. All selected respondents are allowed the opportunity to respond to questions and required modifications to the original proposal as deemed necessary by the District. Upon completion of the negotiation process, selected respondents can and may be asked to submit their “Best and Final Offer” (BAFO) for review by the District.

Procedures for award of Contracts

Upon acceptance of the Best and Final Offer, the evaluation team will submit their recommendation for award, in writing through the Purchasing Department to the Board of Trustees.

Interlocal Contracts. The Interlocal Cooperation Act – “The purpose of this chapter is to increase the efficiency and effectiveness of local governments by authorizing them to contract, to the greatest possible extent, with one another and with agencies of the state” Texas Government Code, Chapter 791. Interlocal Cooperation Contracts, Subchapter A. General Provisions. 791.001 Purpose. Must be approved by both Governing bodies.

Authorization for agreement – “A local government may contract or agree with another local government to perform governmental functions and services in accordance with chapter. Texas Government Code, Chapter 791. Interlocal Cooperation Contracts, Subchapter B. General Interlocal Contracting Authority 791.011 Contracting Authority; Terms

Local Government defined. – “In this subchapter, “local government” means a county, municipality, special district, school district, junior college district, university or other legally constituted political subdivision of the state” Texas Local Government Code, Chapter 271. Purchasing and Contracting Authority for Municipalities, Counties, and certain other local

Governments, Subchapter D. State Cooperation in Local Purchasing Programs
271.081 Definition.

Agencies (examples)

1. Texas Procurement and Support Services (TPASS) Term Contract. A contract awarded through the competitive bid process for a specific term, such as twelve calendar months. Term contracts may have renewal option clauses, thereby allowing the district and the vendor to continue the contractual relationship for an extended period. The board of trustees usually determines the length and number of renewal options allowed.
2. TxMAS – Texas Multiple Award Schedule
3. Texas Department of Corrections (TDC)
4. Texas Institute for the Blind and Handicapped (TIBH)
5. GSA – General Services Administration
6. TASB Buyboard
7. Houston Galveston Area Council (HGAC)
8. Texas Department of Information Resource (DIR)

2.3 Bid Process

Request to Process

The Purchasing Department utilizes a Request to Process form to capture the necessary information needed to begin the solicitation process. An administrator or Campus Principal must fill out and submit this request.

This form is to be used for any calendar solicitation and any expenditure in excess of \$50,000 that is not currently under contract award. A copy of this form is available in this manual and also on the Department website. Specifications for proposals along with the process bid/solicitation form are to be turned in to the Purchasing Department for review by the Executive Director of Purchasing. The Executive Director of Purchasing will review the specifications and schedule a bid opening date.

Advertising of Solicitation. – Any commodities over \$50,000 or more will require to be advertised in one local newspaper (Denton Record Chronicle) once a week for two consecutive weeks.

Opening of Sealed Proposals

When using the e-Bid system, the district's electronic web-based vendor registration and bidding system, the process is automated.

Paper or manual bids are still accepted and on certain occasions, the e-Bid system may not be used, therefore all proposals must be sealed and plainly marked with the name of the proposer along with the date and time of the opening. Proposals need to be received in the office of the Executive Director of Purchasing, Northwest ISD Administration Building, 2001 Texan Drive, Justin, TX 76247 prior to the opening time. All proposals must be stamped with the date and time of receipt. Sealed submittals will be received by Northwest Independent School District at the time and date which were advertised. At this time the proposer shall be invited to attend the opening and the identity of all respondents will be read aloud. Any proposals which are received after the opening date and time will be stamped accordingly and returned to the vendor without action. Faxed proposals will not be accepted. No proposal can be received or withdrawn after the opening time without the consent of the Executive Director of Purchasing. The Executive Director of Purchasing can and will have final decision on acceptance or declining of proposals which were received after the opening date and time based on the Districts best interest.

2.4 Award Criteria

When evaluating submittals, a recommendation committee will be composed and review the proposals on the following factors:

1. Purchase Price
2. The reputation of the vendor and of the vendor's goods and services.
3. The quality of the vendor's goods or services.
4. The extent to which the goods or services meet the Districts needs
5. The vendor's past relationship with the District.
6. The impact on the ability of the District to comply with the laws relating to historically underutilized business.
7. The total long-term cost to the District to acquire the goods or services.
8. Any other relevant factor specifically listed in the request for bids or proposals.

The committee may recommend the most responsive vendor(s) with the best proposal. Whenever the lowest price is not recommended, the committee will provide written justification for the recommendation submitted to the Board of Trustees.

In a case of tie the committee may consider the following factors;

1. Location of vendor
2. Number of days for delivery
3. Past performance

All proposals in the amount of \$50,000 or more need to be approved by the Board of Trustees.

All proposals that result in a total award of less than \$50,000 can and will be awarded administratively by the Executive Director of Purchasing.

If proposal recommendations are approved by the Board of Trustees, the Purchasing Department may send notice to every vendor who submitted a proposal. The Tabulation sheet will provide the awarded vendor(s) and their price. * These are done automatically through the e-Bid system.

In the case of a protest or dispute of an action taken by the Department of Purchasing any vendor may write a letter outlining any concerns which may exist to:

Executive Director of Purchasing
2001 Texan Drive
Justin, Texas 76247

2.5 Emergency Purchase

Definition – Purchase or purchases made not in accord to the competitive bidding requirement due to an emergency condition such as a natural or man-made disaster.

Conditions for use – “If a school equipment is destroyed or severely damaged, and the board of trustees determines that the delay posed by the competitive bidding process would prevent or substantially impair the conduct of classes or other essential school activities, then contracts for the replacement or repair of the equipment may be made without competitive bidding as otherwise required by this section” Texas Education Code, Chapter 44, Fiscal Management, Subchapter B. Purchase; Contracts, 44.031(h) Purchasing Contracts.

Documentation required – Verifications of the circumstances for the emergency condition and approval for, or ratification of, by the Board of Trustees of the emergency purchases.

2.6 Vendor Evaluation form

The purchasing department encourages feedback on the performance of the vendors the district contracts with. During the bidding process this documentation is extremely valuable in award recommendations. It ensures that reliable proven vendors will be recommended. A vendor evaluation form is provided in the manual and available on the district web page. This form simplifies the reporting process and allows the department to communicate to the Purchasing Department on both areas for improvement and service-related issues. This form can also be used to recognize any outstanding service received from a district vendor.

2.7 Bid calendar

2.9 Catalog award bids

Because of the wide variety of items, services, supplies, etc. that is utilized by a school district, many solicitations are requested and awarded on a “discount from catalog” basis. When utilizing these solicitations, the requestor needs to make sure they are using a current catalog and indicating that the discount has/has not been taken on the requisition, and if any applicable shipping costs are included.

2.10 Vendor Bid List

The Purchasing Department maintains a vendor listing of all vendors who have registered to receive solicitations via email and mail. ***This is commonly referred to as a Bidders list.***

VENDORS REGISTER USING THE E-BID VENDOR REGISTRATION AT
<https://nisdtx.ionwave.net/>

(Reference Section 12.0 Vendor Registration Flowchart)

Any vendor who has previously responded to solicitation is on this list. If a vendor fails to respond to three straight solicitations, the department reserves the right to delete them from the vendor list.

Please note, that this is a list of vendors to receive bids, **not** a list of awarded vendors.

There is a list of vendors contained in e-Finance. ***This is commonly referred to as the Vendor List.*** This is neither an awarded vendor list nor a bidders list. Anyone who has received a check from NISD is included in the e-Finance list.

The ***awarded list of vendors*** is available on the district web site, Active Contracts. It is a list of vendors that have been awarded a contract for goods or services, through a district solicitation process. It is a very useful tool. Users can search the "find" feature to locate a vendor and the award information, such a bid number and name and terms.

2.11 Extensions of Awarded Bids

Bids awarded by the Board of Trustees may be extended for additional terms and purchases provided that:

1. The prices do not exceed 10% of bid prices and the terms and conditions of the original bid remain firm
2. The original bid had provisions for additional purchases.
3. All legal requirements are fulfilled.
4. The Purchasing Department prior to the end of the original term of the contract will engage acceptance of the extension by both parties.

2.12 Open Records

All information collected, assembled or maintained by governmental bodies pursuant to law or ordinance, or in connection with the transaction of official business is public information and available to the public during normal business hours of any governmental body with certain exceptions.

Three exceptions clearly concern the purchasing operation found in: Texas Education Code, Title 110A, 6252-17a, Section 3

- (1) information which, if released would give advantage to competitors or bidders;
- (2) information pertaining to the location of real or personal property for public purposes prior to public announcement of the project, and information pertaining to appraisals or purchase price of real or

- personal property for public purposes prior to the formal award of contracts therefore;
- (3) trade secrets and commercial or financial information obtained from a person and privileged or confidential by statute or judicial decision.

The concern is that information is not disclosed at inappropriate times leaving the District unprotected.

The District has specified procedures for open records requests. They are initiated through the District Public Information Officer and released from their office.

2.13 Sales Taxes

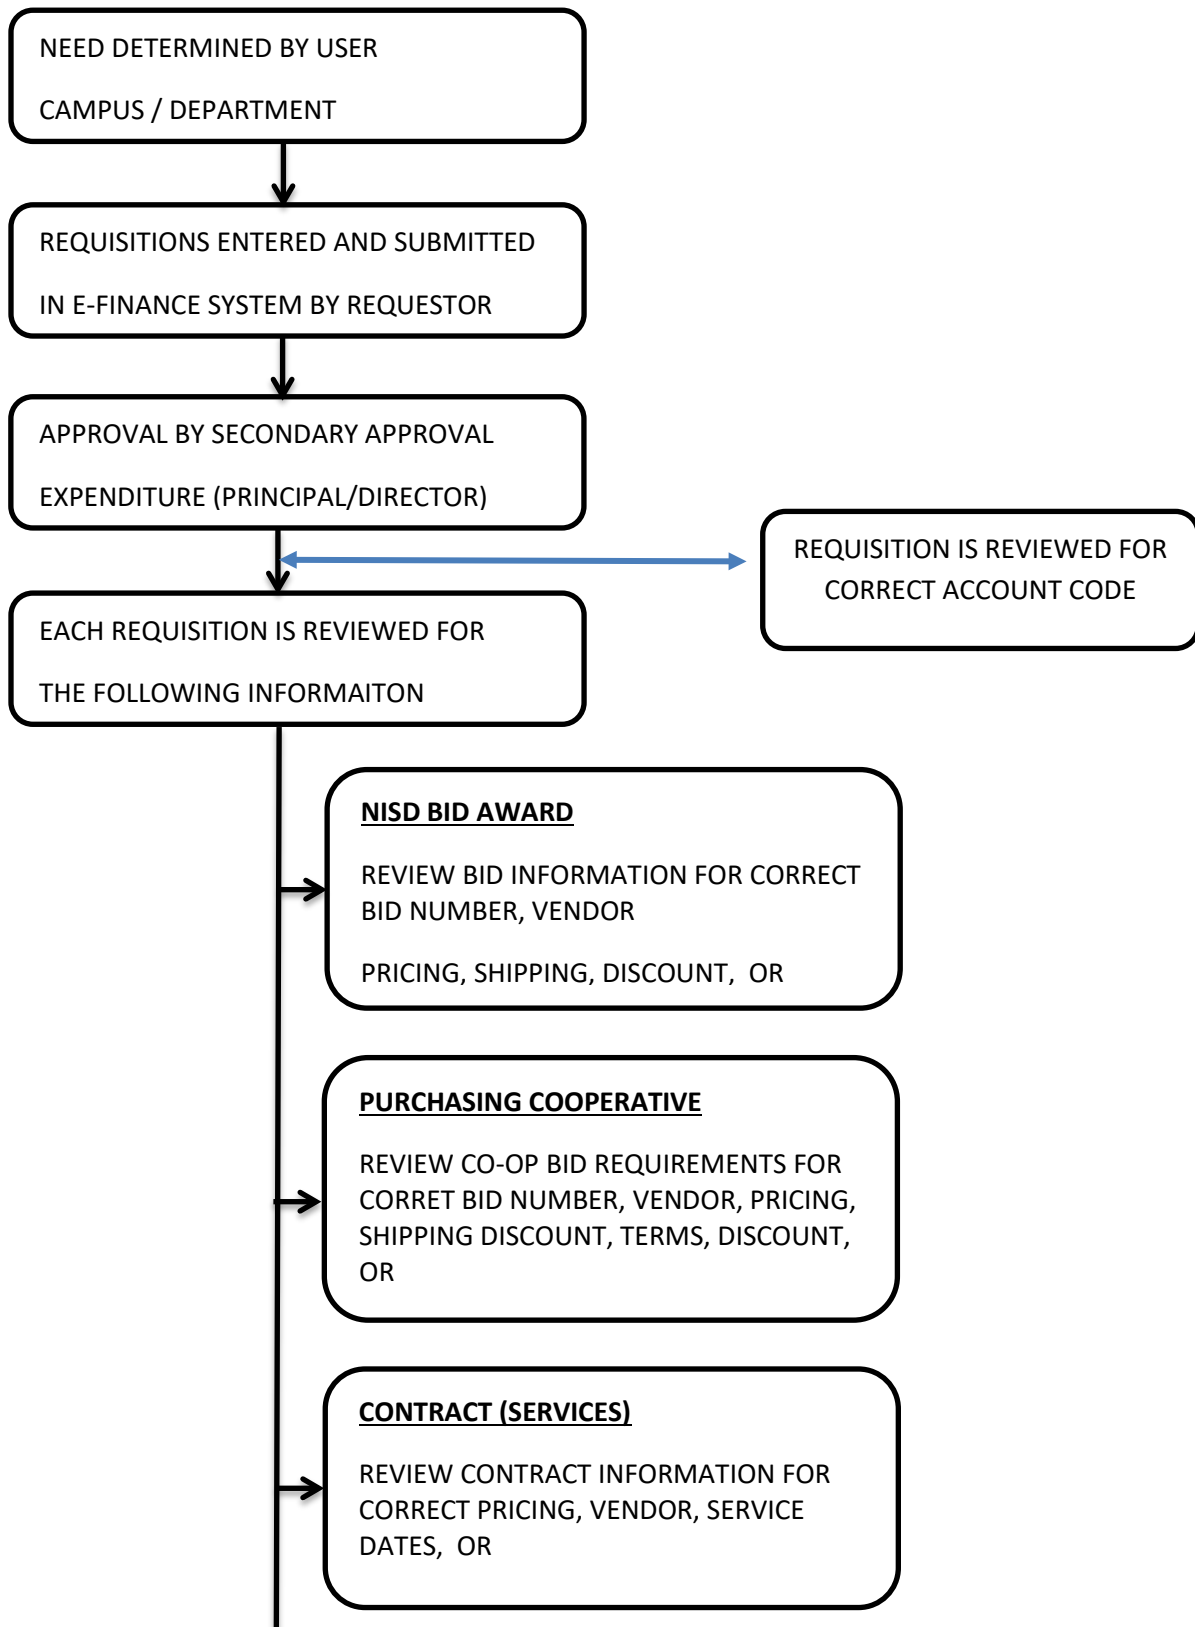

- 1 Northwest Independent School District is exempt from the payment of state sales taxes by the fact it is a political subdivision of the State of Texas.
- 2 District employees may not use the District's tax-exempt status for purchases of personal property. Anyone avoiding the payment of sales tax by using this exemption may be liable for prosecution under Texas Penal Code, Chapter 39, Abuse of Office, Section 39.01. (This also applies to booster clubs, parent teacher organizations and other outside organizations. They must apply and receive their own tax-exempt status)
- 3 All Purchase Orders notify vendors of the District's tax-exempt status. Vendors can request a separate tax-exempt form if necessary, from the Purchasing Department.
- 4 The District's Federal Tax I.D. number is 75-6003004.

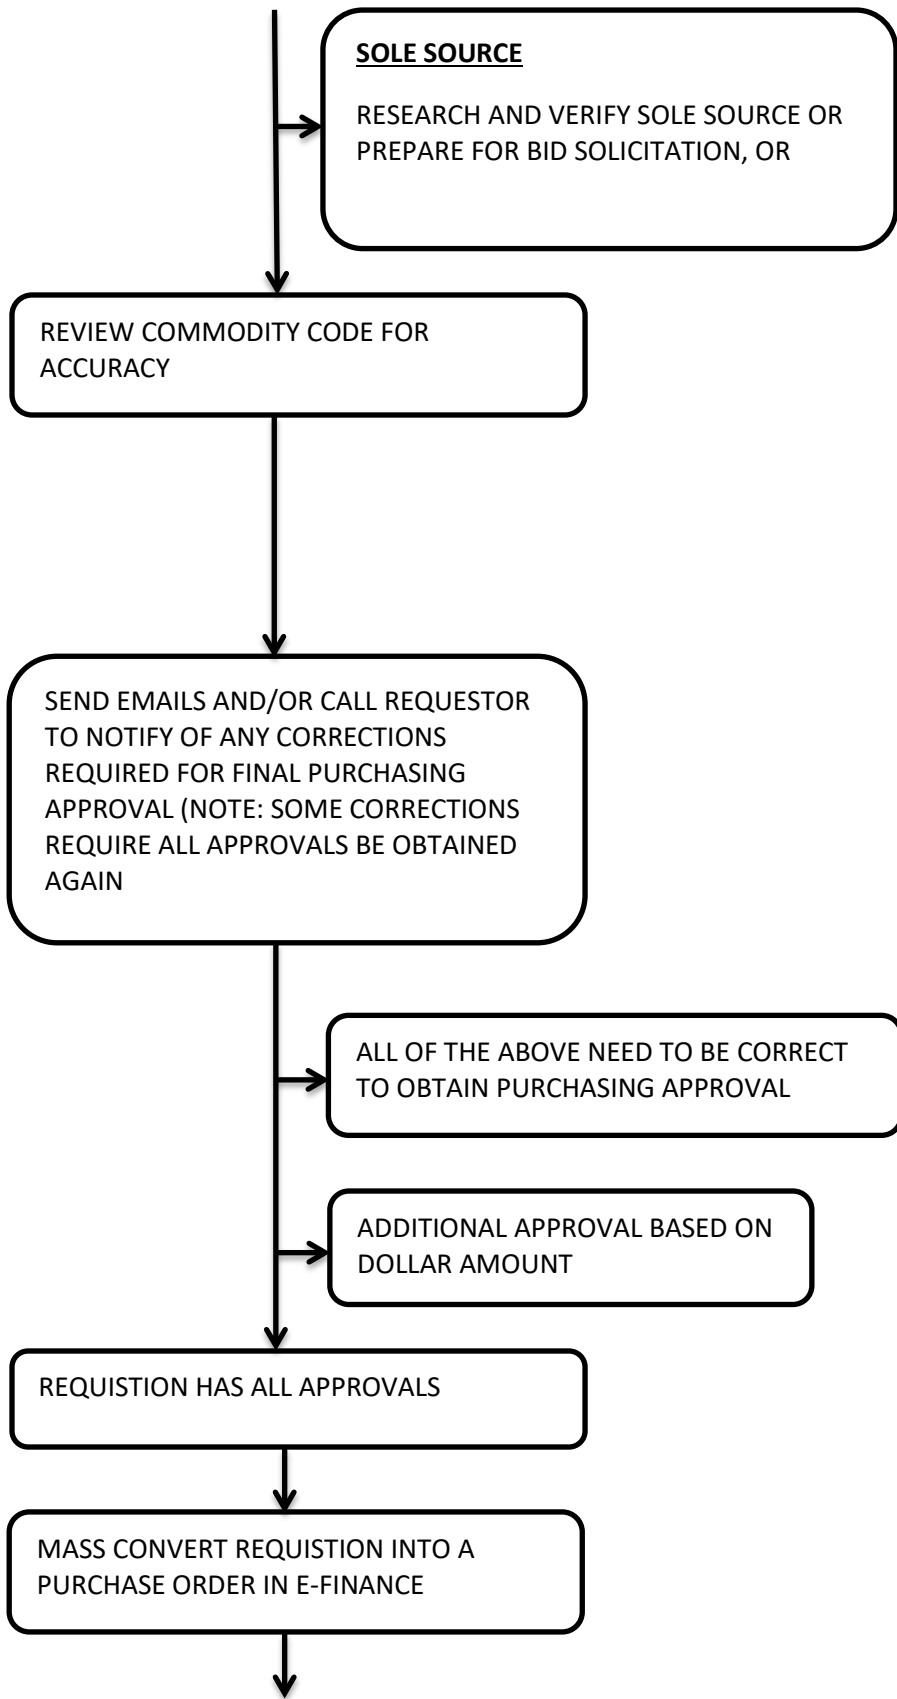

3.0 Requisitioning process

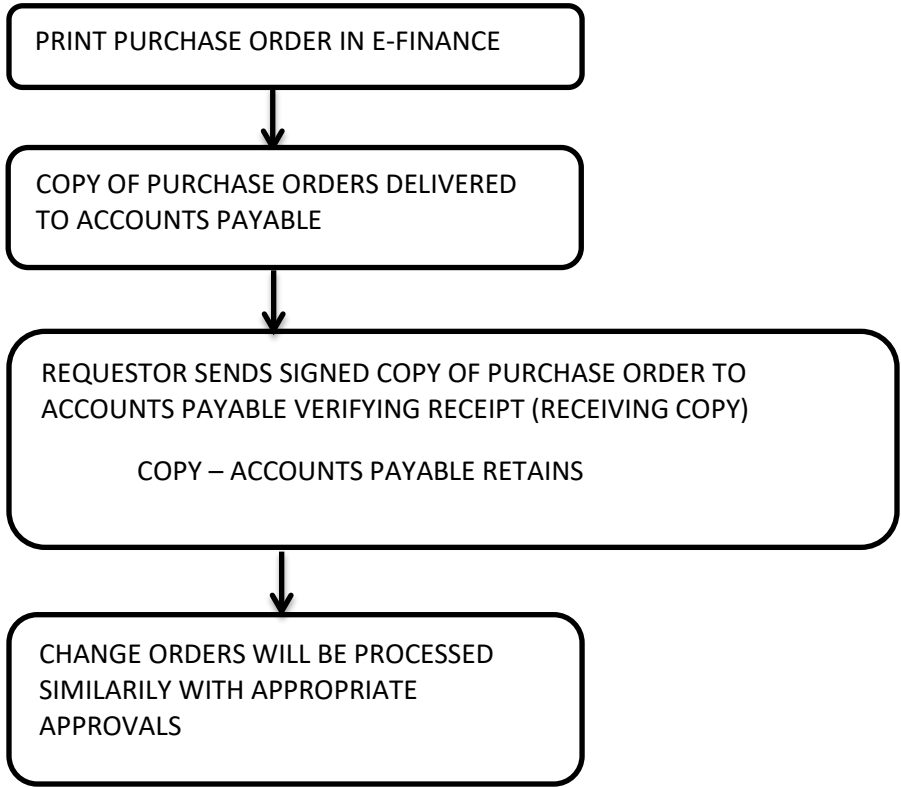

3.1 How do I make a purchase?

Reference the following flow chart for the requisitioning process. This flow chart illustrates the steps involved in making a purchase. It does not, nor cannot address all of the steps, which may be required. Users are encouraged to use the chart, in conjunction with this manual, as tools to help guide them through the purchasing process. If, at any time, during the course of the process, it is felt that additional information, or one-on-one help is needed, users are encouraged to call a member of the Purchasing Department staff.

During this period, the District may; purchase certain specified items from the vendor not exceeding the total dollar limit.

Information required: The time limit, a not to exceed dollar amount, the person(s) authorized to pick up (if local) products, a description of the type of goods/services, and the appropriate contract/bid number, including the bid item number and bid expiration date.

It may be required for certain vendors to have one purchase order per visit.

3.4 Vendor Punch Out – (On-line orders)

In an attempt to have fast track delivery of selected items the following vendors are available through Vendor Punch Out (VPO) which is embedded in eFinance. The user would use the eFinance system which has portals to the vendor's website. After selecting items from the Vendor site, all of the itemized information is sent back to the eFinance as a line item requisition. The Purchasing Department will convert the eFinance requisition order once approved. The following vendors are available through the Punch Out System.

5 Contracts

5.2 Contracts – Common Law

1. A District Purchase Order is an offer. A contract is created between the District and the vendor only when the vendor accepts the terms of the Purchase order by causing the goods or services requested on the order to be delivered. In other words, the District's (Purchase Order) is a presentation to the vendor of what the District wants from the vendor and under what conditions (terms). Purchase orders provide a uniform way for the District to make offers to vendors with all terms in writing. This is why it is critical to the purchasing process that the school or departments receiving the goods or services immediately compare the delivery of it with the Purchase Order. If the vendor has altered the terms of the Purchase order to the point where the recipient is dissatisfied, then a possible breach of the contract has occurred. In such a situation the Purchasing Department should be contacted as soon as possible.
2. In the case of bids and request for proposals (all types), a different set of circumstances exists. Here, the offer is the vendor's bid or proposal. This is the vendors offer to the District of what the vendor will sell the District and under what terms. The acceptance of an offer occurs when the Board of Trustees awards a bid selects a proposal.

5.3 Contract Signatories

Contracts exceeding \$100,000 per year will be taken to the board of trustees for approval under the consent agenda.

District Policy allows for contracts to only be signed by the Superintendent, the Chief Financial Officer or the Executive Director of Purchasing.

5.4 Request to Process Contract Form

A processing contract form must be completed and emailed to the purchasing department to begin the contracting process.

The key information required on the form is:

- Budgetary approval
- Budget information (account code)
- A complete description of services being provided
- Desired results if possible
- Vendor/consultant information (including name, phone, email, etc.)
- Term of agreement, dates
- Agreed Dollar amount (does it include expenses?)
- Name of requestor (for questions)

The consultant can provide his/her contract for consideration. It may be used in conjunction with the standard district contract.

If the district's independent Contract agreement is being used, only the Processing form needs to be submitted. The department will obtain digital signatures from the vendor using Docu-Sign software.

5.5 Consultant Contracts

A consultant is an independent contractor, not an employee that offers services to the public. A consultant usually maintains an office and usually provides the equipment and materials necessary for completing or performing a service. A consultant is paid on a fee basis for specialized services that are usually considered to be temporary or short-term in nature, normally in areas beyond the expertise of the employing entity's employees.

Consultants hired to perform a service will execute a written contract acceptable to the District, prior to the performance of the service. The district in most cases will utilize its own contract. The Purchasing Department will assign a contract number and notify the user/requestor so that a purchase requisition (referencing the contract number can be issued) The Purchasing department will maintain a log of all contract numbers.

5.6 Determination of Independent Contractor Status.

Control over the hiring, supervising, and paying of assistants – Independent contractors maintain control of their assistants. The employer contacts the independent contractor if there is a problem, and the employer pays the independent contractor for the work done. The independent contractor then pays the assistants directly.

Set hours of work – An independent contractor sets working hours.

A full-time work requirement – An independent contractor has the availability to work for more than one client, and for more than one firm.

Availability – An independent contractor makes services available to the public on a regular and consistent basis.

Works off premises. – An independent contractor works off premises unless the nature of the services requires attendance on district facilities

Required work sequence- an independent contractor does not need to be told the sequence of work needed.

Requirement of reports – The independent contractor is not required to submit oral or written reports.

Payment by the hour, week or month – An independent contractor is paid in a lump sum fee basis when the job is done. An invoice must be generated to substantiate the payment.

Payment of business or travel expense – An independent contractor is responsible for his/her own travel expense. If paid, the employer must include the expense amount on the independent contractors 1099.

Furnishing of tools and materials – An independent contractor has the necessary tools and materials to do the job.

Employer's discharge rights – an independent contractor cannot be terminated as long as he/she is fulfilling the contract.

Workers termination rights – An independent contractor may be held financially responsible for any loss the employer may suffer due to an incomplete inaccurate or unsatisfactorily completed contract.

Any contract for lease must contain non appropriations clause and must be renewed by the issuance of a new Purchase Order for each fiscal year.
The lease must be approved by the Executive Director of Purchasing

5.8 Service contracts

All services that are to be contracted for a specified period of time should be submitted to the Purchasing Department to generate a contract protecting the interests of the district. A contract number will be assigned and given to the user/requestor to reference on the purchase requisition. The Purchasing department will maintain a log of all contract numbers. The user/requestor should detail as much information regarding the contract and its services on the requisition regardless of a contract being generated.

5.9 Contracts List

A list of current, effective contracts by number, title, and requesting school/department is maintained in the e-bid system by the Purchasing Department.

5.10 Background Checks

In accordance with SB9 requirements, if a contract request will have the contractor having unsupervised direct contact with students, the Risk Management Department will conduct background/fingerprinting.

7 Areas of Concern

7.2 Program Incentives and Awards

Program incentive and awards are an important part of conducting district activities. However, schools should examine closely the type of incentives or awards given to students for program participation in order to ensure the award or incentive does not appear to be a gift.

Gifts, or items that appear to be gifts are prohibited by the state constitution.

Reasonable awards and incentives for participation include such items as certificates, plaques, ribbons, small trophies, or inexpensive instructionally related items such as pens/pencils to be used in the classroom

STAFF PURCHASE OF ITEMS ON AWARDED CONTRACTS

Northwest ISD Food Service Management Department does not allow any employee, officer or agent acting on behalf of Northwest ISD Food Service Management Department to take advantage of Northwest ISD Food Service Management Department's procurement by purchasing off an awarded contract.

resources will be used to determine an “estimate” of the value or cost. The cost/price analysis will be used to determine the most appropriate procurement method.

(2) Forecasting

Below is a list of the resources to be used for forecasting our needs.

- a. Based on the cost/price analysis in our planning phase, the most appropriate procurement method will be used.
- b. A general specification with details will be written to document the product or service needed.

(5) Contract Management

The following items will be monitored during the life of an awarded contract.

- a. Quantities specified are made available and delivered.
- b. Delivery times and schedules are being met per contract terms.

- d. Products and/or services are meeting the specifications as described in the solicitation.
- e. Substitutions of products are being handled as outlined in the Terms and Conditions and are adequate to the specified product.
- f. Vendor response time to product or service issues is appropriate in regard to each situation, if any.

PROCUREMENT METHODS: INFORMAL AND FORMAL (2 CFR 200.320)

Northwest ISD will follow the below steps with each procurement method.

(1) Micro-Purchases

The micro-purchase method is an “Informal Procurement Method” for purchases where the aggregate value in a single transaction is at or below \$10,000. This enables the District to purchase supplies or services without soliciting competitive quotes if the school considers the price reasonable. The District may purchase products and/or services that are similar or dissimilar, purchased as a single or collective unit.

- a. All unplanned, non-routine purchases with an aggregate total that does not exceed the threshold of \$10,000 are allowed (2 CFR 200.67) and will include:
 - i. Documentation that explains the reason for the purchase and vendor name.
 - ii. List of items or service purchased.
 - iii. Receipt.
 - iv. All documentation will be kept with payment documents in A/P
- b. Types of Micro-Purchases allowed:
 - i. Emergency and/or equipment repair parts
 - ii. Small to medium catering events
 - iii. Emergency food shortages
 - iv. Staff training and travel expenses
 - v. Small kitchen equipment purchases
- c. The following employee positions have permission to make a Micro-Purchase:

 - ii. Payment will be made via check by Accounts Payable Department

(2) Small Purchases

The small purchase method is an “Informal Procurement Method” for purchases that exceed the micro-purchase threshold but have an aggregate amount no greater than the Simplified Purchase Acquisition threshold of \$50,000. The District must contact a minimum of 3 potential suppliers and attempt to get a minimum of 2 quotes.

- a. Based on the determination through a cost/price analysis that a purchase will

exceed the Micro-Purchase threshold (2 CFR 200.67) but will not exceed the State's/District's Simplified Purchase Acquisition (Small Purchase) threshold of \$50,000

- b. Allowable types of Small Purchases:
 - i. Single/one-time purchase with an aggregate amount between \$10,000<\$50,000
 - ii. Multiple purchases of same or similar products and/or services from a prime vendor during the fiscal year with an aggregate amount between \$10,000<\$50,000
- c. Northwest ISD will use the following steps to make a Small Purchase (2 CFR 200.320 [b])
 - i. Identify potential suppliers; who to contact for bids; what is available on the market.
 - ii. Write the product and/or service specification to include details but not restrictive as to exclude competition.
 - iii. Draft the solicitation to include contract terms and conditions, invoice methods, delivery and/or service requirements, duration of contract, and evaluation criteria if any is being used with the scoring rubric.
 - iv. Contact a minimum of 3 vendors (if possible) and provide each one with the same information to include all details of the solicitation. Emailed or faxed documents is the preferred method, but verbal delivery of solicitation details is allowed.
 - v. Document vendor responses to include:
 - 1. Vendor name and contact with email address and phone

 - vi. Award will go to the most responsive and responsible vendor with the lowest price or highest evaluation score if used. A responsive vendor is one whose response conforms to all the material terms and conditions of the solicitation. A responsible vendor is one whose financial, technical, and other resources indicate an ability to perform the services required.

(4) Competitive Sealed Bidding (IFB – Invitation for Bid)

The competitive sealed bidding method is a “Formal Procurement Method” that is used when the contract value is at or above the Small Purchase threshold, which is \$50,000 in the state of Texas. The formal procurement method requires a District to post a public advertisement in a newspaper of general circulation for two consecutive weeks upon release of the solicitation. It is recommended that the District post the advertisement on their website or a trade website as well as email or make phone calls as a means of advertising to potential bidders.

- a. Northwest ISD will ensure the following conditions:
 - i. A complete, adequate, and realistic specification or purchase description will be made available
 - ii. The procurement lends itself to a firm fixed price contract and the selection of the successful bidder can be made principally on the basis of price

(5) Competitive Proposals (RFP – Request for Proposal)

A request for proposal is a “Formal Procurement Method” used for purchases when an IFB is not appropriate. An RFP describes in a general way what is needed and requests that vendors submit a proposal for servicing the needs of the district. RFP’s can be used for either goods or services and require the prospective vendor to submit a technical proposal that explains how they will meet the objectives of the solicitation document and a cost element that identifies the costs to accomplish their proposal. Price is to remain the major consideration but can be one of many evaluation factors used to determine the most advantageous winner. The RFP also allows for negotiation as a means to obtain the best value or price.

- a. Northwest ISD will ensure the following conditions:
 - i. A complete, adequate, and realistic specification or purchase description will be made available
 - ii. The procurement lends itself to a firm fixed price contract or cost reimbursable price
 - iii. The selection of the successful bidder will be made after an evaluation of criteria with price being the “heaviest weighted factor”
 - iv. Negotiation of price or best value will be handled with complete fairness and integrity
- b. Northwest ISD will adhere to the following requirements and required documents (2 CFR 200.316 - 328):

 - i. PO to be created prior to the invoice payment. This is handled through the Purchasing Department

(6) Non-Competitive Negotiation and Sole Source Procurements

These types of procurement methods are used to compensate for the lack of competition. This lack of competition may result from overly restrictive solicitation documents, an inadequate number of suppliers in the area or the procurement environment may have been compromised by inappropriate supplier actions (i.e. market allocation schemes). Non-competitive negotiation occurs after the solicitation (sealed bid, competitive negotiation or small purchase) has been issued, but competition on that solicitation has been deemed inadequate.

- a. Non-competitive negotiations or sole source procurements are restricted to specific situations and may only be used when:
 - i. Inadequate competition in a formal procurement method
 - ii. Public emergency exists
 - iii. Goods or services are only available from on manufacturer through only one supplier
- b. Northwest ISD will obtain TDA's approval prior to award and purchase of products or services. All requests for approval must be submitted through the State Agency's online system, TX-UNPS.

Senior Buyer, Food Service Director

1. Verify Proper documentation supplied by vendor
2. File Sole Source Affidavit and approval documents with the vendor record in the financial system

BID/PROPOSAL QUESTIONS AND PROTEST PROCEDURES

An interested party may protest any of the following situations:

- Solicitation or other request for offers for a contract for the procurement of property or services
- Cancellation of a solicitation or other request
- Award or proposed award of a contract
- Termination of a contract, if the protest alleges that the termination was based on improprieties in the administration of the contract.

Northwest ISD will do the following:

- (1) Include clear instructions in each solicitation document about questions and protest procedures.
- (2) Follow all written procedures to resolve protests.
- (3) Ensure that all protests are resolved.
- (4) Retain all documentation related to a protest.
- (5) Notify TDA when a protest is received.

Northwest ISD will address all respondent protests within 24 hours of the bid award. Northwest ISD will provide evaluation scores and pricing at the request of the respondent. Violations of law should be referred to the local, state or Federal authority. (2 CFR, Section 200.318[k])

Northwest ISD will allow respondents to request clarification of information prior to the close of the bid/proposal. These requests must be received a minimum of 3 business days prior to the close of the bid/proposal. Northwest ISD will address the request for additional information as an addendum to all respondents.

ECONOMIC PRICE ADJUSTMENTS IN VENDOR CONTRACTS

The economic price adjustments, which allow a District to adjust costs in a contract, must be tied to an appropriate standard or cost index. Relating the price adjustments in a contract to an index allows the District to ensure that increases under the contract are not without basis. For example, if fuel prices are increasing drastically, an appropriate index such as the Consumer Price Index (CPI) will reflect this change.

This index is preferred because the USDA uses this index for the National School Lunch Program (NSLP) yearly funding increases. The intention is that if the USDA increased funding by a certain percentage the District would be able to allow the increase in food cost to rise at the same percentage. Vendors will be able to bid on multi-year contracts that allow for inflation and the District will be able to maintain a consistent level of service and food cost percentage from year to year.

APPLYING GEOGRAPHIC PREFERENCES IN PROCUREMENT

As amended, the National School Lunch Act (NSLA) allows SFA's receiving funds through the CN Programs to apply a geographic preference when procuring unprocessed, locally grown or locally raised agricultural products. This applies to operators of all the School Lunch Programs.

Northwest ISD will apply geographic preference to the procurement of agricultural products that:

- (1) Are unprocessed
- (2) Are locally grown or locally raised
- (3) Have not been cooked, seasoned, frozen, canned, or combined with any other products

Because the NSLP is Federally Funded, geographic preferences cannot be restrictive to local definitions such as city, county, or state lines

DISCOUNTS, REBATES, AND CREDITS

Northwest ISD requires that all discounts, rebates, and credits accrue back to the school nutrition account. The contractor will be required to identify the amount of each discount, rebate, or other applicable credit on bills and invoices presented to the Northwest ISD. Contractors will be required to identify the method by which they will report discounts, rebates, and credits. All discounts, rebates, and credits will be tracked via monthly invoices or annual velocity reports. Contractors will be required to maintain documentation of costs, discounts, rebates, and credits and make those available to Northwest ISD upon request.

BUY AMERICAN PROVISION

Northwest ISD adheres to the Buy American Provision (7 CFR 210.21) when purchasing commercial food products to be served in the district's SNP meals. This provision will be included in all solicitations for food to be used in the school nutrition programs.

Per Section 104(d) of the William F. Goodling Child Nutrition Reauthorization Act of 1998 {Public Law 105-336} added a provision, Section 12(n) to the NSLA (42 USC 1760(n)), requiring School Food Authorities (SFA's) to purchase, to the maximum extent practicable, domestic commodity or product. Section 12(n) of the NSLA defines "domestic commodity or product" as an agricultural commodity that is produced in the United States and a food product that is processed in the United States using substantial agricultural commodities that are produced in the United States. Substantial" means that over 51 percent of the final processed product consists of agricultural commodities that were grown domestically. Products from Guan, American Samoa, Virgin Islands, Puerto Rico, and the Northern Mariana Islands are allowed under this provision as territories of the United States. The Buy American provision (7 CFR Part 210.21(d)) is one of the procurement standards SFA's must comply with when purchasing commercial food products served in the school meals programs.

Northwest ISD will purchase domestic food products per the Buy American Provision unless:

- (1) The product needed is not produced or manufactured in the U.S. in sufficient and reasonable available quantities of a satisfactory quality; or
- (2) Competitive bids reveal the costs of a U.S. product are significantly higher than the non-domestic product

Northwest ISD will maintain all documentation in regard to any food purchases that are deemed "non-domestic" to include cost comparisons if the product is available as a "domestic" product

that is seen as unreasonable in cost; or if not available as a U.S. grown product the documentation will include the “country of origin.”

SMALL AND MINORITY BUSINESSES, WOMEN BUSINESS ENTERPRISES, AND LABOR SURPLUS AREA FIRMS AND/OR DISABLED VETERAN BUSINESS ENTERPRISE (MWDVBE)

Northwest ISD will encourage open competition amongst small, minority, woman, and disabled veteran’s businesses by:

- (1) Reducing barriers in Formal and Informal Contract solicitations by:
 - a. Allowing for businesses that may be MWDVBE to compete on an equal footing. This will be accomplished by having a qualification process where MWDVBE bids are given points equal to the requirements that may be restrictive, such as length of service in business, size of distribution facilities, etc.
 - b. Allowing for extra points in the evaluation if a bidder/proposer qualifies as an MWDVBE
 - c. Structuring contracts to allow “awards to more than one Proposer in the best interest of the District in order to award a portion of the agreement to MWDVBE vendor that may not be able to perform to an agreement that is too large for current financial/logistical capabilities.
- (2) Structuring Contracts that May allow for Cost Credit to Small, Minority and Women owned businesses:
 - a. Northwest ISD may structure an RFP Formal Procurement agreement to allow for price variation of not more than 5% of total cost above the lowest responsive bidder to award to a small, minority or women owned business. For example, the lowest bidder was \$100 dollars, a certified small, minority or women owned enterprise bid \$105, the contract may be awarded to the small, minority or women owned enterprise if it is in the best interest of the District.
- (3) Providing Positive Outreach
 - a. Northwest ISD will place qualified small, minority and women owned enterprises on solicitation lists; and
 - b. Assure that small, minority and women owned enterprises are solicited whenever they are potential sources

LOCAL SOURCED PRODUCTS: FARM TO SCHOOL INITIATIVE

Northwest ISD is committed to local markets and family farmers in the State of Texas. Our objective is to support the local agricultural economy and reduce the environmental impact of long-distance shipping. Northwest ISD defines “Local Sources Products” as products that are grown within the State Texas.

When purchasing local sourced products, Northwest ISD will follow the planning phase as stated earlier in this manual and do a cost/price analysis to determine the most appropriate procurement method.

In order to encourage the bidders to purchase locally sourced produce, Northwest ISD may assign additional point values in the “Award of Contract” section of the solicitation that can demonstrate:

- (1) The bidder is purchasing produce locally by submitting a list of local farmers, their addresses, the produce that is anticipated to purchase from each farm location, and the anticipated harvest dates of the produce

- (2) The bidder must also agree to the ability to submit a report during the term of the contract that demonstrates continued purchases from local farms

USE OF EXCESS AND SURPLUS PROPERTY

Northwest ISD, to the best of the district's ability, may utilize excess and surplus property when available. The TDA allows a district to use a significant portion of our entitlement (PAL) allocation from USDA to purchase DOD fresh fruit and vegetable products. The TDA manages the solicitation and award of the DOD Produce Vendors. Contracting Entities (CE's) in the state of Texas and participating in the DOD Fresh Program can receive weekly deliveries as outlined in the awarded contract.

COOPERATIVE MEMBERSHIP AND PROCUREMENT

The USDA allows for "Purchasing Goods and Services Using Cooperative Agreements, Agents, and Third-Party Services.

Northwest ISD may participate in a purchasing cooperative when it is determined to be in the best interest of the district. As a governmental agency, Northwest ISD has the option to legally join a "governmental agency or Education Service Center (ESC) agency" purchasing cooperative through an Interlocal or InterAgency Agreement. Northwest ISD will submit a written request to the awarded vendor of the bid/RFP to piggyback on a specific agency/co-op's bid. If approved by awarded vendor, Northwest ISD will obtain all final bids/requests for proposal documentation from the cooperative or lead district. When utilizing a "piggyback" contract, Northwest ISD will ensure the following:

- (1) The procurement was conducted in accordance with applicable Federal, State and local regulations.
- (2) The contract contains a clause that permits other agencies to "piggyback."
- (3) The addition of Northwest ISD to the contract does not create a material change as outlined in the contract per 2 CFE 200.318[e] that states a material change occurs when the change in scope of the contract is significant enough that potential bidders might have bid differently had they been award of the impacts from adding additional agencies.
- (4) All documentation related to the contract will be obtained and retained, information includes:
 - a. Solicitation
 - b. Verification of Published Advertisement
 - c. Contract Terms and Conditions
 - d. Evaluation Criteria, if any
 - e. Responses
 - f. Notification of Awarded vendor(s)
 - g. Documentation of any extensions or Amendments

UNNECESSARY OR DUPLICATION OF GOODS/SERVICES

Northwest ISD will avoid acquisition of unnecessary or duplicative items/services. Purchases will be justified using the following criteria:

- (1) Purchaser will determine if there are like items in the District that may not be in use and consider transferring item before determining if purchase is necessary
- (2) The item is being considered for menus or is needed to serve, prepare, receive, transport or store an item on the menu

- (3) The item is replacing an obsolete, broken, damaged or outdated piece of equipment

RECALLS

Northwest ISD will use the following procedures in regard to products that have been recalled, or are discovered to be defective or faulty:

- (1) The Food Service Director/Manager/Program Coordinator will register for email notifications of recalled products through USDA Food Safety and Inspection Service (usfsis@public.govdelivery.com) and/or recalls.gov or any other viable resource in regard to food and product safety and recalls
- (2) Vendors' Recall procedures will be requested with every Small Purchase, IFB and RFP procurement method used
- (3) Any notices or alerts from awarded vendors or distributors in regard to a recalled product will be handled immediately, following all instructions from the vendor or distributor in regard to the handling of the recalled product
- (4) Actions may include but not be limited to:
 - a. Disposal of all affected product
 - b. Photos of products affected, documentation of case lot numbers, distributor codes or any other pertinent information as documentation of product origin
 - c. Removal of affected product to a safe area to be picked up by the vendor or distributor

Credits issued for all affected product that could not be used
