Dear Parent/Guardian,

August 26, 2024

Willis ISD has been experiencing Internet issues for a little over a week. We had hoped the issue would be resolved in time to begin NWEA MAP testing this week, but unfortunately the network is still experiencing some instability.

As a result, we are going to postpone NWEA MAP testing by one full week. We will begin testing on Tuesday, Sept 2. We will be in touch with a reminder before then.

Sincerely,

John Vaglienty

Estimado padre/tutor:

26 de agosto de 2024

Willis ISD ha estado experimentando problemas de Internet durante un poco más de una semana. Esperábamos que el problema se resolviera a tiempo para comenzar las pruebas NWEA MAP esta semana, pero lamentablemente la red aún experimenta cierta inestabilidad.

Como resultado, vamos a posponer las pruebas NWEA MAP por una semana completa. Comenzaremos las pruebas el martes 2 de septiembre. Nos comunicaremos con usted para enviarle un recordatorio antes de esa fecha.

Atentamente,

John Vaglienty
