Scott R. Rocco, Ed.D.
Superintendent

September 27, 2017

Dear HTSD Community:

Last night our community overwhelmingly voted to approve the facilities referendum that provides needed repairs to all 24 of our schools.

Thank you!

By approving this referendum we assure that safety, security, and critical infrastructure needs are a priority in each of our schools. This is a positive step for our school district and our entire community; it reinforces our district's theme of, "The Future is Ours to Build Together."

I would like to thank you for your support of this referendum. Many members of our community publicly demonstrated their support during the last six weeks by attending meetings, asking questions, and working to provide information to our community. I thank all of you for your efforts.

Now the work begins on improving our school facilities. The Board of Education, my administrative team, and I will work to get these needed projects started in our schools as soon as possible.

Again, thank you for your support and I look forward to continuing to work with you as we improve our district's schools.

Our schools. Our community. Our future.

Sincerely,

Scott Rocco, Ed.D.
Superintendent of Schools
