This week we will start to introduce our sight words. These are off our **BLUE** list. Below are the 10 words we are working on over two weeks. Please make flash cards at home to help practice these. These words are words that can not be sounded out, so they just need to be memorized.

Letter Sounds:

Learning the letter sounds is a very important kindergarten skill. This sets up students for success in learning to read. We are also learning the skill of writing each sound.

Each night it is important to look through your child's folder to see which sound we learned. Many of the activities that will come home can be a great tool for practicing at home. Please save these items to use throughout the weeks of learning the sounds, if your child needs the extra practice.
