Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) (20 U.S.C. § 1232g; 34 CFR Part 99) is a Federal law that protects the privacy of student education records. The law applies to all schools that receive funds under an applicable program of the U.S. Department of Education.

FERPA gives parents certain rights with respect to their children's educational records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

1. Parents or eligible students have the right to inspect and review the student's education records maintained by the school. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.
2. Parents or eligible students have the right to request that a school correct records which they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
3. Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent to the following parties or under the following conditions (34 CFR § 99.31):

- School officials with legitimate educational interests;
- Other schools to which a student is transferring;
- Specified officials for audit or evaluation purposes;
- Appropriate parties in connection with financial aid to a student;
- Organizations conducting certain studies for or on behalf of the school;
- Accrediting organizations;
- To comply with a judicial order or lawfully issued subpoena;
- Appropriate officials in cases of health and safety emergencies; and
- State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date and place of birth, honors and awards, and dates of attendance. However, schools must tell parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. Schools must notify parents and eligible students annually of their rights under FERPA. The actual means of notification (special letter, inclusion in a PTA bulletin, student handbook, or newspaper article) is left to the discretion of each school.

- Student Illness
- Death in the Immediate Family
- Impassable Roads
- Farm and Domestic Service
- Quarantine
- Student Urgency

Pennsylvania state law requires a physician's excuse for all absences due to illness after 10 days of absence. Standard letters are mailed to keep parents informed. After 3 days a reminder letter is sent, after 6 days a warning letter is sent, and after 9 days a letter of notification is sent.

Is a written excuse required and how long do I have to turn an excuse in?

A written excuse from parent/guardian/physician is required for all days a student is not in school. Excuses must be turned in to the office on the student's day of return to school. Students have three days to bring in an excuse or the absence will be marked illegal.

What are considered unlawful or unexcused absences?

Employment, truancy, parental neglect, oversleeping, missing the bus, shopping, babysitting, visiting relatives, hunting, fishing, working at home or remaining at home to do school work are some examples of unexcused absences. All unexcused absences are also unlawful or illegal absences for students under age 17. After three days of such absences, the student's parents will receive a legal notice from the school. The school district is required to file charges with the District Justice at the next occurrence after serving the legal notice.

Is educational travel permitted?

Students may be granted an excused absence for pre-approved educational travel other than the first and last two calendar weeks of school. Students will only be permitted to travel a maximum of two weeks per school year. Forms for pre-approval are available in the principal's office.

What is the state truancy law?

Act 29, the new state truancy law, extensively changed the penalties for truancy from school. Under the new law parents are fined up to \$300 a day and are required to pay court costs or complete a parenting education program or perform community services. The District Justice can also fine students or assign them to an adjudicated alternative program. Student driving privileges can be revoked and applications for a learner's permit can be prohibited for a period of time.

Am I permitted an early dismissal?

No pupils may be excused from school hours for reasons other than an appointment with a doctor (medical, dental - written excuse needed) or a sudden family emergency. Elementary and middle school children dismissed early will be released only to a parent/guardian or to an adult authorized by the parent/guardian. Identification will be required. Student early dismissal requests are to be taken to the office prior to first period. Early dismissal requests will be verified by the office staff. Students must sign out and sign back in upon their return. Forms not

returned may result in disciplinary action.

Marking System:

Grove City Middle School utilizes a percent marking system to indicate level of achievement. An incomplete mark is a temporary mark. Marks issued are based upon percentage calculations determined by the teacher according to the following:

100% - 91% = A; 90% - 81% = B; 80% - 71% = C;
 70% - 61% = D; 60% - 0% = F
 60% - 51% = Student Conference
 50% - 0% = Referral to
 Counselor

Incomplete Marks (See Make-Up Work Policy)

Report Cards will be issued four times per year. (digital through Infinite Campus)

High Honor Roll is achieved by having a grade point average of 85.5% or higher and no grade lower than an 81%.

Honor Roll is achieved by having a grade point average of 80.5% or higher and no grade lower than a 71%.

Grade Netting is for students who perform well below the passing mark. If any student scores below a 55% in the first two marking periods, this student's grade will be netted to a 55% in one out of the two first marking periods. This provides the student with an opportunity to pull up their grade. To prepare our students for the rigor at the high school level, grade netting will not be utilized for our 8th grade students.

Make-up Policy

Unexcused Absences - A zero percent (0%) mark is awarded for all work missed.

One Day Absences - Students who are absent for one day are required to submit all work due (on the day of absence) the day they return to school. Any tests missed are to be completed on the day of return. (Tests not completed will be marked as a zero (0%)). Work not submitted on the day of return or by deadline is considered work not submitted on time and subject to the procedures for such.

Multiple Days of Absence - Students have the same number of days of absence to submit assignments

(one day for each day of absence for make-up). A penalty (10%) is deducted for each day the assignments are submitted late. Three days after the end of the grade period, a zero (0%) is issued.

Tests and Quizzes - Students do not have the option of taking tests, quizzes, etc. All students present must

complete the test, quiz, etc. or receive a zero percent (0%) mark for the test.

Pre-announced Assignments, Projects - All work that becomes due during an absence is required to be submitted on the day of return to school. Work not submitted on the day of return is considered work not submitted on time and is subject to the procedures for such.

Incomplete Marks - Incomplete marks are temporary marks. They are utilized only when it is necessary to assign a mark during the time make-up work is due. All incomplete grades are averaged by the computer in determining grade point averages as zero percent (0%). No credit is granted for incomplete marks. Teachers are not required to accept failing/substandard make-up work. Work submitted by students is expected to be consistent with their normal effort and ability.

Appeals may be made to the principal.

Cheating and Plagiarism

Cheating and plagiarism in any form involving curricular and extra-curricular activities is strictly prohibited. Giving or receiving information during an examination, disclosing examination items to other students, providing completed assignments (or parts of assignments) for other students/doing assignments for other students is considered cheating. A teacher will assign a "0" for any of the above situations. Copying the work or using the ideas of others without giving reference to the source is considered plagiarism. Any student guilty of plagiarism will receive a "0" for the nine weeks. You will be given an opportunity to re-do the assignment in order to receive half-credit for just that assignment and save your nine weeks grade. The guidance counselor and the principal will be notified in all cases of cheating. Parents will then also be informed.

Plagiarism: What It Is and How to Recognize and Avoid It

What is plagiarism and why is it important to understand it?

We are continually engaged with other people's ideas: we read them in texts, hear them in lecture, discuss them in class, and incorporate them into our own writing. As a result, it is very important that we give credit where it is due. Plagiarism is using others' ideas and words without clearly acknowledging the source of that information.

How can students avoid plagiarism?

To avoid plagiarism you must give credit whenever you use:

- another person's idea, opinion, or theory;
- any facts, statistics, graphs, drawings—any pieces of information—that are not common knowledge;
- quotations of another person's actual spoken or written words; or
- paraphrase of another person's spoken or written words.

How to recognize unacceptable and acceptable paraphrases

Here's the ORIGINAL text, from page 1 of *Lizzie Borden: A Case Book of Family Crime* in the 1890's by Joyce Williams et al.: The rise of industry, the growth of cities, and the expansion of the population were the three great developments of late nineteenth century American history. As new, larger, steam powered factories became a feature of the American landscape in the East, they transformed farm hands into industrial laborers, and provided jobs for a rising tide of immigrants. With industry came urbanization the growth of large cities (like Fall River, Massachusetts, where the Bordens lived) which became the centers of production as well as of commerce and trade.

Here's an UNACCEPTABLE paraphrase that is plagiarism:

The increase of industry, the growth of cities, and the explosion of the population were three large factors on nineteenth century America. As steam-driven companies became more visible in the eastern part of the country, they changed farm hands into factory workers and provided jobs for the large wave of immigrants. With industry came the growth of large cities like Fall River where the Bordens lived which turned into centers of commerce and trade as well as production.

What makes this passage plagiarism?

The preceding passage is considered plagiarism for two reasons:

1. The writer has only changed around a few words and phrases, or changed the order of the original's sentences.
2. The writer has failed to cite a source for any of the ideas or facts.

If you do either or both of these things, you are

plagiarizing. Here's an ACCEPTABLE paraphrase:

Fall River, where the Borden family lives, was typical of northeastern industrial cities of the nineteenth century. Steam-powered production had shifted labor from agriculture to manufacturing, and as immigrants arrived in the US, they found work in these new factories. As a result, populations grew, and large urban areas arose. Fall River was one of these manufacturing and commercial centers. (Williams 1).

Why is this passage acceptable?

This is acceptable paraphrasing because the writer:

1. Accurately relays the information in the original uses her own words.
2. Lets her reader know the source of her information.

Study

Practices

Inability to study effectively has been found to be one primary reason for lack of scholastic success. The following are some general principles recommended as a guide to insure effective study:

Time. An adequate amount of time must be provided for the study of each lesson. The planning and budgeting of your time for each essential task will promote the efficient use of available time.

Place. For best results from study, you should have a regular place for study, free from all unnecessary distractions.

Plagiarism/continued

Recall. The practice of attempting, at the end of sections or paragraphs, the recall of the main points presented is an aid to the mastery of content. It is a good practice, also, to summarize in your own words.

Set. Concentration is encouraged by the following procedures: a prompt and determined start with the purpose of the assignment clearly in mind, a quick preliminary survey of the chapter by skimming or by glancing over the division headings and reading the summary at the end of the chapter. Having in mind at the start what the chapter is about helps the reader to select the most essential points.

Organization. The ideas obtained from reading should be related and organized. This may be prompted by outlining. Meaningful associations with previous experiences are helpful both to comprehension and to retention. Their number may be increased by thinking of original illustrations, by relating the new material to previous study, by using what has been learned in other courses (to verify or evaluate the statements of the author) by making comparisons, and by thinking of possible practical applications of the principles presented in the text.

Dictionary. When new words are encountered, if their meaning is not clear from the context, the dictionary should be used.

Application. Best results call for the application of wholehearted effort to the task at hand. The length of period during which full effort may be sustained will vary with the nature of the subject matter. The value of efficient or interspersed test periods has been amply demonstrated.

Cramming. One cannot accomplish in a few hours of intense and continuous effort what should have been spread over several weeks. Cramming is not an efficient method of study.

Review. For retention, reviews are usually necessary, but reviews also have value for comprehension. Frequently, a second reading brings to light points missed in the first. In the light of the thought of the whole chapter, as grasped in the first reading, new meanings may be found or more accurate interpretations may be given to various paragraphs.

Notes. The taking of notes is a good practice when it serves to select the most important points and when the notes are used for making a quick review of these points. Note-taking on a lecture or on a reading should be selective.

Student Services

Transportation Services

Bus transportation to and from school is considered a privilege. For the sake of safety, you can understand the need for proper behavior on the school bus. The bus driver acts in the capacity of the parent or the teacher while the students are on their way to or from school. Discipline problems are referred to the transportation supervisor and principal by the bus driver, and students who misbehave may lose the privilege of riding to/from school. If a student loses this privilege it is the responsibility of the parent to transport the student to and from school. The following are procedures to be followed by students who ride school buses:

- If you arrive before 8:02 a.m. please report directly to bus hall and be seated. If you arrive after 8:02 a.m., you may go to your locker and classroom. Students are not permitted to leave the bus to go anywhere, but the school building. Failure to comply with this will result in detention/suspension.
- Rules of conduct that govern students in school are also in effect for bus students.
- Students are not permitted to ride another bus unless there is an emergency. Permission must be given by the Transportation Office.

Parents who have questions relative to transportation should contact the Transportation Office, 724-458-8958.

School Counseling Services

Guidance services are available for every student in the school. These services include assistance with educational planning, interpretation of test scores, occupational information, career information, study skills, help with home, school or social concerns, or any other concerns the student would like to discuss with the counselor. Students desiring to visit a counselor should contact the office to arrange an appointment. Parents may make appointments for a conference by telephoning the office.

We administer the Pennsylvania System of School Assessment Tests. Students and parents are notified well in advance of testing dates. If you have any questions, please call the office.

Students are encouraged to seek extra help from teachers if they do not understand an assignment. If the work is difficult or if you have been absent and have missed assignments/class discussions, arrange a conference with your teachers at a time convenient for both of you. A teacher will sometimes request a student to stay after school if it is apparent that the student is having difficulty with work. This is not to be thought of as a punishment, but rather as a desire of the teacher to help you make the progress of which you are capable. You should be notified in advance so you can inform your parents.

Grove City Middle School will notify families via Parent Square of any after school tutoring or support opportunities that may be made available throughout the school year.

Student Assistance Program

Students with serious personal/social problems or serious academic difficulties are encouraged to seek the help of the Student Assistance Team. Any student who feels that another student may need help should discuss this situation with the guidance counselor. All discussions are kept strictly confidential. The purpose of the team is to assist students through an in-depth case study approach, using in-house resources or referring to outside agencies. The SAP team has a close working relationship with the Mercer County Behavioral Health Association and other counseling agencies.

Student Assistance Program/continued

SAP consists of three teachers, the guidance counselor, the school nurse, the school psychologist, the principal and a representative from Mercer Mental Health Association. The teachers who have been trained to serve as a team member are identified by posters in their classrooms.

Psychological Services

The services of a school psychologist are available to all students within the district. These services may be requested by a teacher, guidance counselor, principal or parent. Parent approval is necessary for psychological testing and follow-up. A conference is scheduled to discuss test results and recommendations with the parents, teacher, psychologist and other interested staff members.

Nursing Services

When a student is ill or hurt, the student must report to the nurse. The nurse will administer basic first aid and decide if the injury/illness requires more attention. The nurse then has the option to call the parent or guardian for guidance. The nurse is not permitted to authorize medical treatment without parental consent. The nurse is not authorized to treat injuries or illnesses which occur at home. For the safety and well being of all students, the nurse should be made aware of all health problems so that follow-ups at school can be made as needed.

Students who need to take prescription medication during the school day need to have their parent and doctor complete a Medication Order Form provided by the school and return it before any medication can be dispensed. The school will not dispense medication of any kind without parental permission.

If students must take medication during the school day, he/she must leave this medicine in the office or health room. No medication will be issued to students unless it is brought from home with a note from parents or guardians, except Tylenol or ibuprofen (see below). A note from parents is required to explain the need for the medication. According to state law, all medication must be in the original container. All medicine not left in the office will be considered an illegal drug and, therefore, a violation of the school's drug policy and dealt with accordingly. Medicine not used will be returned to the parent upon request from the parent. Parents have the opportunity to grant permission for Tylenol or ibuprofen by signing the emergency card.

The following immunizations are required for all students who are entering 7th grade:

- Diphtheria and Tetanus – three or more properly spaced doses and a booster is recommended if 5+ years have passed since last vaccination.
- Polio – three or more properly spaced doses of Oral Polio Vaccine.
- Measles, Mumps and Rubella – two doses preferably as MMR II.
- Hepatitis B – three properly spaced doses.
- Varicella (chickenpox) vaccine – one dose or history of disease.
- A Tuberculin test is optional for students of GCASD at this time.

The following Health Screening Program is required by Pennsylvania School Law. The screening program is used to identify children who may need further medical or dental attention. This cannot replace the need for periodic examinations by the family physician, dentist and eye care specialist. The screening program includes:

- A vision test every year for every child.
- The weighing and measuring of every child, every year, from kindergarten through grade twelve.
- A hearing test for every child in kindergarten, and grades 1,2,3,7 and 11.
- Scoliosis for grades 6 and 7.

If at any time a parent feels the need to have a child retested, parents may request it of the school nurse.

Cafeteria

Services

The school cafeteria is maintained as a vital part of the health program of the school. A student may bring lunch from home. We offer a well-balanced breakfast/lunch in the cafeteria for a reasonable price. Breakfast is offered for free to all students for the 2024-2025 school year. Breakfast is served from 7:45 am until 8:05 am daily.

. Lunch prices will be \$3.75 for a premium lunch meal and \$3.00 for a regular lunch meal. Ice cream, snacks, and alternative meal choices are offered on a daily basis.

Cafeteria

Services-continued

Grove City Area Schools have adopted a new computerized Point of Sale payment for all school meals purchased in the district. Every student will have their own personal lunchroom account based on their current student ID number. We urge you to take full advantage of the system by placing money into your child's account on weekly, monthly or annual basis. All money will be handled through the cafeteria; checks should be made out to GCASD, Cafeteria Account. Any money not spent by the end of the school year will be available for your child's use the following school year. Parents can access their child's accounts to verify purchases by calling the Food Service Office at 724-458-7704.

Food deliveries are not accepted. If parents bring a lunch for their child, it is to be taken to the principal's office and it will be routed to the student. Consumption of food outside of the cafeteria or designated area is not permitted.

Guidelines and applications for free and reduced lunches are available in the cafeteria/office. In accordance with Federal law and U.S. Department of Agriculture policy, this institution is prohibited from discriminating on the basis of race, color, national origin, sex, age or disability. To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, Room 326-W, Whitten Building, 1400 Independence Avenue, SW, Washington, DC 202-9410 or call (202-720-5964 voice and TDD). USDA is an equal opportunity provider and employer.

The lunchroom supervisors and your fellow students will appreciate your cooperation in:

- Depositing all lunch litter in wastebaskets.
- Returning all trays and utensils to the dishwashing area.
- Leaving the table and floor around your place in a clean condition for others.
- Pushing all chairs in under the tables.

Parents may be contacted if students are not eating lunch.

Lunchroom Rules:

- Circulation among tables except to obtain lunch or return trays is prohibited.
- All classroom rules apply to cafeteria.
- All tables and area around the tables must be cleared and free of spilled food prior to dismissal.
- All chairs are to be pushed under table prior to leaving.
- Leaving the cafeteria, except for restroom privileges or medical reasons is refused.

Library Media Services

Students are encouraged to use the LMC for research and recreational reading. Please refer to the Destiny Homepage (<http://destiny.miu4.k12.pa.us>) to access the catalog and online resources. More information about LMC is available on the district website and on this LibGuide: <http://gcms.grovecity.libguides.com/home>.

Students take part in a library orientation in the 6th grade English class and, of course, many classes utilize the LMC resources throughout the year. Reading classes are scheduled to visit the library approximately every two weeks, this is the primary time for students to borrow items. Students may also visit period 5, when the library is open.

Students are responsible for all materials borrowed. They must be returned on time (2 week borrowing period plus a grace period) or a fine of \$0.05 per day is assessed. Students are responsible to pay for any damaged or lost LMC materials.

Pupil Insurance

Service

Pupil accident insurance plans are available to students at the beginning of each school year. Enrollment in these plans is voluntary. However, students engaging in any program of interscholastic athletics or inter-school sports in Grove City Area Schools are requested to enroll in accident insurance. Parents who do not wish to purchase school insurance must provide proof of insurance that will cover a child while participating in the GCASD athletic programs.

Code of Conduct

Student Rights

Searches: School administration may authorize the search of a student, a student's locker, or other belongings if there is a reasonable suspicion that there is a possible threat to the health, welfare and/or safety of a member of the school community. Student lockers are school property and remain at all times under the control of the school. Any item disclosed by a search can be used for disciplinary action and may be turned over to law enforcement officials.

Due Process Procedures for Exclusion of Students: The Principal may suspend a student out of school for up to three (3) days without a hearing. The Principal is required to establish the facts and allow the student to respond to the charges, and notify parents. A full suspension of up to ten (10) days may be issued after an informal hearing has been conducted. Prior to the hearing, the student and parents will receive notice stating the charges.

Off-Campus Activities

This policy shall also apply to student conduct that occurs off school property and would otherwise violate the Code of Student Conduct if any of the following circumstances exist:[11]

1. The conduct occurs during the time the student is traveling to and from school on school district transportation or traveling to and from school-sponsored activities, whether or not via school district

5. The conduct involves the theft or vandalism of school property.
6. There is otherwise a nexus between the proximity or timing of the conduct in relation to the student's attendance at school or school-sponsored activities.

Delegation of Responsibility

The Superintendent or designee shall notify the parent/guardian of any student directly involved in an incident involving possession, use or sale of controlled substances as a victim or suspect immediately, as soon as practicable. The Superintendent or designee shall inform the parent/guardian whether or not the local police department that has jurisdiction over the school property has been or may be notified of the incident. The Superintendent or designee shall document attempts made to reach the parent/guardian.[19][23][22]

In accordance with state law, the Superintendent shall annually, by July 31, report all incidents of possession, use or sale of controlled substances to the Office for Safe Schools.[18][22]

In all cases involving students and controlled substances, the need to protect the school community from undue harm and exposure to drugs shall be recognized.

No student may be admitted to a program that seeks to identify and rehabilitate the potential abuser without the intelligent, voluntary and aware consent of the student and parent/guardian.

Anabolic Steroids

The Board prohibits the use of anabolic steroids by students involved in school-related athletics, except for a valid medical purpose. Body building and muscle enhancement, increasing muscle bulk or strength, or the enhancement of athletic ability are not valid medical purposes. Human Growth Hormone (HGH) shall not be included as an anabolic steroid.[24]

Students shall be made aware of the dangers of steroid use; that anabolic steroids are classified as controlled substances; and that their use, unauthorized possession, purchase, or sale could subject students to suspension, expulsion and/or criminal prosecution.[25][17]

Reasonable Suspicion/Testing

If based on the student's behavior, medical symptoms, vital signs or other observable factors, the building principal has reasonable suspicion that the student is under the influence of a controlled substance, the student may be required to submit to drug or alcohol testing. The testing may include but is not limited to the analysis of blood, urine, saliva, or the administration of a Breathalyzer test.

Electronic Images And Photographs

The Board prohibits the taking, storing, disseminating, transferring, viewing, or sharing of obscene, pornographic, lewd, or otherwise illegal images or photographs, whether by electronic data transfer or other means, including but not limited to texting and emailing.

Because such violations may constitute a crime under state and/or federal law, the district may report such conduct to state and/or federal law enforcement agencies.

Off-Campus School-Sponsored Activities

This policy shall also apply to student conduct that occurs off school property and would otherwise violate the Code of Student Conduct if any of the following circumstances exist:

1. The conduct occurs during the time the student is traveling to and from school or traveling to and from school-sponsored activities, whether or not via school district furnished transportation.
2. The student is a member of an extracurricular activity and has been notified that particular off-campus conduct could result in exclusion from such activities.
3. Student expression or conduct materially and substantially disrupts the operations of the school, or the administration reasonably anticipates that the expression or conduct is likely to materially and substantially disrupt the operations of the school.
4. The conduct has a direct nexus to attendance at school or a school-sponsored activity, for example, a transaction conducted outside of school pursuant to an agreement made in school, that would violate the Code of Student Conduct if conducted in school.

6. There is otherwise a nexus between the proximity or timing of the conduct in relation to the student's attendance at school or school-sponsored activities.

Maintaining Professional Adult/Student Boundaries Policy

Book: Policy Manual Section: 800 Operations Title: Maintaining Professional Adult/Student Boundaries
Number: 824 Status: Active Adopted: June 20, 2016 Last Revised: March 12, 2018

Authority

This policy applies to district employees, volunteers, student teachers, and independent contractors and their employees who interact with students or are present on school grounds. For purposes of this policy, such individuals are referred to collectively as Adults. The term Adults as used in this policy, does not include district students who perform services on a volunteer or compensated basis.

All Adults shall be expected to maintain professional, moral and ethical relationships with district students that are conducive to an effective, safe learning environment. This policy addresses a range of behaviors that include not only obviously unlawful or improper interactions with students, but also precursor grooming and other boundary-blurring behaviors that can lead to more egregious misconduct.

The Board directs that all Adults shall be informed of conduct that is prohibited and the disciplinary actions that may be applied for violation of Board policies, administrative regulations, rules and procedures.[1]

This policy is not intended to interfere with appropriate pre-existing personal relationships between and among Adults, students and their families that exist independently of the district nor should it interfere with participation in civic, religious or other outside organizations that include district students.

Definition

For purposes of this policy, legitimate educational reasons shall mean matters or communications related to teaching, counseling, athletics, extracurricular activities, treatment of a student's physical injury or other medical needs, school administration or other purposes within the scope of the Adult's job or volunteer duties.

Adults shall be prohibited from dating, courting, or entering into or attempting to form a romantic or sexual relationship with any student enrolled in the district, regardless of the student's age. The Adult shall be prepared to articulate the reason for any deviation from the requirements of this policy and must demonstrate that s/he has maintained an appropriate relationship with the student.

Under no circumstance will an educational or other reason justify deviation from the "Romantic and Sexual Relationships" section of this policy.

There will be circumstances where personal relationships develop between an Adult and a student's family, e.g. when their children become friends. This policy is not intended to interfere with such relationships or to limit activities that are normally consistent with such relationships providing that such relationships are appropriate. Adults are required to maintain professional boundaries appropriate to the nature of the activity.

It is understood that many Adults are involved in various other roles in the community through nondistrict-related civic, religious, athletic, scouting or other organizations and programs whose participants may include district students. Such community involvement is commendable, and this policy is not intended to interfere with or restrict an Adult's ability to serve in those roles. However, Adults are required to maintain professional boundaries appropriate to the nature of the activity with regard to all youth with whom they interact in the course of their community involvement.

Investigation

Allegations of inappropriate conduct shall be promptly investigated in accordance with the procedures utilized for complaints of harassment.[3][18]

It is understood that some reports made pursuant to this policy may be based on rumors or misunderstandings; the mere fact that the reported Adult is cleared of any wrongdoing shall not result in disciplinary action against the reporter or any witnesses. If as the result of an investigation any individual, including the reported Adult, the reporter, or a witness is found to have intentionally provided false information in making the report or during the investigation or hearings related to the report, or if any individual intentionally obstructs the investigation or hearings, such misconduct may be addressed as a violation of this policy and other applicable laws, regulations or district policies. The Board shall expel for a period of not less than one (1) year any student who violates this weapons policy. Such expulsion shall be given in conformance with formal due process proceedings required by law and Board policy. The Superintendent may recommend modifications of such expulsion requirement on a case-by-case basis.[2][4]

In the case of a student with a disability, including a student for whom an evaluation is pending, the district shall take all steps required to comply with state and federal laws and regulations, the procedures set forth in the memorandum of understanding with local law enforcement and Board policies.[2][5][6][7][8][9][10]

Delegation of Responsibility

The Superintendent or designee shall react promptly to information and knowledge concerning possession of a weapon. Such action shall be in compliance with state law and regulations and with the procedures set forth in the memorandum of understanding with local law enforcement officials and the district's emergency preparedness plan. [11][12][10]

Guidelines

The Superintendent or designee shall immediately report incidents involving weapons on school property, at any school-sponsored activity or on a conveyance providing transportation to or from a school or school-sponsored activity to the local police department that has jurisdiction over the school's property, in accordance with state law and regulations, the procedures set forth in the memorandum of understanding with local law enforcement and Board policies.[11][13][2][14][15][10]

The Superintendent or designee shall inform the parent/guardian whether or not the local police department that has jurisdiction over the school property has been or may be notified of the incident. The Superintendent or designee shall document attempts made to reach the parent/guardian.[14][16][10]

The building principal shall annually inform staff, students and parents/guardians about the Board policy prohibiting weapons and about their personal responsibility for the health, safety and welfare of the school community.

An exception to this policy may be made by the Superintendent, who shall prescribe special conditions or administrative regulations to be followed.[2]

In accordance with federal law, possession or discharge of a firearm in, on, or within 1,000 feet of school grounds

is prohibited. Violations shall be reported to the appropriate law enforcement agency.[17][18]

**Transfer
Students**

When the school district receives a student who transfers from a public or private school during an expulsion period for an offense involving a weapon, the district may assign that student to an alternative assignment or may provide alternative education, provided the assignment does not exceed the expulsion period.[2]

Discipline

Detentions:

Detentions will be assigned after school from 3:12 p.m. until 4:00 p.m. A copy of the detention form will be given to the student and also mailed home. Parents are responsible to provide transportation for their students. Students will be given a writing assignment. Students are not permitted to enter detention hall late. Students will have two consecutive detention days to make up their detention without loss of privileges (i.e. sports, clubs, plays, etc.). Students may be given an additional week to serve detention, however, privileges will be suspended until the detention is served. For lesser infractions, lunch detention may be issued. Students will spend their lunch period with a staff member in lieu of having lunch with their peers.

Out-of-school suspension may be assigned from one to ten days in extreme cases or when other actions fail. The students must be accompanied by a parent or guardian in order to return to school under the following instances:

- Suspension for second time for same offense.
- Suspension for more than 3 days.

Any student owing a detention at the end of the school year will have to come in over the summer and serve four hours with the principal.

ALC

:

Students assigned to ALC are assigned for the entire day. Students are to report at the beginning of school and remain for the entire school day. Refusal to serve ALC will result in a minimum three day out-of-school suspension. Students in ALC are ineligible to participate in any extracurricular activity for the remainder of that day and including that evening.

All students are to be silent and to work on regular assignments, make-up work, reading material, assignments by ALC teacher, or other approved activities. Classroom teachers will provide class work to the ALC teacher by the beginning of first period. Students having questions are to raise their hand. Restroom breaks are scheduled in the morning and afternoon. Students can bring their own lunch or they can purchase a lunch from the cafeteria which will be brought to them in the ALC classroom.

Students not fulfilling ALC requirements may be:

- Required to repeat an additional day of ALC.
- Suspended out-of-school until a parent conference is held.
- Assigned to a different location.
- Recommended for other disciplinary action including expulsion from school.

Record

Keeping:

Students are to be informed of all infractions that have been noted against them. Parents are notified of all punishments in a timely manner. All disciplinary actions are kept in the principal's office.

Dress Code

Cleanliness, health, safety, and modesty are the most important factors in choosing clothing to be worn to school. As a student of the Grove City Middle School, you represent the school district and community. The clothing you choose represents you as a part of the community. Safety and health are very important considerations for choosing clothing for school and school activity attendance. Students are urged to dress for the weather conditions. In the event of an emergency, students may have to leave the building during inclement weather. With these things in mind, the following regulations are posted:

- Apparel that reveals or exposes the abdomen, lower back, or sides of the torso is considered inappropriate. Also inappropriate is clothing made of sheer or see-through fabric, clothing which does not cover backs, clothing that exposes cleavage, off-the shoulder apparel, clothing which reveals under garments and deep plunge necklines. Tank tops are not allowed. Any sleeveless top must have two inches of fabric on the shoulder.
- Apparel that contains profanity, ambiguous phrases, sexual innuendo, potentially offensive symbols, and alcohol, drug, or tobacco messages is prohibited.
- Excessively large or extremely tight clothing is not allowed. It is expected that clothing will be clean. Holes in pants or trousers must be below fingertip length and not be frayed as to pose a safety hazard.
- Shorts, skirts, and dresses can be no shorter than fingertip length.
- Trousers that reveal underwear, that inhibit leg mobility or that can be readily pulled down or fall down are prohibited. Pants that are so long/wide as to pose a safety hazard are prohibited.
- Footwear must be worn. Footwear should be safe for use in our building. Examples of unsafe footwear are: slippers, dangerously high heeled or high soled shoes.
- Jewelry or other accessories that could be considered dangerous or that could damage furniture are not permitted. Examples include, but are not limited to dog collar chokers, huge hoop earrings, long chains.
- No hats, bandanas, or sunglasses (unless medically necessary) may be worn during school.
- Safety requirements for certain classes may require additional clothing regulations.
- Coats are not to be worn during the school day.
- Emerging fashion trends, which are not cited above, will be evaluated by the administration and a faculty committee.
- All dress code regulations also apply to all school functions, including all dances.

The following actions will be taken if there is a violation of the dress code policy:

First Offense - Written warning

Second Offense - Written notification and detention

Third Offense - Written notification, detention and parental conference with principal

Students will be asked to change their improper clothing immediately.

Student Activities

Athletics

Grove City Middle School offers the following interscholastic sports: basketball, volleyball, cross country and track, wrestling, and football.

Athletic/Co-Curricular Eligibility

Students must fulfill the requirements of the school as well as those of the Pennsylvania Interscholastic Athletic Association (PIAA) and/or District 10.

Grove City students must keep passing a minimum of four (4) full credit subjects; not be failing more than one course, on a weekly basis, and have a minimum GPA of 2.0. The Administration may revoke the privilege of participating in athletics/co-curricular activity at any time for disciplinary reasons, flagrant misconduct, poor sportsmanship, excessive absenteeism, and/or failure to meet minimum scholastic eligibility standards. External suspensions are considered absences from school and are applied to the eligibility requirement. (See the Athletic Director for questions relating to athletic eligibility information and other athletic policies.)

Student Eligibility for Sports

A student who participates in interscholastic athletics at a school which is a member of the Pennsylvania Interscholastic Athletic Association, Inc. (P.I.A.A.) must adhere to the P.I.A.A. rules for student athletes. If students fail to comply with the P.I.A.A. rules, they will lose their eligibility to represent their school in interscholastic athletics. If they participate while ineligible, the school or team will be penalized. It is therefore important for students to be aware of the requirements to which they are subject.

The information contained here highlights and summarizes the major eligibility requirements they must meet in order to participate in interscholastic athletics. It does not list every rule or every detail. Unless otherwise indicated, each requirement applies to grades 7 through 12. The principal of their school is responsible for certifying the eligibility of all students representing the school in interscholastic athletics. If they have any questions concerning their athletic eligibility, either present or future, they should see their school principal, who has a complete copy of all the P.I.A.A. eligibility rules. The principal may also obtain from the appropriate P.I.A.A. District Committee a formal ruling as to the athletic eligibility.

Age

:

They may not have reached their 19th birthday by June 30 immediately preceding the school year (15th birthday where interscholastic competition is limited to grades 7 and 8; 16th birthday where limited to grades 7 through 9).

Amateur Status and Awards

To be eligible to participate in a sport, they must be an amateur in the sport. They will have lost their amateur status in a sport for at least a year if:

- They, or their school, or an organization which they represent, or their parent or guardian, receives money or property for or related to their athletic ability, performance, participation or services.
- They accept compensation for teaching, training or coaching in a sport. They may receive normal and customary compensation for acting as an instructor or officiating recreational activities, or for serving as a life-guard at swimming areas.

They may receive awards only from their school, the sponsor of an athletic event, the news media, or a non-profit service organization approved by their school principal. Permissible awards are a sweater, jacket, blazer, blanket, shirt, shorts, jersey, cap, watch, ring, scroll, photograph, medal, plaque, or similar trophy, which must bear appropriate organizational insignia or comparable identification.

Attendance

e

They must be regularly enrolled in their school and in full-time attendance there.

They are eligible only at the school at which they are enrolled. If they are absent from school during a semester for a total of 20 or more school days, they will lose their eligibility until they have been in attendance for a total of 45

school days following their 20th day of absence.

Bits and Pieces

What kind of special activities are planned for the middle school students?

Many activities are arranged throughout the school year. An activity that occurs during school hours is considered to be part of the curriculum. The requirement for participation is the same as that for academic work. To be excused, a doctor's excuse or a parent conference prior to the activity is necessary.

Theme weeks have become an integral part of our middle school mission. These special events are always announced in advance and occasionally involve leaving our building for events. All school rules still apply regarding proper conduct.

Mixers and other activities with refreshments, music and games are planned at various times throughout the year as a reward for our students. These are funded from the Spaghetti Dinner. Students may be excluded for disciplinary reasons at the suggestion of the principal/teachers. Mixers are held during the school day.

Assemblies are presented to the students of the middle school as a means of education beyond the classroom. It is also an opportunity to exercise expertise at attending public gatherings and functions. The middle school assemblies are meant to be thoroughly enjoyed by all students. At all times the students' behavior should be refined and courteous. An indication of the cultural level of the school is the conduct of its student body at an assembly. Whether guests are present or not, each student is personally responsible for the impression made by the school as a whole. Unacceptable conduct includes whistling, uncalled-for-clapping, boisterousness, and talking during a program.

Financial Matters

The office will not be able to lend money to students. You are responsible for textbooks that are loaned to you for classroom use. Library fines must be paid in full. Students borrowing books are responsible for returning them. Students will be assessed for lost, damaged, or destroyed books. The average textbook costs over \$50.00 and must be usable for at least six years. Students are required to take care of books and return them without undue damage. Writing in texts (unless instructed to do so) or damage to the cover (other than normal wear) may result in repair or replacement costs.

Are students encouraged to participate in school fundraising?

Students are encouraged to participate in our school fundraising. This encouragement to participate is to assist all families in deferring costs of students participating in the 7th grade LEEP program, the 8th grade field trip and the middle school yearbook.

The Grove City Area School District has established guidelines for the control and use of such funds. Only authorized persons may expend funds as approved. These funds are subject to state audit. All checks should be made out to GCASD - not the student or club advisor.

Are students permitted to sell items from an outside organization in school?

No, only school fundraising will be permitted.

Can I expect emergency

drills?

A fire drill/other evacuation plan are posted in each room. Students should study the plan and become familiar with it. Students are not permitted to talk during an emergency drill. In the event of an emergency, evacuation procedures are in place and will be executed as needed.

When the fire alarm sounds, students will leave the room. Before the last person leaves the room, all windows and doors are to be closed and lights are to be turned off. No one is to pass another person or break the line. Running is not permitted. The first to reach an outside door is to hold it open until all have left the building.

Students are to remain at least 50 feet from the building until the signal is given to re-enter. No one is to return to the building until the signal is given by the principal or an authorized representative.

In the event of any type of emergency, we encourage parents not to pick up their child. This only adds to the confusion

of the situation. We will make every attempt to have your child contact you and let you know that they are okay.

Are there bulletin boards and display cases?

There are several bulletin boards throughout our building. These display student work, announce activities, and recognize students' accomplishments. The staff strives to recognize these accomplishments whenever possible. Students who have something that they would like to display must work through the office.

Do we go on field trips?

An annual trip is taken by the 6th and 8th grade classes to provide cross-curriculum enrichment for each of the subjects.

LEEP (Lutherlyn Environmental Education Program) is a field experience for the 7th grade class which has become a part of the 7th grade curriculum. The students will use an outdoor classroom to accomplish many of the state standards for environmental education. Our focus will be on components of habitats including human impact and habitat management. During the educational process, activities will be designed to develop self confidence as well as instill an attitude of trust in others. We believe this program will also develop stronger student/teacher relationships which will lead to greater cooperation in the classroom setting.

What clubs are offered at the middle school?

Grove City Middle School offers:

Student Council

The student council of GCMS is the student governing body of the school. Representatives are elected by their peers. The purpose of the student council is:

- To develop competent leaders.
- To create confidence in youth toward directing activities and school spirit.
- To administer and direct fundraising.
- To work with the administration, faculty, and parent groups to develop student rights.
- To administer or treasure moneys to the different clubs within the middle school.

Student Dances

During the school year student dances are sponsored by student council. Dances are well chaperoned by faculty and parents.

Newspaper

A small newspaper staff researches, writes and produces a school newspaper. Newspapers are sold during lunch periods.

Yearbook

A yearbook staff consisting of 7th and 8th grade students produce a middle school yearbook. Yearbooks can be paid for through a December fundraiser or at a small cost announced in the spring.

Eagle

Brigade

The Eagle Brigade is a team of middle school students who have made the high honor roll at least one time during the first semester. This team of students helps fellow students academically.

What do I do if I am not in a club?

Students not involved in the above clubs will be given a chance to sign up for a club that meets their interests. They will choose from a supplied list which is generated through input from the students.

If I am in chorus/band do we participate in any concerts?

Yes, one in December and one in May.

Rules for After School Activities

After school activities such as dances/pizza parties, mixers, etc. are subject to behavioral requirements that are designed to assure the safety and well being of the participants as well as maintaining the well being of school property and meet

with any and all legal requirements. Most rules and their consequences are obvious as they reflect codes of conduct that apply to schools and the general community. Others may reflect rules that are specific to school activities and may differ from the rules of other types of similar activities that may occur in the community.

Removal from an activity because of an infraction means that the student will be asked to leave the activity. The student should call his/her parents first.

It is recommended that parents provide the student with an alternative place to call if parents are not going to be available during the activity.

It is hoped that these rules and their consequences will not have to be used during the school year. The students at the middle school are being given an opportunity to practice the responsibility that they are going to be using in the future. Our students have traditionally done very well in these activities.

Guidelines:

- You must be in attendance at school the day of the activity in order to participate.
- No drugs/alcohol of any kind are permitted at activities. The consequences of the violation in this area will be automatic removal from the activity, notification of parents, and suspension from future activities. Suspension from school and a referral to the Grove City Area School Board of Education and the police may also occur.
- Tobacco is not permitted to be used or possessed at any school function. Violation of this rule will result in removal from the activity, notification of parents and suspension from school.
- Fighting or horseplay that could, in the judgment of chaperones, lead to injury will result in removal from the activity and possible loss of activity privileges for a specified number of future events. Other action could include implementation of School Board Policy No. 5150.1 (Anti-Violence Policy).
- Vandalism will result in removal from the activity and possible loss of all activity privileges as well as restitution for damages. Severe acts of vandalism may result in police notification.
- Possession of any type of weapon will result in implementation of School Board Policy No. 5150.1 (Anti-Violence Policy).
- Belligerence, rowdiness, use of obscenities and other behavioral disruption will result in removal from the activity and referral to the principal as a Level II disciplinary infraction.

Dress Code corresponding to the school dress code is in effect. Exceptions to this code will be made with advance

announcements and will only apply when the activity warrants such exceptions.
