

HAMILTON TOWNSHIP SCHOOLS DEPARTMENT OF
STUDENT SERVICES AND PROGRAMS
OFFICE OF SCHOOL HEALTH SERVICES
REQUEST FOR ADMINISTRATION OF MEDICATION

TO: Parent/Guardian Date of Birth: _____

FROM: School Nurse Height: _____ Weight _____

RE: _____
Student's Name School / Grade/ Teacher/ Room

In response to your request for your student to receive medication during school hours please have the attending physician complete Section One below. After you complete Section Two, please return this form directly to the school nurse.

The administration of medication in the school should be avoided whenever possible. However, when a student's attendance is contingent upon the receipt of medication during school hours, a licensed physician may request it be given by the school nurse. Approval by the Chief Medical Inspector in consultation with the school nurse is required.

Should a medication be prescribed before, during or after meals, please so indicate (rather than at 11:30, example) since students' lunch periods are scheduled different times throughout the district schools.

The medicine must be brought to the school by the parent/guardian in the original container, labeled according to standards. It will be kept in a locked facility.

***** **Section One (to be completed by attending physician)** I request that the above named student be administered medication as prescribed in the following:

Diagnosis _____ Name of
Medication _____ Dosage _____
