## PODCAST ALERT: JUST THE FACTS ON BOND PROP 488

Dear MUSD Parents,

As our district continues to grow, it's important to stay informed about the steps we're taking to accommodate our increasing student enrollment. In our latest Inside MUSD podcast episode, "Just the Facts - Bond Prop 488," we discuss the critical role this bond plays in shaping the future of our schools. In this episode, we dive into the details of:

- **Building Two New Schools:** serving students in grades K-8 to address growth and provide the space students need to succeed.
- **Adding Classroom Space to Both High Schools:** driving workforce development and accommodating rapid increases in enrollment
- **No Increase to Tax Rate:** Assurance that these projects can be built without raising the current tax rate.

This bond is about more than just construction; it's about creating classrooms where our students can thrive, where teachers can continue to inspire, and where parents can feel confident in the quality of their children's education.

I encourage you to listen to the episode on Spotify, iTunes, or at [www.musd20.org/bond](http://www.musd20.org/bond) to gain a deeper understanding of what's at stake.

Thank you for choosing MUSD.

Sincerely,

Dr. Tracey Lopeman, Superintendent  
Maricopa Unified School District
