

## Tracy Charter School Tiered Re-Engagement Policy

As a personalized learning program, it is important to note that the strategies and approaches utilized to re-engage a student will vary. The tiered re-engagement steps are meant to help a student progress while showing that Tracy Charter School is doing its part in ensuring compulsory education for all students. While this is not meant to be a punitive progression of discipline, it is meant to confirm the correctness of Independent Study for the student through ongoing academic progress and sustainment to the requirements of Independent Study.
