<i>April</i>	Social Skills: Gain someone's attention Academic Theme: Spring
<i>May</i>	Social Skills: Follow multi-step directions Academic Theme: Dinosaurs & Space
<i>June</i>	Social Skills: Review of previously learned Academic Theme: Summer

Embedded within these themes will be skills that follow NYS Standards and that are tied to students' IEP's. This includes, but is not limited to, the following: letter and number identification, counting, sorting, shape and name identification, and patterns.

\*\*In addition to the skills stated above, each student will be learning individualized targets based on their own IEP goals. The above skills will also build upon each other and if a student requires longer to acquire the monthly skill, they will continue to work on that in subsequent months. Collaboration with related service providers (Speech, OT, PT) will occur to maximize learning.
