New York State Education Law prohibits the disclosure of Annual Professional Performance Reviews of individual teachers and principals under the Freedom of Information Law (Article 6 of the Public Officers Law).

While this information is not subject to disclosure to the general public, parents and legal guardians of students in the District have rights, upon request, to review and receive the final quality rating (i.e., Highly Effective, Effective, Developing or Ineffective) of individual teachers and principals to whom their children have been assigned for the current school year. Parents and legal guardians may review and receive this information by mail, by telephone or in person.

The District has a legal obligation to make reasonable efforts to verify that any such request is a bona fide request made by a parent or guardian entitled to review and receive such data.

The District's APPR is found on the Curriculum and Instruction website. Should you wish to request teacher or principal information with regard to APPR ratings, please contact the Assistant Superintendent at (914) 271-6510.

Information about school closings and delays is also posted on the district website, [www.chufsd.org](http://www.chufsd.org) and on the district's social media.

When schools are closed in Croton due to inclement weather, no district students will be transported to private, parochial or BOCES schools. However, in the event of a delayed opening, all district buses will start their pickups accordingly. Transportation will be provided should there be an emergency dismissal for any reason. Students will not be dismissed without attention to their safety getting home. It is essential that parents or guardians provide the district with the name and telephone number of a person who can receive the student in the event the parent is not home. This information should be updated each year in the Annual Health Information Update sent to parents as well as in the Student Portal.

# General Information

## Registration

All registration forms and information can be found on the school district website, [www.chufsd.org](http://www.chufsd.org). Click the community tab on the top right hand side. The registration tab and all information and forms for registration can be found under "R" as well as the telephone number for each school building. New York State requires that all students be immunized per New York Public Health law. Students will be excluded from school until proof of these immunizations is provided.

Kindergarten registration takes place in the spring of the previous school year. Children who are 5, or will be 5 by December 1 of the school year, are eligible to enter kindergarten in September.

## Transportation

Resident pupils, ages 5 to 21, who attend public or private schools in Croton-Harmon are entitled to bus transportation according to the distance from home to school as measured by the shortest route. Transportation is provided for the following distances:

Grades K-4: three-tenths of a mile or more from school

Grades 5-12: nine-tenths of a mile or more from school

Bus stop times are approximate times only. Parents are advised that school buses may arrive five minutes early. Students are encouraged to wait at the bus stop until 10 minutes after the scheduled time. It is the parents' responsibility to get students to and from bus stops safely. If a student misses the bus, it is the parents' responsibility to get him or her to school.

Students are not permitted to change buses, nor are non-riders permitted to accompany riders. Exceptions to this practice may be considered by the appropriate building principal and the transportation supervisor upon written request by the student's parent or guardian. Transportation routes and schedules are subject to change; faculty, students and parents will be notified. A student's good behavior on school buses is essential to assure safety in transporting all students.

Transportation is also provided for district resident pupils who attend nonpublic schools outside the district up to 15 miles away as measured from home to the school or from a central pickup point in eligible cases. Parents desiring such transportation must apply in writing to the superintendent of schools no later than April 1 preceding the school year for which transportation is being requested. For new families moving into the District after April 1, a request must be made within 30 days after establishing residency in the District.

Parents with questions about transportation should call the transportation supervisor at (914) 271-4675. Problems regarding student conduct on buses should be referred to the building principal or transportation supervisor.

## Special Education and Section 504

Questions regarding this insurance plan can be answered by the business office or the building nurse.

# General Information

## Testing Programs

The comprehensive testing program in the Croton-Harmon Schools is designed to (1) provide information about individual students, enabling staff and parents to understand a student's educational needs and progress, and (2) provide a picture of the strengths and weaknesses of the district as a whole and assist in evaluation of specific programs. To meet these objectives, the testing program itself is continuously reviewed and modified to meet current needs. The tests used include general ability tests, specific aptitude tests, achievement tests and interest inventories. Ability and aptitude are designed to tell us something about the characteristics the individual child brings to the educational experience; achievement tests are intended to provide a measure of what and/or how much a child has learned.

### Test Schedule for 2024-2025 School Year

Examination	Test Dates
Grades 3-4 - ELA - April 8 - 9	Grades 5 - 8 - April 7 - 11
Grades 3-4 Mathematics - May 6 - 7	Grades 5 - 8 - April 21 - 25
Grade 5 Science April 28 - May 2	

### Districtwide Testing

A battery of assessments is designed to provide instructionally useful information about student performance in language arts and mathematics.

### Achievement Tests of the College Entrance Examination Board, Grades 10-12

October 16 – PSAT/NMSQT (Grade 11), March 18 - PSAT-10 (Grade 10);

#### **Other Tests**

A variety of individual tests, including intelligence tests, specific ability tests, achievement tests and interest inventories will be administered to selected students as needed, with written parental consent.

Individual testing is used to identify current levels of performance, individual needs and strengths, and to provide individualized guidance for parents, students and those responsible for meeting the student's educational needs.

## Health Services

### Immunizations

Students attending the public school system need a record of completed immunizations, including diphtheria/tetanus/pertussis, polio, measles, mumps, rubella, hepatitis B, varicella (chickenpox), and meningococcal. Please refer to the New York State Department of Health website for the most recent immunization requirements for each grade to attend school for the **2024-2025** school year. Immunization requirements by grade are also posted on each school building's website.

The following documents are proof of compliance:

- Original certificate of immunization signed by a NYS licensed provider
- New York State Immunization Information System (NYSIIS)
- New York Citywide Immunization Registry (CIR) immunization record
- An out of state official immunization registry
- An official record from a foreign nation

### Physicals

Physical examinations are required for all new students and for those entering grades K, 1, 3, 5, 7, 9, and 11. Physicals need to be dated within 12 months of the start date of the grade and need to be performed by a NYS healthcare provider. Effective January 31, 2021, all physical examinations must be documented only on the new NYSED Health Examination Form. The new NYSED required physical forms are available on each school building's website. Baseline information can save lives and help detect problems early. We recommend annual physicals for all students and for parents to submit this information to the nurse at their child's school. It helps us take better care of your child. An annual physical is required for all student athletes to be eligible for school sports.

### Screenings

Vision screening for distance and near vision acuity will be required for new students and those in grades kindergarten, 1, 3, 5, 7 and 11. Hearing screening will be required for new students and those in grades kindergarten, 1, 3, 5, 7 and 11. Scoliosis screening will be required in grades 5 and 7 for girls, and grade 9 for boys.

### Medication

No medication, even over-the-counter medication, may be dispensed at school without an order from a NYS licensed health care provider. If there is a chance that your child may have the need for any medication, the school nurse **MUST** have a completed authorization for administration of medication in school and school activities form on file. This form expires at the end of each school year on June 30. Authorization for the next school year needs to be dated July 1 or later.

## General Information

You must provide the medication in its original container, clearly labeled with your child's name on it. No loose medication will be accepted. For prescription medication, the label must be the one provided by the pharmacy. Students may not self-carry any medication in school without written permission from the health care provider, parent and the approval of the school nurse.

## Student Conduct

Each year, the Board of Education conducts a review of the Code of Conduct for the Croton-Harmon School District. This extensive review involved the Building Planning Councils of each of our schools made up of teachers, administrators, parents and students. In addition, the CHHS Student/Faculty Congress has input into the Code of Conduct.

The complete Code of Conduct is Board of Education Policy 5300 and may be found on the District website. Please check the District website for the most up-to-date version of the Code of Conduct. In addition to the District policy, each school developed specific expectations and rules regarding student conduct that apply the District policy to the specific developmental ages of children. These building-level expectations may be found on each school's website.

### *If a Student Is Denied a Right*

If a student or his/her parent believes that the student is being improperly denied participation in any educational function in the Croton-Harmon School District, or that the student is being subjected to an illegal rule or standard, the matter should be discussed promptly with the teacher, sponsor, coach or school official in charge.

If a parent or pupil feels that after such discussion, the student has been deprived of or refused some basic right or has been or is being subjected to some injustice, a direct appeal should be made to the principal or unit head for review of the problem.

Parents are always welcome to discuss such questions with the director or supervisor of the activity for the Croton-Harmon School District. After a complete review and discussion with the personnel in the foregoing channels, if the parent and child still feel that there is a denial of a basic right, they should outline in writing the alleged denial to the Superintendent of Schools and request a hearing on the matter.

## Parent Emergency Preparedness

Dear Parents/Guardians:

Should an emergency or disaster situation ever arise in our area while school is in session, we want you to be aware that the schools have made preparations to respond effectively to such situations.

Should we have a major incident during school hours, your student(s) will be cared for at school. Our School District has a detailed emergency operations plan that has been formulated to respond to major incidents.

In the event of an incident we ask for your cooperation in the following ways:

Do not telephone the school. Telephone lines may be needed for emergency communication.

Do not drive to the school. An influx of traffic can prevent first responders from providing timely assistance.

In the event of a serious emergency, students will be kept at their schools until they are picked up by a responsible adult, who has been identified as an Emergency Contact in our student information system. Please be sure that you consider the following criteria when you authorize another person to pick up your child at school:

- \* He/she is 18 years of age or older.
- \* He/she is usually home during the day.
- \* He/she could walk to school, if necessary.
- \* He/she is known to your child.
- \* He/she is both aware of and able to assume this responsibility.

For emergency announcements, we will use our Parent Square system. Please be sure to update your children's emergency contact card in the Parent Portal, which can be found on the district website: [www.chufsd.org](http://www.chufsd.org)

Please impress upon your children the need for them to follow the directions of any school personnel in times of an emergency.

Students will be released only to parents and persons identified as emergency contacts with the district. When conditions permit, students will be released at designated reunion locations on school campuses. Be patient and understanding with the parent-student reunification process. Please instruct your student to remain at school until you or your Emergency Contact arrives.

In case of natural disaster, weather-related hazards, or other dangerous situations, the school district will work with all local agencies to safeguard the well-being of all of its students, whether at school or in transit.

We welcome you to learn more about how our school district responds to emergency situations. Please visit "Closings/Emergency Information" under the Students/Parents tab of our website, [www.chufsd.org](http://www.chufsd.org).

Sincerely,

Stephen Walker, Superintendent of Schools

## Carrie E. Tompkins Elementary School (CET) – 8 Gerstein Street

A National Blue Ribbon School of Excellence, Carrie E. Tompkins Elementary School (CET) provides a warm, nurturing environment for its students. The school's motto, *CET students are REACHING to be their best selves*, promotes respect, empathy, acceptance, cooperation, honesty, integrity, nobility and gratitude. Reading/language arts and math are taught in extended blocks to allow students more time to develop their abilities. The Reading Workshop and science of reading practices model is used to develop literacy, while the school uses the Eureka/Zearn math program to meet State math learning standards. In addition, all students study Spanish and participate in physical education, art, music, library and technology. Technology is woven into all content areas, with interactive boards in all classrooms, and access to chromebooks and iPads. Coding and engineering experiences occur in the classroom as well as the library. Artists-in-residence work with students in the visual and performing arts; naturalists visit with reptiles, amphibians, mammals and birds; and scientists share their work. Students also go out into the field, visiting Croton Point Park and Teatown Lake Reservation to observe river tides, landscape and wildlife and learn about things like maple sugaring. CET believes in a transdisciplinary approach to teaching and learning and encourages all students to pursue their passions while immersed in academic and engaging experiences.

## About Our Schools

### Pierre Van Cortlandt Middle School (PVC) – 3 Glen Place

Pierre Van Cortlandt Middle School (PVC) serves students in grades five through eight in a supportive, caring, family-like atmosphere. It is structured to meet the developmental needs of students at different grade levels. In fifth and sixth grades, classes are taught by teams of teachers, including math, science and the humanities. In seventh and eighth grades, students are taught by a team of teachers specializing in math, science, English, social studies and special education. In addition, students take Chinese, Spanish or French beginning in fifth grade and have access to the school's Innovation and Design Lab, where they can explore engineering principles. Eighth graders take Living Environment, a high school level science course, and may take Algebra 1, which can lead to high school credit. Students also participate in art, general music, physical education, home and career skills, and health, and may participate in chorus, band and strings. An advisory program supports the social and emotional wellness of students, and a research-based bullying prevention program helps to maintain a welcoming environment for all.

## Croton-Harmon High School (CHHS) – 36 Old Post Road South

With approximately 500 students, the High School offers a nurturing environment that seeks to meet the needs of all students in heterogeneous classes. Students have access to a wide variety of classes, including numerous Advanced Placement classes and classes for college credit, three world languages, engineering, environmental science, studio art, electronic music and video production. Foreign exchange programs are available for students studying French, Spanish or Chinese. Technology is integrated into all classes and the library features a 30-foot wraparound interactive electronic wall designed to facilitate collaboration. Students interested in career and technical training may spend part of their day at the Putnam | Northern Westchester BOCES' Career and Technical Education Center in Yorktown. Students also have the option of taking online courses not offered at Croton-Harmon High School through Virtual High School. The High School's Science Research Program allows students to work with a researcher or scientist who acts as a mentor and to carry out long-term research projects, while a similar program supports students who wish to conduct research in the humanities. Seniors also may participate in an eight-week, interest-driven internship. In addition, the school offers more than 37 student clubs and organizations and a full array of junior varsity and varsity athletic teams.

The High School daily schedule is a modified block. This means that on some days, all eight periods meet, and on other days, four periods meet, each for a double period. Student/Faculty Congress and the Croton-Harmon Advisory Program are incorporated into the schedule.
