Community Schools Connect!

Parent square app: Download to connect!

So, what is a Community School? A community school takes on a **whole child**, whole-community approach to learning. Community schools **leverage the resources** of the whole community -students, families, educators, and community partners- to build **relationship centered**, supportive, and equitable school communities where learning is culturally rooted, inclusive, rigorous, and relevant. (CSLX 2022)

We are reorganizing our school systems and our approach to ensure students get what they need. **#Equity** If you have any ideas for what this could look like at Cordova Gardens or just want to learn more about community schools please reach out!

We have created a form that makes it easy to contact our Community Schools Facilitator and let her know what areas your family or your student may need extra support in.
