Lemm Elementary is one of only five visible learning certified schools in the world! At Lemm, we offer personalized learning for all students to meet their individual needs. We have an involved PTO that funds and partners with the school's needs. Lemm boasts a very low staff turnover and a diverse socio-economic community.

Students can become involved with many different clubs such as coding, running, gardening, readers theatre, choir, and more.

Lions are saying...

I am amazed that my kids come home from Lemm each day and are excited to tell me all about what they learned, how they learned it, and the goals that they have set.

PARENT

Lemm is like one big family. I have worked at many schools and this school is a special place. It is incredible to see how everyone truly cares for the students.

TEACHER

I look at my learning like a ladder. It takes effort to reach the top of the ladder. I don't get to the top without trying my best. When I reach the top of my learning ladder, I look for new ladders to climb.

STUDENT

PROGRAM HIGHLIGHT

Lemm is a Visible Learning Certified school. Visible Learning provides the opportunity for students to take control of their learning and what it means to be a good learner.

Visible Learners set learning goals, are reflective and know when to seek help from peers. Teachers provide success criteria so learners understand what it means to be successful in their learning.

Students use feedback to guide their learning, and teachers encourage students to talk about what it means to be successful. Most importantly, students own their own learning.

CHARACTER EDUCATION

In Klein ISD, we focus on the whole student so that every student will "level up" and engage in rigorous learning and build excellent character.

The TEKS and our Klein ISD Profile of a Learner guiding document together provide the support needed for Whole Student Character Development.

Each elementary school has a guidance counselor to assist students and families with educational, personal, and career development aspects of the student's growth.
