**Student Centered.
Student Designed.
Student Owned.**

Fox Elementary creates a student-centered learning environment that promotes student ownership of learning and ensures that EVERY student makes at least one year's growth. Through reimagining learning, cultivating talent, and building community, we will increase student engagement and achievement through innovative science, technology, engineering, arts, and math instruction. We will instill the 21st century skills of critical thinking, creativity, communication, and collaboration to motivate and inspire a deep curiosity and understanding of pathways and careers in STEAM and ensure that EVERY student enters with a promise and exits with a purpose.

Welcome to Fox Elementary!

I am thrilled to work with the students and families of our extraordinary community as we share an exciting and fulfilling journey to make Fox Elementary the best in every way. I share in the community's commitment to caring for your children each day while providing them with engaging, innovative, and challenging learning experiences. It has always been my dream to lead a school that stands out as an innovative and student-owned learning organization, a school that is a home away from home, in which every person who walks through our door feels connected, welcomed, and safe.

Since I started my career in education, I have been steadfast in my commitment to maximizing individual student performance, inspiring innovation and students' interest in science and technology, and creating forever learners and character education. Please know that my door is always open to you. I heartily welcome your partnership and input.

Fox Cubs are saying...

At Fox, there is amazing leadership and a culture of togetherness and positivity. I absolutely love the teachers, front office, and the principal of the school. I am so grateful for everyone and how it feels like family.

PARENT

Fox is an unbelievable campus to work at. Our Administration and Leadership team support teachers in a way that allows them to thrive in the classroom.

TEACHER

The teachers put thought into our activities and make them exciting and engaging. There are hands-on and STEAM activities where we can work as a team and take ownership in our learning.

5TH GRADER

PROGRAM HIGHLIGHT

Through reimagining learning, cultivating talent, and building community, we will increase student engagement and achievement through innovative science, technology, engineering, arts, and math instruction. We will instill the 21st-century skills of critical thinking, creativity, communication, and collaboration to motivate and inspire a deep curiosity and understanding of pathways and careers in STEAM and ensure that EVERY student enters with a promise and exits with a purpose.

CHARACTER EDUCATION

In Klein ISD, we focus on the whole student so that every student will "level up" and engage in rigorous learning and build excellent character.

The TEKS and our Klein ISD Profile of a Learner guiding document together provide the support needed for Whole Student Character Development.

Each elementary school has a guidance counselor to assist students and families with educational, personal, and career development aspects of the student's growth.

100%
