STUDENT HANDBOOK

2024-2025

It is the mission of the Union Eighth Grade Center to provide our students with diverse quality educational opportunities in a safe environment, which maximizes individual potential and strengthens positive decision-making skills. The Eighth Grade Center is designed to assist students in making a successful transition from a middle school to a high school setting. The staff at the Eighth Grade Center will work toward academic excellence for all students and will maintain high expectations of the students. To accomplish our academic goals and to create an overall learning community, we must work cooperatively with the parents and students.

Contained within this handbook are the rules and regulations set forth by the Union Board of Education, State Department of Education and the Oklahoma Secondary School Activities Association. These regulations are written to provide a safe and disciplined environment where the emphasis is on learning. We ask each student and parent to read this handbook and become more familiar with the educational process and regulations at the Union Eighth Grade Center.

Meningococcal Disease

What is meningococcal disease?

Meningococcal disease is a disease caused by the bacteria *Neisseria meningitidis*, also called meningococcus. This bacteria can infect the blood, causing septicemia. It can also infect the covering of the brain and spinal cord, causing meningitis.

How is this disease spread?

Meningococcal disease spreads by direct contact with the saliva or with respiratory droplets from the nose and throat of an infected person.

Who is at risk of getting this disease?

Some groups of people have a higher risk of meningococcal disease, such as first year college students living in dormitories or new military recruits living in barracks. Other persons at increased risk include household contacts of a person known to have had this disease, immunocompromised people, people without a spleen, and people traveling to parts of the world where meningococcal disease is more common. Exposure to tobacco smoke and having a concurrent upper respiratory infection also increase the risk of meningococcal disease. Infants are at highest risk, but rates decrease after infancy and then increase in adolescence and young adulthood.

What are the symptoms?

Ten percent or more of people are thought to be carrying *Neisseria meningitidis* in their nose and throat without being ill, which is called "asymptomatic carriage". Of these people, about 1% can develop illness, which may be meningitis or a bloodstream infection called septicemia or meningococemia. As described above, some people can carry the bacteria in their nose and throat without ever becoming ill. Signs of illness may include fever, severe headache, nausea, vomiting, and a rash. People who develop meningitis can have fever, intense headache, nausea, vomiting, stiff neck, and extreme sensitivity to light. It is important to seek care from a healthcare provider as soon as possible if these symptoms appear. Meningococcal disease has a 15% risk of death if it is not treated promptly.

How soon do the symptoms appear?

The symptoms may appear two to ten days after infection, but usually within three to four days.

What is the treatment for meningococcal disease?

Antibiotics, such as penicillin or a cephalosporin such as ceftriaxone, are used to treat meningococcal disease.

Should people who have been around a person infected with meningococcal disease receive treatment?

When meningococcal disease occurs in one person, only the people who have had recent close contact with that person's respiratory secretions are recommended to receive antibiotics. These include household members, intimate contacts, health care personnel performing mouth-to-mouth resuscitation, day care center playmates, etc. Such people are usually advised to obtain a prescription for a specific antibiotic (rifampin, ciprofloxacin, ceftriaxone, or azithromycin) from their physician. The health department will contact the individuals who are recommended to receive antibiotics, and advise them of options to obtain antibiotics. Casual contacts including classmates, co-workers, or those in a factory setting are not at increased risk of disease when a single person has meningococcal illness. When clusters or outbreaks occur, the health department may expand the recommendations for which groups need to receive antibiotics to prevent possible spread. Antibiotics do not protect people from future exposure to *Neisseria meningitidis*.

Is there a vaccine to prevent meningococcal disease?

Three types of meningococcal vaccines are available in the United States. They are effective against four of the five most common disease-causing types of meningococcal disease: A, C, Y, and W-135. An additional vaccine is now available that protects against serogroup B, but is currently only licensed for high-risk children over ten years of age. Consult with your healthcare provider or the local health department about receiving the vaccine.

RIGHTS

Legal Custody

A parent or guardian who has legal custody of a child and does not wish the other parent or parents, or any other persons, to have access to the child should present the proper legal documents to the Enrollment Center to establish custody rights. A parent or guardian who has gained custody of the student must present to the school Legal Guardianship documents from the Court before the student is permitted to enroll.

Special Services

The Union Public School District makes every effort to locate, evaluate and educate, in the least restrictive environment, all special needs children ages three through 21, under the provisions of the Individuals with Disabilities Education Act of 1997, Americans with Disabilities Act of 1990 and Section 504 of the Rehabilitation Act of 1973.

This notice is a Child Find project to make patrons aware of the availability of special education and related services for students with disabilities. Programs and services are provided for eligible students in the areas of specific learning disability, deaf/hearing impairment, visual impairment, orthopedic impairment, other health impairment, multiple disabilities, mental retardation, speech or language impairment, emotional disturbance, traumatic brain injury, and autism. If you have or know of a child who may have a significant disability which adversely affects educational performance, please contact the Special Services Office at the Education Service Center, 918-357-4321.

Rights to Records

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. They are:

1. The right to inspect and review the student's education records within 45 days of the day the district receives a request for access.

Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading.

Parents or eligible students may ask the district to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the district decides not to amend the record as requested by the parent or eligible student, the district will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the district has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the district discloses education records without consent to officials of another school district in which a student intends to enroll. (NOTE: FERPA requires a school district to make a reasonable attempt to notify the student of records request unless it states in its annual notification that it intends to forward records on request.)

The following student directory information may be published or transmitted by Internet without prior parent consent:

- Student's name, address, telephone, date and place of birth.
 - Student's participation in officially recognized activities, sports, weight and height of members of athletic teams.
 - Student's date of attendance, name of school, degrees and awards received.
- Parents may request in writing that the above directory information may not be published or transmitted by the school district.

The right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the office that administers FERPA are: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW Washington DC 20202

The office of the Superintendent of Schools shall maintain the official FERPA policy.

ATTENDANCE

CLEARING STUDENT ABSENCES

Students will be recorded as absent when they do not attend in accordance with each building's administrative regulations. If a student will be absent, the parent/guardian must notify the attendance office before 10:00 AM. Please provide the reason for the absence and the approximate date of return.

FAILURE DUE TO ATTENDANCE

Students exceeding ten (10) absences per semester may receive an 'F' based on Board Policy #5025.

EXCUSED ABSENCES

Excused absences will not count against the number of allowable absences. In compliance with Board Policy #5025, absences can only be excused if one of the following conditions is met:

- A doctor's note is provided.
- The absence is due to observation of a religious holiday.
- The absence is deemed by the principal to be an emergency.
- Absences related to a parent's military deployment activities may be excused at the discretion of the Superintendent.

TRUANCY GUIDELINES

Students are considered truant if they are unaccounted for or are absent without consent of parent/school officials. Students marked as truant will be referred to the assistant principal for disciplinary action in accordance with Board Policy #5050. Examples of truancy:

- Leaving campus without the advanced consent of the parent.
- Leaving class without permission.
- Counterfeit phone calls to have the student dismissed from class.
- Other fraudulent attempts to be absent from school not covered in this definition.
- "Walk outs" and/or "skip days."

LATE ARRIVALS

Students arriving late to school must enter the building through the front office.

Students arriving within the first 10 minutes of the day will go directly to their first class. The teacher will mark them tardy.

Students arriving more than 10 minutes after the school start time must check in at the Front Office and get a Student Admit form before entering class. Students who arrive more than 10 minutes late for class are considered absent.

TARDIES

Students are counted tardy if they are not in their assigned class when the tardy bell rings. Students are responsible for getting an official pass if they are in the office or detained by a teacher. Tardies accumulate in any one class each semester.

Guidelines for Discipline for Tardies

2 nd	Parent Notification
3 rd	PM Detention and Parent Notification
4 th & over	Referral to Assistant Principal

STUDENT CHECK-OUT / LEAVING CAMPUS

Students are restricted to the school campus from time of morning arrival until time of departure in the afternoon. No student is to leave campus during the day unless checked out through the office. Leaving school without permission is classified as truancy.

In all cases, parental verification (photo ID) will be required at the time of check out.

A parent/guardian must come to the front office in person, present a valid photo ID, and sign the check-out sheet before a student may leave school for any reason. The check-out process may take up to 15 minutes. Parents/guardians should consider these factors and allow for enough time when planning to check out a student.

ASSIGNMENTS WHEN ABSENT

Students are encouraged to makeup missed work. Students are responsible for obtaining, completing, and returning assignments to the teacher for credit. Students will be granted at least one makeup day for each absence. More time may be allowed at the discretion of the teacher, depending on the nature of the assignments and length of absence.

If extended absences are necessary, parents should submit a letter of request two weeks prior to leaving, stating the reason for the absence. If approved, special arrangements will be made regarding assignments.

HOMEBOUND PROGRAM

Union Public Schools offer a homebound program through the Special Services Department. The criteria are as follows:

- A. A student must have an acute or chronic condition which prevents attendance in regular classes for a minimum period of two (2) weeks. This must be verified by a doctor's note in writing.
- B. Applications for this service are approved by the Director of Special Services.
- C. Homebound service will only begin after the proper forms have been successfully completed and placed on file in the Special Services Office.

EMERGENCY SCHOOL CLOSING

When it becomes necessary to close school because of severe weather conditions or other emergencies, announcements will be made through local radio and television stations. The Union web site at www.unionps.org will also provide information.

CHANGE OF ADDRESS

In-District: Notify the school immediately of any address, telephone, or work number changes so parents can be contacted in the event of any emergency.

All address changes must be made through the Union Enrollment Center. Phone numbers, emails, and emergency contacts may be updated in the Parent Portal. Changes may also be made in-person, with photo ID. For safety, we do not make changes over the phone.

Out-of-District: Notification of the school is necessary so the student can be withdrawn from the roll, and his/her transcript can be forwarded to the new school (refer to "Rights to Records"). See Board Policy #5450.

GRADING/CURRICULUM

GRADING SYSTEM

The standard “four-point” grading system (A-4, B-3, C-2, D-1, F-0) will be used in calculating the GPA on all student transcripts.

A = 90-100	Superior quality of work
B = 80-89	Above quality of work expected
C = 70-79	Satisfactory quality of work
D = 60-69	Below quality of work expected
F = 59-Below	Unsatisfactory work

SCHEDULE CHANGES

There will be no schedule changes after the first ten (10) school days of each semester without principal approval.

Schedule changes will not be made to switch teachers or to have class/lunch with a friend. Schedule changes will only be permitted if the change does not create an overcrowding situation in the requested class. Elective spaces are limited.

DELIVERIES

Due to many special occasions/holidays, we are often faced with the dilemma of receiving a variety of gifts (flowers, balloons, etc.) at school throughout the year. These items cannot be delivered to the classroom and are often so large they cannot be taken on the bus, so they must be stored in an already busy and crowded office area. Due to these complications, we cannot allow deliveries of this type during normal school hours. **Deliveries from food delivery services are not allowed.** Your cooperation is appreciated.

Repeated offenses may result in consequences determined by the administration.

MONEY AND VALUABLES

Large quantities of money or objects of substantial value should not be brought to school. The school assumes no responsibility for lost or stolen articles.

Lost and found articles should be reported to the front office. When reporting a lost article, please give the report in writing to your assistant principal with all the appropriate information about the lost article.

VISITORS

School policy is to accept only those visitors who have legitimate business to attend to at the school. Student visitors will not be permitted in the classroom during the school year without permission of the principal.

While parents are always welcome at Union, we ask that you make an appointment to see a teacher, principal, or to visit classes. As a way to limit disruption to the educational process, administration reserves the right to restrict parent visitation to the classroom during instructional time. This assures that we will be available to you and that the educational process will not be disrupted. For security reasons, all visitors are asked to report to the main office upon entering the building and sign the guest register. Guests will be issued a visitor's pass, which must be worn while on campus. All visitors will be asked to present state-issued identification and to state the purpose of being in the building.

LIBRARY MEDIA CENTER

Students are encouraged to use the library for research and pleasure reading. Books are checked out for two weeks and may be renewed for a two-week period if a hold has not been placed on that title. Reference materials are to be used in the library and may not be checked out by students.

HEALTH SERVICES

House Bill 1550, 1984

A nurse will be on duty during the school day. A pass from a teacher will be required to go to the nurse except for an emergency. In all cases, the student must be cleared by the nurse and by the attendance office to leave the school premises. Parents will be notified of a student's need to leave school because of illness or injury. Arrangements should be made for the parent to pick up the student as soon as possible after notification.

Normally, the nurse will not treat an injury or illness except for first aid. If the nurse is not in her office, the student should go to the main office for assistance. **Do not go to the restroom or stay in a restroom if you are ill.**

Parents are required to come in person to deliver medication to the school nurse and complete the Medicine Authorization form.

In order to meet on school property or advertise meetings, these organizations must be open to all interested students and obtain a faculty monitor who attends all meetings and activities on school grounds. Non-school-sponsored groups are allowed limited privileges such as monitored meeting space and posting of events but should not expect the same recognition as school-sponsored organizations. These groups will not be included in the school yearbook, will not be permitted to use district activities funds, and will not be recognized during spirit assemblies or in school publications. Additionally, they cannot use the school name, mascot or logos without permission.

STUDENT CODE OF CONDUCT

Preamble

A primary responsibility of schools in Oklahoma and their professional staffs is the development of an understanding and appreciation of our representative form of government, the rights and responsibilities of the individual, and the legal processes whereby necessary changes are brought about.

The school is a community. Rules and regulations of a school are the laws of that community. All those enjoying the rights of citizenship in the school community must also accept the responsibilities of that citizenship. A basic responsibility of those who enjoy the rights of citizenship is to respect and live within the laws of the community.

The Board of Education, administration, faculty, and staff of the Union School District recognize that the parents of Union students share a major responsibility in the well-being of the students of the school. Cooperative supervision of the students by the school faculty and parents is the key factor in determining the level of success achieved by the student.

Parents should be aware of school policies such as seeing that the child is in school regularly and on time, going through the proper channels when the child is absent, and in general, aiding the school in every way possible. School policies and procedures are formulated for the purpose of benefiting the child. Parents must realize the value of cooperative effort and that honesty is the best policy. If it is honestly felt that a policy is unfair or that a student has been treated unjustly, we request that parents contact the school and try to resolve the problem through discussion with all of those involved.

Students also have a definite responsibility to the school, to their parents, and to themselves. There are several concepts which young people should acquire through their relationships with teachers and other authority figures. They must learn to be sensitive to the needs of others and be willing to accept responsibility for both social and household duties. Students should be developing mature, sensitive ways of dealing with people. With the proper guidance from the school and the home collectively, it is the responsibility of students to see that these mature concepts are developed.

The Union School District has the responsibility to assist each individual in developing their capabilities so that students may become effective and productive citizens. Students can expect to be treated fairly and equally by school personnel. Students can expect a safe and productive environment that fosters learning. More importantly, students and parents alike can expect courteous and accountable behavior in their association with the Union School District.

DISCIPLINE POLICY/GUIDELINES

Our school operates on a system of rights and responsibilities. Students who show social maturity and desire to accept their responsibilities are permitted many personal freedoms. These rules help create a better learning environment for all students. The rules will be enforced and must be followed by all students. At all times, students are under the authority of any teacher who is in their presence. Be sure that you as a parent or student understand the rules that have been established. As in society, ignorance of the rules is no excuse for non-compliance.

In most cases, teachers have the primary responsibility for dealing with student problems. When student problems become more serious, students will be sent to the assistant principal's office.

You, as a parent, should read this paragraph carefully. Many educational studies have been made which can attest the following two points:

1. You, the parents, are still the most influential persons in your child's life. The values and feelings you hold toward our school will most likely be the values and feelings your child holds.
2. Children will almost always be able to solve their own problems when they have parents who are willing to become positively involved in finding solutions to their child's discipline problems. Most problems can be solved by a meeting held between the individual teacher, student, and parent; therefore, be sure the student is in attendance for at least part of every conference. Do not leave the child at home. School personnel and parents can come up with all kinds of solutions which will not work unless the child is willing to try the solutions. Incidentally, you may feel free to call the principal or assistant principal if you feel the need after talking with the teacher.
