

Mission Statement: We Prepare Each Student For Success In Life

Lee's Summit R-7 Elementary Progress Report

Student Name: 5Data Data Systems 5

School: Data Systems Test

Grade: 5

Teacher:

Purpose: The purpose of the Lee's Summit R-7 elementary progress report is to communicate what students should know and be able to do based upon grade level learning expectations. The progress report provides feedback to students and parents about a child's academic, social, and behavioral development. It further provides an opportunity to set student goals in each of these areas.

Academic Performance Indicators:

- M** - The student is consistently and independently **meeting** proficiency of the grade level standard
- P** - The student is **progressing** toward consistent and independent proficiency of the grade level standard
- E** - The student is **experiencing** difficulty understanding the grade level standard
- T** - Taught
- Standard not addressed at this time

Math	Academic Indicators			
Operations and Algebraic Thinking	Q1	Q2	Q3	Q4
Write, interpret, and evaluate numerical expressions				
Number and Operations in Base Ten				
Demonstrate an understanding of the place value system for whole numbers and decimals				
Add and subtract whole numbers to the thousandths place				
Multiply whole numbers & decimals to the hundredths place				
Divide whole numbers & decimals to the hundredths place				
Compare and order whole numbers and decimals				

Math	Academic Indicators			
Number and Operations - Fractions	Q1	Q2	Q3	Q4
Add and subtract fractions and mixed numbers with unlike denominators				
Multiply fractions and mixed numbers				
Compare and order fractions				
Divide unit fractions and whole numbers				
Convert fractions and decimals				
Measurement and Data				
Convert measurements of capacity, length, and weight within a given measurement system				
Find the volume of a rectangular prism using a variety of methods				
Create and interpret data using line plots				
Geometry				
Construct and graph points on a coordinate plane				
Classify shapes according to their properties				

English Language Arts	Academic Indicators			
Reading Literature & Informational Text	Q1	Q2	Q3	Q4
Analyzes text structure to comprehend a variety of fifth grade level texts				
Determines importance to comprehend a variety of fifth grade texts				
Makes inferences to comprehend a variety of fifth grade level texts				
Asks and answers questions when reading to comprehend a variety of fifth grade texts				
Synthesizes information while reading to comprehend a variety of fifth grade texts				
Develop vocabulary and determine the meaning of words and phrases as they are used in texts				
Writing				
Develops and strengthens writing as needed by planning, revising, editing and publishing				
Writes narratives to develop real or imagined experiences or events				
Writes informative/explanatory texts to examine a topic and convey ideas and information clearly				
Writes opinion pieces supporting a point of view with reasons and information				
Plans for research and gathers relevant information from a variety of sources				
Language				
Applies the conventions, grammar and usage of standard English in writing				
Spells grade level appropriate words correctly in writing				
Speaking & Listening				
Speaks and listens effectively in multiple contexts				

Science	Academic Indicators			
Life Science	Q1	Q2	Q3	Q4
Understand the interdependence among organisms and the transfer of energy				
Define and explain the function of the human immune system				
Earth & Space Science				
Analyze the interactions of various Earth systems and understand the impact of human activity				
Understand the major components and patterns observed in the universe				
Physical Science				
Understand the structure, properties, changes, and interactions of matter				
Engineering, Technology, and Application of Science				
Understand and use scientific and engineering practices to conduct investigations and solve problems				
Social Studies				
History				
Investigate exploration & expansion into the West from Lewis & Clark to Civil War				
Examine and explain the causes of the Civil War				
Examine and explain the consequences of the Civil War and Reconstruction				
Examine the causes and consequences of Westward Expansion				
Examine the causes and consequences of Industrialization, Immigration and Urbanization				
Examine the causes and consequences of Imperialism and World War I				
Examine the causes and consequences of the Roaring 20's and the Great Depression				
Examine the causes and consequences of the New Deal				
Examine the causes and consequences of World War II and the Cold War				

Characteristics of a Successful Learner Indicators
4 - Student consistently demonstrates this skill
3 - Student demonstrates this skill most of the time
2 - Student demonstrates this skill some of the time
1 - Student requires on-going support to develop and demonstrate this skill

Characteristics of a Successful Learner	Indicators			
	Q1	Q2	Q3	Q4
Accepts responsibility for choices and behavior				
Demonstrates self control in structured and unstructured settings				
Follows oral and written directions				
Follows school/classroom rules and procedures				
Listens attentively				
Respects rights, opinions, and property of others				
Responsible for completion and quality of work
