

Welcome to 5th Grade

Welcome to 5th grade at CVE! I am excited to begin a new school year and hope that you and your family had a wonderful summer vacation! I am excited for our year in 5th grade!

This year you and I will be working together to help our students as learners. I am a strong believer in parent-teacher communication as I feel that it positively and directly influences your child's learning. Our main form of communication this year will be done through Class Dojo. For those of you who have not used Class Dojo before, it is an online classroom management tool that I will be using in the class. Below is a link to our classroom website. On our classroom website, you will see the different educational websites we use frequently. Please know that I want to help my students and families feel supported, so feel free to contact me with any questions or concerns throughout the year.

Finally, in an effort to know your child better, please take a moment to fill out the questionnaire on the back of this letter. Your insights and feedback help me to meet your child's needs from the very beginning of the year. I am excited to be starting this year's journey with your child! I am looking forward to watching them learn, grow, and have a fantastic time in 5th grade!

Sincerely,
Joe Nichols
