Re: Annual AHERA Notification

ANNUAL AHERA NOTIFICATION 2024-2025

The Deal Board of Education would like to inform all parents, teachers, and employees that copies of the Asbestos Management Plans are kept on file within the Operations Department/ Front Office of this location for your review during normal school hours.

In accordance with the Federal Asbestos Hazard Emergency Response Act, which became law in 1986, the Deal Board of Education has an Asbestos Management Plan to monitor any asbestos containing materials identified in our school

As part of the plan, the district's six-month periodic surveillance reports are completed twice per year usually in March/April and September, as required by the Asbestos Hazard Emergency Response Act (AHERA) to identify any changes in the material. No Planned related asbestos activities are scheduled for the following school year. If there are any unscheduled asbestos related activities, they will noted in the next annual communication. Reports are available for review at the Operations Department during normal business hours.

Should you have any questions, please contact this office 732-531-0410. Thank You,

Pia Lordi

School Business Administrator
