## SCHOOL DISTRICT BALLOT QUESTION 1

### RENEWAL OF EXPIRING PROJECT LEVY AUTHORIZATION FOR TECHNOLOGY

The school board of Independent School District No. 191 (Burnsville-Eagan-Savage) has proposed a capital project levy authorization of 3.632% times the net tax capacity of the school district. This authorization would renew the school district's existing authorization which is scheduled to expire after taxes payable in 2025. The money raised by the capital project levy authorization will provide funds for the acquisition, installation, replacement, support and maintenance of software and devices, improved technology, technology systems, networks, infrastructure, office and instructional technology, and to pay the costs of technology related personnel and training. The proposed capital project levy authorization will raise approximately \$4,696,767.62 for taxes payable in 2026, the first year it is to be levied, and would be authorized for ten years. The estimated total cost of the projects to be funded over that time period is approximately \$46,967,676. Shall the capital project levy authorization proposed by the school board of Independent School District No. 191 be approved? BY VOTING "YES" ON THIS BALLOT QUESTION, YOU ARE VOTING TO RENEW AN EXISTING CAPITAL PROJECTS REFERENDUM THAT IS SCHEDULED TO EXPIRE.

YES

NO

If approved, this would renew about \$4.6 million in expiring technology funding for District 191 schools.

Because it's a renewal of an existing levy, there will be no tax increase if it's approved.

This levy provides funds to replace aging equipment and devices for students and staff, as well as programs like Schoology that allow students to access class content.

This levy also helps maintain school safety and security systems to protect student, staff and family data.
