**GRADE LEVEL: 7TH COURSE NAME: MATH**  
**MEASUREMENT TOPIC: GENERATE EQUIVALENT EXPRESSIONS**

**4**

- In addition to Score 3.0, make in-depth inferences and applications.

**3**

- **Create an expression for a situation, generate equivalent expressions for the same situation, and explain how the quantities are related.**
- Factor and expand linear expressions with rational coefficients.
- Apply properties of operations as strategies to add and subtract linear expressions with rational coefficients.

**2**

- Apply properties of operations as strategies to add and subtract linear expressions with rational coefficients.

**1**

With help, a partial understanding of some of the simpler details and processes and some of the more complex ideas and processes.

**Key Vocabulary:**
