GRADE LEVEL: 11 COURSE NAME: Precalculus
MEASUREMENT TOPIC: Solve Problems Using the Remainder Theorem

4

In addition to Score 3, the student makes in-depth inferences and applications.

3

The student will:

- **Apply the remainder theorem to fully solve a polynomial.**
- Apply the remainder theorem to find at least one root.

2

The student will:

- Determine whether a possible zero is in fact a zero or root by various methods.
- List the possible zeros of a polynomial.

1

With help, a partial understanding of some of the simpler details and processes and some of the more complex ideas and processes.

Key Vocabulary:
