Creating Personalized Experiences

Sheldon ISD's mission is to maintain a safe environment where staff, parents, and community work together to engage students in personalized learning opportunities to ensure they are college -and career- ready. SEF is able to provide resources that enhance creativity in the classroom by establishing partnerships with businesses across the east Houston area. The foundation strives to form strong partnerships with leaders in the Sheldon community based on the needs of the school and staff as well as resources of the organization.

The raised funds directly support Sheldon ISD educators through the innovative teaching grant process.
