- We were out of compliance with the land trust. Some of it was a miscommunication, and Shawn has addressed the situation.
- Went over Acadience Reading Data for JRES over the last three years. JRES set a higher goal of nonsense word fluency in kindergarten to try to help first-grade students with their Acadience Reading Assessments.

- We will compare the number of interventionists working with groups in every grade level to the growth made in Acadience Reading from BOY to MOY.
- Discussed how intervention time used to be at the same time throughout the building so the school was able to ability group.
- ECRIS- Analyzed third-grade reading data to look at low-growth students. Analyzed 4th-grade beginning of the year iReady Math to examine our MLL student's growth.
- TSI- We are now an A-TSI school, so JRES needs their MLL students to make their growth for three consecutive years to get out of the TSI status.
- JRES has around 16% of the student population are MLLs.
