At Krahn, we believe that students' "Purpose Starts Here." With an intentional focus on building relationships, character development, and innovative academics, Krahn commits to providing a quality education for EVERY student. As a nationally recognized Professional Learning Community school, our staff believes in providing targeted instruction to grow every student. We provide a first-class curriculum guided by Texas Essential Knowledge and Skills through hands-on learning and integration of technology. Krahn consistently earns distinction designations in academic achievement in English/language arts, mathematics, science, and postsecondary readiness.

I'm so honored to be the principal of Krahn Elementary and to be a part of this terrific school community. I am a proud Klein ISD alumna and have spent my entire professional career in Klein ISD. I have had the privilege of being a member of the Klein Family since 2012.

As a devoted educational leader, I am thrilled to work alongside parents and families as partners in your children's educational experience. I am passionate about developing core values centered around excellence, trust, and strong relationships to help our students reach their highest potential.

I am beyond grateful for your support as we work together to develop the promise in every student as they find their purpose. I'm excited about everything that we are going to achieve together!

Cardinals are saying...

I think Krahn is an amazing school based on my daily experiences on campus. I watch as every member of the staff goes above and beyond normal expectations when it comes to their students during the school day and after school.

PARENT

Each person who enters the doors is treated with respect, compassion, and understanding. The faculty are loving and supportive of our students, their families, and the staff. The best word to describe Krahn Elementary is family.

TEACHER

Kids are really kind and the staff is really caring at Krahn. You can get a lot of good friends. We have good teachers. When we are struggling with a subject the teachers come in and help us understand.

STUDENT

PROGRAM HIGHLIGHT

Krahn works daily to build our school and classroom communities. Each morning students learn about one another and their teachers by participating in community circles. These relationships are needed for students to feel comfortable in their learning. Understanding the Learning Pit and the struggles one goes through to learn, students are able to reach out to others to help their learning. While teachers post Learning Intentions and Success Criteria, students own their learning and are able to solve problems of all sorts. Students are guided through goal setting by setting short and long-term goals.

CHARACTER EDUCATION

In Klein ISD, we focus on the whole student so that every student will "level up" and engage in rigorous learning and build excellent character.

The TEKS and our Klein ISD Profile of a Learner guiding document together provide the support needed for Whole Student Character Development.

Each elementary school has a guidance counselor to assist students and families with educational, personal, and career development aspects of the student's growth.
