

Personalize Your Educational Experience

Our **Early Childhood programs** lay a strong foundation for lifelong learning, and our **Hand in Hand Preschool** program is recognized with a full four 4-star Parent Aware rating.

We are **WILD about kindergarten!** We know that each of our little Tiger cubs is one of a kind—just like every tiger has unique stripes, every child has unique strengths. If you have a child who will be 5 by September 1, please enroll today at isd477.org/primary-school/programs/kindergarten

Our **Spanish Immersion Program**, available from kindergarten through middle school, is unique in Central Minnesota. Students who are immersed in a second language at a young age experience better academic performance, cognitive advantages, and an expanded worldview. Students with no Spanish language background may enter the immersion program in Kindergarten or first grade.

Tiger **Career Academies** connect students with real-world experiences, preparing them for both college and the workforce. In the six academies, students explore Business, Management and Administration; Information Systems, Communications and Art; Engineering, Manufacturing, and Technology; Health Sciences; Agriculture and Natural Resources; and Human Services. Our students have a lot of fun exploring their passions while gaining valuable skills.

Our **Area Learning Center (ALC)** provides flexible and supportive educational options to support students in high school seeking a more individualized program.

Princeton Public Schools fosters a culture of community involvement, offering many **extracurricular activities** and **lifelong learning** opportunities for adults through our comprehensive **Community Education programs**. Learn more at isd477.org/community-education.

Our **partnership with the Princeton Chamber of Commerce**, “This is Princeton, MN” initiative, strengthens our connection with the community. This collaboration enhances our educational offerings and provides students with valuable local experiences.

Visit Our Schools

We are excited to serve your family! We offer programming from birth to adult, along with a variety of activities to enrich your educational experience. All you need to enroll is a valid email address. Visit isd477.org/district/enrollment to get started!

- Spanish Immersion option (K-8)
- 6 College and Career Academies for real-world experience
- Advanced academic opportunities
- Online school option (K-12)
- Minnesota Reading and Math Corps
- Enrichment for all ages

Being a Princeton Tiger

Imagine a place where every tiger grows into their own stripes and learns to roar with confidence. At Princeton Public Schools, our mission is to develop in EVERY learner the ability to succeed in an ever-changing world. We're not just teaching—we're cultivating a jungle of opportunity!

In partnership with our community, we identified the **Habits of a Tiger**—traits that students need for success. We want our Tigers to be critical thinkers and positive leaders who continuously improve their communication skills, self-awareness, and empathy for others. These habits are woven into our curriculum and school culture.

CRITICAL THINKERS

We're raising critical thinkers who can tackle any challenge. Our students become analyzers, investigators, explorers, experimenters, and innovators who are knowledgeable, creative, and curious.

POSITIVE LEADERS

Our tigers are relationship builders, responsible decision-makers, advocates for others, encouragers, contributors, collaborators, initiators, people of integrity, flexible, considerate, and accepting of mistakes.

EFFECTIVE COMMUNICATORS

In our schools, every voice matters. They are readers, writers, thinkers, speakers, and active listeners who are thoughtful, present, confident, organized, and focused.

SELF-AWARE

We teach students to be self-advocates, self-managed, resilient, persistent, intrinsically motivated, reflective, accountable, and continuously evolving. Rooted in a growth mindset, our students learn their unique strengths and needs.

EMPATHETIC CITIZENS

Our tigers learn to understand and support others. They are kind, respectful, compassionate, helpful, considerate of multiple perspectives, and unthreatened by differences.

Princeton's FFA student organization, focused on agriculture and leadership, is a Gold Chapter, with state and national qualifiers!
