Crestwood Local Schools

Breakfast Program Information~2024-2025

What is the School Breakfast Program?
The School Breakfast Program is a federally assisted meal program, just as the National School Lunch Program, created to offer healthy, balanced meals to all students. Participating school districts receive federal reimbursement and commodity food items from the USDA for every qualifying meal served.

Can anyone buy a meal?
Yes. Healthy, balanced meals are offered t ALL students.

What is included in a meal?
Breakfast includes: 1-2oz Grains or Meat/Alternative, 1 cup Fruit or Vegetable, 1 cup Fat-Free or 1% Milk. Students must take 3 of the 4 items or servings listed above, and must include at least ½ cup fruit or vegetable to qualify as a meal!

Is it healthy?
School breakfast is a great opportunity to refuel and start the day. Students who eat breakfast score higher on exams, display more creativity, are sick less often, and perform better in sports! The USDA requires meals to follow strict nutrition guidelines to ensure students receive age-appropriate nutrition. Breakfast contains only whole grain rich items, fruit, low fat milk, and age-appropriate portions which follow the Dietary Guidelines for Americans.

Breakfast is available every day, to every child! Costs are:
CPS & CIS: Free status students- $0, Reduced status students- $0, Paid status students $2.00
7-12 Campus: Free status students- $0, Reduced status students- $0, Paid status students $2.50
