

Lincoln Street Elementary

School Map

The information presented in this map is intended to support adults and students walking and rolling to school. This includes the Hillsboro School District (HSD) recommended routes. Adults are responsible for choosing the most appropriate route for their children. The calmness of a route is based on a combination of traffic volume and amount of sidewalk available along each street. The calmest route options have less vehicle traffic and more complete sidewalks. Some sidewalks may not have curb ramps. Please cross at signalized intersections and at marked crosswalks when available. For more information on route and intersection determination, please see our methodology summary on the main SRTS site.
