Celebrations	We have had another student return from the charter school. Our share table is going well! We got our state money! Caitlin and Rhonda are being recognized at the Board Meeting for perfect attendance. Star is being recognized at the Board Meeting for meeting growth.
SIP plan	Mrs. Deaton reviewed the School Improvement Plan with the SIT Team. We currently have our mission, vision, and our goals. The SIT Team reviewed actions for meeting goals. Mrs. Deaton drafted actions to meet our goals. The SIT Team decided to add positive behavior referrals as an action for our behavior goal. We added 3-5 taking the Reading Inventory to one of our academic goals. Lastly, we added staff providing online resources to accompany our parent resource center on our school website to our parent communication goal. Mrs. Deaton will share the link for the SIP on the website when it is finished.
Tutor money	We were given \$3,500 for a tutor. This tutor will focus mainly on 3-5 students. We decided that the tutor will start after Christmas. The tutor will work 15 hours a week. If you know of anyone who might be interested, let Mrs. Deaton know.
Discipline data review	We have 77 minor incidents and 16 office referrals at this point in the year. Wednesday and Thursday are the days when we have the most referrals. Most referrals happen between 11:00AM-1:00PM. Teachers need to be spread out around the playground when outside for recess, especially with the number of students outside at one time. 5th Grade is going to try going out at 12:30 for recess to help eliminate the number of students out at 1:30. 5th grade will do daily mile first until K and 1st grade goes in from recess.
Cars are moving in and out of art room area during daily mile and recess.	Mrs. Deaton will handle this situation. It is a dangerous situation with classes out there.
Positive Referrals	Ms. Woodruff suggested creating a place to display positive referrals around the school.

	Positive referral cards are located in the office.
