

SIT Agenda - Monday, December 3rd

Attendance: M. Stewart (4th), S. Crump (Connect), J. Deaton (Principal), A. Miller (2nd), C. Stout (1st), J. Russell (5th), A. Lynthacum (3rd), A. Aumon (K), R. Mashburn (PK)

Drink and Snack Machines	We are going to get rid of the snack machine. It is not being used much and we do not get a commission from it. We are going to purchase snacks and keep them so teachers can still buy snacks if they want them. We are going to keep the Pepsi machine.
Car Rider Tags	They are doing great but more and more parents don't have their tags. Mrs. Deaton is going to do a call out and ponder some possible consequences for not putting your tag up.
Christmas Shop	Mrs. Deaton met with PTO. There was concerns about the time of the store (8:20AM) and students missing instruction. The suggestion was made that each grade level will have a day to shop. Another suggestion was made that on Monday (12/10) we will have a preview day. This day will be a day just to LOOK. Students will not buy or anything right now. Mrs. Deaton is going to create a schedule for this and send it out.
Schedules	Every teacher needs to create a current schedule and stick it outside of our door because of the amount of changes.
Retirements	Beverly Hogan and Carolyn Vanhoy are both retiring in January.
Merit	Way to communicate with grade level teachers about students in Merit and their deficits. We have a K-1 group, 2-3 group, and a 4-5 group. We want to make it beneficial. We are going to create a spreadsheet with all of the students participating in Merit. If teachers know deficits of specific children that Merit people can work on with the students please complete the correct section of the Google Doc. We hope to have the document sent out tomorrow. This is not required but if you have anything you would like us to focus on or any activities you would like us to complete and/or continue from class please let us know on the Google Doc.
Student of Month	We are going to do 2 laps for the parade from now on.

Math Night	Math Night begins at 6:00PM on December 11th. Parents should send students to classrooms when they come in. Teacher will walk students down to perform songs. Parents and students will go back to classroom after performance to discuss math information.
