## **SUBJECT: COMPREHENSIVE STUDENT ATTENDANCE**

### **Statement of Overall Objectives**

The District is an active partner with students and parents in the task of ensuring that all students meet or exceed the New York State Learning Standards. The District recognizes that consistent school attendance, academic success, and school completion have a positive correlation, and therefore has developed, and, if necessary, will revise a Comprehensive Student Attendance Policy to meet the following objectives:

- a) Increase school completion for all students;
- b) Raise student achievement and close gaps in student performance;
- c) Identify attendance patterns in order to design attendance improvement efforts;
- d) Know the whereabouts of every student for safety and other reasons;
- e) Verify that individual students are complying with education laws relating to compulsory attendance;
- f) Determine the District's average daily attendance for state aid purposes.

### **Description of Strategies to Meet Objectives**

The District will:

- a) Create and maintain a positive school building culture by fostering a positive physical and psychological environment where the presence of strong adult role models encourages respectful and nurturing interactions between adults and students. This positive school culture is aimed at encouraging a high level of student bonding to the school, which in turn should lead to increased attendance.
- b) Develop a Comprehensive Student Attendance Policy based upon the recommendations of a multifaceted District Policy Development Team that includes representation from the Board, administrators, teachers, students, parents, and the community. The District will hold at least one public hearing prior to the adoption of this collaboratively developed Comprehensive Student Attendance Policy.
- c) Maintain accurate recordkeeping via a Register of Attendance to record attendance, absence, tardiness, or early departure of each student.
- d) Utilize data analysis systems for tracking individual student attendance and individual and group trends in student attendance problems.

(Continued)

**SUBJECT: COMPREHENSIVE STUDENT ATTENDANCE (Cont'd.)**

e) Develop early intervention strategies to improve school attendance for all students.

**Determination of Excused and Unexcused Absences, Tardiness, and Early Departures**

Based upon the District's education and community needs, values, and priorities, the District has determined that absences, tardiness, and early departures will be considered excused or unexcused according to the following standards:

a) Excused: An absence, tardiness, or early departure may be excused if due to personal illness, illness or death in the family, impassable roads due to inclement weather, religious observance, quarantine, required court appearances, attendance at health clinics, approved college visits, approved cooperative work programs, military obligations, or other reasons as may be approved by the Board.

b) Unexcused: An absence, tardiness, or early departure is considered unexcused if the reason for the lack of attendance does not fall into the above categories (e.g., family vacation, hunting, babysitting, haircut, obtaining learner's permit, road test, oversleeping).

A written excuse, signed by a parent or person in parental relation should be presented by the student when returning to school following each absence. Absences longer than three (3) consecutive days require a doctor's note.

**Student Attendance Recordkeeping/Data Collection**

The record of each student's presence, absence, tardiness, and early departure will be kept in a register of attendance in a manner consistent with Commissioner's regulations. An absence, tardiness, or early departure will be entered as "excused" or "unexcused" along with the District code for the reason.

Attendance will be taken and recorded in accordance with the following:

a) For students in non-departmentalized kindergarten through grade 8 (i.e., self-contained classrooms and supervised group movement to other scheduled school activities such as physical education in the gym, assembly, etc.), the student's presence or absence will be recorded after the taking of attendance once per school day, provided that students are not dismissed from school grounds during a lunch period. Where students are dismissed for lunch, their presence or absence will also be recorded after the taking of attendance a

(Continued)

**SUBJECT: COMPREHENSIVE STUDENT ATTENDANCE (Cont'd.)**

second time upon the student's return from lunch. For purposes of APPR and Teacher-Student Data Linkages (TSDL), classroom attendance for all students in grades K through 12 must be recorded on a subject by subject basis for Teacher of Record Determinations.

b) For students in grades 9 through 12 or in departmentalized schools at any grade level (i.e., students pass individually to different classes throughout the day), each student's presence or absence will be recorded after the taking of attendance in each period of scheduled instruction.

c) Any absence for a school day or portion thereof will be recorded as excused or unexcused in accordance with the standards articulated in this policy.

d) In the event that a student at any instructional level from grades K through 12 arrives late for, or departs early from, scheduled instruction, the tardiness or early departure will be recorded as excused or unexcused in accordance with the standards articulated in this policy.

A record will be kept of each scheduled day of instruction during which the school is closed for all or part of the day because of extraordinary circumstances including adverse weather conditions, impairment of heating facilities, insufficiency of water supply, shortage of fuel, destruction of or damage to a school building, or other cause as may be found satisfactory to the Commissioner of Education.

Attendance records will also indicate the date when a student withdraws from enrollment or is dropped from enrollment in accordance with Education Law Section 3202(1-a).

At the conclusion of each class period or school day, all attendance information will be compiled and provided to the designated school personnel who are responsible for attendance. The nature of the absence, tardiness, or early departure will be coded on a student's record in accordance with the established District or building procedures.

**Student Attendance and Course Credit**

The District believes that classroom participation is related to, and affects, a student's performance and grasp of the subject matter and, as such, is properly reflected in a student's final grade. For purposes of this policy, classroom participation means that a student is in class and prepared to work.

Consequently, for each marking period, a certain percentage of a student's final grade will be based on classroom participation as well as the student's performance on homework, tests, papers, projects, etc., as determined by the building administrator or classroom teacher.

(Continued)

**SUBJECT: COMPREHENSIVE STUDENT ATTENDANCE (Cont'd.)**

Students are expected to attend all scheduled classes. Consistent with the importance of classroom participation, unexcused student absences, tardiness, and early departures will affect a student's grade, including credit for classroom participation, for the marking period.

At the middle school level any student with more than 18 absences and at the high school level any student with more than nine (9) absences in a course may not receive credit for the course. However, students with properly excused absences, tardiness, and early departures for which the student has performed any assigned make-up work, assignments, and/or tests will not be counted as an absence for the purpose of determining the student's eligibility for course credit. District procedures will specify how student tardiness and early departures will be calculated and factored into the District's minimum attendance standard.

However, the District may not deny course credit to a student who has exceeded the allowable number of absences but taken all tests, completed missed class work, and secured a passing grade.

For summer school and courses meeting 1/2 year or 1/4 year, the same policy will apply and a calculation of the absences will be prorated accordingly.

Transfer students and students re-enrolling after having dropped out will be expected to attend a prorated minimum number of the scheduled class meetings during their time of enrollment.

Students will be considered in attendance if the student is:

- a) Physically present in the classroom or working under the direction of the classroom teacher during the class scheduled meeting time; or
- b) Working under an approved independent study program; or
- c) Receiving approved alternative instruction.

Students who are absent from class due to their participation in a school-sponsored activity must arrange with their teachers to make up any work missed in a timely manner as determined by the student's teacher. Attendance at school-sponsored events where instruction is substantially equivalent to the instruction which was missed will be counted as the equivalent of regular attendance in class.

Upon returning to school following a properly excused absence, tardiness, or early departure, it will be the responsibility of the student to consult with his or her teacher(s) regarding arrangements to make up missed work, assignments, and/or tests in accordance with the time schedule specified by the teacher.

(Continued)

**SUBJECT: COMPREHENSIVE STUDENT ATTENDANCE (Cont'd.)**Notice of Minimum Attendance Standard/Intervention Strategies Prior to the Denial of Course Credit

In order to ensure that parents or persons in parental relation and students are informed of the District's policy regarding minimum attendance and course credit, and the implementation of specific intervention strategies to be employed prior to the denial of course credit to the student for insufficient attendance, the following guidelines will be followed:

- a) Copies of the District's Comprehensive Student Attendance Policy will be available to parents or persons in parental relation and provided to students at the beginning of each school year or at the time of enrollment in the District.
- b) School newsletters and publications will include periodic reminders of the components of the District's Comprehensive Student Attendance Policy. Copies of the Attendance Policy will also be included in parent or student handbooks or posted on the District website.
- c) At periodic intervals, a designated staff member(s) will notify, by telephone, the parent or person in parental relation of the student's absence, tardiness, or early departure and explain the relationship of the student's attendance to his or her ability to receive course credit. If the parent or person in parental relation cannot be reached by telephone, a letter will be sent detailing this information.
- d) A designated staff member will review the District's Attendance Policy with students who have excessive and/or unexcused absences, tardiness, or early departures. Further, appropriate student support services within the District, as well as the possible collaboration or referral to community support services and agencies, will be implemented prior to the denial of course credit for insufficient attendance by the student.

**Notice of Students who are Absent, Tardy, or Depart Early Without Proper Excuse**

A designated staff member will notify by telephone the parent or person in parental relation to a student who is absent, tardy, or departs early without proper excuse. The staff member will explain the District's Comprehensive Student Attendance Policy, the District's or building level intervention procedures, and, if appropriate, the relationship between student attendance and course credit. If the parent or person in parental relation cannot be reached by telephone, the staff member will provide the notification by mail. Further, the District's Attendance Policy will be mailed to the parent or person in parental relation to promote awareness and help ensure compliance with the policy.

If deemed necessary by appropriate school officials, or if requested by the parent or person in parental relation, a school conference will be scheduled between the parent or person in parental relation and appropriate staff members in order to address the student's attendance. The student may also be requested to attend this conference in order to address appropriate intervention strategies that best meet the needs of the student.

(Continued)

**SUBJECT: COMPREHENSIVE STUDENT ATTENDANCE (Cont'd.)**

**Chronic Absenteeism**

Chronic absenteeism is defined as missing at least 10% of enrolled school days in a year for any reason, excused or unexcused. Chronic absenteeism differs from truancy because it emphasizes missed instructional time rather than unexcused absences. Missed instructional time can increase a student's risk for disengagement, low achievement, and dropping out, among other things.

Students who miss at least 5% of enrolled school days in a year are at risk of becoming chronically absent. In light of this, the District will implement intervention strategies for students who miss 5% or more of the enrolled school days in a year.

**Attendance Incentives**

In order to encourage student attendance, the District will develop and implement grade appropriate or building-level strategies and programs including, but not limited to:

- a) Attendance honor rolls will be posted in prominent places in District buildings and included in District newsletters and, with parent or person in parental relation consent, in community publications;
- b) Monthly drawings for prizes at each grade level to reward perfect attendance;
- c) Special events (e.g., assemblies, guest speakers, field days) scheduled on days that historically have high absenteeism (e.g., Mondays, Fridays, day before vacation);
- d) Grade-level rewards at each building for best attendance;
- e) Classroom acknowledgment of the importance of good attendance (e.g., individual certificates, recognition chart, bulletin boards);
- f) Annual poster or essay contest on importance of good attendance;
- g) Assemblies collaboratively developed and promoted by student council, administration, PTA/PTO, and other community groups to promote good attendance.

(Continued)

**SUBJECT: COMPREHENSIVE STUDENT ATTENDANCE (Cont'd.)****Disciplinary Consequences**

Unexcused absences, tardiness, and early departures will result in disciplinary sanctions as described in the District's Code of Conduct. Negative consequences will not be imposed, however, where the absence, tardiness, or early departure is related to homelessness. Consequences may include, but are not limited to, in-school suspension, detention, and denial of participation in interscholastic and extracurricular activities. Parents or persons in parental relation will be notified by designated District personnel at periodic intervals to discuss their child's absences, tardiness, or early departures and the importance of class attendance and appropriate interventions. Individual buildings and grade levels will address procedures to implement the notification process to the parent or person in parental relation.

**Intervention Strategy Process**

In order to effectively intervene when an identified pattern of excused absences, unexcused absences, tardiness, or early departures occur, designated District personnel will pursue the following:

- a) Identify specific element(s) of the pattern (e.g., grade level, building, time frame, type of excused absences, unexcused absences, tardiness, or early departures);
- b) Contact the District staff most closely associated with the element. In specific cases where the pattern involves an individual student, the student and parent or person in parental relation will be contacted;
- c) Discuss strategies to directly intervene with specific element;
- d) Recommend intervention to Superintendent or designee if it relates to change in District policy or procedure;
- e) Implement changes, as approved by appropriate administration;
- f) Utilize appropriate District and/or community resources to address and help remediate student unexcused absences, tardiness, or early departures;
- g) Monitor and report short and long term effects of intervention.

(Continued)

**SUBJECT: COMPREHENSIVE STUDENT ATTENDANCE (Cont'd.)**

**Appeal Process**

A parent or person in parental relation may request a building level review of his or her child's attendance record.

**Building Review of Attendance Records**

The building principal will work in conjunction with the building attendance clerk and other designated staff in reviewing attendance records at the end of each term. This review is conducted to identify individual and group attendance patterns and to initiate appropriate action to address the problem of unexcused absences, tardiness, and early departures.

**Annual Review by the Board**

The Board will annually review the building level student attendance records and if those records show a decline in student attendance, the Board will make any revisions to the Policy and plan deemed necessary to improve student attendance.

**Community Awareness**

The Board will promote necessary community awareness of the District's Comprehensive Student Attendance Policy by:

- a) Providing a plain language summary of the policy to parents or persons in parental relation to students at the beginning of each school year and promoting the understanding of this policy to students and their parents or persons in parental relation;
- b) Providing each teacher, at the beginning of the school year or upon employment, with a copy of the policy; and
- c) Providing copies of the policy to any other member of the community upon request.

**SUBJECT: AGE OF ENTRANCE****Kindergarten**

Students who are legal residents of the School District and who reside with parents or guardians within the School District at the time of the opening day of school must be five (5) years of age or more on December 1 in order to register for Kindergarten.

A child who transfers into the School District at any time during the school year may be considered for admission to Kindergarten by the Superintendent provided:

- a) The parents were not legal residents of the School District on the opening day of school, and
- b) The child has been registered and enrolled in kindergarten in the District in which his/her parents were legal residents.

**Other Grades**

Admission of children to other grades shall involve a consideration of both chronological age and the readiness of the children to do the work of those grades.

**Proof of Age**

A student's birth certificate or other satisfactory evidence of age shall be presented at the time of initial registration. The child shall be entered under his/her legal name.

## **SUBJECT: SCREENING OF NEW SCHOOL ENTRANTS**

The Board of Education shall provide for the screening of every new entrant to school to determine which students:

- a) Are or may have disabilities;
- b) Are or may be gifted;
- c) Score below level two on either the New York State third grade through eighth grade English language arts or mathematics assessments in order to determine whether such students may have disabilities.

A new entrant means a pupil entering the New York State public school system for the first time, or re-entering a New York State public school with no available record of a prior screening. Such diagnostic screening shall be conducted by persons appropriately trained or qualified:

- a) In the student's native language if the language of the home is other than English;
- b) In the case of new entrants, prior to the school year, if possible, but no later than December 1 of the school year of entry or within fifteen (15) days of transfer of a student into a New York State public school should the entry take place after December 1 of the school year;
- c) In the case of students who score below level two on either the third grade through eighth grade reading or mathematics test for New York State elementary and/or middle school and students who obtain a comparable percentile score on the Regents Preliminary Competency Test and/or Regents Exam, within thirty (30) days of the availability of the test scores.

Such screening shall include, but not be limited to the following:

- a) A physical examination by a physician/nurse practitioner or submission of a health certificate in accordance with Sections 901, 903, and 904 of the Education Law, including proof of immunization as required by Section 2164 of the Public Health Law. Vision screening services will be provided to all new admissions within six months of enrollment or by such other date prescribed by the Commissioner of Education.
- b) A language development assessment.

No screening examination for vision, hearing or scoliosis condition is required where a student, parent, or person in parental relation objects on the grounds that such examination conflicts with their genuine and sincere religious beliefs.

## **SUBJECT: SCREENING OF NEW SCHOOL ENTRANTS (Cont'd.)**

If such screening indicates a possible disability, a referral shall be made to the Committee on Special Education (CSE) no later than fifteen (15) calendar days after completion of such diagnostic screening.

If such screening indicates a possibly gifted child, the name and finding shall be reported to the Superintendent of Schools and to the parents/guardians no later than fifteen (15) calendar days after completion of such screening. The term gifted child is defined as a child who shows evidence of high performance capability and exceptional potential in areas such as general intellectual ability, special academic aptitude and outstanding ability in visual and performing arts. Such definition shall include those children who require educational programs or services beyond those normally provided by the regular school program in order to realize their full potential.

If such screening indicates a child identified as possibly being of limited English proficiency, such child shall be referred for further evaluation in accordance with the Regulations of the Commissioner of Education to determine eligibility for appropriate transitional bilingual or free-standing ESL programs.

### **Reporting to Parents**

Parents/guardians of children to be screened shall receive information in advance regarding the purpose of screening, the areas to be screened and the referral process. The information shall be communicated either orally or in writing in the parents' primary language(s). This information will be provided during the registration interview.

Parents/guardians have the right to request information regarding their child's performance during screening. They shall have access to the screening results and obtain copies upon request.

### **Confidentiality of Information**

The Board of Education's policy and administrative regulations in accordance with the Family Educational Rights and Privacy Act of 1974 shall apply to all information collected about a child through the screening program. In accordance with the policy and regulations, parents shall be informed of their right to privacy, their right to access to the records and their right to challenge those records should they be inaccurate, misleading or otherwise inappropriate.

**SUBJECT: ENTITLEMENT TO ATTEND -- AGE AND RESIDENCY**

All persons residing within the District who are between the ages of five years and 21 years and who have not received a high school diploma are entitled to enroll in the District.

A student who becomes six years of age on or before the first of December in any school year will be required to attend full-time instruction from the first day that the District schools are in session in September of that school year. A student who becomes six years of age after the first of December in any school year will be required to attend full-time instruction from the first day of session in the following September. Each student will be required to remain in attendance until the last day of session in the school year in which the student becomes 16 years of age. Additionally, any student from 16 to 17 years of age who is not employed is required to attend full-time instruction until the end of the school year in which the student turns 17 years of age.

Evidence of a prospective student's age and residency must be presented in the form as is permitted by state and federal law and regulation.

**Determination of Student Residency**

Residence is established by a child's physical presence as an inhabitant within the District and his or her intent to reside in the District.

A child's residence is presumed to be that of his or her parents or legal guardians. Where a child's parents live apart, the child can have only one legal residence. In cases where parents have joint custody, the child's time is essentially divided between two households, and both parents assume responsibility for the child, the decision regarding the child's residency lies ultimately with the family. Where parents claim joint custody, but do not produce proof of the child's time being divided between both households, residency will be determined on the basis of the child's physical presence and intent to remain within the District.

The presumption that a child resides with his or her parents or legal guardians may be rebutted upon demonstration that custody of the child has been totally and permanently transferred to another individual. The District will not acknowledge living arrangements with persons other than a child's parents or legal guardians which are made for the sole purpose of taking advantage of the District's schools.

The presumption that a child resides with his or her parents or legal guardians may also be rebutted upon demonstration that the child is an emancipated minor. To establish emancipation, a minor may submit documentation of his or her means of support, proof of residency, and an explanation of the circumstances surrounding the student's emancipation, including a description of the student's relationship with his or her parents or persons in parental relationship.

(Continued)

**SUBJECT: ENTITLEMENT TO ATTEND -- AGE AND RESIDENCY (Cont'd.)****Undocumented Children**

Undocumented children are entitled to attend the District's schools, provided they meet the age and residency requirements established by state law. Consequently, the District will not request on any enrollment or registration form, in any meeting, or in any other form of communication, any documentation or information regarding or tending to reveal the immigration status of a child, a child's parent(s), or the person(s) in parental relation. In the event the District is required to collect certain data, it will do so after the child has been enrolled or registered; in no instance will the information be required as a condition of enrollment or continued attendance.

**Children of Activated Reserve Military Personnel**

Students temporarily residing outside the boundaries of the District, due to relocation necessitated by the call to active military duty of the student's parent or person in parental relation, will be allowed to attend the public school that they attended prior to the relocation. The District is not required to provide transportation between a temporary residence located outside the District and the school the child attends.

The required documentation and/or provisions delineated within this policy are renewable each school year. If at any time the above information is changed without prompt notification or proven to be false, the parent/person in parental relation and/or student may be subject to legal action.

**SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING**

The Board recognizes the unique challenges that face students in temporary housing (i.e., homeless children and youth) and will provide these students with access to the same free and appropriate public education, including public preschool education, as other students, as well as access to educational and other services necessary to be successful in school. The District will ensure that these students are not separated from the mainstream school environment. The Board is also committed to eliminating barriers to the identification, enrollment, attendance, and success of students in temporary housing.

**Identification of Students in Temporary Housing**

All districts are obligated to affirmatively identify all students in temporary housing. Therefore, the District will determine whether there are students in temporary housing within the District by using a housing questionnaire to determine the nighttime residence of all newly enrolled students and all students whose address changes during the school year. Not all students in temporary housing can be identified through social service agencies or shelters, as children may be sharing the housing of other persons, such as family or friends, due to loss of housing, economic hardship, or other similar reason. For this reason, the District uses a housing questionnaire that asks for a description of the current living arrangements of the child or youth to determine whether the child or youth meets the definition of a homeless child.

In addition to using the housing questionnaire, the District will also contact the local department of social services (LDSS) (i.e., the social services district) to identify students in temporary housing, as well as the local runaway and homeless youth shelter, and any other shelters located within District boundaries to ensure all students in temporary housing are properly identified and served.

**Definitions**

a) "Feeder school" means:

1. A preschool whose students are entitled to attend a specified elementary school or group of elementary schools upon completion of that preschool;
2. A school whose students are entitled to attend a specified elementary, middle, intermediate, or high school or group of specified elementary, middle, intermediate, or high schools upon completion of the terminal grade of such school; or
3. A school that sends its students to a receiving school in a neighboring school district.

b) "Homeless child" means:

1. A child or youth who lacks a fixed, regular, and adequate nighttime residence, including a child or youth who is:

**SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)**

- (a) Sharing the housing of other persons due to a loss of housing, economic hardship, or a similar reason (sometimes referred to as "doubled-up");
  - (b) Living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations;
  - (c) Abandoned in hospitals;
  - (d) A migratory child who qualifies as homeless under (a), (b), or (c) of this subparagraph or item 2) below; or
  - (e) An unaccompanied youth; or
2. A child or youth who has a primary nighttime location that is:
- (a) A supervised, publicly, or privately operated shelter designed to provide temporary living accommodations, including, but not limited to, shelters operated or approved by the state or LDSS, and residential programs for runaway and homeless youth established in accordance with applicable law; or
  - (b) A public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings, including a child or youth who is living in a car, park, public space, abandoned building, substandard housing, bus or train station, or similar setting.
- c) "Migratory child" means a child or youth who made a qualifying move in the preceding 36 months:
- 1. As a migratory agricultural worker or a migratory fisher; or
  - 2. With, or to join, a parent or spouse who is a migratory agricultural worker or a migratory fisher.
- d) "Preschool" means a publicly funded prekindergarten program or a Head Start program administered by the District and/or services under the Individuals with Disabilities Act administered by the District.
- e) "Receiving school" means:
- 1. A school that enrolls students from a specified or group of preschools, elementary schools, middle schools, intermediate schools, or high schools; or

**SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)**

2. A school that enrolls students from a feeder school in a neighboring local educational agency.
- f) "Regional placement plan" means a comprehensive regional approach to the provision of educational placements for homeless children that has been approved by the Commissioner of Education.
- g) "School district of current location" means the public school district within New York State in which the hotel, motel, shelter or other temporary housing arrangement of a homeless child, or the residential program for runaway and homeless youth, is located, which is different from the school district of origin.
- h) "School district of origin" means the school district within New York State in which:
  1. The homeless child was attending a public school or preschool on a tuition-free basis or was entitled to attend when circumstances arose that caused the child to become homeless, which is different from the school district of current location;
  2. The child was residing when circumstances arose that caused the child to become homeless if the child was eligible to apply, register, or enroll in public preschool or kindergarten at the time the child became homeless; or
  3. The homeless child has a sibling who attends a school in the school district in which the child was residing when circumstances arose that caused the child to become homeless.
- i) "School of origin" means:
  1. The public school that the child or youth attended when permanently housed or the school in which the child or youth was last enrolled, including a preschool or a charter school;
  2. The designated receiving school at the next grade level for all feeder schools for a student in temporary housing who completes the final grade level served by the school of origin; and
  3. The public school or preschool in which the child would have been entitled or eligible to attend based on the child's last residence before the circumstances arose which caused the child to become homeless if the child becomes homeless after the child is eligible to apply, register, or enroll in the public preschool or kindergarten or if the child is living with a school-age sibling who attends school in the school district of origin.
- j) "Unaccompanied youth" means a homeless child or youth who is not in the physical custody of a parent or legal guardian.

**SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)****The McKinney-Vento Liaison for Students in Temporary Housing**

The District will designate an appropriate staff person, who may also be a coordinator for other federal programs, as the District liaison for students in temporary housing (otherwise referred to as the McKinney-Vento liaison). The District's McKinney-Vento liaison serves as one of the primary contacts between families experiencing homelessness and school staff, district personnel, shelter workers, and other service providers. The McKinney-Vento liaison coordinates services to ensure that homeless children and youth enroll in school and have the opportunity to succeed.

The District's McKinney-Vento liaison must ensure that:

- a) Students in temporary housing are identified by school personnel and through coordination activities with other entities and agencies;
- b) Students in temporary housing enroll in, and have full and equal opportunity to succeed in, the District's schools;
- c) Students in temporary housing and their families receive educational services for which they are eligible, including Head Start programs administered by a local educational agency, Early Head Start, early intervention services under part C of the Individuals with Disabilities Education Act, and other preschool programs administered by the District;
- d) Students and parents in temporary housing receive referrals to health care services, dental services, mental health and substance abuse services, housing services and other appropriate services;
- e) Parents or guardians of students in temporary housing are informed of the educational and related opportunities available to their children and are provided with meaningful opportunities to participate in the education of their children;
- f) Parents and guardians of students in temporary housing, and unaccompanied youth, are fully informed of all transportation services, including transportation to and from the school district of origin and are assisted in accessing transportation services;
- g) Disputes regarding eligibility, school selection, enrollment and/or transportation are mediated in accordance with applicable laws and regulations;

**SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)**

- h) Assistance in commencing an appeal, in accordance with applicable law, of a final determination regarding eligibility, enrollment, school selection, and/or transportation is provided to the student in temporary housing's parent or guardian or the unaccompanied youth;
- i) A record is maintained of all appeals of enrollment, school selection, and transportation;
- j) Public notice of the educational rights of students in temporary housing is posted in locations where these students receive services, such as schools, shelters, public libraries, and soup kitchens, in a manner and form understandable to the parents and guardians of students in temporary housing, and unaccompanied youth;
- k) School personnel providing services to students in temporary housing receive professional development and other support;
- l) Unaccompanied youths:
  - 1. Are enrolled in school;
  - 2. Have opportunities to meet the same challenging state academic standards as the state establishes for other children and youth, including receiving credit for full or partial coursework earned in a prior school pursuant to Commissioner's regulations; and
  - 3. Are informed of their status as independent students under section 480 of the Higher Education Act of 1965 and that the youths may obtain assistance from the McKinney-Vento liaison to receive verification of this status for purposes of the Free Application for Federal Student Aid (FAFSA);
- m) School personnel, service providers, advocates working with students in temporary housing, parents and guardians of students in temporary housing, and students in temporary housing are informed of the duties of the McKinney-Vento liaison; and
- n) Assistance with obtaining any necessary immunizations or screenings, or immunization or other required health records is provided to the parents or guardians of the students in temporary housing.

**School District and School Designations**

A designator will make the initial decision about which school district and school a student in temporary housing will attend. A designator is:

- a) The parent or person in parental relation (guardian) to a student in temporary housing;

**SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)**

- b) The student in temporary housing, together with the McKinney-Vento liaison, in the case of an unaccompanied youth; or
- c) The director of a residential program for runaway and homeless youth, in consultation with the student in temporary housing, where the student is living in that program.

The District will ask the designator to designate one of the following as the school district of attendance for the student in temporary housing:

- a) The school district of current location;
- b) The school district of origin; or
- c) A school district participating in a regional placement plan.

The District will also ask the designator to designate one of the following as the school where a student in temporary housing seeks to attend:

- a) The school of origin; or
- b) Any school that permanent housed children and youth who live in the attendance area in which the child or youth is actually living are eligible to attend, including a preschool.

A student in temporary housing is entitled to attend the schools of the school district of origin without the payment of tuition for the duration of his or her homelessness and through the remainder of the school year in which the student becomes permanently housed and for one additional year if that year constitutes the student's terminal year in that school building, subject to a best interest determination.

**Designation/STAC 202 Form**

The District will identify all students in temporary housing, and a designation form will be completed by the designator for all these students and any other student who claims homelessness. Designations must be made on the STAC 202 form provided by the Commissioner.

The appropriate designator must complete the designation form. The District makes designation forms available to a student in temporary housing who seeks admission to school or to the parent or person in parental relation who seeks to enroll the child in school.

The District will provide completed designation forms to the McKinney-Vento liaison immediately, but no later than two business days from the earlier date on which the child or youth either:

- a) Sought enrollment in school; or

**SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)**

- b) Was placed in a temporary housing facility or residential facility for runaway and homeless youth.

Where a parent or person in parental relation or a child who is neither placed in a temporary housing facility by the LDSS nor housed in a residential program for runaway homeless youth, designates the District as the school district of current location, the District will forward to the State Education Department a completed designation form and a statement of the basis for its determination that the child is a homeless child entitled to attend the District's schools.

**Immediate Enrollment and Best Interest Determinations**

Upon identification of a child who is in temporary housing and/or receipt of a completed designation/STAC 202 form, the District will:

- a) Immediately review the designation form to ensure that it has been completed and admit the student in temporary housing even if the child or youth is unable to produce records normally required for enrollment, such as previous academic records, medical records, immunization records, proof of residency or other documentation and even if the child or youth has missed application deadlines;
- b) Determine whether the designation made by the designator is consistent with the best interests of the student in temporary housing. In making best interests decisions the District will:
  - 1. Presume that keeping the child in the school of origin is in the child's best interest, except when doing so is contrary to the wishes of the parent or guardian (or youth in the case of an unaccompanied youth); and
  - 2. Consider student-centered factors such as the effect of mobility on student achievement, education, health, and safety of the child, giving priority to the wishes of the child's parent or guardian (or the youth, if a homeless unaccompanied youth). If the District determines that it is in the best interest of the student in temporary housing to attend a school other than the school of origin or the designated school, the District will provide the parent or guardian (or youth, if an unaccompanied youth) with a written explanation of its determination, including information about the right to appeal.
- c) Provide the child with access to all of the District's programs, activities and services to the same extent as they are provided to resident students;
- d) Immediately contact the school district where the child's records are located in order to obtain a copy of these records and coordinate the transmittal of records for students with disabilities pursuant to applicable laws and regulations;

**SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)**

- e) Immediately refer the parent or guardian of the student in temporary housing to the McKinney-Vento liaison who must assist in obtaining necessary immunizations or immunization or medical records if the child or youth needs to obtain immunizations or immunization or medical records;
- f) Forward the STAC 202 form to the Commissioner and the school district of origin, where applicable. In all cases, the District will give a copy of the completed STAC 202 form to the designator and keep a copy of the STAC 202 form for the District's records;
- g) Arrange for transportation in accordance with applicable laws and regulations; and
- h) \*Arrange for the child to receive free school meals.

**Request for Records**

Within five days of receipt of a request for school records from a new school, the District will forward, in a manner consistent with state and federal law, a complete copy of the student in temporary housing's records, including, but not limited to, proof of age, academic records, evaluations, immunization records, and guardianship papers, if applicable.

**Tuition Reimbursement**

The District is eligible to request reimbursement from the State Education Department for the direct costs of educational services to students in temporary housing that are not otherwise reimbursed under special federal programs, when:

- a) The District is either the school district of current location or a school district participating in a regional placement plan;
- b) The District is designated as the school district of attendance; and
- c) The school district of origin for the student in temporary housing is within New York State.

All claims for reimbursement will be made on the STAC 202 form prescribed by the Commissioner of the State Education Department.

**SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)**

In addition, the District is eligible for reimbursement for the direct costs of educational services, including transportation costs for students who continue enrollment in the District schools after finding permanent housing midyear in a different school district within New York State. In these cases, the District will directly bill the new district where the student permanently resides for all direct costs of educational services, including transportation, that are not otherwise reimbursed under special federal programs.

**Transportation Responsibilities**

The LDSS is responsible for providing transportation to students in temporary housing, including preschool students and students with disabilities who are eligible for benefits under Social Services Law §350-j and placed in temporary housing arrangements outside their designated districts. Where the LDSS requests that the District provide or arrange for transportation for a student in temporary housing in the circumstances above, the District will provide or arrange for the transportation and directly bill the LDSS so that the district will be fully and promptly reimbursed for the cost of the transportation.

If the District is the designated school district of attendance, the District will provide for the transportation of each student in temporary housing who is living in a residential program for runaway and homeless youth, including if the temporary housing is located outside the school district. The costs for transportation for each student in temporary housing who lives in a residential program for runaway youth and homeless youth located outside of the designated school district will be reimbursed by the State Education Department, to the extent funds are provided for the purpose, with the submission of a Runaway and Homeless Youth Act Transportation Program Form. Where the District provides transportation for a student living in a Runaway and Homeless Youth facility, the District will promptly request reimbursement using the Runaway and Homeless Youth Act Transportation Form.

The District will transport any student in temporary housing to their school of origin, including preschools and charter schools, where it is the designated district of attendance and the student in temporary housing is not entitled to receive transportation from the Department of Social Services.

When the District is designated as the school district of current location for a student in temporary housing and the student does not attend the school of origin, the District will provide transportation on the same basis as it is provided to resident students, unless the local transportation policy represents a barrier to the student's attendance in school.

If the student in temporary housing designates the District as the school district of attendance, transportation will not exceed 50 miles each way, unless the Commissioner determines that it is in the best interest of the child.

**SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)**

Where the District is designated as the school district of attendance and it has recommended the student in temporary housing attend a summer educational program, the district of attendance will provide transportation services to students in temporary housing for summer educational programs if the lack of transportation poses a barrier to the student's participation in the program.

Where the District is designated as the school district of attendance, it will provide transportation services to students in temporary housing for extracurricular or academic activities when:

- a) The student participates in or would like to participate in an extracurricular or academic activity, including an after-school activity, at the school;
- b) The student meets the eligibility criteria for the activity; and
- c) The lack of transportation poses a barrier to the student's participation in the activity.

Where the District is designated as the school district of attendance, it will provide transportation as described above for the duration of homelessness, unless the LDSS is responsible for providing transportation. After the student becomes permanently housed, the District will provide transportation to the school of origin until the end of the school year and for one additional year if that year constitutes the child's terminal year in the school building.

\*Where a student in temporary housing must cross state-lines to attend a school of origin, the District will coordinate with the District in the neighboring state to provide transportation services when:

- a) The student is temporarily living in New York State and continues to attend school in a neighboring state; or
- b) The student is temporarily living in a neighboring state and continues to attend school in New York State.

**Dispute Resolution Process**

The District has established the following procedures for the prompt resolution of disputes regarding school selection or enrollment of a homeless child or youth:

- a) The District will provide a written explanation, including a statement regarding the right to appeal, to the parent or guardian of a student in temporary housing, or to an unaccompanied youth, if the District determines that the District is not required to either enroll and/or transport the child or youth to the school of origin or a school requested by the parent or guardian or unaccompanied youth, or if there is a disagreement about a child's or youth's status as a homeless child or unaccompanied youth. The written explanation will be in a

**SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)**

manner and form understandable to the parent, guardian, or unaccompanied youth and will include a statement regarding the McKinney-Vento liaison's availability to help the parent, guardian, or unaccompanied youth with any appeal and the contact information for the liaison.

- b) The District will immediately enroll the student in the school in which enrollment is sought by the parent or guardian or unaccompanied youth, provide transportation to the school, and will delay for 30 days the implementation of a final determination to decline to either enroll in and/or transport the student in temporary housing to the school of origin or a school requested by the parent or guardian or unaccompanied youth.
- c) If the parent or guardian of a student in temporary housing or unaccompanied youth commences an appeal to the Commissioner within 30 days of such final determination, the student will be permitted to continue to attend the school he or she is enrolled in at the time of the appeal and/or receive transportation to that school pending the resolution of all available appeals.

**The McKinney-Vento Liaison's Dispute Resolution Responsibilities**

The District's McKinney-Vento liaison must assist the student in temporary housing's parent or guardian or unaccompanied youth in bringing an appeal to the Commissioner of a final school district decision regarding enrollment, school selection and/or transportation. In the event of a dispute regarding eligibility, enrollment, school selection, and/or transportation, the District's McKinney-Vento liaison will:

- a) Provide the parent or guardian or unaccompanied youth with a copy of the form petition;
- b) Assist the parent or guardian or unaccompanied youth in completing the form petition;
- c) Arrange for the copying of the form petition and supporting documents for the parent or guardian or unaccompanied youth, without cost to the parent or guardian or unaccompanied youth;
- d) Accept service of the form petition and supporting papers on behalf of any District employee or officer named as a party, or the District if it is named as a party, or arrange for service by mail by mailing the form petition and supporting documents to any District employee or officer named as a party, and, if the District is named as a party, to a person in the office of the Superintendent who has been designated by the Board to accept service on behalf of the District;
- e) Provide the parent or guardian or unaccompanied youth with a signed and dated acknowledgment verifying that he or she has received the form petition and supporting documents, and will either accept service of these documents on behalf of the District

**SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)**

employee or officer of District, or effect service by mail by mailing the form petition and supporting documents to any District employee or officer named as a party, and, if the District is named as a party, to a person in the office of the Superintendent who has been designated by the Board to accept service on behalf of the District;

- f) Transmit on behalf of the parent or guardian or unaccompanied youth, within five days after the service of, the form petition or any pleading or paper to the Office of Counsel, New York State Education Department, State Education Building, Albany, New York 12234;
- g) Provide the parent or guardian or unaccompanied youth with a signed and dated acknowledgement verifying that he or she has received the form petition and supporting documents and will transmit these documents on behalf of the parent, guardian or unaccompanied youth to the Office of Counsel, New York State Education Department, State Education Building, Albany, New York 12234;
- h) Accept service of any subsequent pleadings or papers, including any correspondence related to the appeal, if the parent or guardian or unaccompanied youth so elects. He or she will also make this correspondence available to the parent or guardian or unaccompanied youth; and
- i) Maintain a record of all appeals of enrollment, school selection, and transportation determinations.

**Coordination**

The District will coordinate the provision of services described in this policy with local social services agencies, housing providers and other agencies or programs providing services to students in temporary housing and their families, including services and programs funded under the Runaway and Homeless Youth Act.

The District will coordinate with other school districts on inter-district issues, such as transportation or transfer of school records.

The District will coordinate implementation of the above provision of services with the requirements of the Individuals with Disabilities Education Act (IDEA) for students with disabilities.

**\*Coordination with Title I**

The District acknowledges that students in temporary housing are eligible for services under Title I, Part A, whether or not they live in a Title I school attendance area or meet the academic requirements required of other children. The District will ensure that:

**SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)**

- a) Title I, Part A funds are set aside as are necessary to provide students in temporary housing, who may have unique needs that differ from their permanently housed peers, with educationally related support services;
- b) Its local plan includes a description of how the plan is coordinated with McKinney-Vento;
- c) Its local plan describes the services provided to students in temporary housing;
- d) Its local plan describes the efforts it made to identify students in temporary housing, including unaccompanied youth, if the District reports that there are no students in temporary housing enrolled in the District. These efforts will include contacting the LDSS or Office of Children and Family Services (OCFS) to verify that there are no students in temporary housing in the District; and
- e) Its housing questionnaire asks about the living arrangements of the child or unaccompanied youth, including asking if he or she is living in a shelter; with relatives or others due to loss of housing or economic hardship; in an abandoned apartment/building; in a motel/hotel, camping ground, car, train/bus station or other similar situation due to the lack of alternative, adequate housing. Documentation of the District's efforts to identify students in temporary housing will be maintained on file and a copy of the housing questionnaire will also be kept on file.

**Reporting Requirements**

The District will collect and transmit to the Commissioner of Education, at the time and in the manner as the Commissioner may require, a report containing information as the Commissioner determines is necessary, including the numbers of homeless students, their grade, and their nighttime residence.

**Access to Free Meals**

The District will provide free meals to all children identified as homeless. They do not have to complete a free or reduced-price meal application. When the McKinney-Vento liaison or a shelter director provides a child's name to the District's school food service office, free school meals will commence immediately.

**Removal of Barriers**

The District will review and revise its policies that may act as barriers to the identification of students in temporary housing and their enrollment and retention in school, including barriers to enrollment and retention due to outstanding fees or fines, or absences.

**SUBJECT: EDUCATION OF STUDENTS IN TEMPORARY HOUSING (Cont'd.)**

**Comparable Services**

The District will provide services to students in temporary housing comparable to those offered to other students in the District, including: transportation services; educational services for which the child or youth meets the relevant criteria, such as services provided under Title I or similar state or local programs; educational programs for students with disabilities; educational programs for English learners; programs in career and technical education; programs for gifted and talented students; and school nutrition programs.

**Student Privacy**

Information about a student in temporary housing's living situation will be treated as a student education record and will not be deemed to be directory information under the Family Educational Rights and Privacy Act (FERPA). A parent or guardian or unaccompanied youth may consent to the release of a student's address information in the same way they would for other student education records under FERPA.

**Training**

All school enrollment staff, secretaries, school counselors, school social workers, and principals will be trained on the requirements for enrollment of students in temporary housing. Other staff members including school nutrition staff, school registered professional nurses, teachers, and bus drivers will receive training on homelessness that is specific to their field.

## **SUBJECT: NON-RESIDENT STUDENTS**

Non-resident families who wish to enroll children in the Mount Pleasant Central School District shall submit a request in writing to the Superintendent who shall determine whether or not admission will be granted.

The following general conditions for acceptance will be met when considering admittance:

- a) There is sufficient space to accommodate the non-resident student;
- b) No increase in the size of faculty or staff will be necessary;
- c) Admittance will not result in the establishment of a new section;
- d) Parents/guardians must work out transfer conditions with the home school district or provide their own transportation;
- e) All rules and regulations in effect for District students will be applicable to non-District students;
- f) Tuition may be charged to families of non-resident students in accordance with formulas approved by the State Education Department.

Final decisions regarding the acceptance of non-resident students rest with the Board of Education.

### **Tuition-Paying Students**

#### Future Students

The children of families who have signed a contract to buy or build a residence in the School District may be enrolled for the semester in which they expect to become residents. Non-resident tuition shall be charged, payable in advance, with an adjustment to be made when the family becomes a resident in the District.

#### Foreign Students

Students from other nations who are living with District residents may be enrolled at the discretion of the District. In accordance with federal law, a foreign student who attends a public secondary school under an F-1 Visa must reimburse the school district for the full unsubsidized per capita cost of providing education at the school during the student's attendance. The administration is authorized to file with the U.S. Department of Homeland Security the forms necessary for the monitoring of non-immigrant foreign students during the course of their stay in the district in accordance with the Student and Exchange Visitor Information System (SEVIS).

## **SUBJECT: NON-RESIDENT STUDENTS (Cont'd.)**

### Other Non-resident Students

Non-resident students other than those affected by the above provisions may be accepted as tuition-paying students at the discretion of the Board of Education on an annual basis provided the general conditions listed above are met. Requests should be submitted to the Superintendent.

### **Non-Tuition Students**

#### Former Residents

- a) Students of any grade who move from the Mount Pleasant Central School District during the school year may be given permission to finish the semester in which the move occurs.
- b) A student who moves from the District after completion of the first semester of the year preceding his/her anticipated graduation year may be given permission to remain in the Mount Pleasant Central School District until graduation.

#### Foreign Exchange Students

Only foreign students participating in a recognized Student Exchange Program under a J-1 Visa may attend District schools without payment of tuition. The administration is authorized to file with the U.S. Department of Homeland Security the forms necessary for the monitoring of non-immigrant foreign students during the course of their stay in the District in accordance with the Student and Exchange Visitor Information System (SEVIS).

### **Proof of Residency**

Such documentary or sworn proof as shall be required by the administration or Board of Education must be furnished prior to the admission of any child residing in the District with a person not his parent or who is the child of a non-resident. The admission of homeless children and youth will be in accordance with law.

### **Reservation of Claims**

Should a material misstatement of fact be made and relied upon by any administrator or the Board of Education in admitting a non-resident student without tuition, the Board shall be entitled to recover the cost of instruction for the time the student was not authorized to attend a school in the District from the person having made the misstatement or from a person in parental relation to the student.

## **SUBJECT: NON-RESIDENT STUDENTS (Cont'd.)**

### **Tuition Fees**

Where applicable, tuition fees are computed according to a formula established by the Commissioner of Education.

Tuition of individual non-resident students shall be computed in advance at the time of enrollment. Methods of payment (e.g., monthly) may be arranged in the District Office and approved by the Superintendent. Non-resident status is contingent upon timely payment of tuition fees as established by the Board of Education.

### **Legal Residence**

Parents who maintain more than one residence, but whose legal residence for the purposes of voting or filing income tax is within the District, are eligible to send their children to District schools. However, school tax payments of non-residents who own assessable property in the District will be deducted from any tuition charges levied against such non-resident.

**SUBJECT: EDUCATIONAL SERVICES FOR MARRIED/PREGNANT STUDENTS****Married Students**

The Board of Education will comply with state law in reference to married students attending school.

**Pregnant Students**

New York State Education Law provides that resident students over five (5) and under twenty-one (21) who have not received a high school diploma are entitled to attend school in the district in which they reside. The law further requires that a school district provide for this instruction and also to provide for home instruction for those students of legal age who are unable to profit from instruction in school.

In view of the above, administrative regulations will be developed to implement the terms of this policy to provide instruction as required by the New York State Education Law for students who become pregnant. The Superintendent, or his/her designee, is directed to consult with the school physician and the student's personal physician in determining the form of instruction.

The form of instruction may be any of the following or a combination of the following:

- a) Remain in school with provisions for special instruction, scheduling, and counseling where needed.
- b) Receive home instruction.
- c) Attend BOCES programs.

**SUBJECT: STUDENT EVALUATION**

**Placement**

Placement within the system, with respect to building, teacher, and grade or special class, shall be at the discretion of the school administration and shall be subject to review and change at any time and in compliance with any recommendation of the CSE or 504. In making such decisions, the administrator or Building Principal will be guided by performance in class, past records, parent/guardian and teacher recommendations, standardized test scores, and any other appropriate sources of information, but the final decision shall rest with the school administration. Parents may request, in writing, teacher attributes that would best serve their child's learning needs; however, requests for specific teachers will not be honored.

**Promotion and Retention**

The procedures to be followed by the staff regarding promotion and retention will be developed by the Superintendent and will be continually evaluated in the light of School District policy. Building Principals may establish written standards for promotion or retention within the school units to which the students are assigned, subject to the guidelines of the Superintendent and the approval of the Board of Education.

**Testing Program**

The Board of Education endorses and supports the use of ability, achievement, diagnostic, readiness, interest and guidance tests as part of the total educational process to the degree to which tests help the District to serve its students.

**Alternative Testing Procedures**

The use of alternative testing procedures shall be limited to:

- a) Students identified by the Committee on Special Education and/or Section 504 Team as having a disability. Alternative testing procedures shall be specified in a student's Individualized Education Program or Section 504 Accommodation Plan; and
- b) Students whose native language is other than English (i.e., English language learners) in accordance with State Education Department Guidelines.

The alternative testing procedures employed shall be based upon a student's individual needs and the type of test administered.

The District shall report the use of alternative testing procedures to the State Education Department on a form and at a time prescribed by the Commissioner.

**SUBJECT: STUDENT EVALUATION (Cont'd.)**

**Reporting to Parents/Legal Guardians**

Parents/guardians shall receive an appropriate report of student progress at regular intervals.

Report cards shall be used as a standard vehicle for the periodic reporting of student progress and appropriate school related data. Report cards, however, are not intended to exclude other means of reporting progress, such as interim reports, conferences, phone conversations, parent portal, etc.

When necessary, attempts will be made to provide interpreters for non-English speaking parents/guardians.

**SUBJECT: PROVISION OF INTERPRETER SERVICES TO PARENTS WHO ARE HEARING IMPAIRED**

The Board of Education assures parents or persons in parental relation who are hearing impaired the right to meaningful access to school initiated meetings or activities pertaining to the academic and/or disciplinary aspects of their children's education. School initiated meetings or activities are defined to include, but are not limited to, parent-teacher conferences, child study or building-level team meetings, planning meetings with school counselors regarding educational progress and career planning, suspension hearings or any conferences with school officials relating to disciplinary actions. The term "hearing impaired" shall include any hearing impairment, whether permanent or fluctuating, which prevents meaningful participation in School District meetings or activities.

Parents or persons in parental relation shall be notified of the availability of interpreter services to be provided at no charge, provided that a written request is made to the School District within fourteen (14) days of the scheduled event. Exceptions to the time frame request may be made for unanticipated circumstances as determined by the Principal/designee. The District shall also notify appropriate school personnel as to the terms and implementation of this policy.

If interpreter services are requested, the District shall appoint an interpreter for the hearing impaired to interpret during the meeting or activity. The District will arrange for interpreters through a District-created list or through an interpreter referral service. The District shall also develop interagency agreements, as appropriate, to ensure that sign language interpreters are provided for eligible parents or persons in parental relation when District students attend out-of-District schools or programs.

In the event that an interpreter is unavailable, the School District shall make other reasonable accommodations which are satisfactory to the parents or persons in parental relation. Examples of what constitutes reasonable accommodations in the event an interpreter cannot be located may include, but are not limited to, the use of:

- a) Written communications, transcripts, note takers, etc; and
- b) Technology, such as: a decoder or telecommunication device for the deaf, assistive listening devices, and closed or open captioning.

**SUBJECT: GRADING SYSTEMS/GRADE REPORTING**

Grading is considered a positive tool to indicate achievement and development in each class or subject area in which a student is enrolled. The Board of Education recognizes that the classroom teacher has the primary responsibility to evaluate students and determine student grades. Classroom teachers will evaluate students in accordance with accepted standards of performance in the educational setting and assign grades according to the established system. Grading will not be used for disciplinary purposes.

All students are expected to complete the assigned class work and homework as directed, and participate in class discussions and activities. If work is missed due to absence, the student is expected to make up the work. The student and/or the student's parent(s) or guardian(s), should discuss with the student's teacher an appropriate means of making up the missed work. Every effort will be made to provide students with the opportunity and assistance to make up all work missed as a result of absence from class.

Home/School communication is essential in fostering and supporting student achievement. Therefore, it is the expectation of the Board that communication to parents by every teacher, regarding student progress, including positive student growth, will be maintained through the Grade Reporting Procedures for each building, as well as on a more frequent and ongoing basis as necessary for individual students demonstrating a significant decline in their grades, class work, or homework. In these cases, it is expected that teachers will notify parents of a significant change, prior to the issuance of the progress reports.

This ongoing and frequent communication and monitoring of progress will facilitate the implementation of academic intervention strategies for students as needed, both in school and at home.

The professional judgment of the teacher should be respected. Once a grade is assigned to a student by a teacher, the grade may be changed only by the Building Principal after consultation with the teacher. Should the Principal change the grade, the Principal shall be prepared to report the grade change to the Superintendent of Schools.

In the event that a parent has any question regarding a grade or questions regarding information on the progress report, the appeals procedures to follow will include:

- a) The parent will discuss their concern or question with the classroom teacher to resolve the issue with the teacher;
- b) If after discussion with the teacher, the parent feels that the issue has not been resolved, the next level will be to bring it to the attention of the Building Principal.
- c) If after bringing to the attention of the Building Principal, the issue is still not resolved, subsequent steps would include bringing the issue to the Superintendent of Schools, the Board of Education, and ultimately to the Commissioner of Education.

**Subject: PROMOTION AND RETENTION OF STUDENTS**

It is essential that each child realize both challenge and success from school experiences. Grade placement should enhance this possibility. The concept of grade placement is based on the premise that each teacher will provide appropriate experiences for children at particular stages of physical, emotional, and academic growth. The State Education Department (SED) is responsible for providing Model Core Curricula for districts to use to align their curricula with the State Learning Standards, which the District will follow. The SED will indicate goals for achievement for the District's students. However, academic growth, like physical growth, does not take place at the same pace or time for all individuals. Retention is a practice to consider in the needs of some children, only as a last resort, and with parental/guardian input. Before considering the decision to retain a student, appropriate prevention and intervention strategies must be discussed with the parent(s) guardian(s), and implemented in a timely manner. These include:

- a) Academic achievement as compared to District curricula aligned with the New York State Standards;
- b) IDEA and other Federal regulations will be met;
- c) Social and emotional development of the child;
- d) Age of the child;
- e) Physical development (gross and fine motor skills);
- f) Retention will be combined with remedial intervention which will be beneficial to the student's academic and social growth.
- g) All recommendations concerning grade placement must be made to the Principal by the teacher prior to formal notification and consultation with the parent(s) or guardian(s). Parent(s) or guardian(s) and/or teachers may request relevant diagnostic testing of the child to aid in the formulation of a recommendation.

- h) If retention is the decision, an evaluation of the child's needs as well as strategies, to help him or her reach specific academic and behavior goals will be developed.
- i) Final authority for grade placement rests with the Building Principal.
- j) In the event that the parent(s) /guardian(s) disagree with the decision of the Building Principal, an appeal may be made to the Superintendent of Schools. Further appeal may be made to the Board of Education and ultimately to the Commission of Education.

## **SUBJECT: GRADUATION OPTIONS/EARLY GRADUATION/ACCELERATED PROGRAMS**

To graduate from the District, a student must meet or exceed the requirements set forth in Part 100 of the Commissioner's regulations. The Board may establish graduation requirements that exceed the minimum standards set by the Board of Regents. The District will award the appropriate diploma, credential, or both to students.

### **Pathways to Graduation**

Students must pass the required number of Regents examinations or approved alternative exams and meet any further graduation requirements; these requirements may include passing an approved pathways assessment, other assessment, or an additional exam that measure an equivalent level of knowledge and skill. Students who fail certain Regents examinations may appeal the result to the building principal in accordance with Commissioner's regulations.

### **Early Graduation**

A student may be eligible for early graduation (fewer than eight semesters) if the student completes all requirements for graduation, excluding physical education. The District will consult with appropriate personnel, the student, and persons in parental relation, and consider factors such as the student's grades, performance in school, future plans, and benefits to graduation early in making its decision.

### **Accelerated Programs**

#### Eighth Grade Acceleration for Diploma Credits

Eighth grade students may take appropriate high school courses. By the end of seventh grade, students must receive instruction designed to facilitate their attainment of the state intermediate learning standards in each subject area in which they are eligible to study.

#### Advanced Placement (AP)

Advanced Placement examinations afford students the opportunity to earn credit or advanced standing in many colleges and universities. The College Board administers a variety of AP examinations in May of each year. The high school will determine a student's readiness for enrollment in any AP class.

(Continued)

**SUBJECT: GRADUATION OPTIONS/EARLY GRADUATION/ACCELERATED PROGRAMS (Cont'd.)**

**Dual Credit for College Courses**

Students who have demonstrated intellectual and social maturity may choose to matriculate at any one of the colleges that have a cooperative agreement with the District. Students who wish to enroll in college-level coursework must meet all academic, grade level, and coursework requirements. These opportunities may include early admission to college, collegiate-level work offered in the high school, or other means of providing advanced work. The administration will review and approve any college courses before they are taken during the school day. The Board will not pay tuition and other related costs for those high school students enrolled in college courses.

**Online Coursework**

The District may offer students the ability to complete general education and diploma requirements for a specific subject through online instruction or blended coursework that combines online and classroom-based instruction.

To receive credit for online coursework, students must successfully complete an online or blended course and demonstrate mastery of the learning outcomes for the subject by passing the Regents exam or other assessment in the subject area.

**SUBJECT: EARLY GRADUATION**

A student shall be eligible for early graduation in fewer than eight (8) semesters upon completion of all requirements for graduation, excluding physical education, as mandated by Commissioner's Regulations. A student shall not be required to continue enrollment for the sole purpose of completing physical education requirements. The District, upon request from the student's parent/guardian, shall grant the student a high school diploma prior to his/her completion of the eighth (8th) semester in accordance with Commissioner's Regulations.

**SUBJECT: DIPLOMA OR CREDENTIAL OPTIONS FOR STUDENTS WITH DISABILITIES**

The District will provide students with disabilities appropriate opportunities to earn a diploma or non-diploma high school exiting credential in accordance with Commissioner's regulations. Students with disabilities may be eligible for one or more of the following:

**Diploma Options**

- a) Regents Diploma, including with honors, an advanced designation, a career and technical education endorsement, and/or any other designation or endorsement as may be available from time to time.
- b) Local Diploma, including with any endorsement as may be available from time to time.

**Existing Credentials Options**

- a) Career Development and Occupational Studies (CDOS) Commencement Credential, which may be earned as a supplement to a Regents or local diploma or as a student's only exiting credential.
- b) Skills and Achievement Commencement Credential.

Specific requirements and detailed information for each diploma and non-diploma high school exiting credential are specified in the Commissioner's regulations and various guidance materials issued by the New York State Department of Education.

**SUBJECT: STUDENT RECORDS: ACCESS AND CHALLENGE**

The District will comply with the provisions of the Family Educational Rights and Privacy Act of 1974 (FERPA). Under its provisions, parents or guardians and noncustodial parent(s) whose rights are not limited by court order or formal agreement, of a student under 18, or a student who is 18 years of age or older, or who is attending an institution of post-secondary education, have a right to inspect and review any and all education records maintained by the District.

**Education Records**

The term "education records" is defined as all records, files, documents, and other materials containing information directly related to a student; and maintained by the education agency or institution, or by a person acting for that agency or institution. This includes all records regardless of medium, including, but not limited to, handwriting, videotape or audiotape, electronic or computer files, film, print, microfilm, and microfiche.

In addition, for students who attend a public school district, all records pertaining to services provided under the Individuals with Disabilities Education Act (IDEA) are considered "education records" under FERPA and they are subject to the confidentiality provisions of both Acts.

However, personal notes made by teachers or other staff are not considered education records if they are:

- a) Kept in the sole possession of the maker;
- b) Not accessible or revealed to any other person except a temporary substitute; and
- c) Used only as a memory aid.

Additionally, FERPA does not prohibit a school official from disclosing information about a student if the information is obtained through the school official's personal knowledge or observation and not from the student's education records.

Records created and maintained by a law enforcement unit for law enforcement purposes are also excluded.

**Access to Student Records**

Administrative regulations and procedures will be developed to comply with the provisions of federal law relating to the availability of student records. The purpose of these regulations and procedures is to make available to the parents or guardians of students and noncustodial parent(s) whose rights are not limited by court order or formal agreement, or students who are 18 years of age or older, or who are attending an institution of post-secondary education, student records, and files on students, and to ensure the confidentiality of these records with respect to third parties.

(Continued)

**SUBJECT: STUDENT RECORDS: ACCESS AND CHALLENGE (Cont'd.)**

Under FERPA, unless otherwise exempted in accordance with law and regulation, the District may release personally identifiable information (PII) contained in student education records only if it has received a "signed and dated written consent" from a parent or eligible student. Signed and dated written consent may include a record and signature in electronic form provided that the signature:

- a) Identifies and authenticates a particular person as the source of the electronic consent; and
- b) Indicates the person's approval of the information contained in the electronic consent.

**Exceptions**

Without the consent of a parent or eligible student, the District may release a student's information or records when it is:

- a) Directory Information and Limited Directory Information

"Directory information" is information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed. "Limited Directory Information Disclosure" means that the District may limit disclosure of its designated directory information to specific parties, for specific purposes, or both. The intent is to allow schools the option to implement policies that allow for the disclosure of student information for uses such as yearbooks, honor roll lists, graduation programs, and playbills, but restrict disclosure for more potentially dangerous purposes. The District will limit disclosure of its designated directory information as otherwise specified in its public notice to parents of students in attendance and eligible students in attendance.

- b) To School Officials who have a Legitimate Educational Interest

To other school officials, including teachers, within the educational agency or institution whom the school has determined to have legitimate educational interests. An educational interest includes the behavior of a student and disciplinary action taken against the student for conduct that posed a significant risk to the safety or well-being of the student, other students, or other members of the school community. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

- c) To Another Educational Institution

The District may disclose any and all educational records, including disciplinary records and records that were created as a result of a student receiving special education services under Part B of IDEA, to another school or post-secondary institution at which the student seeks or intends to enroll, or after the student has enrolled or transferred, so long as the disclosure

(Continued)

**SUBJECT: STUDENT RECORDS: ACCESS AND CHALLENGE (Cont'd.)**

is for purposes related to the student's enrollment or transfer. Parental consent is not required for transferring education records if the school's annual FERPA notification indicates that these disclosures may be made. In the absence of information about disclosures in the annual FERPA notification, school officials must make a reasonable attempt to notify the parent about the disclosure, unless the parent initiated the disclosure. Additionally, upon request, the District will provide a copy of the information disclosed and an opportunity for a hearing.

d) For Health and Safety Emergency Reasons

The District must balance the need to protect students' PII with the need to address issues of school safety and emergency preparedness. Under FERPA, if an educational agency or institution determines that there is an articulable and significant threat to the health or safety of a student or other individuals, it may disclose information from education records, without consent, to any person whose knowledge of the information is necessary to protect the health and safety of the student or other individuals during the period of the health or safety emergency. The District may release information from records to appropriate parties including, but not limited to, parents, law enforcement officials, and medical personnel. The District's determination that there is an articulable and significant threat to the health or safety of a student or other individuals will be based upon a totality of the circumstances, including the information available, at the time the determination is made. The District must record the articulable and significant threat that formed the basis for the disclosure and maintain this record for as long as the student's education records are maintained.

e) To Juvenile Justice Systems

Information may be disclosed to state and local officials or authorities to whom information is specifically allowed to be reported or disclosed by a state statute that concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records were released. In these cases, the official or authority must certify in writing that the information will not be disclosed to any other party except as provided under law without prior written consent.

f) To Foster Care Agencies

The District may release records to an agency caseworker or other representative of a state or local child welfare agency, who has the right to access a student's case plan, when the agency or organization is legally responsible, for the care and protection of the student. This does not give a child welfare agency the right to look into any non-foster care student's records, without parental consent, when there has been a mere allegation of abuse or maltreatment, absent an order or subpoena.

(Continued)

**SUBJECT: STUDENT RECORDS: ACCESS AND CHALLENGE (Cont'd.)**

g) Pursuant to a Subpoena or Court Order

When the District receives a subpoena or court order for the release of records, it will make a reasonable effort to notify the parent or guardian or eligible student of the order or subpoena in advance of compliance. This allows the parent or guardian or eligible student to seek protective action against the subpoena or order before the release of the records.

The District may disclose a student's records without first notifying parents or guardians or eligible students if the disclosure is:

1. Based on a subpoena in which the court orders, for good cause shown, not to reveal to any person the existence or contents of the subpoena or any information furnished pursuant to the subpoena;
2. In accordance with a judicial order in cases where the parents are a party to a court proceeding involving child abuse or maltreatment or dependency matters, and the order is issued in the context of that proceeding; or
3. Made to a court (with or without an order or subpoena) when the District is involved in a legal action against a parent or student and the records are relevant to the matter.

h) For Financial Aid Purposes

Pertinent information may be released in connection with the determination of eligibility, amount, conditions, and enforcement of terms of a student's financial aid.

i) To Accrediting Organizations

Disclosure of a student's records may be made to an organization in which that student seeks accreditation, in order to carry out their accrediting function.

j) To Parents of a Dependent Student

Even when a student turns 18 years of age or older the District may disclose education records to that student's parents, without the student's consent, if the student is claimed as a dependent for federal income tax purposes by either parent.

k) For Audit/Evaluation Purposes

The audit or evaluation exception allows for the disclosure of PII from education records without consent to authorized representatives of the Comptroller General of the U.S., the Attorney General, the Secretary of Education, federal, state, or local educational authorities.

(Continued)

**SUBJECT: STUDENT RECORDS: ACCESS AND CHALLENGE (Cont'd.)**

Under this exception, PII from education records must be used to audit or evaluate a federal or state supported education program, or to enforce or comply with federal legal requirements that relate to those education programs.

The District may occasionally disclose PII from education records without consent to authorized representatives of the entities listed above. The District may also designate its own authorized representative who may access PII without consent in connection with an audit or evaluation of an education program within the District. As an example, the District might designate a university as its authorized representative in order to disclose, without consent, PII from education records on its former students to the university. The university could then disclose, without consent, transcript data on those former students attending the university to allow the District to evaluate how effectively the District prepared its students for success in post-secondary education.

l) For Conducting Studies

This exception allows for the disclosure of PII from education records without consent to organizations conducting studies for, or on behalf of, schools, school districts, or post-secondary institutions. Studies can be for the purpose of developing, validating, or administering predictive tests, administering student aid programs, or improving instruction.

The District may disclose PII from education records without consent to these organizations conducting studies for the District, in accordance with its obligations under FERPA.

In addition, other entities outside of the District may occasionally disclose PII from education records that the District has previously shared with that entity, to organizations conducting studies on behalf of the District. For example, a State Education Agency (SEA) may disclose PII from education records provided by the District without consent to an organization for the purpose of conducting a study that compares program outcomes across school districts to further assess the effectiveness of these programs with the goal of providing the best instruction.

**Required Agreements for the Studies or Audit/Evaluation Exceptions (see items k and l)**

To the extent required by law, the District will enter into a written agreement with organizations conducting studies for the District, or, with its designated authorized representatives in connection with audits or evaluations of education programs within the District. In the event that the District discloses PII from education records to its own designated authorized representative in connection with an audit or evaluation of an educational program within the District, it will use reasonable methods to ensure to the greatest extent practicable that its designated authorized representative complies with FERPA and its regulations.

(Continued)

**SUBJECT: STUDENT RECORDS: ACCESS AND CHALLENGE (Cont'd.)**

**Challenge to Student Records**

Parents or guardians of a student under the age of 18, or a student who is 18 years of age or older or who is attending an institution of post-secondary education, will have an opportunity for a hearing to challenge the content of the school records and to ensure that the records are not inaccurate, misleading, or otherwise in violation of the privacy of students, and to provide an opportunity for the correction or deletion of any inaccurate, misleading, or otherwise inappropriate data.

**Release of Information to the Noncustodial Parent**

The District may presume that the noncustodial parent has the authority to request information concerning his or her child and release this information upon request. If the custodial parent wishes to limit the noncustodial parent's access to the records, it is his or her responsibility to obtain and present to the school a legally binding instrument that prevents the release of information related to the child.

**Parents' Bill of Rights**

The District posts a parents' bill of rights for data privacy and security on its website, and it includes this bill of rights with every contract it enters into with a third-party contractor that receives student, teacher, or principal data. The bill of rights informs parents of the legal requirements regarding privacy, security, and use of student data.

## **SUBJECT: MILITARY RECRUITERS' ACCESS TO SECONDARY SCHOOL STUDENTS AND INFORMATION ON STUDENTS**

In compliance with the Elementary and Secondary Education Act of 1965, as amended by the No Child Left Behind Act of 2001 (NCLB); and the National Defense Authorization Act, and in accordance with the Family Educational Rights and Privacy Act (FERPA), the School District shall comply with a request by a Military Recruiter for secondary students' names, addresses, and telephone listings, **unless a parent has "opted out" of providing such information.**

Further, in compliance with the NCLB, the District shall give Military Recruiters the same access to secondary school students as they provide to postsecondary institutions or to prospective employers.

Under FERPA, the School District must provide notice to parents of the types of student information that it releases publicly. This type of information, commonly referred to as "directory information," which is released by the District includes -- but is not limited to -- such items as students' names, addresses, and telephone listings. The notice must include an explanation of a parent's right to request that the information not be disclosed without prior written parental consent; and further requires that parents be notified that the School District routinely discloses students' names, addresses, and telephone listings to Military Recruiters upon request, subject to a parent's request not to disclose such information without written parental consent.

A single notice provided through a mailing, student handbook, or other method that is reasonably calculated to inform parents of the above information is sufficient to satisfy the parental notification requirements of both FERPA and the NCLB. The notification shall advise the parent of how to opt out of the public, nonconsensual disclosure of directory information and the method and timeline within which to do so.

If a parent opts out of providing directory information (or any subset of such information) to third parties, the opt-out relating to their child's name, address, or telephone listing applies to request for Military Recruiters as well. For example, if the opt-out states that telephone numbers will not be disclosed to the public, the District may not disclose telephone numbers to Military Recruiters.

The Superintendent/designee shall ensure that appropriate notification is provided to parents informing them of their right to opt-out of the release of designated directory information without prior written parental consent.

## **SUBJECT: STUDENT PRIVACY, PARENTAL ACCESS TO INFORMATION, AND ADMINISTRATION OF CERTAIN PHYSICAL EXAMINATIONS TO MINORS**

The Protection of Pupil Rights Amendment (PPRA) governs the administration to students of a survey, analysis, or evaluation that concerns one or more of the following **eight protected areas**:

- a) Political affiliations or beliefs of the student or the student's parent/guardian;
- b) Mental or psychological problems of the student or the student's family;
- c) Sex behavior or attitudes;
- d) Illegal, anti-social, self-incriminating, or demeaning behavior;
- e) Critical appraisals of other individuals with whom respondents have close family relationships;
- f) Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
- g) Religious practices, affiliations, or beliefs of the student or student's parent/guardian; or
- h) Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

PPRA also concerns marketing surveys and other areas of student privacy, parental access to information, and the administration of certain physical examinations to minors.

### **General Provisions**

The requirements of PPRA do not apply to a survey administered to a student in accordance with the Individuals with Disabilities Education Act (IDEA). Further, PPRA does not supersede any of the requirements of FERPA.

The rights provided to parents/guardians under PPRA transfer from the parent/guardian to the student when the student turns 18 years old or is an emancipated minor under applicable State law.

The School District may use funds provided under Part A of Title V of the Elementary and Secondary Education Act of 1965 to enhance parental/guardian involvement in areas affecting the in-school privacy of students.

**SUBJECT: STUDENT PRIVACY, PARENTAL ACCESS TO INFORMATION, AND ADMINISTRATION OF CERTAIN PHYSICAL EXAMINATIONS TO MINORS (Cont'd.)**

## **Annual Parental Notification of Policies/"Opt Out" Provisions**

The School District shall provide for reasonable notice of the adoption or continued use of this policy directly to the parents/guardians of students enrolled in the District. At a minimum, the District shall provide such notice at least annually, at the beginning of the school year, and within a reasonable period of time after any substantive change in this policy.

Further, in the notification, the District shall offer an opportunity for parents/guardians to opt their child out of participation in the following activities:

- a) The administration of **any survey** containing one or more of the **eight protected areas**.
  - 1. **U.S. Department of Education-Funded Surveys: Prior written consent from parents must be obtained** before students are required to submit to the survey.
  - 2. **Surveys funded by sources other than U.S. Department of Education:** Notification may indicate the specific or approximate dates during the school year when surveys will be administered and provide an opportunity for the parent to opt his/her child out of participating upon receipt of the notification.
- b) Activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose).
- c) Any non-emergency, invasive physical examination or screening that is required as a condition of attendance; administered by the school and scheduled by the school in advance; and not necessary to protect the immediate health and safety of the student, or of other students. The term "*invasive physical examination*" means any medical examination that involves the exposure of private body parts, or any act during such examination that includes incision, insertion, or injection into the body, but *does not include a hearing, vision or scoliosis screening*.

## **Specific Notification**

In the event that the District does not identify the specific or approximate dates of the activities or surveys to be administered in the general annual notification, it shall "directly" notify, such as through U.S. Mail or e-mail, the parents of students who are scheduled to participate in the specific activities or surveys prior to participation and provide an opportunity for the parent to opt his/her child out of participation.

## **U.S. Department of Education-Funded Surveys**

In compliance with the Protection of Pupil Rights Amendment (PPRA), the School District is committed to protecting the rights and privacy interests of parents/guardians and students with regard to surveys funded in whole or part by any program administered by the U.S. Department of Education (DOE).

The District shall make instructional materials available for inspection by parents/guardians if those materials will be used in connection with a DOE-funded survey, analysis, or evaluation in which their children participate. In addition, the School District **shall obtain prior written parental/guardian consent** before minor students are required to participate in any DOE-funded survey, analysis, or evaluation that reveals information concerning any of the **eight protected areas**.

## **Surveys Funded by Sources Other than U.S. Department of Education**

The School District has developed and adopted this Board policy, in consultation with parents/guardians, regarding the following:

- a) The right of the parent/person in parental relation to inspect, upon request, a survey created by a third party (i.e., by a party other than the DOE) before the survey is administered or distributed by the school to a student. Requests by parents/guardians to inspect such surveys are to be submitted, in writing, to the Building Principal at least ten (10) days prior to the administration or distribution of any survey. Further, the District shall grant a request by the parent/guardian for reasonable access to such survey within a reasonable period of time after the request is received by the District.
- b) Arrangements shall be provided by the District to protect student privacy in the event of the administration or distribution of a survey to a student containing one or more of the **eight protected areas**, including the right of the parent/guardian of the student to inspect, upon request, any survey containing one or more of the **eight protected areas**. Such requests must be submitted by the parent/guardian, in writing, to the Building Principal at least 10 days prior to the administration or distribution of any survey.
- c) Parents/guardians shall be granted, upon request, reasonable access and the right to inspect instructional materials used as part of the educational curriculum for the student within a reasonable period of time (defined by the School District, for the purposes of this policy, as 30 days) after such request is received by the District. Requests shall be submitted by parents/guardians, in writing, to the Building Principal. The term *"instructional material"* means instructional content that is provided to a student, regardless of its format, including printed or representational materials, audiovisual materials, and materials in electronic or

digital formats (such as materials accessible through the Internet). *The term does not include academic tests or academic assessments.*

- d) The administration of physical examinations or screenings that the School District may administer to a student.

*Further, this law does not apply to any physical examination or screening that is permitted or required by State law, including physical examinations or screenings that are permitted without parental notification.*

In the implementation of this provision regarding the administration of physical examinations or screenings that the school may administer to the student, the School District incorporates by reference Board policies that address student health services, as applicable, including but not limited to policies regarding the administration of medication, immunization of students, and student physicals.

- e) Unless mandated/authorized in accordance with Federal or State law and/or regulation, it is policy of the Board of Education, to **not permit** the collection, disclosure, or use of personal information (the term "*personal information*" is defined as individually identifiable information including a student's or parent/guardian's first and last name; home address; telephone number; or Social Security number) collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose), *unless otherwise exempted pursuant to law as noted below*. Questions regarding the collection, disclosure, or use of personal information collected from students for such marketing purposes may be referred to the school attorney as deemed necessary by the Superintendent/designee.

This law is not intended to preempt applicable provisions of State law that require parental/guardian notification.

These requirements **do not apply** to the collection, disclosure, or use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions, such as the following:

- a) College or other postsecondary education recruitment, or *\*Military Recruitment*;

*\*Military recruiter access to student information is governed by the Family Educational Rights and Privacy Act of 1974 (FERPA) and the National Defense Authorization Act for Fiscal Year 2002.*

**SUBJECT: SCHOOL CONDUCT AND DISCIPLINE**

The Board of Education acknowledges its responsibility to protect the educational climate of the District and to promote responsible student behavior. Accordingly, the Board delegates to the Superintendent the responsibility for assuring the implementation of a *Code of Conduct for the Maintenance of Order on School Property*, including school functions, which shall govern the conduct of students as well as teachers, other school personnel, and visitors.

School property shall mean in or within any building, structure, athletic playing field, playground, parking lot or land contained within the real property boundary line of a public elementary or secondary school; or in or on a school bus as defined in Vehicle and Traffic Law Section 142. A school function shall mean a school-sponsored or school-authorized extracurricular event or activity regardless of where such event or activity takes place, including any event or activity that may take place in another state.

**SUBJECT: LOSS OR DESTRUCTION OF DISTRICT PROPERTY OR RESOURCES**

The District is authorized to seek restitution, through civil action when necessary, from the parent or guardian of an unemancipated student over the age of ten (10) and under the age of eighteen (18) where such student:

- a) Has willfully, maliciously, or unlawfully damaged, defaced or destroyed real or personal property in the care, custody and/or ownership of the District; or
- b) Has knowingly entered or remained in a District building, and wrongfully taken, obtained or withheld personal property owned or maintained by the District.

In instances where the District has sought and obtained a judgment from a court of competent jurisdiction, parent/guardian liability for civil damages shall not exceed five thousand dollars (\$5,000). Under certain circumstances, prior to the entering of a judgment in the sum total of five hundred dollars (\$500) or more, a court may consider the parent's or guardian's financial inability to pay any portion or all of the amount of damages which are in excess of five hundred dollars (\$500), and enter a judgment in an amount within the financial capacity of the parent or guardian. However, no such judgment shall be entered for an amount which is less than five hundred dollars (\$500).

**False Reporting of an Incident and/or Placing a False Bomb**

A School District is also authorized to seek restitution, as described in law, from a parent or guardian of an unemancipated student over the age of ten (10) and under the age of eighteen (18) where such student:

- a) Has falsely reported an incident; or
- b) Has placed a false bomb as defined in the New York State Penal Law.

Damages for falsely reporting an incident or placing a false bomb shall mean the funds reasonably expended by the School District in responding to such false report of an incident or false bomb, less the amount of any funds which have been or will be recovered from any other source as enumerated in law.

In seeking restitution, the School District shall file with the court, the County District Attorney and defense counsel an affidavit stating that the funds reasonably expended for which restitution is being sought have not been and will not be recovered from any other source or in any other civil or criminal proceeding, except as provided for pursuant to General Obligations Law Section 3-112.

**SUBJECT: SUSPENSION OF STUDENTS**

The Superintendent and/or the Principal may suspend the following students from required attendance upon instruction:

- a) A student who is insubordinate or disorderly; or
- b) A student who is violent or disruptive; or
- c) A student whose conduct otherwise endangers the safety, morals, health or welfare of others.

When a student has been suspended and is of compulsory attendance age, immediate steps shall be taken to provide alternative instruction which is of an equivalent nature to that provided in the student's regularly scheduled classes.

**Suspension**

Five Days or Less

The Superintendent and/or the Principal of the school where the student attends shall have the power to suspend a student for a period not to exceed five (5) school days. In the absence of the Principal, the designated "Acting Principal" may then suspend a student for a period of five (5) school days or less.

When the Superintendent or the Principal (the "suspending authority") proposes to suspend a student for five (5) school days or less, the suspending authority shall provide the student with **notice** of the charged misconduct. If the student denies the misconduct, the suspending authority shall provide an **explanation** of the basis for the suspension.

When suspension of a student for a period of five (5) school days or less is proposed, administration shall also immediately notify the parent/person in parental relation in writing that the student *may be* suspended from school.

Written notice shall be provided by personal delivery, express mail delivery, or equivalent means reasonably calculated to assure receipt of such notice within twenty-four (24) hours of the decision to propose suspension at the last known address or addresses of the parents/persons in parental relation. Where possible, notification shall also be provided by telephone if the school has been provided with a telephone number(s) for the purpose of contacting parents/persons in parental relation.

The notice shall provide a description of the incident(s) for which suspension is proposed and shall inform the student and the parent/person in parental relation of their right to request an immediate informal conference with the Principal in accordance with the provisions of Education Law Section 3214(3)(b). Both the notice and the informal conference shall be in the dominant language or

(Continued)

**SUBJECT: SUSPENSION OF STUDENTS (Cont'd.)**

mode of communication used by the parents/persons in parental relation. At the informal conference, the student and/or parent/person in parental relation shall be authorized to present the student's version of the event and to ask questions of the complaining witnesses.

The notice and opportunity for informal conference shall take place **prior to** suspension of the student unless the student's presence in the school poses a continuing danger to persons or property or an ongoing threat of disruption to the academic process, in which case the notice and opportunity for an informal conference shall take place as soon after the suspension as is reasonably practical.

Teachers shall immediately report or refer a violent student to the Principal or Superintendent for a violation of the *District's Code of Conduct* and a minimum suspension period.

More Than Five School Days

In situations where the Superintendent determines that a suspension in excess of five (5) school days may be warranted, the student and parent/person in parental relation, upon reasonable notice, shall have had an opportunity for a fair hearing. At the hearing, the student shall have the right of representation by counsel, with the right to question witnesses against him/her, and the right to present witnesses and other evidence on his/her behalf.

Where the basis for the suspension is, in whole or in part, the possession on school grounds or school property by the student of any firearm, rifle, shotgun, dagger, dangerous knife, dirk, razor, stiletto or any of the weapons, instruments or appliances specified in Penal Law Section 265.01, the hearing officer or Superintendent shall not be barred from considering the admissibility of such weapon, instrument or appliance as evidence, notwithstanding a determination by a court in a criminal or juvenile delinquency proceeding that the recovery of such weapon, instrument or appliance was the result of an unlawful search or seizure.

Minimum Periods of Suspension

Pursuant to law, Commissioner's Regulations and the *District's Code of Conduct*, minimum periods of suspension shall be provided for the following prohibited conduct, subject to the requirements of federal and state law and regulations:

- a) Consistent with the federal Gun-Free Schools Act, any student who is determined to have brought a weapon to school or possessed a weapon on school premises shall be suspended for a period of not less than one (1) calendar year. However, the Superintendent has the authority to modify this suspension requirement on a case-by-case basis.

(Continued)

**SUBJECT: SUSPENSION OF STUDENTS (Cont'd.)**

- b) A minimum suspension period for students who repeatedly are substantially disruptive of the educational process or substantially interfere with the teacher's authority over the classroom, provided that the suspending authority may reduce such period on a case-by-case basis to be consistent with any other state and federal law. The definition of "repeatedly is substantially disruptive of the educational process or substantially interferes with the teacher's authority" shall be determined in accordance with the Regulations of the Commissioner.
- c) A minimum suspension period for acts that would qualify the student to be defined as a violent student pursuant to Education Law Section 3214(2-a)(a), provided that the suspending authority may reduce such period on a case-by-case basis to be consistent with any other state and federal law.

**Suspension of Students with Disabilities**

Generally, should a student with a disability infringe upon the established rules of the schools, disciplinary action shall be in accordance with procedures set forth in the *District's Code of Conduct* and in conjunction with applicable law and the determination of the Committee on Special Education (CSE).

For suspensions or removals up to 10 school days in a school year that do not constitute a disciplinary change in placement, students with disabilities must be provided with alternative instruction or services on the same basis as non-disabled students of the same age.

If suspension or removal from the current educational placement constitutes a disciplinary change in placement because it is for more than ten (10) consecutive school days or constitutes a pattern because the suspensions or removals cumulate to more than ten school days in a school year, a manifestation determination must be made.

**Manifestation Determinations**

A review of the relationship between the student's disability and the behavior subject to disciplinary action to determine if the conduct is a manifestation of the disability must be made by a manifestation team immediately, if possible, but in no case later than ten (10) school days after a decision is made:

- a) By the Superintendent to change the placement to an interim alternative educational setting (IAES);
- b) By an Impartial Hearing Officer (IHO) to place the student in an IAES; or

(Continued)

Students

Students

**SUBJECT: SUSPENSION OF STUDENTS (Cont'd.)**

- c) By the Board, District Superintendent, Superintendent or Building Principal to impose a suspension that constitutes a disciplinary change of placement.

The manifestation team shall include a representative of the District knowledgeable about the student and the interpretation of information about child behavior, the parent and relevant members of the CSE as determined by the parent and the District. The parent must receive written notice prior to the meeting to ensure that the parent has an opportunity to attend. This notice must include the purpose of the meeting, the names of those expected to attend and notice of the parent's right to have relevant members of the CSE participate at the parent's request.

The manifestation team shall review all relevant information in the student's file including the student's IEP, any teacher observations, and any relevant information provided by the parents to determine if: the conduct in question was caused by or had a direct and substantial relationship to the student's disability; or the conduct in question was the direct result of the District's failure to implement the IEP.

Finding of Manifestation

If it is determined, as a result of this review, that the student's behavior is a manifestation of his/her disability the CSE shall conduct a functional behavioral assessment and implement or modify a behavioral intervention plan.

Functional behavioral assessment (FBA) means the process of determining why the student engages in behaviors that impede learning and how the student's behavior relates to the environment. FBA must be developed consistent with the requirements of Commissioner's Regulations Section 200.22(a) and shall include, but not be limited to, the identification of the problem behavior, the definition of the behavior in concrete terms, the identification of the contextual factors that contribute to the behavior (including cognitive and affective factors) and the formulation of a hypothesis regarding the general conditions under which a behavior usually occurs and probable consequences that serve to maintain it.

Behavioral intervention plan (BIP) means a plan that is based on the results of a functional behavioral assessment and, at a minimum, includes a description of the problem behavior, global and specific hypotheses as to why the problem behavior occurs and intervention strategies that include positive behavioral supports and services to address the behavior.

Unless the change in placement was due to behavior involving serious bodily injury, weapons, illegal drugs or controlled substances, the student must be returned to the placement from which the student was removed unless the parent and the District agree to a change of placement as part of the modification of the behavioral intervention plan.

(Continued)

**SUBJECT: SUSPENSION OF STUDENTS (Cont'd.)**

No Finding of Manifestation

If it is determined that the student's behavior is not a manifestation of his/her disability, the relevant disciplinary procedures applicable to students without disabilities may be applied to the student in the same manner in which they would be applied to students without disabilities, subject to the right of the parent/person in parental relation to request a hearing objecting to the manifestation determination and the District's obligation to provide a free, appropriate public education to such student.

Provision of Services Regardless of the Manifestation Determination

Regardless of the manifestation determination, students with a disability shall be provided the services necessary for them to continue to participate in the general education curriculum and progress toward meeting the goals set out in their IEP as delineated below:

- a) During suspensions or removals for periods of up to ten (10) school days in a school year that do not constitute a disciplinary change in placement, students with disabilities of compulsory attendance age shall be provided with alternative instruction on the same basis as nondisabled students. Students with disabilities who are not of compulsory attendance age shall be entitled to receive services during such suspensions only to the extent that services are provided to nondisabled students of the same age who have been similarly suspended.
- b) During subsequent suspensions or removals for periods of ten (10) consecutive school days or less that in the aggregate total more than ten (10) school days in a school year but do not constitute a disciplinary change in placement, students with disabilities shall be provided with services necessary to enable the student to continue to participate in the general education curriculum and to progress toward meeting the goals set out in the student's IEP and to receive, as appropriate, a functional behavioral assessment, behavioral intervention services and modifications that are designed to address the behavior violation so it does not recur. School personnel, in consultation with at least one (1) of the student's teachers, shall determine the extent to which services are needed, so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress in meeting the goals set out in the student's IEP.
- c) During suspensions or other disciplinary removals, for periods in excess of ten (10) school days in a school year which constitute a disciplinary change in placement, students with disabilities shall be provided with services necessary to enable the student to continue to participate in the general education curriculum, to progress toward meeting the goals set out in the student's IEP, and to receive, as appropriate, a functional behavioral assessment, behavioral intervention services and modifications that are designed to address the behavior violation so it does not recur. The IAES and services shall be determined by the CSE.

(Continued)

**SUBJECT: SUSPENSION OF STUDENTS (Cont'd.)**

**Interim Alternative Educational Setting (IAES)**

Students with disabilities who have been suspended or removed from their current placement for more than ten (10) school days may, as determined by the CSE, be placed in an IAES which is a temporary educational setting other than the student's current placement at the time the behavior precipitating the IAES placement occurred.

Additionally, the District may seek an order from a hearing officer for a change in placement of a student with a disability to an appropriate IAES for up to forty-five (45) school days if the District establishes, in accordance with law, that such student is substantially likely to injure himself/herself or others.

There are three (3) specific instances when a student with a disability may be placed in an IAES for up to forty-five (45) school days without regard to a manifestation determination:

- a) Where the student carries or possesses a weapon to or at school, on school premises, or to or at a school function under the jurisdiction of the District; or
- b) Where a student knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance under the jurisdiction of the District while at school, on school premises, or at a school function under the jurisdiction of the District; or
- c) Where a student has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of the District. Serious bodily harm has been defined in law to refer to one of the following:
  - 1. Substantial risk of death;
  - 2. Extreme physical pain; or
  - 3. Protracted and obvious disfigurement or protracted loss or impairment of the function of a bodily member, organ or mental faculty.

A school function shall mean a school-sponsored or school-authorized extracurricular event or activity regardless of where such event or activity takes place, including any event or activity that may take place in another state.

School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a student with a disability who violates a code of student conduct.

(Continued)

**SUBJECT: SUSPENSION OF STUDENTS (Cont'd.)**

In all cases, the student placed in an IAES shall:

- a) Continue to receive educational services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress towards the goals set out in the student's IEP, and
- b) Receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur.

The period of suspension or removal may not exceed the amount of time a non-disabled student would be suspended for the same behavior.

**Suspension From BOCES**

The BOCES Principal may suspend School District students from BOCES classes for a period not to exceed five (5) school days when student behavior warrants such action.

**In-School Suspension**

In-school suspension will be used as a lesser discipline to avoid an out-of-school suspension. The student shall be considered present for attendance purposes. The program is used to keep each student current with his/her class work while attempting to reinforce acceptable behavior, attitudes and personal interaction.

**BOCES Activities**

BOCES activities, such as field trips and other activities outside the building itself, are considered an extension of the school program. Therefore, an infraction handled at BOCES is to be considered as an act within the School District itself.

A student who is ineligible to attend a District school on a given day may also be ineligible to attend BOCES classes. The decision rests with the Superintendent or his/her designee.

**Exhaustion of Administrative Remedies**

If a parent/person in parental relation wishes to appeal the decision of the Building Principal and/or Superintendent to suspend a student from school, regardless of the length of the student's suspension, the parent/person in parental relation must appeal to the Board of Education prior to commencing an appeal to the Commissioner of Education.

(Continued)

**SUBJECT: SUSPENSION OF STUDENTS (Cont'd.)**

**Procedure After Suspension**

When a student has been suspended and is of compulsory attendance age, immediate steps shall be taken to provide alternative instruction which is of an equivalent nature to that provided in the student's regularly scheduled classes.

When a student has been suspended, the suspension may be revoked by the Board of Education whenever it appears to be for the best interest of the school and the student to do so. The Board of Education may also condition a student's early return to school and suspension revocation on the student's voluntary participation in counseling or specialized classes, including anger management or dispute resolution, where applicable.

## **SUBJECT: STUDENTS PRESUMED TO HAVE A DISABILITY FOR DISCIPLINE PURPOSES**

The parent of a student who has violated any rule or code of conduct of the School District and who was not identified as a student with a disability at the time of such behavior may assert several protections provided for under the Individuals with Disabilities Education Act (IDEA) and State regulations *if the School District is deemed to have had knowledge (as determined in accordance with law and/or regulations and referenced below) that the student was a student with a disability before the behavior that precipitated the disciplinary action occurred.*

### **Basis of Knowledge**

The School District shall be deemed to have knowledge that the student had a disability if prior to the time the behavior occurred:

- a) The parent of the student has expressed concern in writing to supervisory or administrative personnel, or to a teacher of the student, that the student is in need of special education and related services. However, expressions of concern may be oral if the parent does not know how to write or has a disability that prevents a written statement;
- b) The parent of the student has requested an evaluation of the student in writing; or
- c) A teacher of the student, or other District personnel, has expressed specific concerns about a pattern of behavior demonstrated by the student, directly to the Director of Special Education or to other supervisory personnel in accordance with the District's established child find or special education referral system.

### **Exception**

A student is not a student presumed to have a disability for discipline purposes if, as a result of receiving the information specified above (i.e., subheading "Basis of Knowledge"):

- a) The parent of the student has not allowed an evaluation of the student pursuant to law and/or regulations;
- b) The parent of the student has refused services under law and/or regulations; or
- c) The student has been evaluated and it was determined that the student is not a student with a disability.

## **SUBJECT: STUDENTS PRESUMED TO HAVE A DISABILITY FOR DISCIPLINE PURPOSES (Cont'd.)**

### **Responsibility for Determining Whether a Student is a Student Presumed to Have a Disability**

If it is claimed by the parent of the student or by School District personnel that the District had a basis for knowledge, in accordance with law and/or regulation, that the student was a student with a disability prior to the time the behavior subject to disciplinary action occurred, it shall be the responsibility of the Superintendent of Schools, Building Principal or other school official imposing the suspension or removal to determine whether the student is a student presumed to have a disability.

### **Conditions That Apply if There is No Basis of Knowledge**

If it is determined that there is no basis for knowledge that the student is a student with a disability prior to taking disciplinary measures against the student, the student may be subjected to the same disciplinary measures as any other nondisabled student who engaged in comparable behaviors.

However, if a request for an individual evaluation is made during the time period in which such nondisabled student is subjected to a disciplinary removal, an expedited evaluation shall be conducted in accordance with law and/or regulations. Pending the results of the evaluation, the student shall remain in the educational placement determined by school authorities.

If the student is determined to be a student with a disability, taking into consideration information from the evaluation and information provided by the parents, the District shall provide special education and related services in accordance with law and/or regulations.

**SUBJECT: STUDENT USE OF COMPUTERIZED INFORMATION RESOURCES  
(ACCEPTABLE USE POLICY)**

The Board of Education will provide access to various computerized information resources through the District's computer system ("DCS" hereafter) consisting of software, hardware, computer networks and electronic communications systems. This may include access to electronic mail, so-called "on-line services" and the "Internet." It may include the opportunity for some students to have independent access to the DCS from their home or other remote locations. All use of the DCS, including independent use off school premises, shall be subject to this policy and accompanying regulations. Further, all such use must be in support of education and/or research and consistent with the goals and purposes of the School District.

**Access to Inappropriate Content/Material and Use of Personal Technology or Electronic Devices**

This policy is intended to establish general guidelines for the acceptable student use of the DCS and also to give students and parents/guardians notice that student use of the DCS could provide student access to external computer networks not controlled by the School District. The District cannot screen or review all of the available content or materials on these external computer networks. Thus some of the available content or materials on these external networks may be deemed unsuitable for student use or access by parents/guardians.

Despite the existence of District policy, regulations and guidelines, it is virtually impossible to completely prevent access to content or material that may be considered inappropriate for students. Students may have the ability to access such content or material from their home, other locations off school premises and/or with a student's own personal technology or electronic device on school grounds or at school events. Parents and guardians must be willing to establish boundaries and standards for the appropriate and acceptable use of technology and communicate these boundaries and standards to their children. The appropriate/acceptable use standards outlined in this policy apply to student use of technology via the DCS or any other electronic media or communications, including by means of a student's own personal technology or electronic device on school grounds or at school events.

**Standards of Acceptable Use**

Generally, the same standards of acceptable student conduct which apply to any school activity shall apply to use of the DCS. This policy does not attempt to articulate all required and/or acceptable uses of the DCS; nor is it the intention of this policy to define all inappropriate usage. Administrative regulations will further define general guidelines of appropriate student conduct and use as well as proscribed behavior.

District students shall also adhere to the laws, policies and rules governing computers including, but not limited to, copyright laws, rights of software publishers, license agreements, and student rights of privacy created by federal and state law.

(Continued)

**SUBJECT: STUDENT USE OF COMPUTERIZED INFORMATION RESOURCES  
(ACCEPTABLE USE POLICY) (Cont'd.)**

Students who engage in unacceptable use may lose access to the DCS in accordance with applicable due process procedures, and may be subject to further discipline under the District's school conduct and discipline policy and the District Code of Conduct. The District reserves the right to pursue legal action against a student who willfully, maliciously or unlawfully damages or destroys property of the District. Further, the District may bring suit in civil court against the parents/guardians of any student who willfully, maliciously or unlawfully damages or destroys District property pursuant to General Obligations Law Section 3-112.

Student data files and other electronic storage areas will be treated like school lockers. This means that such areas shall be considered to be School District property subject to control and inspection. The Computer Coordinator may access all such files and communications to ensure system integrity and that users are complying with the requirements of this policy and accompanying regulations. Students should **NOT** expect that information stored on the DCS will be private.

**Notification**

The District's Acceptable Use Policy and Regulations will be disseminated to parents and students in order to provide notice of the school's requirements, expectations, and students' obligations when accessing the DCS.

Regulations will be established as necessary to implement the terms of this policy.

**SUBJECT: USE OF TELECOMMUNICATION DEVICES**

The Mount Pleasant Central School District Board of Education recognizes that students and employees are permitted to carry and make reasonable use of beepers, cellular phones, personal data assistants, and/or other telecommunication devices presently existing or to be developed. At no time, however, shall use of these devices disrupt the educational activities of the Mount Pleasant Central School District. Use of telecommunication devices shall not infringe on the rights of others.

All disruptive use of telecommunication devices is prohibited during school hours. Such disruptive use includes but is not limited to:

- a) Use in a classroom, laboratory, library, study hall, gymnasium, or other educational activity area including incoming call signaling, vibration alerts, or other signaling means.
- b) Use in hallways, corridors, stairways, elevators, bathrooms, or other common areas. Such use is considered to be distracting and a potential safety hazard.
- c) Permitted use that interferes with or otherwise disrupts the telecommunications, telephones, computer networks, or other electronic devices of the Mount Pleasant Central School District.
- d) Use during any educational assessment activity including but not limited to exams, quizzes, evaluations, or standardized testing. During such assessment activities, all telecommunication devices shall be rendered inoperative and placed out of visual and hearing range.

Disruptive use of telecommunication devices by a student will subject that device to temporary confiscation to discourage further misuse.

Non-disruptive use of telecommunication devices on school grounds during school hours is subject to the determination of the Principal.

The Superintendent of Schools is hereby directed to work with building administrators to formulate regulations to enact this policy.

Adopted: 2/27/08

**SUBJECT: STUDENT USE OF PERSONAL TECHNOLOGY**

The Board of Education seeks to maintain a safe and secure environment for students and staff. Advances in technology have made it possible to expand the learning environment beyond traditional classroom boundaries. Using personal electronic devices during instructional time can enable students to explore new concepts, personalize their learning experience and expand their global learning opportunities. Additionally, the use of personal technology devices is ubiquitous in today's society and standards for student use during non-instructional time should adapt to this change. This policy defines the use of personal technology during instructional and non-instructional times and reinforces the standard that all use, regardless of its purpose, must follow the guidelines outlined in the Student Acceptable Use Policy (AUP), the District's *Code of Conduct*, and the Dignity for All Students Act.

Personal electronic devices includes all forms of existing and emerging technology devices that can take photographs; record audio or video; input text; upload and download media; and transmit or receive messages or images.

Instructional purposes include, but are not limited to, approved classroom activities, research, college admissions activities, career development, communication with experts, homework and other activities as deemed appropriate by school staff.

Personal technology use by students is permitted during the school day for educational purposes and/or in approved locations only. Teachers will indicate when and if classroom use is acceptable. Students are expected to act responsibly and thoughtfully when using technology resources. Students bear the burden of responsibility to inquire with school administrators and/or teachers when they are unsure of the permissibility of a particular use of technology prior to engaging in such use.

Appropriate use of personal technology during non-instructional time is also allowed if students follow the guidelines in the AUP and *Code of Conduct*. Non-instructional use includes texting, calling and otherwise communicating with others during free periods and in common areas of the school building such as the hallways, cafeteria, study halls, buses and student lounges. Other non-instructional uses may include such things as Internet searches, reading, listening to music, and watching videos. This use during non-instructional time must be conducted in a safe and unobtrusive manner. Devices must be in silent mode to avoid disrupting others.

(Continued)

**SUBJECT: STUDENT USE OF PERSONAL TECHNOLOGY (Cont'd.)**

The District shall not be liable for the loss, damage, misuse, or theft of any personal technology brought to School. The District reserves the right to monitor, inspect, and/or confiscate personal technology when administration has reasonable suspicion to believe that a violation of school policy or criminal law has occurred.

The Board expressly prohibits use of personal technology in locker rooms, restrooms, Health Offices and any other areas where a person would reasonably expect some degree of personal privacy.

Students will not be permitted to use personal technology devices in school or at school functions until they have reviewed the AUP, the applicable sections of the *Code of Conduct* and associated technology guidelines, and signed the Student Use of Personal Technology (#7000F) Permission Form with their parents. The District reserves the right to restrict student use of District-owned technologies and personal technology on school property or at school-sponsored events, at the discretion of the administration.

Students must follow the guidelines for use set out in the District *Code of Conduct* and the Acceptable Use Policy at all times. Consequences for misuse will follow guidelines in the District's *Code of Conduct*. The District will develop regulations for the implementation of this policy that shall include, but are not limited to, instructional use, non-instructional use, liability, bullying and cyberbullying, and privacy issues.

**SUBJECT: ALCOHOL, TOBACCO, DRUGS, AND OTHER SUBSTANCES**

The Board recognizes that the use of alcohol, illegal drugs, tobacco, electronic cigarettes (e-cigarettes), and other harmful substances by students is a serious problem with legal, physical, emotional, and social implications for our students, as well as the entire community. Therefore, the consumption, sharing, selling, use, or possession of alcoholic beverages, Tobacco (as defined in Policy 5640), illegal drugs, counterfeit and designer drugs, or paraphernalia for the use of any of these substances is prohibited at all school-sponsored functions, on School Grounds, and on school buses at all times. The unauthorized use or misuse of prescription and over-the-counter drugs is also prohibited.

Students are not permitted to be under the influence of alcohol or other prohibited substances on school grounds or at school-sponsored events. A school-sponsored function includes a school sponsored or school-authorized extracurricular event or activity regardless of when and where the event or activity takes place.

**Smoking**

The use and possession of Tobacco products is prohibited by Policy 5640.

**Non-Medical Use of Prescription Drugs**

Non-medical use of prescription drugs is prohibited. If a student is found to be in possession of these substances, he or she will be disciplined in accordance with the District *Code of Conduct*.

**Disciplinary Measures**

Disciplinary measures for students consuming, sharing, selling, using, or possessing alcoholic beverages, Tobacco products, illegal drugs, counterfeit and designer drugs, or paraphernalia for the use of these substances are outlined in the District *Code of Conduct*.

## **SUBJECT: SEARCHES AND INTERROGATIONS OF STUDENTS**

A student may be searched and prohibited items seized on school grounds or in a school building by an authorized District official only when he or she has reasonable suspicion to believe the student has engaged in or is engaging in activity, either in or out of school or the school day, which is in violation of the law and/or the rules of the school (i.e., the District *Code of Conduct*). The reasonableness of any search involves a twofold inquiry: 1) school officials must first determine whether the action was justified at its inception, and 2) determine whether the search, as actually conducted, was reasonably related in scope to the circumstances which justified the interference in the first place.

Factors to be considered in determining whether reasonable suspicion exists to search a student include:

- a) The age of the student;
- b) The student's school record and past history;
- c) The predominance and seriousness of the problem in the school where the search is directed;
- d) The probative value and reliability of the information used as a justification for the search;
- e) The school official's prior knowledge of and experience with the student; and
- f) The urgency to conduct the search without delay.

If reasonable suspicion exists to believe that a student has violated or is violating the law and/or school rules, it is permissible for an authorized school official to search that student's outer clothing, pockets, or property. The search may include, but is not limited to, the student's outer clothing such as a jacket or coat, pockets, backpack, and/or purse. Whenever possible, searches will be conducted by a staff member of the same sex as the student and another staff member will be present as a witness.

### **Strip Searches**

A strip search is a search that requires a student to remove any or all of his or her clothing, other than an outer coat or jacket. Strip searches are intrusive in nature and are almost never justified. If school officials have highly credible evidence that such a search would prevent danger or yield evidence, such a search may be conducted under exigent circumstances. In the alternative, if school authorities believe there is an emergency situation that could threaten the safety of others, the student will, to the extent practicable, be isolated and secured. Police and parents will be contacted immediately.

(Continued)

**SUBJECT: SEARCHES AND INTERROGATIONS OF STUDENTS (Cont'd.)**

**Scope of Search**

School officials are authorized to conduct searches of students and their belongings if the authorized school official has reasonable suspicion to believe that the search will produce evidence that the student has violated or is violating the law and/or the *Code of Conduct*.

School officials, whenever possible, will seek the least intrusive means to conduct a search to safeguard the privacy interests of students in their person and property.

**Searches and Seizure of School Property**

Student desks, lockers, textbooks, computers, and other materials, supplies, or storage spaces loaned by the school to students remain the property of the school, and may be opened and inspected by school employees at any time without prior notice and without their consent. The purpose of these searches, when they occur, is to ensure the safety of students, faculty, and staff, enhance school security and prevent disruptions of the learning environment. Students have no reasonable expectation of privacy with respect to school property; and school officials retain complete control over this property. However, a student's personal belongings contained within a locker, desk, etc. are subject to the reasonable suspicion standard for searches by an authorized school official.

**Parent Notification**

The student's parent or guardian will be notified if any illegal, prohibited, or dangerous articles or materials are found in the student's locker, vehicle, or other property or possessions, or on the student's person, as a result of a search conducted in accordance with this policy, unless such items were known to be provided by the parent or guardian.

**Documentation of Searches**

The designated school official conducting the search will be responsible for the custody, control, and disposition of any illegal, prohibited, or dangerous items taken from the student. The school official or designee must clearly label each item taken from the student and retain control of the item(s) until the item(s) is turned over to the police or secured by alternate means.

This school official will also be responsible for promptly documenting information about the search including, but not limited to, the reason for the search, the purpose of the search, the type and scope of the search, and the results of the search.

**SUBJECT: SEARCHES AND INTERROGATIONS OF STUDENTS (Cont'd.)**

**Questioning of Students by School Officials**

School officials based on occurrence within or after school hours have the right to question students regarding any violations of school rules and/or illegal activity. In general, school officials may conduct investigations concerning reports of misconduct including, but not limited to, questioning students, staff, parents/guardians, or other individuals as may be appropriate and, when necessary, determining disciplinary action in accordance with applicable due process rights.

Should the questioning of students by school officials focus on the actions of one particular student, the student will be questioned, if possible, in private outside the presence of other students, by the appropriate school administrator(s). The student's parent or guardian may be contacted; the degree, if any, of parental or guardian involvement will vary depending upon the nature and the reason for questioning, and the necessity for further action which may occur as a result.

The questioning of students by school officials does not preclude subsequent questioning or interrogations by police authorities as otherwise permitted by law. Similarly, the questioning of students by school officials does not negate the right or responsibility of school officials to contact appropriate law enforcement agencies, as necessary, with regard to statements given by students to school officials.

School officials acting alone and on their own authority, without the involvement of, or on behalf of law enforcement officials, are not required to give the so-called "Miranda warnings" (i.e., advising a person, prior to any custodial interrogations as defined in law, of the right to remain silent; that any statement made by the individual may be used as evidence against him or her; and that the individual has the right to the presence of an attorney, either retained or appointed) prior to the questioning of students.

**Law Enforcement Officials**

A cooperative effort will be maintained between the school administration and law enforcement agencies. Law enforcement officials may be summoned in order to conduct an investigation of alleged criminal conduct on school premises or during a school-sponsored activity, or to maintain the educational environment. They may also be summoned for the purpose of maintaining or restoring order when the presence of officers is necessary to prevent injury to persons or property.

Administrators have the responsibility and authority to determine when the assistance of law enforcement officers is necessary within their respective jurisdictions.

(Continued)

**SUBJECT: SEARCHES AND INTERROGATIONS OF STUDENTS (Cont'd.)****Dissemination of Information**

Copies of this policy will be distributed to students when they enroll in school, and will be included in the District *Code of Conduct* available to students and parents at the beginning of each school year.

**Interrogation of Students by Law Enforcement Officials**

Generally, police authorities may only interview students on school premises without the permission of the parent or guardian in situations where a warrant has been issued for the student's arrest (or removal). Police authorities may also question students for general investigations or general questions regarding crimes committed on school property. In all other situations, unless an immediate health or safety risk exists, if the police wish to speak to a student without a warrant they must address the matter directly with the student's parent or guardian.

Whenever police wish to question a student on school premises, administration will attempt to notify the student's parent or guardian.

If possible, questioning of a student by police will take place in a private area outside the presence of other students but in the presence of the building principal or designee.

**Child Protective Services' Investigations**

Occasionally, Child Protective Services (CPS) may desire to conduct interviews of students on school property. These interviews generally pertain to allegations of suspected child abuse or maltreatment. The Board encourages cooperation with CPS with respect to access to records and access to any child named as a victim, any of the victim's siblings, or any other child residing in the same home as the named victim, in accordance with applicable law.

**SUBJECT: BUS RULES AND REGULATIONS**

The Mount Pleasant Central School District furnishes transportation to those students whose disability or distance from the school make the service essential. Except as otherwise mandated in a student's Individualized Education Program (IEP), riding these buses is a privilege and may be withdrawn if the student does not comply with the rules and regulations set forth in this District.

Bus drivers shall be held responsible for reasonable and acceptable behavior of students while riding the school bus. Students riding school buses are expected to conform to the rules of conduct in order to permit the bus driver to transport his/her passengers safely.

The Board of Education, the Superintendent and/or his/her designee has the authority to suspend the transportation privileges of children who are disorderly and insubordinate on buses. Generally, parent(s)/guardian(s) will be required to make alternative transportation arrangements for their children who have been suspended from riding the bus. However, the effect of a suspension from transportation on the student's ability to attend school will be considered. If a suspension from transportation effectively results in a suspension from attendance because of the distance between the home and the school and the absence of alternative public or private means of transportation, the District shall make appropriate arrangements to provide for the student's education.

If a student with a disability who receives transportation as a related service as part of his/her Individualized Education Program is being considered for suspension from transportation, and that suspension would effectively result in a change in placement, the student shall be referred to the Committee on Special Education.

The Board directs the administration to establish rules and regulations for student conduct on buses, including applicable due process rights to be afforded students suspended from transportation privileges. These rules and regulations shall be promulgated to all concerned, including the nonpublic schools to which students are transported.

## **SUBJECT: CORPORAL PUNISHMENT/EMERGENCY INTERVENTIONS**

### **Corporal Punishment**

Corporal punishment as a means of discipline shall not be used against a student by any teacher, administrator, officer, employee or agent of this School District.

Whenever a school employee uses physical force against a student, the school employee shall, within the same school day, make a report to the Superintendent describing in detail the circumstances and the nature of the action taken.

The Superintendent of Schools shall submit a written report semi-annually to the Commissioner of Education, with copies to the Board of Education, by January 15 and July 15 of each year, setting forth the substance of each written complaint about the use of corporal punishment received by the School District authorities during the reporting period, the results of each investigation, and the action, if any, taken by the school authorities in each case.

### **Emergency Interventions**

However, if alternative procedures and methods which would not involve physical force do not work, then the use of reasonable physical force is not prohibited for the following reasons:

- a) Self-protection;
- b) Protection of others;
- c) Protection of property; or
- d) Restraining/removing a disruptive student.

Such emergency interventions shall only be used in situations where alternative procedures and methods not involving the use of reasonable physical force cannot reasonably be employed. Emergency interventions shall not be used as a punishment or as a substitute for systematic behavioral interventions that are designed to change, replace, modify or eliminate a targeted behavior.

Staff who may be called upon to implement emergency interventions will be provided appropriate training in safe and effective restraint procedures. The parent(s) of the student shall be notified whenever an emergency intervention is utilized.

The District will maintain documentation on the use of emergency interventions for each student including:

- a) Name and date of birth of student;

## **SUBJECT: WEAPONS IN SCHOOL AND THE GUN-FREE SCHOOLS ACT**

### **Weapons in School**

The possession of a weapon on school property, in District vehicles, in school buildings, or at school sponsored activities or settings under the control and supervision of the District regardless of location, is strictly prohibited, except by law enforcement personnel. Any person possessing a weapon for educational purposes in any school building must have written authorization of the Superintendent of Schools or his/her designee.

The Penal Code of the State of New York shall be used to determine what is considered a weapon.

Penal Law Sections 265.01-265.06

### **Specific Penalties Imposed by the Gun-Free Schools Act**

No student shall bring or possess any "firearm" as defined in federal law on school premises (including school buildings and grounds, District vehicles, school settings and/or school sponsored activities under the control and supervision of the District regardless of location). For purposes of this policy, the term "firearm" includes any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; the frame or receiver of such weapon; any firearm muffler or silencer; or any "destructive device" (e.g., any explosive, incendiary, or poison gas, including bombs, grenades, rockets or other similar devices). The term does not include a rifle which the owner intends to use solely for sporting, recreational or cultural purposes; antique firearms; or Class C common fireworks.

In accordance with the Gun-Free Schools Act and Education Law Section 3214(3)(d), any student who brings or possesses a dangerous weapon or firearm, as defined in federal law, on school property, will be referred by the Superintendent to the appropriate agency or authority for a juvenile delinquency proceeding in accordance with Family Court Act Article 3 when the student is under the age of sixteen (16) except for a student fourteen (14) or fifteen (15) years of age who qualifies for juvenile offender status under the Criminal Procedure Law, and will be referred by the Superintendent to the appropriate law enforcement officials when the student is sixteen (16) years of age or older or when the student is fourteen (14) or fifteen (15) years of age and qualifies for juvenile offender status under the Criminal Procedure Law. For purposes of this policy, the term "dangerous weapon" means a weapon, device, instrument, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, except that such term does not include a pocket knife with a blade of less than two and one-half inches (2 1/2") in length.

In addition, any student attending a District school who has been found guilty of bringing a firearm to or possessing a firearm on school property, after a hearing has been provided pursuant to Education Law Section 3214, shall be suspended for a period of not less than one (1) calendar year

and any student attending a non-district school who participates in a program operated by the School District using funds from the Elementary and Secondary Education Act of 1965 who is determined to have brought a firearm to or possessed a firearm at a District school or on other premises used by the School District to provide such programs shall be suspended for a period of not less than one (1) calendar year from participation in such program. The procedures of Education Law Section 3214(3) shall apply to such a suspension of a student attending a non-district school. Further, after the imposition of the one (1) year penalty has been determined, the Superintendent of Schools has the authority to modify this suspension requirement for each student on a case-by-case basis. In reviewing the student's one (1) year suspension penalty, the Superintendent may modify the penalty based on factors as set forth in Regulations of the Commissioner of Education Section 100.2 and in Commissioner's Decisions. The determination of the Superintendent shall be subject to review by the Board of Education in accordance with Education Law Section 3214(3)(c) and by the Commissioner of Education in accordance with Education Law Section 310.

### Student with a Disability

Pursuant to Commissioner Regulations, a student with a disability who is determined to have brought a weapon (including a firearm) to school or possessed a weapon (including a firearm) at school may be placed in an interim alternative educational setting, in accordance with federal and state law, for not more than forty-five (45) calendar days. If the parent or guardian requests an impartial hearing, the student must remain in the interim alternative placement until the completion of all proceedings, unless the parent or guardian and District can agree on a different placement. For more information regarding Interim Alternative Educational Settings (IAES), refer to Policy #7313 -- Suspension of Students.

However, a student with a disability may be given a long term suspension pursuant to the Gun-Free Schools Act only if a group of persons knowledgeable about the student, as defined in federal regulations implementing the Individuals with Disabilities Education Act (IDEA), determines that the bringing of a firearm to school or possessing a firearm at school was not a manifestation of the student's disability, subject to applicable procedural safeguards.

If it is determined that the student's bringing of a firearm to school or possessing a firearm at school was a manifestation of the student's disability, the Superintendent must exercise his/her authority under the Gun-Free Schools Act to modify the long term suspension requirement, and determine that the student may not be given a long term suspension for the behavior. The Committee on Special Education may review the student's current educational placement and initiate change in placement proceedings, if appropriate, subject to applicable procedural safeguards.

The District may offer home instruction as an interim alternative educational setting during the pendency of review proceedings only if the student's placement in a less restrictive alternative educational setting is substantially likely to result in injury either to the student or to others.

## **SUBJECT: WEAPONS IN SCHOOL AND THE GUN-FREE SCHOOLS ACT (Cont'd.)**

The District may also seek a court order to immediately remove a student with a disability from school if the District believes that maintaining the student in the current educational placement is substantially likely to result in injury to the student or to others.

Students with disabilities continue to be entitled to all rights enumerated in the Individuals with Disabilities Act and Education Law Article 89; and this policy shall not be deemed to authorize suspension of students with disabilities in violation of these laws.

This policy does not prohibit the District from utilizing other disciplinary measures including, but not limited to, out-of-school suspensions for a period of five days or less, or in-school suspensions, in responding to other types of student misconduct which infringe upon the established rules of the school. Additionally, this policy does not diminish the authority of the Board of Education to offer courses in instruction in the safe use of firearms pursuant to Education Law Section 809-a.

The District will continue to provide the suspended student who is of compulsory attendance age with appropriate alternative instruction during the period of the student's suspension.

## **SUBJECT: SCHOOL SPONSORED ACTIVITIES**

The Board of Education considers School-Sponsored activities to be a valuable part of the program of the school and shall support these activities within the financial means of the District.

Further, recognizing that student activities play an integral role in a student's overall program, the Board of Education has established the following criteria for School-Sponsored activities:

- a) Student activities must have educational value for students;
- b) Student activities must be in balance with other curricular activities in the schools; and
- c) Student activities must be managed in a professional manner.

Further, any expenses involved in participating in any student activity and/or in the total program for a school year should be set so that students may participate without financial strain.

In addition, student activities should be held after classes are dismissed or at appropriate time during class time. The educational needs of students will take priority over School-Sponsored activities.

### **Limited Open Forum**

The Board of Education maintains a limited open forum where secondary students may meet for voluntary student-initiated activities unrelated directly to the instructional program, regardless of religious, political or philosophical content.

To provide "a fair opportunity" to students who wish to conduct a meeting, the Board of Education, in accordance with the provisions of the Equal Access Act, shall ensure that:

- a) The meeting is voluntary and student-initiated;
- b) There is no sponsorship of the meeting by the school, the government, or its agents or employees;
- c) Employees or agents of the school or government are present at religious meetings only in a nonparticipatory capacity;
- d) The meeting does not materially and substantially interfere with the orderly conduct of educational activities within the school; and
- e) Nonschool persons may not direct, conduct, control, or regularly attend activities of student groups (20 USC Section 4071[c]).

## **SUBJECT: EXTRACURRICULAR ACTIVITIES (Cont'd.)**

The Board prohibits student organizations including fraternities and sororities or any other secret societies whose activities may be unlawful or may cause disruption or interference with the orderly conduct of the educational process.

Administration is responsible for establishing regulations governing the use of school facilities by student organizations.

### **Eligibility for Attendance**

- a) Students who are suspended from school on a day of an athletic game or practice session, party, school dance, or other school affair scheduled after regular school hours are not eligible for participation or attendance at such events.
- b) In order for students to attend a school-sponsored function, it is necessary that students attend classes for at least one half (1/2) of the school day on the day of the activity, unless otherwise excused by the building administrator.

## **SUBJECT: SPORTS AND THE ATHLETIC PROGRAM**

### **General Principles and Eligibility**

Athletics are an integral part of a well-balanced educational program. The District's interscholastic athletic program will conform with the Commissioner's regulations, as well as the established rules of the New York State Public High School Athletic Association (NYSPHSAA) and the State Education Department.

Athletic eligibility requires that the student:

- a) Provide written parental or guardian consent. The consent form must contain information regarding mild traumatic brain injuries (concussions) as specified in the Commissioner's regulations.
- b) Obtain medical clearance from the school physician or nurse practitioner or the student's personal physician. The school physician or nurse practitioner retains final approval on any physicals performed by a student's personal physician.
- c) Meet the requirements for interscholastic competition as set forth by the Commissioner's regulations and the NYSPHSAA.
- d) Comply with all District rules, codes, and standards applicable to athletic participation.

### **Title IX Compliance**

The Board supports equal athletic opportunities for members of both sexes through interscholastic and intramural activities. To ensure equal athletic opportunities for its students, the District will consider:

- a) Its accommodation of athletic interests and abilities (the nature and extent of sports offered, including levels of competition, team competition, and team performance);
- b) Equipment and supplies;
- c) Scheduling of games and practice time;
- d) Travel costs and opportunities for travel;
- e) Assignment and compensation of coaches;
- f) Locker rooms, practice, and competitive facilities;
- g) Available medical and training facilities and services; and

(Continued)

**SUBJECT: SPORTS AND THE ATHLETIC PROGRAM (Cont'd.)**

- h) The nature and extent of support, publicity, and promotion.

The District may consider other pertinent factors as well. Each of the factors will be assessed by comparing availability, quality, type of benefits, kind of opportunities, and form of treatment. Identical benefits, opportunities, or treatment are not required.

The District's Title IX Coordinator(s) will coordinate the District's efforts to comply with its responsibilities under Title IX. This person will be appropriately trained and possess comprehensive knowledge about applicable federal and state laws, regulations, and policies. To the extent possible, the District will not designate an employee whose other job duties may create a conflict of interest, such as the athletic director.

**Booster Clubs**

The District has a responsibility under Title IX to ensure that boys' and girls' programs are provided with equivalent benefits, treatment, services, and opportunities regardless of their source. When determining equivalency, therefore, benefits, services, and opportunities attained through private funds—including donations, fundraising, and booster clubs—must be considered in combination with all benefits, services, and opportunities.

**Athletic Placement Process for Interscholastic Athletic Programs (APP)**

The APP is a method for evaluating students who want to participate in sports at higher or lower levels, consistent with their physical and emotional maturity, size, fitness level, and skills. The Board approves the use of the APP for students in grades no lower than seventh grade to compete on interscholastic athletic teams organized for senior high school students at the varsity level, and for senior high school students to compete on interscholastic athletic teams organized for students in the seventh and eighth grades. The Superintendent will implement procedures for the APP, and will direct the athletic director to maintain records of students who have successfully completed the APP.

**Student Athletic Injuries**

No injured student will be allowed to practice or play in an athletic contest. An appropriate medical professional should diagnose and treat an athlete's injuries. The coach should ensure that any player injured while under his or her care receives prompt and appropriate medical attention, and that all of the medical professional's treatment instructions are followed. The injured student has an obligation to promptly inform his or her coach of all injuries. No student will be allowed to practice or compete if there is a question whether he or she is in adequate physical condition. A physician's certification may be required before an athlete is permitted to return to practice or competition.

(Continued)

SUBJECT: SPORTS AND THE ATHLETIC PROGRAM (Cont'd.)

**Athletic Program-Safety**

The District will take reasonable steps to minimize physical risks posed to students participating in the interscholastic athletic program by:

- a) Requiring timely medical examinations of participants;
- b) Employing certified or licensed staff to coach all varsity, junior varsity, and modified practices and games;
- c) Providing or requiring certified or licensed officials to officiate all competitions;
- d) Ensuring that its players' equipment is safe and operates within the applicable manufacturers' guidelines;
- e) Ensuring that all home fields, courts, pools, tracks, and other areas where athletes practice, warm-up, or compete are safe and appropriate for use; and
- f) Providing professional development and training opportunities for all coaching staff.

## **SUBJECT: MUSICAL INSTRUMENTS**

- a) All instrumental music students shall be expected to own or rent their instrument - particularly the common and less expensive instruments (flute, clarinet, trumpet, saxophone, etc.).
- b) Students will not be required to own or rent the less common and more expensive instruments. Instruments in this category are as follows: oboe, bassoon, tuba, French horn, trombone, baritone horn, tenor and baritone saxophones, bass trombone and percussion instruments. School-owned instruments in this classification will be disbursed upon decisions by the instrumental music staff. Decisions will be dependent upon the individual student's talent and merit and the need for a balanced instrumentation at each grade level.
- c) Students and parents/guardians will assume responsibility for proper care of school-owned instruments and will pay for damages to same.
- d) The District will only transport in its vehicles those instruments meeting certain safety standards as indicated in the New York State Department of Transportation Regulations.

**SUBJECT: FUND RAISING BY STUDENTS**

Fund raising projects in which students sell merchandise, provide services, or in other ways solicit money for school activities may be sponsored by school organizations with the express approval of the Building Principal. Any such plan shall have a clearly defined purpose and, in general, shall contribute to the educational experience of students and shall not conflict with instructional programs or state mandates. Fund raising activities away from school property shall be held to a minimum.

Door to door sales projects are not endorsed by the Board of Education.

The Board shall be notified by the Superintendent of Schools, on a monthly basis, of all fund raising activities taking place within that period.

All participation in fund raising shall be voluntary, with written parent/legal guardian consent for children in grades K through 12.

**SUBJECT: CONSTITUTIONALLY PROTECTED PRAYER IN THE PUBLIC SCHOOLS**

In accordance with the most recent Guidance Document issued by the U.S. Department of Education implementing the requirements of the No Child Left Behind Act of 2001, the Board of Education affirms the responsibilities of the School District, consistent with applicable statutory/case law pertaining to the First Amendment of the United States Constitution, to allow students and staff to engage in constitutionally protected prayer within the District schools.

Accordingly, no Board of Education policy shall prevent, or otherwise deny participation in, constitutionally protected prayer in District schools, consistent with the Guidance Document and applicable law as enumerated above.

The Board rescinds any other policy that may be inconsistent with the mandates of this policy, which shall supersede any and all Board policies to the contrary.

**SUBJECT: SCHOOL HEALTH SERVICES**

All Districts must provide and maintain a continuous program of health services which includes, but is not limited to:

- a) Providing medical examinations, dental inspection and/or screening, scoliosis screening, vision screening and audiometer tests, designed to determine the health status of the student;
- b) Informing parents or other persons in parental relation to the student, pupils and teachers of the individual student's health condition subject to federal and state confidentiality laws. The District will provide this notice in writing if the District becomes aware that the student has defective sight or hearing or a physical disability, including sickle cell anemia, or other condition which may require professional attention with regard to health;
- c) Where the exigencies warrant (where the parents/persons in parental relation are unable or unwilling to provide the necessary relief and treatment), providing relief in situations where the student would otherwise be deprived of the full benefit of education through inability to follow the instruction offered;
- d) Guiding parents, students and teachers in procedures for preventing and correcting defects and diseases and for the general improvement of the health of students;
- e) Instructing school personnel in procedures to take in case of accident or illness;
- f) Maintaining a program of education to inform school personnel, parents, non-school health agencies, welfare agencies and the general public regarding school health conditions, services and factors relating to the health of students;
- g) Providing inspections and supervision of the health and safety aspects of the school plant;
- h) Providing health examinations before participation in strenuous physical activity and periodically throughout the season as necessary;
- i) Providing health examinations necessary for the issuance of employment certificates, vacation work permits, newspaper carrier certificates and street trades badges; and
- j) Surveying and making necessary recommendations concerning the health and safety aspects of school facilities and the provision of health information.

**SUBJECT: IMMUNIZATION OF STUDENTS**

Every child entering or attending a District school must present proof of immunization or proof of immunity by serology (blood test) if applicable unless a New York State licensed physician certifies that the immunization is detrimental to the child's health. The requirement for that immunization is waived until the immunization is no longer a detrimental to the child's health.

Except for this exemption, the District may not permit a child lacking evidence of immunization to remain in school for more than 14 days, or more than 30 days for an out-of-state or out-of-country transferee who can show a good faith effort to get the necessary certification or other evidence of immunization.

The administration will notify the local health authority of the name and address of excluded children and provide the parent or person in parental relation a statement of his or her duty regarding immunization as well as a consent form prescribed by the Commissioner of Health. The school will cooperate with the local health authorities to provide a time and place for the immunization of these children.

For homeless children, the enrolling school must immediately refer the parent or guardian of the child to the District's homeless liaison, who must assist them in obtaining the necessary immunizations, or immunization or medical records.

The District will provide an annual summary of compliance with immunization requirements to the Commissioner of Health.

All schools will also post educational information on influenza and the benefits of influenza immunization which will be in plain view and available to parents.

## **SUBJECT: STUDENT PHYSICALS**

### **Health Examination**

Each student enrolled in District schools must have a satisfactory health examination conducted by the student's physician, physician assistant or nurse practitioner within twelve (12) months prior to the commencement of the school year of:

- a) The student's entrance in a District school at any grade level;
- b) Entrance to pre-kindergarten or kindergarten;
- c) Entry into the 2nd, 4th, 7th and 10th grades.

The District may also require an examination and health history of a student when it is determined by the District that it would promote the educational interests of the student.

In addition, the District requires a certificate of physical fitness for:

- a) All athletes prior to their first sport of the school year, then only those who were injured or ill during their first sport before participating in a second sport during the school year; and
- b) All students who need work permits.

### Health Certificate

Each student must submit a health certificate attesting to the health examination within thirty (30) days after his or her entrance into school and within thirty (30) days after his or her entry into the 2nd, 4th, 7th and 10th grades. The health certificate shall be filed in the student's cumulative record. The health certificate must:

- a) Describe the condition of the student when the examination was given;
- b) State the results of any test conducted on the student for sickle cell anemia;
- c) State whether the student is in a fit condition of health to permit his/her attendance at public school and, where applicable, whether the student has defective sight or hearing, or any other physical disability which may tend to prevent the student from receiving the full benefit of school work or from receiving the best educational results, or which may require a modification of such work to prevent injury to the student;

## **SUBJECT: STUDENT PHYSICALS (Cont'd.)**

- d) Include a calculation of the student's body mass index (BMI) and weight status category. BMI is computed as the weight in kilograms divided by the square of height in meters or the weight in pounds divided by the square of height in inches multiplied by a conversion factor of 703. Weight status categories for children and adolescents shall be defined by the Commissioner of Health. BMI collection and reporting is voluntary for 2007-2008 becoming effective September 2008.
- e) Be signed by a duly licensed physician, physician assistant, or nurse practitioner, who is authorized by law to practice in New York State consistent with any applicable written practice agreement; or authorized to practice in the jurisdiction in which the examination was given, provided that the Commissioner of Health has determined that such jurisdiction has standards of licensure and practice comparable to those of New York. A certificate signed by a chiropractor is not acceptable except for a scoliosis evaluation.
- f) At the same time a health certificate is required, a student is requested to furnish a dental health certificate signed by a duly licensed dentist authorized by law to practice in New York State describing the dental health condition of the student upon examination and stating whether such student is in fit condition of dental health to permit his/her attendance at the public schools. Such examination shall be made not more than twelve (12) months prior to the commencement of the school year in which the examination is requested. Dental certification becomes effective in September 2008.

### Examination by Health Appraisal

The Principal or the Principal's designee will send a notice to the parents of, or person in parental relationship to, any student who does not present a health certificate, that if the required health certificate is not furnished within thirty (30) days from the date of such notice, an examination by health appraisal will be made of such student by the Director of School Health Services.

The Director of School Health Services shall cause such students to be separately and carefully examined and tested to ascertain whether any such student has defective sight or hearing, or any other physical disability which may tend to prevent the student from receiving the full benefit of school work or from receiving the best educational results, or which may require a modification of such work to prevent injury to the student.

The physician, physician assistant or nurse practitioner administering such examination shall determine whether a one-time test for sickle cell anemia is necessary or desirable and, if so determined, shall conduct such test and include the results in the health certificate.

Unless otherwise prohibited by law, if it is ascertained that any students have defective sight or hearing, or a physical disability or other condition, including sickle cell anemia which may require professional attention with regard to health, the Principal or Principal's designee shall notify, in writing, the student's parents or persons in parental relation as to the existence of such disability. If the parents or persons in parental relation are unable or unwilling to provide the necessary relief and treatment for such students, such fact shall be reported by the Principal or Principal's designee to the Director of School Health Services, who then has the duty to provide relief for such students.

### **Health Screenings**

The District will provide:

- a) Scoliosis screening at least once each school year for all students in grades 5 through 9. The positive results of any such screening examinations for the presence of scoliosis shall be provided in writing to the student's parent or person in parental relation within ninety (90) days after such finding;
- b) Vision screening to all students who enroll in school including at a minimum color perception, distance acuity, near vision and hyperopia within six (6) months of admission to the school. In addition, all students shall be screened for distance acuity in grades Kindergarten, 1, 2, 3, 5, 7 and 10 and at any other time deemed necessary. The results of all such vision screening examinations shall be in provided in writing to the student's parent or person in parental relation and to any teacher of the student. The vision report will be kept in a permanent file of the school for at least as long as the minimum retention period for such records;
- c) Hearing screening to all students within six months of admission to the school and in grades Kindergarten, 1, 3, 5, 7 and 10, as well as at any other time deemed necessary. Screening shall include, but not be limited to, pure tone and threshold air conduction screening. The results of any such hearing tests shall be provided in writing to the student's parent or person in parental relation and to any teacher of the student.

The results of all health screenings (dental, hearing, vision and scoliosis) shall be recorded on appropriate forms signed by the health professional making the examination, include appropriate recommendations, and be kept on file in the school. The health records of individual students will be kept confidential in accordance with the federal Family Educational Rights and Privacy Act (FERPA) and any other applicable federal and State laws.

## **SUBJECT: ADMINISTRATION OF MEDICATION**

Under certain circumstances, when it is necessary for a student to take medication (prescription and non-prescription) during school hours, the school's registered nurse may administer the medication if the parent or person in parental relation submits a written request accompanied by a written request from a physician indicating the frequency and dosage of prescribed medication. The parent or person in parental relation must assume responsibility to have the medication delivered directly to the Health Office in a properly labeled original container.

Procedures for receipt, storage and disposal of medications as well as procedures for taking medications off school grounds or after school hours while participating in a school-sponsored activity will be in accordance with State Education Department Guidelines.

### **Emergency Medication**

The administration of emergency medication (injectable, including "epi-pens," and/or oral) to a student for extreme hypersensitivity may be performed by any school staff member responding to the emergency. Such a response would fall under the Good Samaritan exemption for rendering emergency care during a life threatening situation.

### **Use of Inhalers in Schools**

In accordance with law, the School District must permit students who have been diagnosed by a physician or other duly authorized health care provider as having a severe asthmatic condition to carry and use a prescribed inhaler during the school day. Prior to permitting such use, the School Health Office must receive the written permission of the prescribing physician or other duly authorized health care provider, and parental consent, based on such physician's or provider's determination that the student is subject to sudden asthmatic attacks severe enough to debilitate that student. In addition, upon the written request of a parent or person in parental relation, the Board shall allow such pupils to maintain an extra inhaler in the care and custody of the school's registered nurse employed by the District. However, the law does not require the District to retain a school nurse solely for the purpose of taking custody of a spare inhaler, or require that a school nurse be available at all times in a school building for such purpose.

A record of such physician or health care provider/parental permission shall be maintained in the school health office.

Health office personnel will maintain regular parental contact in order to monitor the effectiveness of such self-medication procedures and to clarify parental responsibility as to the daily monitoring of their child to ensure that the medication is being utilized in accordance with the physician's or provider's instructions. Additionally, the student will be required to report to the Health Office on a periodic basis as determined by Health Office personnel so as to maintain an ongoing evaluation of the student's management of such self-medication techniques, and to work cooperatively with the parents and the student regarding such self-care management.

**SUBJECT: ACCIDENTS AND MEDICAL EMERGENCIES**

Procedures shall be established and maintained by the Superintendent for the handling of student injuries and medical emergencies that occur on school property and during school activities.

**Student Emergency Treatment**

All staff members of the School District are responsible to obtain first aid care for students who are injured or become ill while under school supervision.

In most instances first aid should be rendered, and then the parent should be contacted to come to school and transport the student to the family physician. Beyond first aid, the medical care of the student is the parent's responsibility. However, the student's welfare is always the primary concern, and it is the responsibility of school personnel to exercise good judgment and care under all circumstances.

The Board of Education encourages all staff members to become qualified to give emergency treatment through instruction in first aid, Cardiopulmonary Resuscitation (CPR) and Automated External Defibrillators.

**Transporting an Ill or Injured Student**

In the event of an illness or injury to a student, an ambulance may be called if warranted. This solution will be used after other alternatives, including parent/person in parental relation contact, have been made.

**Insurance**

The Board of Education shall approve provisions for all students to be covered by group insurance.

Such student accident insurance policies are to be a co-insurance with family coverage(s) as primary.

## **SUBJECT: STUDENTS WITH LIFE THREATENING ALLERGIES**

Students, parents, school personnel and health care providers must all work together to provide the necessary information and training to allow children with chronic health problems to participate as fully and safely as possible in the school experience.

Particularly for those students with chronic conditions such as asthma and allergies (food, insect sting, etc.) which may result in severe, life-threatening reactions to various environmental triggers, it is necessary that the District work cooperatively with the parent(s) and the healthcare provider to:

- a) Develop an individual health care plan that includes all necessary treatments, medications, training and educational requirements for the student. If the student is eligible for accommodations based upon the Individuals with Disabilities Act (IDEA), Section 504 of the Rehabilitation Act of 1973 or the Americans with Disabilities Act, the appropriate procedures will be followed regarding evaluation and identification;
- b) Obtain appropriate health care provider authorization in writing that includes the frequency and conditions for any testing and/or treatment; symptoms and treatment of any conditions associated with the health problem; and directions for emergencies; and
- c) Secure written parent permission and discuss parental responsibility that includes providing the health care provider's orders, providing any necessary equipment, and participation in the education and co-management of the child as he/she works toward self-management.

The District will work toward assisting students in the self-management of their chronic health condition based upon the student's knowledge level and skill by:

- a) Adequately training all staff involved in the care of the child;
- b) Assuring the availability of the necessary equipment and/or medications;
- c) Providing appropriately trained licensed persons as required by law;
- d) Providing additional appropriately trained adults to complete delegated tasks as allowed by law;
- e) Developing an emergency plan for the student; and
- f) Providing ongoing staff and student education.

### **Use of Epinephrine Auto-Injector Devices (Epi-Pens) in the School Setting**

The administration of epinephrine by epi-pen to a student with a known severe allergy needing an anaphylactic treatment agent may be performed by a school staff member responding to an emergency situation when such use has been prescribed by a licensed prescriber. However, a Registered Nurse/Nurse Practitioner must have trained the staff member to administer the epi-pen and given him/her approval to assist the student in the event of an anaphylactic reaction.

Documentation of training must be maintained in the Anaphylaxis Protocol for Non-Licensed School Staff Members for each affected student. The emergency response by non-licensed school staff members is permitted under the Medical Practice Act (Education Law Section 6527(4)(a)) and the Nurse Practice Act (Education Law Section 6908 (1)(a)(iv)) and is covered by the "Good Samaritan Law" (Public Health Law section 3000-a).

## **SUBJECT: Naloxone (Narcan) Guidelines and Procedures**

### **I. PURPOSE**

Due to the nationwide increase in the number of opioid overdoses, New York State has issued laws encouraging and allowing school districts to keep Naloxone (NARCAN) on hand for emergency use. The Board of Education recognizes that the use of opioids can lead to overdose and death of students, staff and community members. The purpose of this policy is to establish guidelines and procedures governing the utilizations of the opioid antagonist naloxone administered by members of the Mount Pleasant Central School District as part of an Opioid Prevention program.

The Board of Education approves the following program for the use of opioid antagonists on students or staff suspected of having opioid overdose whether or not there is a known history of opioid abuse.

Opioid antagonists shall be limited to naloxone and other medications approved by the Department of Health for such purposes.

### **II. POLICY**

Per New York State Public Health Law §3309, it is the policy of the **Mount Pleasant Central School District** that all public school facilities shall provide and maintain on-site in and on opioid antagonists. The school district will participate as an opioid overdose prevention program registered with the New York Department of Health (NYSDOH) as an opioid antagonist recipient. The school district will comply with the requirements of Public Health Law section 3309 including appropriate clinical oversight, recordkeeping and reporting.

#### **Medical Director**

The school district's medical director will:

Serve as the Registered Opioid Overdose Program Clinical Director; Issue a non-patient specific order for the administration of an opioid antagonist (naloxone);

1. Provide clinical consultation, expertise and oversight of medical issues related to the program;
2. Review reports of all administration of opioid antagonist within the program; and
3. Approve and provide supervision of the trainers

#### **Program Director**

The school district will designate a program director for its opioid prevention program, who shall be the Director of Pupil Personnel Services. The program director will:

1. Ensure approved policies and procedures are in place to provide guidance on how the program will be administered.

## Students

2. Ensure that there is a clinical director who oversees the clinical aspects of the program.
3. Establish training consistent with the school district's policies and NYSDOH guidance.
4. Ensure responders complete a NYSDOH approved training.
5. Dispense and/or provide shared access to naloxone kits to trained responders in accordance with laws, rules and regulations.
6. Establish and maintain a recordkeeping system for training and opioid antagonist inventory and use according to NYSDOH requirements.
7. Assist the clinical director in collecting, reviewing and reporting information on overdose, and naloxone administration.
8. Report to the NYSDOH on a quarterly basis the number of doses of naloxone available in the district and number of responders trained.

Any school staff members may volunteer to participate in the program. Once trained using a NYSDOH approved training program, staff members may administer intranasal naloxone in the event of an emergency. Pursuant to a non-patient specific order and protocol issued by the school district's Medical Director, school nurses may administer intranasal naloxone or, if allowable per their training, intramuscular naloxone on school premises or at any school sponsored activities occurring on or off school grounds. To treat a case of suspected opioid overdose, any trained nurse-staff member may administer an opioid antagonist, during an emergency, to any student or staff suspected of having an opioid-related drug overdose whether or not there is a previous history of opioid abuse.

No school nurse/staff member shall be liable for civil damages which may result from acts of omissions relating to the use of the opioid antagonist which may constitute ordinary negligence; nor shall the school personnel be subject to criminal prosecution which may result from acts or omissions in the good faith administration of an opioid antagonist. This immunity does not apply to acts or omissions constituting gross negligence or willful or wanton conduct. No school nurse-staff member shall be subject to penalty or disciplinary action for refusing to be trained in the administration of an opioid antagonist.

### **III. TRAINING**

1. School nurses shall be trained in the use of naloxone by the New York State Department of Health (NYSDOH), the Medical Reserve Corp (MRC); or a designee. School departments are encouraged to send other staff to be trained, including directors, principals, coaches, athletic trainers, guidance counselors, custodians, teachers, etc.
2. Those trained as volunteer responders in the administration of naloxone will be required to review training every year.

### **IV. PROCUREMENT OF NALOXONE**

1. The superintendent, principal, certified school nurse, or designee will be responsible for the procurement of naloxone. The school physician shall prepare standing orders and update annually.

2. The New York State Department of Health (NYSDOH) recommends that schools provide intranasal naloxone. At minimum, each school should have the following supplies:

ITEM	MANUFACTURER	QUANTITY
Naloxone HCL 4mg/0.1ml Nasal spray	ADAPT	2
Nitrile gloves, pair	Various	1
Mask/barrier device	Various	1
Step by step instructions	Various	1

## V. STORAGE

1. Naloxone will be clearly marked and stored in secure but accessible locations consistent with the district's emergency response plan. Such locations shall be designated to provide ready and appropriate access for use during emergencies. The school nurse will ensure that all other relevant staff are aware of the naloxone storage location.
2. Naloxone will be stored in accordance with manufacturer's instructions to avoid extreme cold, heat, and direct sunlight.
3. Inspection of the naloxone shall be conducted regularly.

## VI. PROTOCOL

The program will maintain an up-to-date curriculum approved by the NYSDOH. It will include knowledge of:

1. Risk factors for opioid overdose
2. Signs of an overdose
3. Actions for Overdose

## VII. FOLLOW-UP

After administration the school nurse/staff member or other trained staff will:

1. Ensure that the overdose victim was transported to the emergency department.
2. Notify the appropriate student services.

3. Provide substance abuse prevention resources to the overdose victim and family, as appropriate.

### **VIII. DOCUMENTATION**

School nurses will document the administration of naloxone in accordance with the non-patient specific order and protocol that authorized the nurse to administer the naloxone, and to report the administration of the naloxone to the district's medical director.

If there is a patient-specific order for a particular student, the district will refer to the current New York State Education Department *Guidelines for Medication Management in Schools* as appropriate.

## **SUBJECT: CHILD ABUSE AND NEGLECT/MALTREATMENT**

### **Familial Child Abuse**

The School District subscribes to all of the provisions of Title 6 - Child Protective Services of the Social Services Law Sections 411-428. Our purpose is to provide protective services to abused and neglected/maltreated children as described by the law, and to make all school personnel within the District aware of our legal responsibilities under this law.

Regulations shall be developed, maintained and disseminated by administration regarding the:

- a) Mandatory reporting of suspected child abuse or neglect/maltreatment;
- b) Reporting procedures and obligations of persons required to report;
- c) Provisions for taking a child into protective custody;
- d) Mandatory reporting of deaths;
- e) Immunity from liability and penalties for failure to report;
- f) Obligations for provision of services and procedures necessary to safeguard the life of a child; and
- g) Provision of information in recognizing signs of unlawful methamphetamine laboratories for all current and new school officials (i.e., "mandated reporters") who, as part of their usual responsibilities, visit children's homes.

Additionally, an ongoing training program for all current and new school officials shall be established and implemented to enable such staff to carry out their reporting responsibilities.

### School Officials Required to Report

The definition of a "school official" who is mandated to report cases of child abuse or neglect/maltreatment to the State Central Register (SCR) pursuant to Social Services Law Section 413(1) includes, but is not limited to, school teachers, school guidance counselors, school psychologists, school social workers, school nurses, school administrators or other school personnel required to hold a teaching or administrative license or certificate.

All mandated reporters shall make the report themselves and then immediately notify the Building Principal or his/her designee. The Building Principal or his/her designee shall be responsible for all subsequent administration necessitated by the report.

## **SUBJECT: CHILD ABUSE AND NEGLECT/MALTREATMENT (Cont'd.)**

Any report shall include the name, title and contact information for every staff member who is believed to have direct knowledge of the allegations in the report.

### Prohibition of Retaliatory Personnel Action

Social Services Law Section 413(1) also prohibits a school from taking any retaliatory personnel action against an employee because such employee believes that he/she has reasonable cause to suspect that a child is an abused or neglected/maltreated child and that employee makes a report to SCR pursuant to Social Services Law. Further, no school or school official shall impose any conditions, including prior approval or prior notification, upon any staff member specifically designated a mandated reporter.

Pursuant to Labor Law Section 740(1)(e), "retaliatory personnel action" means the discharge, suspension or demotion of an employee, or other adverse employment action taken against an employee in the terms and conditions of employment.

## **Child Abuse in an Educational Setting**

The School District is committed to the protection of students in educational settings from abuse and maltreatment by employees or volunteers as enumerated in law.

"Child abuse" shall mean any of the following acts committed in an educational setting by an employee or volunteer against a child:

- a) Intentionally or recklessly inflicting physical injury, serious physical injury or death; or
- b) Intentionally or recklessly engaging in conduct which creates a substantial risk of such physical injury, serious physical injury or death; or

## **SUBJECT: CHILD ABUSE AND NEGLECT/MALTREATMENT (Cont'd.)**

- c) Any child sexual abuse, defined as conduct prohibited by Penal Law Articles 130 or 263; or
- d) The commission or attempted commission against a child of the crime of disseminating indecent materials to minors pursuant to Penal Law Article 235.

"Educational setting" shall mean the building(s) and grounds of the School District; the vehicles provided by the School District for the transportation of students to and from school buildings, field trips, co-curricular and extracurricular activities both on and off School District grounds; all co-curricular and extracurricular activity sites; and any other location where direct contact between an employee or volunteer and a child has allegedly occurred.

In any case where an oral or written allegation is made to a teacher, school's registered professional nurse, school guidance counselor, school psychologist, school social worker, school administrator, School Board member, or other school personnel required to hold a teaching or administrative license or certificate, that a child (defined in the law as a person under the age of twenty-one (21) years enrolled in a school district in this state) has been subjected to child abuse by an employee or volunteer in an educational setting, that person shall upon receipt of such allegation:

- a) Promptly complete a written report of such allegation including the full name of the child alleged to be abused; the name of the child's parent; the identity of the person making the allegation and their relationship to the alleged child victim; the name of the employee or volunteer against whom the allegation was made; and a listing of the specific allegations of child abuse in an educational setting. Such written report shall be completed on a form as prescribed by the Commissioner of Education.
- b) Except where the school administrator is the person receiving such an oral or written allegation, the employee completing the written report must promptly *personally deliver* a copy of that written report to the school administrator of the school in which the child abuse allegedly occurred (subject to the following paragraph).

In any case where it is alleged the child was abused by an employee or volunteer of a school other than a school within the school District of the child's attendance, the report of such allegations shall be promptly forwarded to the Superintendent of Schools of the school District of the child's attendance and the school District where the abuse allegedly occurred.

Any employee or volunteer who reasonably and in good faith makes a report of allegations of child abuse in an educational setting in accordance with the reporting requirements of the law shall have immunity from civil liability which might otherwise result by reason of such actions.

## **SUBJECT: CHILD ABUSE AND NEGLECT/MALTREATMENT (Cont'd.)**

Upon receipt of a written report alleging child abuse in an educational setting, the school administrator or Superintendent must then determine whether there is "reasonable suspicion" to believe that such an act of child abuse has occurred. Where there has been a determination as to the existence of such reasonable suspicion, the school administrator or Superintendent must follow the notification/reporting procedures mandated in law and further enumerated in administrative regulations including parental notification. When the school administrator receives a written report, he/she shall promptly provide a copy of such report to the Superintendent.

Where the school administrator or Superintendent has forwarded a written report of child abuse in an educational setting to law enforcement authorities, the Superintendent shall also refer such report to the Commissioner of Education where the employee or volunteer alleged to have committed such an act of child abuse holds a certification or license issued by the State Education Department.

Any school administrator or Superintendent who reasonably and in good faith makes a report of allegations of child abuse in an educational setting, or reasonably and in good faith transmits such a report to a person or agency as required by law, shall have immunity from civil liability which might otherwise result by reason of such actions.

Reports and other written material submitted pursuant to law with regard to allegations of child abuse in an educational setting, and photographs taken concerning such reports that are in the possession of any person legally authorized to receive such information, *shall be confidential and shall not be redisclosed except* to law enforcement authorities involved in an investigation of child abuse in an educational setting or as expressly authorized by law or pursuant to a court-ordered subpoena. School administrators and the Superintendent shall exercise reasonable care in preventing such unauthorized disclosure.

Additionally, teachers and all other school officials shall be provided an annual written explanation concerning the reporting of child abuse in an educational setting, including the immunity provisions as enumerated in law. Further, the Commissioner of Education shall furnish the District with required information, including rules and regulations for training necessary to implement District/staff responsibilities under the law.

### **Prohibition of "Silent" (Unreported) Resignations**

The Superintendent and other school administrators are prohibited from withholding from law enforcement authorities, the Superintendent or the Commissioner of Education, where appropriate, information concerning allegations of child abuse in an educational setting against an employee or volunteer in exchange for that individual's resignation or voluntary suspension from his/her position.

## **SUBJECT: COMPLAINTS AND GRIEVANCES BY STUDENTS**

While students have the responsibility to abide by the policies and regulations of the District, they shall also be afforded opportunity to present complaints and grievances free from interference, coercion, restraint, discrimination or reprisal. Administration shall be responsible for:

- a) Establishing rules and regulations for the redress of complaints or grievances through proper administration channels;
- b) Developing an appeals process;
- c) Ensuring that students have full understanding and access to these regulations and procedure; and
- d) Providing prompt consideration and determination of student complaints and grievances.

### **Prohibition of Retaliatory Behavior**

The Board prohibits any retaliatory behavior directed against complainants, victims, witnesses, and/or any other individuals who participated in the investigation of a complaint of discrimination. Follow-up inquiries shall be made to ensure that discrimination has not resumed and that all those involved in the investigation of the discrimination complaint have not suffered retaliation.

### **Complaints and Grievances Coordinator**

Additionally, the Board shall ensure compliance with Title IX of the Educational Amendments of 1972, Section 504 of the Rehabilitation Act of 1973 and the Americans With Disabilities Act (ADA). The Superintendent shall designate a District employee as the Title IX/Section 504/ADA Coordinator; and regulations and procedures shall be implemented to resolve complaints of discrimination based on sex or disability.

Prior to the beginning of each school year, the District shall issue an appropriate public announcement which advises students, parents/guardians, employees and the general public of the District's established grievance procedures for resolving complaints of discrimination based on sex or disability. Included in such announcement will be the name, address and telephone number of the Title IX/Section 504/ADA Coordinator.

The Title IX/Section 504/ADA Coordinator shall also be responsible for handling complaints and grievances regarding discrimination based on race, color, creed, religion, national origin, political affiliation, sexual orientation, age, military status, marital status, or use of a recognized guide dog, hearing dog or service dog.

## **SUBJECT: SEXUAL HARASSMENT OF STUDENTS**

The Board of Education affirms its commitment to non-discrimination and recognizes its responsibility to provide for all District students an environment that is free of sexual harassment and intimidation. Sexual harassment is a violation of law and stands in direct opposition to District policy. Therefore, the Board prohibits and condemns all forms of sexual harassment by employees, school volunteers, students, and non-employees such as contractors and vendors which occur on school grounds and at all school-sponsored events, programs and activities including those that take place at locations off school premises. Generally, sexual harassment is defined as unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct or communication of a sexual nature when:

- a) Submission to or rejection of such sexually harassing conduct and/or communication by a student affects decisions regarding any aspect of the student's education, including participation in school-sponsored activities;
- b) Conditions exist within the school environment that allow or foster obscene pictures, lewd jokes, sexual advances, requests for sexual favors or other harassing activities of a sexual nature; and
- c) Such conduct and/or communication has the purpose or effect of substantially or unreasonably interfering with a student's academic performance or participation in an educational or extracurricular activity, or creating an intimidating, hostile or offensive learning environment; and/or effectively bars the student's access to an educational opportunity or benefit.

The Board acknowledges that in determining whether sexual harassment has occurred the totality of the circumstances, expectations, and relationships should be evaluated including, but not limited to, the ages of the harasser and the victim; the number of individuals involved; and the type, frequency and duration of the conduct. The Board recognizes that sexual harassment can originate from a person of either sex against a person of the opposite or same sex, and from a third party such as a school visitor, volunteer, or vendor, or any other individual associated with the School District. Sexual harassment may occur from student-to-student, from staff-to-student, from student-to-staff, as well as staff-to-staff. The District will designate at a minimum, two (2) Complaint Officers, one (1) of each gender.

In order for the Board to enforce this policy, and to take corrective measures as may be necessary, it is essential that any student who believes he/she has been a victim of sexual harassment in the school environment, as well as any other person who is aware of and/or who has knowledge of or witnesses any possible occurrence of sexual harassment, immediately report such alleged harassment; such report shall be directed to or forwarded to the District's designated Complaint Officers through informal and/or formal complaint procedures as developed by the District. Such complaints are recommended to be in writing, although verbal complaints of alleged sexual harassment will also be promptly investigated in accordance with the terms of this policy. In the event

## **SUBJECT: SEXUAL HARASSMENT OF STUDENTS (Cont'd.)**

that the Complaint Officer is the alleged offender, the report will be directed to the next level of supervisory authority.

Upon receipt of an informal/formal complaint (even an anonymous complaint), the District will conduct a thorough investigation of the charges. However, even in the absence of a complaint, if the District has knowledge of or has reason to know of or suspect any occurrence of sexual harassment, the District will investigate such conduct promptly and thoroughly. To the extent possible, within legal constraints, all complaints will be treated as confidentially and privately as possible. However, disclosure may be necessary to complete a thorough investigation of the charges, and any disclosure will be provided on a "need to know" basis.

Based upon the results of the investigation, if the District determines that an employee and/or student has violated the terms of this policy and/or accompanying regulations, immediate corrective action will be taken as warranted. Should the offending individual be a student, appropriate disciplinary measures will be applied, up to and including suspension, in accordance with District policy and regulation, the Code of Conduct, and applicable laws and/or regulations. Should the offending individual be a school employee, appropriate disciplinary measures will be applied, up to and including termination of the offender's employment, in accordance with legal guidelines, District policy and regulation, the Code of Conduct and the applicable collective bargaining agreement(s). Third parties (such as school volunteers, vendors, etc.) who are found to have violated this policy and/or accompanying regulations will be subject to appropriate sanctions as warranted and in compliance with law.

### **Prohibition of Retaliatory Behavior**

The Board prohibits any retaliatory behavior directed against complainants, victims, witnesses, and/or any other individuals who participated in the investigation of a complaint of sexual harassment. Follow-up inquiries shall be made to ensure that sexual harassment has not resumed and that all those involved in the investigation of the sexual harassment complaint have not suffered retaliation.

### **Finding That Harassment Did Not Occur**

At any level/stage of investigation of alleged harassment, if a determination is made that harassment did not occur, the Complaint Officer will so notify the complainant, the alleged offender and the Superintendent of this determination. Such a finding does not preclude the complainant from filing an appeal pursuant to District policy or regulation and/or pursuing other legal avenues of recourse.

However, even if a determination is made that harassment did not occur, the Superintendent/designee reserves the right to initiate staff awareness and training, as applicable, to help ensure that the school community is not conducive to fostering harassment in the workplace.

## **SUBJECT: SEXUAL HARASSMENT OF STUDENTS (Cont'd.)**

In all cases, the Superintendent will inform the Board of Education of the results of each investigation involving a finding that harassment did not occur.

### **Knowingly Makes False Accusations**

Employees and/or students who *knowingly* make false accusations against another individual as to allegations of harassment may also face appropriate disciplinary action.

### **Privacy Rights**

As part of the investigation, the District has the right to search all school property and equipment including District computers. Rooms, desks, cabinets, lockers, computers, etc. are provided by the District for the use of staff and students, but the users do not have exclusive use of these locations or equipment and should not expect that materials stored therein will be private.

### **Development and Dissemination of Administrative Regulations**

Regulations will be developed for reporting, investigating and remedying allegations of sexual harassment. An appeal procedure will also be provided to address any unresolved complaints and/or unsatisfactory prior determinations by the applicable Complaint Officer(s).

Such regulations will be developed in accordance with federal and state law as well as any applicable collective bargaining agreement(s).

The Superintendent/designee(s) will affirmatively discuss the topic of sexual harassment with all employees and students, express the District's condemnation of such conduct, and explain the sanctions for such harassment. Appropriate training and/or "awareness" programs will be established for staff and students to help ensure knowledge of and familiarity with the issues pertaining to sexual harassment in the schools, and to disseminate preventative measures to help reduce such incidents of prohibited conduct. Furthermore, special training will be provided for designated supervisors and managerial employees, as may be necessary, for training in the investigation of sexual harassment complaints.

A copy of this policy and its accompanying regulations will be available upon request and may be posted at various locations in each school building. The District's policy and regulations on sexual harassment will be published in appropriate school publications such as teacher/employee handbooks, student handbooks, and/or school calendars.

## **SUBJECT: BULLYING: PEER ABUSE IN THE SCHOOLS**

The Board of Education is committed to providing a safe and productive learning environment within its schools. Bullying of a student by another student is strictly prohibited on school property, in school buildings, on school buses, and at school sponsored events and/or activities whether occurring on or off campus. The Board of Education shall require the prohibition of bullying - along with the range of possible intervention activities and/or sanctions for such misconduct - to be included in the *District Code of Conduct* for all grade levels.

For purposes of this policy, the term "bullying" among children is defined, in general, as: "a variety of negative acts carried out repeatedly over time. It involves a real or perceived imbalance of power, with a more powerful child or group attacking those who are less powerful." Bullying can take three forms:

- a) Physical (including, but not limited to, hitting, kicking, spitting, pushing, taking personal belongings);
- b) Verbal (including, but not limited to, taunting, malicious teasing, name calling, making threats); and
- c) Psychological (including, but not limited to, spreading rumors; manipulating social relationships; or engaging in social exclusion, extortion, or intimidation).

The District also prohibits "Internet bullying" (also referred to as "cyber-bullying") including the use of instant messaging, e-mail, web sites, chat rooms, and text messaging when such use interferes with the operation of the school; or infringes upon the general health, safety and welfare of District students or employees.

However, it is important to note that a single negative act as enumerated above may also constitute "bullying" (if not more serious misconduct) based upon the particular circumstances such as the seriousness of the act and/or the intent of the actor.

Any student who believes that he/she is being subjected to bullying behavior, as well as any other person who has knowledge of or witnesses any possible occurrence of bullying, shall report the bullying to any staff member or the Building Principal. The staff member/Building Principal to whom the report is made (or the staff member/Building Principal who witnesses bullying behavior) shall investigate the complaint and take appropriate action to include, as necessary, referral to the next level of supervisory authority and/or other official designated by the District to investigate allegations of bullying. Investigation of allegations of bullying shall follow the procedures utilized for complaints of harassment within the School District. Allegations of bullying shall be promptly investigated and will be treated as confidential and private to the extent possible within legal constraints.

## **SUBJECT: BULLYING: PEER ABUSE IN THE SCHOOLS (Cont'd.)**

The Board prohibits any retaliatory behavior directed against complainants, victims, witnesses, and/or any other individuals who participate in the investigation of allegations of bullying. Follow-up inquiries and/or appropriate monitoring of the alleged bully and victim shall be made to ensure that bullying behavior has not resumed and that all those involved in the investigation of allegations of bullying have not suffered retaliation.

Personnel at all levels are responsible for taking corrective action to prevent bullying behavior of which they have been made aware at School District sites or activities and/or reporting such behavior to their immediate supervisor. Further, staff training shall be provided to raise awareness of the problem of bullying within the schools and to facilitate staff identification of and response to such bullying behavior among students.

Prevention and intervention techniques within the District to prevent against bullying behavior and to support and protect victims shall include building-level and classroom-level strategies and activities as determined by administration. Individual intervention will be provided by appropriate staff members to bullies, victims and their parents to help ensure that the bullying stops.

Rules against bullying shall be publicized District-wide and shall be disseminated as appropriate to staff, students and parents. Disciplinary sanctions for violation of this policy shall be outlined in the *District Code of Conduct* as enumerated above and may also be incorporated in staff and student handbooks.

## **SUBJECT: HAZING OF STUDENTS**

The Board of Education is committed to providing a safe, productive and positive learning environment within its schools. Hazing activities are demeaning, abusive and/or illegal behaviors that harm victims, and are inconsistent with the educational goals of the District by negatively impacting the school environment. Hazing of a student by another student or group of students is strictly prohibited on school property; in school buildings; on school buses; by school sponsored groups, clubs or teams; and at school sponsored events and/or activities whether occurring on or off-campus. Hazing of a student refers to soliciting, encouraging, aiding, or engaging in "hazing" behavior as defined pursuant to District policy, regulation and/or law. The Board of Education shall require the prohibition of hazing - along with the range of possible intervention activities and/or sanctions for such misconduct - to be included in the *District Code of Conduct* for all grade levels.

For purposes of this policy, the term *"hazing" among students is defined as any humiliating or dangerous activity expected of a student to join a group, regardless of their willingness to participate.* Hazing behaviors include, but are not limited to, the following general categories:

- a) Humiliation: socially offensive, isolating or uncooperative behaviors.
- b) Substance abuse: abuse of tobacco, alcohol or illegal drugs.
- c) Dangerous hazing: hurtful, aggressive, destructive, and disruptive behaviors.

Incorporated within this definition are various forms of physical, emotional and/or sexual abuse which may range in severity from teasing/embarrassing activities to life threatening actions.

Even if the hazing victim participated "willingly" in the activity, or there was no "intent" by the hazer to harm or injure another individual, hazing is still hazing and against District policy, the *District Code of Conduct* and may be in violation of New York State Law. However, hazing of students does not need to rise to the level of criminal activity for such conduct to be in violation of District rules and subject to appropriate disciplinary sanctions. Any hazing activity, whether by an individual or a group, shall be presumed a forced activity and in violation of Board policy, regardless of the "willingness" of the student to participate.

Any student who believes that he/she is being subjected to hazing behavior, as well as students, school employees or third parties who have knowledge of or witness any possible occurrence of hazing, shall report the incident to any staff member or the Building Principal. Anonymous student complaints of hazing behavior will also be investigated by the District. The staff member/Building Principal to whom the report is made (or the staff member/Building Principal who witnesses hazing behavior) shall investigate the complaint/incident and take appropriate action to include, as necessary, referral to the next level of supervisory authority and/or other official designated by the District to investigate allegations of hazing. Investigations of allegations of hazing shall follow the procedures utilized for complaints of harassment within the School District. Allegations of hazing shall be promptly investigated and will be treated as confidential and private to the extent possible within legal constraints.

## **SUBJECT: HAZING OF STUDENTS (Cont'd.)**

### **Prohibition of Retaliation**

The Board of Education prohibits any retaliatory behavior directed against complainants, victims, witnesses, and/or any other individuals who participate in the investigation of allegations of hazing. Follow-up inquiries and/or appropriate monitoring of the alleged hazer(s) and victim(s) shall be made to ensure that hazing behavior has not resumed and that all those involved in the investigation of allegations of hazing have not suffered retaliation. Any act of retaliation is subject to appropriate disciplinary action by the District.

### **Knowingly Makes False Accusations**

Students who *knowingly* make false accusations against another individual as to allegations of hazing may also face appropriate disciplinary action.

### **District Responsibility/Training**

Personnel at all levels are responsible for taking corrective action to prevent hazing behavior of which they have been made aware at School District sites; by school sponsored groups, clubs or teams; and at school sponsored events and/or activities whether occurring on or off-campus. Further, as may be applicable, personnel are to report such hazing behavior to their immediate supervisor. Staff training shall be provided to raise awareness of the problem of hazing within the schools and to facilitate staff identification of, and response to, such hazing behavior among students.

Prevention and intervention techniques within the District to help prevent hazing behavior and to support and protect victims shall include building-level and classroom-level strategies and activities as determined by administration. Individual intervention will be provided by appropriate staff members to hazers, victims and their parents to help ensure that the hazing stops.

Rules against hazing shall be publicized District-wide and shall be disseminated as appropriate to staff, students and parents. Disciplinary sanctions for violation of this policy shall be outlined in the *District Code of Conduct* and may also be incorporated in staff and student handbooks. In addition, allegations of hazing behavior may result in referral to law enforcement officials as necessary.

**SUBJECT: DIGNITY FOR ALL STUDENTS**

The District seeks to create an environment free of harassment, bullying, and discrimination; to foster civility in its schools; and to prevent conduct that is inconsistent with its educational mission. The District, therefore, prohibits all forms of harassment and bullying of students by employees or other students on school property and at school functions. The District further prohibits discrimination against students, including, but not limited to, discriminatory acts based on a person's actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender, or sex by school employees or other students on school property and at school functions that take place at locations off school property. In addition, other acts of harassment, bullying, or discrimination that can reasonably be expected to materially and substantially disrupt the education process may be subject to discipline or other corrective action.

**Dignity Act Coordinator**

In each of its schools, the District will designate at least one employee holding licenses or certifications as required by the Commissioner to serve as the Dignity Act Coordinator (DAC). Each DAC will be thoroughly trained to handle human relations in the areas of race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender (including gender identity or expression), and sex. Training will also be provided for DACs that addresses: the social patterns of harassment, bullying, and discrimination, including, but not limited to, those acts based on a person's actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender, and sex; the identification and mitigation of harassment, bullying, and discrimination; and strategies for effectively addressing problems of exclusion, bias, and aggression in educational settings. All DAC appointments will be approved by the Board.

The District will widely disseminate the name, designated school, and contact information of each DAC to all school personnel, students, and parents or persons in parental relation by:

- a) Listing it in the *Code of Conduct*, with updates posted on the District's website; and
- b) Including it in the *Code of Conduct's* plain-language summary provided to all parents or persons in parental relation to students before the beginning of each school year; and
- c) Providing it to parents or persons in parental relation in at least one District or school mailing or other method of distribution, including, but not limited to, electronic communication or sending information home with each student. If the information changes, parents and persons in parental relation will be notified in at least one subsequent District or school mailing, or other method of distribution, as soon as practicable thereafter; and
- d) Posting it in highly visible areas of school buildings; and
- e) Making it available at the District and school-level administrative offices.

(Continued)

**SUBJECT: DIGNITY FOR ALL STUDENTS (Cont'd.)**

If a DAC vacates his or her position, the District will immediately designate an interim DAC, pending approval from the Board within 30 days. In the event a DAC is unable to perform his or her duties for an extended period of time, the District will immediately designate an interim DAC, pending the return of the previous individual to the position.

**Training and Awareness**

Each year, all employees will be provided with training to promote a supportive school environment that is free from harassment, bullying, and discrimination, and to discourage and respond to incidents of harassment, bullying, and discrimination. This training may be provided in conjunction with existing professional development, will be conducted consistent with guidelines approved by the Board, and will:

- a) Raise awareness and sensitivity to potential acts of harassment, bullying, and discrimination;
- b) Address social patterns of harassment, bullying, and discrimination and the effects on students;
- c) Inform employees on the identification and mitigation of harassment, bullying, and discrimination;
- d) Enable employees to prevent and respond to incidents of harassment, bullying, and discrimination;
- e) Make school employees aware of the effects of harassment, bullying, cyberbullying, and discrimination on students;
- f) Provide strategies for effectively addressing problems of exclusion, bias, and aggression;
- g) Include safe and supportive school climate concepts in curriculum and classroom management; and
- h) Ensure the effective implementation of school policy on conduct and discipline.

Rules against harassment, bullying, and discrimination will be included in the *Code of Conduct*, publicized District-wide, and disseminated to all staff and parents or persons in parental relation. Any amendments to the *Code of Conduct* will be disseminated as soon as practicable following their adoption. The District will provide new employees with a complete copy of the current *Code of Conduct* upon beginning their employment, and distribute an age-appropriate summary to all students at a school assembly at the beginning of each school year.

(Continued)

**SUBJECT: DIGNITY FOR ALL STUDENTS (Cont'd.)****Reports and Investigations of Harassment, Bullying, or Discrimination**

The District encourages and expects students who have been subjected to harassment, bullying, or discrimination; parents or persons in parental relation whose children have been subjected to this behavior; other students who observe or are told of this behavior; and all District staff who become aware of this behavior to timely report it to the principal, Superintendent, DAC, or designee.

The principal, Superintendent, DAC, or designee will lead or supervise a timely and thorough investigation of all reports of harassment, bullying, and discrimination. The DAC or other individual conducting the investigation may seek the assistance of the District's Civil Rights Compliance Officer in investigating, responding to, and remedying complaints.

In the event an investigation verifies that harassment, bullying, or discrimination occurred, the District will take prompt action reasonably calculated to end it, to eliminate any hostile environment, to create a more positive school culture and climate, to prevent recurrence of the behavior, and to ensure the safety of the student or students against whom the harassment, bullying, or discrimination was directed.

The Superintendent, principal, DAC, or designee will notify the appropriate local law enforcement agency when there is a reasonable belief that an incident of harassment, bullying, or discrimination constitutes criminal conduct.

The District will timely collect information related to incidents involving harassment, bullying, and discrimination; provide required internal reports; and complete and submit any required report to the State Education Department in the manner and within the timeframe specified by the Commissioner.

**Prohibition of Retaliatory Behavior (Whistle-Blower Protection)**

Any person who has reasonable cause to suspect that a student has been subjected to harassment, bullying, or discrimination by an employee or student on school grounds or at a school function, and who acts reasonably and in good faith in reporting it to school officials, the Commissioner of Education, or law enforcement authorities, or who otherwise initiates, testifies, participates, or assists in any formal or informal proceedings, will have immunity from any civil liability that may arise from making that report, or from initiating, testifying, participating, or assisting in those proceedings. The District also prohibits any retaliatory behavior directed against any complainant, victim, witness, or any other individual who participated in the reporting or investigation of an incident of alleged harassment, bullying, or discrimination.

## **Publication of District Policy**

At least once during each school year, all school employees, students, and parents or persons in parental relation will be provided with a written or electronic copy of this policy, or a plain-language summary of it. The policy or summary will include information relating to how students, parents or persons in parental relation, and school employees may report harassment, bullying, or discrimination. Additionally, the District will strive to maintain a current version of this policy on its website at all times.

## **Application**

Nothing in this policy or its implementing regulations should be interpreted to preclude or limit any right or cause of action provided under any local, state, or federal ordinance, law, or regulation, including, but not limited to, any remedies or rights available under the Individuals with Disabilities Education Act, Title VII of the Civil Rights Law of 1964, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act of 1990.

## **SUBJECT: NOTIFICATION OF SEX OFFENDERS**

In accordance with the Sex Offender Registration Act ("Megan's Law"), the Board of Education supports the New York State Department of Criminal Justice Services (DCJS) in its effort to inform the community in certain circumstances of the presence of individuals with a history of sex offenses, particularly against children, in the school locality. This policy is enacted in order to minimize the possibility that the sex offender will come in contact with school-age children, and to assist law enforcement agencies in preventing further criminal activity from occurring. Furthermore, the District shall cooperate with local police authorities and the local community in promoting and protecting the safety and well being of its students.

It is the policy of the District to disseminate all information which the District receives from local police authorities in conjunction with Megan's Law at the discretion of the Superintendent, to designated staff members who might have possible contact with the offender during the course of their school duties including, but not limited to, Building Principals, supervisors, teachers, office personnel, coaches, custodians, bus drivers, and security personnel. The Superintendent reserves the right to automatically disseminate such information to additional members of the staff, designated supervisors of non-school groups that regularly use District facilities and have children in attendance, parents/guardians of District students, and other community residents who, in the opinion of the Superintendent, have an immediate need to be notified of such data in order to protect the safety of our students.

All staff members shall be informed of the availability of the information received by the District pursuant to Megan's Law upon written request to the applicable Building Principal/designee or supervisor. Community residents shall be notified of the availability of this information, with written requests directed to the District Office.

Staff members shall inform their immediate Supervisor if they observe within the school building, on school grounds, at school activities, or at or near bus routes any individual whose description matches the information which was provided to the District by local law enforcement authorities. Such law enforcement officials will be notified of this information by the District as appropriate.

Information that is disseminated to the School District pursuant to Megan's Law may be disclosed or not disclosed by the District in its discretion. Any information which the School District receives regarding a sex offender from a source other than the Sex Offender Registry, and which is maintained independent of the requirements of Megan's Law, will be available from the District, upon written request, in accordance with the requirements of the Freedom of Information Law.

## **SUBJECT: NOTIFICATION OF SEX OFFENDERS (Cont'd.)**

### **Special Circumstances Whereby Sex Offenders May Enter Upon School Grounds**

As a mandatory condition of the sentence for sex offenders placed on probation or conditional discharge whose victim was under the age of eighteen (18) or who has been designated a Level 3 sex offender, the court requires that such sentenced offender refrain from knowingly entering into or upon school grounds or any other facility or institution primarily used for the care or treatment of persons under the age of 18 (eighteen) while one or more of such persons are present.

However, by exception, entrance upon the premises shall be provided to the sentenced sex offender under the following conditions subject to the written authorization of his/her parole officer and the Superintendent or chief administrator of the facility for the limited purposes authorized by that person:

- a) The offender is a registered student, participant or employee of the facility;
- b) The offender is an employee of an entity contracted by the facility; or
- c) The offender has a family member enrolled in the facility.

**SUBJECT: SPECIAL EDUCATION: DISTRICT PLAN**

A District plan shall be developed and updated every two (2) years describing the Special Education program in the Mount Pleasant Central School District. The District plan shall include the following:

- a) A description of the nature and scope of special education programs and services currently available to students residing in the District, including but not limited to descriptions of the District's resource room programs and each special class program provided by the District in terms of group size and composition.
- b) Identification of the number and age span of students (school age and preschool) to be served by type of disability and recommended setting.
- c) The method to be used to evaluate the extent to which the objectives of the program have been achieved.
- d) A description of the policies and practices of the Board of Education to ensure the allocation of appropriate space within the District for special education programs that meet the needs of students and preschool children with disabilities.
- e) A description of the policies and practices of the Board of Education to ensure that appropriate space will be continually available to meet the needs of resident students and preschool students with disabilities who attend special education programs provided by Boards of Cooperative Educational Services.
- f) A description of how the District intends to ensure that all instructional materials to be used in the schools of the District will be made available in a usable alternative format for each student with a disability at the same time as such instructional materials are available to non-disabled students. The alternative format must meet the National Instructional Materials Accessibility Standard defined in federal law.
- g) The estimated budget to support such plan.
- h) The date on which such plan was adopted by the Board of Education.
- i) A description of how the District plan is consistent with the special education space requirements plan for the region as developed by the Board of Cooperative Educational Services.

The District plan, with personally identifiable student information deleted, shall be filed and available for public inspection and review by the Commissioner.

## **SUBJECT: CHILDREN WITH DISABILITIES**

A child with a disability means a student under the age of twenty-one who is entitled to attend public schools and who, because of mental, physical or emotional reasons can only receive appropriate educational opportunities from a program of special education. A child is not considered as having a disability if his/her educational needs are due primarily to unfamiliarity with the English language; environmental, cultural or economic factors; or lack of appropriate instruction in reading or mathematics.

The Board of Education recognizes the existence of individual differences in the intellectual, social, emotional and physical development of children attending school in the District. In recognizing these differences the Board supports a system of services offered in the least restrictive environment for children with disabilities which includes:

- a) Not requiring any student to obtain a prescription for a drug or other substance identified as a controlled substance by the federal Controlled Substances Act as a condition of receiving services.
- b) Education in regular classes with or without support services, education in a resource room, education for part of the day in a special class, full time education in a special class, home instruction and education in a residential setting.
- c) Providing for the education of students with disabilities with non-disabled peers to the extent appropriate.
- d) Taking the following measurable steps to recruit, hire, train and retain highly qualified personnel to provide special education programs and services:
  - 1) Advertisements in local and national publications as well as on-line
  - 2) Provisions for extensive staff development opportunities on-site, through the use of various consultants and through outside organizations
  - 3) On-going evaluations through the Mount Pleasant Annual Professional Performance Review (APPR) plan
- e) Establishing the following guidelines for the provision of appropriate accommodations necessary to measure the academic achievement and functional performance of the student in the administration of District-wide assessments:
  - 1) Ensurance that necessary accommodations are specified on IEPs
  - 2) Review the need for accommodations at Committee on Special Education (CSE) evaluations and/or re-evaluations

## **SUBJECT: CHILDREN WITH DISABILITIES (Cont'd.)**

- f) To the extent feasible, using universal design principles (defined as a concept or philosophy for designing and delivering products and services that are usable by people with the widest range of functional capabilities, which include products and services that are directly usable without requiring assistive technologies and products and services that are made usable with assistive technologies) in developing and administering District-wide assessment programs by:
  - 1. Addressing appropriate universal design principles in IEP;
  - 2. Having the School Librarian/Media Specialist and/or Director of Technology keep Committee on Special Education (CSE)/Committee on Preschool Special Education (CPSE) apprised of available products and services utilizing universal design principles;
  - 3. Instructional materials and activities allow learning goals to be achievable by individuals with wide differences in abilities;
  - 4. Flexible curricular materials and activities are built into the instructional design and operating systems.
  - 5. Instruction is diversified to deliver general education curriculum to every student and diversify ways students may respond to that curriculum.
- g) Consideration of the location of a school program(s) to a student's residence, before placement into an educational program.
- h) Adoption of written policies and procedures ensuring that students with disabilities are provided appropriate opportunities to earn a high school diploma in accordance with Commissioner's Regulations.
- i) Allocation of appropriate space within the District for special education programs that meet the needs of students with disabilities.
- j) Assurance that appropriate space will be available to meet the needs of resident students with disabilities who attend special education programs provided by BOCES.

In accordance with Regulations of the Commissioner of Education, the District will follow all applicable procedures for referral and evaluation of students suspected of having a learning disability, including the additional requirements enumerated in Commissioner's Regulations Section 200.4(j) for identifying students with learning disabilities and determining eligibility for special education.

## **SUBJECT: CHILDREN WITH DISABILITIES (Cont'd.)**

Per Commissioner's Regulations, learning disability means a disorder in one or more of the basic psychological processes involved in understanding or in using language, spoken or written, which manifests itself in an imperfect ability to listen, think, speak, read, write, spell, or to do mathematical calculations, as determined in accordance with Section 200.4(j). The term includes such conditions as perceptual disabilities, brain injury, minimal brain dysfunction, dyslexia and developmental aphasia. The term does not include learning problems that are primarily the result of visual, hearing or motor disabilities, of mental retardation, of emotional disturbance, or of environmental, cultural or economic disadvantage.

The individual evaluation must include information from an observation of the student in routine classroom instruction and monitoring of the student's performance that was either done before the student was referred for an evaluation or from an observation of the student's academic performance in the regular classroom after the student has been referred for an evaluation and parental consent is obtained.

The determination of eligibility for special education for a student suspected of having a learning disability must be made by the Committee on Special Education (CSE), which shall include the student's regular education teacher and at least one person qualified to conduct individual diagnostic examinations of students (such as a school psychologist, teacher of speech and language disabilities, speech/language pathologist or reading teacher).

To ensure that underachievement in a student suspected of having a learning disability is not due to lack of appropriate instruction in reading or mathematics, the CSE must, as part of the evaluation procedures, consider whether the student has received appropriate instruction in reading and mathematics in the regular education setting by qualified personnel. The CSE must also consider data-based documentation of repeated assessments of achievement at reasonable intervals.

A student may be determined to have a learning disability if, when provided with learning experiences and instruction appropriate for the student's age or State-approved grade-level standards, the student does not achieve adequately in one or more of the following areas: oral expression, listening comprehension, written expression, basic reading skills, reading fluency skills, reading comprehension, mathematics calculation, mathematics problem solving; and the student either does not make sufficient progress when using a process based on the student's response to scientific, research-based intervention (Response to Intervention) or the student exhibits a pattern of strengths and weaknesses in performance, achievement, or both as determined by the CSE using appropriate assessments in accordance with Commissioner's Regulations.

### **Written Report/Written Certification by CSE**

When determining eligibility for a student suspected of having a learning disability, the CSE shall prepare a written report containing a statement of all the factors enumerated in Commissioner's Regulations.

Each CSE member must certify in writing whether the above referenced written report reflects the member's conclusion regarding the eligibility determination. If the report does not reflect the member's conclusion, the CSE member must submit a separate statement presenting his/her conclusions.

### **Provision of Special Education Services to Nonpublic School Students with Disabilities who are Parentally Placed**

The **District of location** is responsible for child find, including individual evaluations, Committee on Special Education (CSE) meetings, provision of special education services, and due process to parentally placed nonpublic school students attending nonpublic schools located in the geographic region of the public school District.

These requirements only pertain to students with disabilities parentally placed in elementary and secondary nonpublic schools, not to parental placements of preschool children with disabilities in private day care or preschool programs; or to CSE placements of students with disabilities in approved private schools, Special Act School Districts, State-supported or State-operated schools or to Charter schools.

Parental consent must be obtained by the School District of location before any personally identifiable information about the student is shared between officials in the public school district of residence and officials in the public school district of location.

The School District of location must consult with nonpublic school representatives and representatives of parents of parentally placed nonpublic school students with disabilities enrolled in nonpublic elementary and secondary schools located within the boundaries of the School District. The School District must engage in consultation regarding the child find process and services generally; consultation is not specific to individual students. Individual services are determined by the CSE.

The consultation process must be timely and meaningful and include discussion of:

- 1) Child Find
- 2) Provision of Special Education Services
- 3) Use of Federal Funds

The School District of location must provide, as appropriate, special education services to an eligible student who legally resides in another state and who is parentally placed in a nonpublic school located in New York State. The services to be provided to out-of state students must be documented on a services plan that is developed by the CSE of the district of location. The services plan is the written plan that describes the specific special education and related service that the district of location

**SUBJECT: GROUPING BY SIMILARITY OF NEEDS**

The Board of Education will provide appropriate special education and related services to students with disabilities. For those students for whom an appropriate education requires that they be placed together for purposes of special education, the following guidelines shall apply:

- a) That each student with a disability shall be identified, evaluated and placed as determined by the Committee on Special Education (CSE).
- b) The Committee shall determine written goals and corresponding short-term instructional objectives for each student with a disability by considering the special and individual needs of each student with a disability.
- c) The Committee shall recommend to the Board of Education appropriate educational programs and services for each student with a disability based upon the CSE evaluation.
- d) The CSE shall provide information to those teachers and professionals who arrange instructional groups for students with disabilities. Information shall include physical, psychological and social information as well as achievement test results.
- e) The curriculum and instruction provided to students with disabilities who are grouped by similarity of needs shall be consistent with the individual needs of each student in the group.
- f) Students with disabilities may be grouped according to:
  - (1) Academic achievement, functional performance and learning characteristics;
  - (2) Social needs;
  - (3) Physical development; and
  - (4) Management needs.
- g) When grouping students by similarity of needs, the social needs or physical development of a student shall not be the sole determinant for placement of a student in a special education program.
- h) The management needs of such students may vary, provided that environmental modifications, adaptations, or human or material resources required to meet the needs of any one student in the group are provided and do not consistently detract from the opportunities of other students in the group to benefit from instruction.

## **SUBJECT: THE ROLE OF THE BOARD IN IMPLEMENTING A STUDENT'S INDIVIDUALIZED EDUCATION PROGRAM**

The Board of Education shall establish at least one Committee on Special Education and one Committee on Preschool Special Education. The Board shall also establish, as necessary, Subcommittees on Special Education to ensure timely evaluation and placement of students with disabilities.

### **Committee on Special Education**

The Board of Education shall, upon completion of its review of the recommendations of the CSE, arrange for the appropriate special education programs and services to be provided to a student with a disability. The Board shall notify the parent/guardian of its action in accordance with federal and state law and regulations.

For a student not previously identified as having a disability, the CSE shall provide a recommendation to the Board which shall arrange for the appropriate special education programs and services to be provided within sixty (60) school days of the date of receipt of consent to evaluate. For a student with a disability referred for review, a recommendation shall be provided to the Board which shall arrange for the appropriate special education programs and services to be provided within sixty (60) school days of the referral for review. However, if such recommendation of the CSE is for placement in an approved in-state or out-of-state private school, the Board shall arrange for such special education programs and services for students with disabilities within thirty (30) school days of the Board's receipt of the recommendation of the CSE.

If on review of the recommendation of the CSE, the Board of Education disagrees with such recommendation, the Board shall follow one of the following procedures:

- a) The Board may remand the recommendation to the CSE with a statement of the Board's objections or concerns and a request that a timely meeting be held to review and consider such objections or concerns. The CSE shall consider the Board's objections or concerns, revise the IEP where appropriate, and resubmit a recommendation to the Board. If the Board continues to disagree with the recommendation of the CSE, the Board may continue to remand the recommendation to the original committee for additional reviews of its objections or concerns, or establish a second CSE to develop a new recommendation in accordance with the following paragraph, provided that the Board arranges for the programs and services in accordance with the student's IEP within the timelines as outlined above; or, in the alternative,
- b) The Board may establish a second CSE to develop a new recommendation for the student. If the Board disagrees with such new recommendation, the Board may remand the recommendation to the second CSE with a statement of the Board's objections or concerns and a request that a timely meeting be held to review and consider such objections or

concerns. The second CSE shall consider the Board's objections or concerns, revise the IEP where appropriate, and resubmit a recommendation to the Board. If the Board continues to disagree with the recommendation of the second CSE, the Board may continue to remand the recommendation for additional reviews of its objections or concerns by the second CSE, provided that the Board arranges for the programs and services in accordance with the student's IEP, as developed by the second CSE, within the timelines as outlined above.

Pursuant to Commissioner's Regulations, the Board may not select the recommendation of the original CSE once it has established a second CSE.

The Board shall provide the student's parents/guardians with written notice and a copy of the statement of its objections or concerns and notice of due process rights in accordance with Section 200.5 of the Regulations of the Commissioner.

**Committee on Preschool Special Education**

Upon receipt of the recommendation of the Committee on Preschool Special Education (CPSE), the Board of Education shall arrange for the preschool student with a disability to receive such appropriate programs and services in accordance with the student's IEP, commencing with the July, September or January starting date for the approved program, unless such services are recommended by the CPSE less than thirty (30) school days prior to, or after, the appropriate starting date selected for the preschool student with a disability; in that case, such services shall be provided no later than thirty (30) days from the recommendation of the CPSE.

If the Board disagrees with the recommendation of the CPSE, the Board shall send the recommendation back to the CPSE with notice of the need to schedule a timely meeting to review the Board's concerns and to revise the IEP as deemed appropriate. The Board of Education shall provide such notice as required by federal and state law and regulations.

**Subcommittee on Special Education**

The number of Subcommittees on Special Education will be determined by the CSE and the CSE will be responsible for the oversight and monitoring of the activities of each subcommittee to assure compliance with the requirements of applicable state and federal laws and regulations.

Each Subcommittee may perform the functions for which the CSE is responsible, except:

- a) When a student is considered for initial placement in a special class; or
- b) When a student is considered for initial placement in a special class outside of the student's school of attendance; or

## **SUBJECT: PRESCHOOL SPECIAL EDUCATION PROGRAM**

The Board recognizes the need for educational programs for three (3) and four (4) year old children with disabilities and directs that administrative practices and procedures be developed to:

- a) Ensure the provision of special education services and programs for each preschool child with a disability residing in the District.
- b) Establish a Committee on Preschool Special Education (CPSE) which shall be comprised in accordance with applicable federal and state law and regulation.
- c) Ensure that parents have received and understand the request for consent for evaluation and re-evaluation of a preschool aged child.

### **Evaluations for Preschool Children with Disabilities**

The District is required to collect entry assessment data in the three (3) outcome areas on all preschool children who receive an initial evaluation. As currently required by Commissioner's Regulation Section 200.5, a parent must be fully informed about the proposed initial evaluation and must provide consent for an initial evaluation. This would include a description of the proposed evaluation.

The CPSE will receive entry-level assessment results in the three (3) outcome areas from approved preschool evaluators conducting initial evaluations on all preschool children suspected of having disabilities. The CPSE will then meet to determine the child's eligibility for preschool education programs and/or services and complete the Child Outcomes Summary Form to determine the child's entry level of functioning in the three (3) outcome areas for all preschool children evaluated and found to be eligible. The form is to be kept in the student's record until the exit assessment information is due as a way to summarize complex assessment information in a format so that the data can be aggregated and reported to the State Education Department (SED).

Annually, one-sixth of the school districts in the State will be required to submit exit data on the progress that preschool children made between entry into and exit from preschool special education programs and services in the three (3) outcome areas after having received preschool special education services for at least six (6) months. For each outcome area, schools will be reporting data that will enable the State to determine:

- a) The number of children at exit who reach or maintain functioning at a level comparable to same-aged nondisabled peers;
- b) The number of children who improve functioning; and
- c) The number of children who do not improve functioning.

## **SUBJECT: PRESCHOOL SPECIAL EDUCATION PROGRAM (Cont'd.)**

In accordance with NYS Education Law Section 4410, SED approved preschool evaluators of three and four year old children suspected of having disabilities must include evaluation information in the three (3) outcome areas described below:

- a) Positive social-emotional skills (including social relationships):
  - 1. Relating to adults;
  - 2. Relating to other children; and
  - 3. Following rules related to groups or interacting with others (if older than eighteen (18) months).
- b) Acquisition and use of knowledge and skills (including early language/communication and early literacy):
  - 1. Thinking, reasoning, remembering and problem solving;
  - 2. Understanding symbols; and
  - 3. Understanding the physical and social worlds.
- c) Use of appropriate behaviors to meet their needs:
  - 1. Taking care of basic needs (e.g., showing hunger, dressing, toileting, etc.),
  - 2. Contributing to his/her own health and safety (e.g., follows rules, assists with hand washing, avoids inedible objects, if older than 24 months); and
  - 3. Getting from place to place (mobility) and using tools (e.g., forks, pencils, strings attached to objects).

**SUBJECT: LEAST RESTRICTIVE ENVIRONMENT**

*Least restrictive environment* means that placement of students with disabilities in special classes, separate schools or other removal from the regular educational environment occurs only when the nature or severity of the disability is such that even with use of supplementary aids and services, education in regular classes cannot be satisfactorily achieved. The placement of an individual student with a disability in the least restrictive environment shall:

- a) Provide the special education and related services, as well as supplementary aids and services, needed by the student. The term "related services" does not include a medical device that is implanted, or the replacement of such device;
- b) Provide for education of the student to the maximum extent appropriate to the needs of the student with other students who do not have disabilities; and
- c) Be as close as possible to the student's home.

The District has an obligation, pursuant to law and regulation, to educate students with disabilities in the least restrictive environment. The School District shall ensure that:

- a) Each student with a disability shall be educated with nondisabled students to the maximum extent appropriate;
- b) Each student with a disability shall be removed from the regular educational environment only when the nature or severity of the student's disability is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily; and
- c) To the maximum extent appropriate to the student's needs, each student with a disability shall participate with nondisabled students in nonacademic and extracurricular services and activities.

The District shall ensure that a continuum of alternative placements, in accordance with law and/or regulation, will be available to meet the needs of students with disabilities for special education and related services. To enable students with disabilities to be educated with nondisabled students to the maximum extent appropriate, specially designed instruction and supplementary services may be provided in the regular class. Such services may include, but are not limited to, consultant teacher services and other group or individual supplemental or direct special education instruction.

## **SUBJECT: PREREFERRAL INTERVENTION STRATEGIES IN GENERAL EDUCATION (PRIOR TO A REFERRAL FOR SPECIAL EDUCATION)**

The School District shall establish a plan for implementing schoolwide approaches and prereferral interventions in order to remediate a student's performance *prior to referral* for special education.

The provision of programs and/or services for students starts with consideration/implementation of instruction in the general education curriculum, with appropriate supports and/or modifications as may be necessary. In implementing prereferral intervention strategies, the District may utilize resources/strategies already in place for qualified students including, but not limited to, services available through Section 504 of the Rehabilitation Act of 1973, and Educationally Related Support Services and Academic Intervention Services as defined in Education Law and/or Commissioner's Regulations. All of these programs may be considered as possible components of Prereferral/Intervention Instructional Support Plans. The District will ensure that they have a system in place, with appropriate personnel, for developing, implementing and evaluating prereferral intervention strategies.

The District will provide general education support services, instructional modifications, alternative instructional approaches, or alternative program options to address a student's performance prior to a referral to a Committee on Special Education (CSE). Formal Child Study Teams (CST) will be formed in accordance with law and/or regulations as may be applicable as well as District guidelines. The CST will include representatives from general and special education as well as other disciplines and include individuals with classroom experience. Parents/persons in parental relation to students will be involved in developing prereferral strategies to address the educational needs of their child. Additionally, the District will seek collaboration between outside agencies and the school prior to a referral of the student to the CSE in order to address necessary student support services.

Administration shall ensure that appropriate opportunities exist for collaboration between general educators and special educators, and that consultation and support are available to teachers and other school personnel to assist parents/persons in parental relation to students and teachers in exploring alternative approaches for meeting the individual needs of any student prior to formal referral for special education.

The determination of prevention and prereferral intervention strategies/services shall consider the student's strengths, environment, social history, language and cultural diversity in addition to the teacher's concerns. The building administrator will further ensure that all staff are familiar with intervention procedures and procedures for operating CST.

Prereferral/Intervention Instructional Support Plans shall be proactive in their strategies to meet the broad range of student needs and to improve student performance. Prereferral/Intervention strategies and/or Instructional Support Plans are to be reviewed and evaluated to determine their effectiveness, and modified as may be appropriate. Appropriate documentation of the prevention and/or intervention strategies implemented shall be maintained.

## **SUBJECT: PREREFERRAL INTERVENTION STRATEGIES IN GENERAL EDUCATION (PRIOR TO A REFERRAL FOR SPECIAL EDUCATION) (Cont'd.)**

However, should a referral be made to the CSE during the course of implementing prereferral/intervention instructional support services, the CSE is obligated in accordance with law to continue its duties and functions, and must meet mandatory time lines in evaluating the student for special education services and implementation of an individualized education program, if applicable.

### **Educational Related Support Services**

*Educational related support services* (ERSS) means curriculum and instructional modification services; direct student support team services; assessment and non-career counseling services; special instruction to eligible students with disabilities as defined in Education Law Section 4401, which does not generate excess cost aid including related services but excluding transportation and transition services; and to eligible, qualified students pursuant to Section 504 of the Rehabilitation Act of 1973. These services are provided to eligible students, individually or in groups, and may include those related consultation services provided to their families and related school personnel in order to enhance the academic achievement and attendance of such students. Educational related support services shall also mean speech and language improvement services as defined in Commissioner's Regulations.

ERSS may be utilized as a component of any Prereferral/Intervention Instructional Support Plan.

### **Section 504 of the Rehabilitation Act of 1973**

For students who are qualified for services pursuant to Section 504 of the Rehabilitation Act, but are not classified as students with disabilities as defined in Education Law Section 4401, Section 504 Accommodation Plans may address instructional support services that can be utilized as components of any prereferral/intervention strategies as deemed necessary and/or appropriate.

### **Academic Intervention Services**

*Academic intervention services* means additional instruction which supplements the instruction provided in the general education curriculum and assists students in meeting the State learning standards as defined in Commissioner's Regulations and/or student support services which may include guidance, counseling, attendance, and study skills which are needed to support improved academic performance.

However, such services shall not include services provided to students with limited English proficiency pursuant to Commissioner's Regulations or special education services and programs as defined in Education Law Section 4401. Academic intervention services are intended to assist students who are at risk of not achieving the State learning standards in English language arts, mathematics, social studies and/or science, or who are at risk of not gaining the knowledge and skills needed to meet or exceed designated performance levels on State assessments.

**SUBJECT: PREREFERRAL INTERVENTION STRATEGIES IN GENERAL EDUCATION  
(PRIOR TO A REFERRAL FOR SPECIAL EDUCATION) (Cont'd.)**

The District has developed a description of the academic intervention services offered to grades K through 12 students in need of such services. The District will review and revise this description every two years based on student performance results.

Parental notification of students who have been determined to need academic intervention services will be provided as per Commissioner's Regulations.

In implementing prevention and/or prereferral intervention support strategies in order to remediate a student's performance prior to referral for special education, the utilization of academic intervention services, as enumerated in Commissioner's Regulations, may be included as a component of any such Prereferral/Intervention Instructional Support Plan.

## **SUBJECT: DECLASSIFICATION OF STUDENTS WITH DISABILITIES**

The School District shall establish and implement a plan for the appropriate declassification of students with disabilities which must include:

- a) The regular consideration for declassifying students when appropriate;
- b) A reevaluation of the student prior to declassification; and
- c) The provision of educational and support services to the student upon declassification.

### **Eligibility Determinations**

The School District must evaluate a student with a disability prior to determining that a student is no longer a student with a disability as defined in accordance with Commissioner's Regulations, and the District shall provide a copy of the evaluation report and the documentation of eligibility to the student's parent. The results of any reevaluations must be addressed by the Committee on Special Education (CSE) in a meeting to review and, as appropriate, revise the student's individualized education program (IEP).

Prior to the reevaluation, the School District shall obtain informed written parental consent unless otherwise authorized pursuant to law and/or regulation. Parental consent need not be obtained if the District can demonstrate that it has taken reasonable measures to obtain that consent, and the student's parents fail to respond. The District must have a record of its attempts to obtain parental consent. Should the student's parents refuse consent for the reevaluation, the District may continue to pursue the reevaluation by using mediation and/or due process procedures.

The District shall take whatever action is necessary to ensure that the parent understands the proceedings at the meeting of the CSE, including arranging for an interpreter for parents with deafness or whose native language is other than English.

### **Graduation/Aging Out**

The District is not required to conduct a reevaluation of a student before the termination of a student's eligibility due to graduation with a local high school or Regents diploma or exceeding the age eligibility for a free appropriate public education. However, the District must provide the student with a summary (Student Exit Summary) of the student's academic achievement and functional performance, including recommendations on how to assist the student in meeting his/her post secondary goals. Although not required to do so, the District will also provide this Student Exit Summary ([www.vesid.nysed.gov/specialed/idea/studentexit.htm](http://www.vesid.nysed.gov/specialed/idea/studentexit.htm)) to students exiting with a High School Equivalency Diploma.

## **SUBJECT: DECLASSIFICATION OF STUDENTS WITH DISABILITIES (Cont'd.)**

In addition, the parent must receive prior written notice, in accordance with Commissioner's Regulations, before the student's graduation from high school with a local or Regents diploma or before he/she receives an Individualized Education Program (IEP) diploma. If the student will be graduating with an IEP diploma, this prior written notice must indicate that the student continues to be eligible for a free appropriate public education until the end of the school year in which the student turns twenty-one (21) or until receipt of a regular high school diploma.

### **Recommendation for Declassification**

If the student has been receiving special education services, but it is determined by CSE that the student no longer needs special education services and can be placed in a regular educational program on a full-time basis, the recommendation shall:

- a) Identify the declassification support services, if any, to be provided to the student; and/or the student's teachers; and
- b) Indicate the projected date of initiation of such services, the frequency of provision of such services, and the duration of these services, provided that such services shall not continue for more than one (1) year after the student enters the full-time regular education program.

### **Declassification Support Services**

When appropriate, the District shall provide declassification support services to students who have moved from special education to a full-time regular educational program in accordance with the recommendation of the CSE.

*Declassification support services* means those services provided by persons appropriately certified pursuant to Part 80 of Commissioner's Regulations, or holding a valid teaching license in the appropriate area of service, to a student or the student's teacher to aid in the student's move from special education to full-time regular education, including:

- a) For the student, psychological services, social work services, speech and language improvement services, noncareer counseling, and other appropriate support services; and
- b) For the student's teacher, the assistance of a teacher aide or a teaching assistant, and consultation with appropriate personnel.

### **Procedural Safeguards Notice**

The District shall use the procedural safeguards notice prescribed by the Commissioner of Education. The District will further ensure that the procedural safeguards notice is provided in the native language of the parent or other mode of communication used by the parent, unless it is clearly

## **SUBJECT: USE OF TIME OUT ROOMS**

Except as provided pursuant to 8 New York Code of Rules and Regulations (NYCRR) Section 200.22(c) as referenced below, the School District shall not employ the use of time out rooms as a means of regulating student behavior.

Pursuant to Commissioner's Regulations, a time out room is defined "as an area for a student to safely deescalate, regain control and prepare to meet expectations to return to his/her education program." If a time out room is to be used, it must be used in conjunction with a behavioral intervention plan (that is designed to teach and reinforce alternative appropriate behaviors) in which a student is removed to a supervised area in order to facilitate self-control or when it is necessary to remove a student from a potentially dangerous situation and for unanticipated situations that pose an immediate concern for the physical safety of a student or others.

The District has adopted and implemented the following policy and procedures governing school use of time out rooms as part its behavior management approach consistent with Commissioner's Regulations, including the physical and monitoring requirements, parental rights and individualized education program (IEP) requirements for students with disabilities.

**At a minimum, the use of time out rooms shall be governed by the following rules and standards:**

- a) The District prohibits placing a student in a locked room or space or in a room where the student cannot be continuously observed and supervised. The time out room shall be unlocked and the door must be able to be opened from the inside. The use of locked rooms or spaces for purposes of time out or emergency interventions is prohibited.

Staff shall continuously monitor the student in a time out room. The staff must be able to see and hear the student at all times.

Under no circumstances shall a time out room in a school program be used for seclusion of the student, where the term "seclusion" is interpreted to mean placing a student in a locked room or space or in a room where the student is not continuously observed and supervised.

- b) Factors which may precipitate the use of the time out room:

**[District to list examples of precipitating factors.]**

- c) Time limitations for the use of the time out room:

**[District to establish time limitation(s) for the use of the time out room.]**

## SUBJECT: USE OF TIME OUT ROOMS (Cont'd.)

Further, a student's IEP shall specify when a behavioral intervention plan includes the use of a time out room for a student with a disability, including the maximum amount of time a student will need to be in a time out room as a behavioral consequence as determined on an individual basis in consideration of the student's age and individual needs.

School administration or other personnel shall be notified in the event a student is placed in a time out room for excessive amounts of time; and such information shall be considered when determining the effectiveness of the student's behavioral intervention plan and the use of the time out room for the student. Whether the student requires a debriefing following the use of a time out room shall be left to the staff knowledgeable about the individual student.

d) Staff training on the policies and procedures related to the use of time out rooms shall include, but not be limited to, the following measures:

1. The Director of Special Education shall be responsible to the Superintendent for establishing administrative practices and procedures for training all District personnel responsible for carrying out the provisions of Commissioner's Regulations relating to the use of time out rooms, including members of the Committee on Special Education (CSE) and Committee on Preschool Special Education (CPSE).

2. **[District to list specific training programs or activities.]**

e) Data collection to monitor the effectiveness of the use of time out rooms:

District schools shall establish and implement procedures to document the use of time out rooms, including information to monitor the effectiveness of the use of the time out room to decrease specified behaviors. Such data would be subject to review by the State Education Department (SED) upon request.

Such data collection should appropriately include, but is not limited to, the following information:

1. A record for each student showing the date and time of each use of the time out room;
2. A detailed account of the antecedent conditions/specific behavior that led to the use of the time out room;
3. The amount of time that the student was in the time out room; and
4. Information to monitor the effectiveness of the use of the time out room to decrease specified behaviors which resulted in the student being placed in the room.

## **SUBJECT: USE OF TIME OUT ROOMS (Cont'd.)**

### f) Information to be provided to parents.

The School District shall inform the student's parents prior to the initiation of a behavioral intervention plan that will incorporate the use of a time out room for a student, and shall give the parent the opportunity to see the physical space that will be used as a time out room and provide the parent with a copy of the school's policy on the use of time out rooms.

Additionally, parents should be notified if their child was placed in a time out room. Minimally, *whenever a time out room is used as an emergency intervention* pursuant to Commissioner's Regulations Section 200.22(d), the parent shall be notified of the emergency intervention. Such notification will be provided the same day whenever possible.

The parent is a member of the CSE and the use of a time out room must be included on the student's IEP. The parent receives prior notice as to the recommendations on a student's IEP and may request due process in the event the parent does not agree with the CSE recommendations.

Parent reports of alleged inappropriate interventions used in a time out room should be directed to school administrators.

### **Physical Space Used as a Time Out Room**

The physical space used as a time out room must meet certain standards.

- a) The room shall provide a means for continuous visual and auditory monitoring of the student.
- b) The room shall be of adequate width, length and height to allow the student to move about and recline comfortably.
- c) Wall and floor coverings should be designed to prevent injury to the student, and there shall be adequate lighting and ventilation.
- d) The temperature of the room shall be within the normal comfort range and consistent with the rest of the building.
- e) The room shall be clean and free of objects and fixtures that could be potentially dangerous to a student and shall meet all local fire and safety codes.

**SUBJECT: SECTION 504 OF THE REHABILITATION ACT OF 1973**

The Board of Education affirms its compliance with those sections of the Rehabilitation Act of 1973 dealing with program accessibility.

Section 504 of the Rehabilitation Act prohibits discrimination against qualified individuals with disabilities in federally assisted programs or activities solely on the basis of disability. The District shall make its program and facilities accessible to all its students with disabilities.

The District shall also identify, evaluate and extend to every qualified student with a disability under Section 504 a free, appropriate public education, including modifications, accommodations, specialized instruction or related aids and services, as deemed necessary to meet their educational needs as adequately as the needs of non-disabled students are met.

The District official responsible for coordination of activities relating to compliance with Section 504 is the Superintendent of Schools and/or his/her designee. This official shall provide information, including complaint procedures, to any person who feels his/her rights under Section 504 have been violated by the District or its officials.

**Committee on Special Education (CSE) Membership**

The Board of Education shall appoint a Committee on Special Education (CSE) whose membership shall include, but not be limited to, the following members:

- a) The parent(s) of the student. To ensure that one or both parents are present at each CSE meeting, the District and the parent(s) may agree to use alternative means of participation such as videoconferences or conference phone calls.
- b) Not less than one (1) regular education teacher of such student (if the student is, or may be, participating in the regular education environment);
- c) Not less than one (1) special education teacher of the student, or, where appropriate, at least one (1) special education provider (i.e., related service provider) of such student;
- d) A representative of the School District who is qualified to provide or administer or supervise special education and who is knowledgeable about the general education curriculum and about the availability of resources of the District;
- e) An individual who can interpret the instructional implications of evaluation results, who may be a CSE member selected from the regular education teacher, the special education teacher or provider, the school psychologist, or the School District representative described above, or a person having knowledge or special expertise regarding the student as determined by the District;
- f) A member as described in letters b) through e) of this subheading is not required to attend the CSE meeting, in whole or in part, if the parent/person in parental relation to the student with a disability and the School District agree, in writing not less than five (5) calendar days prior to the meeting date, that the attendance of the member is not necessary because:
  - 1. The member's area of the curriculum or related services is not being modified or discussed in the meeting; or
  - 2. The member's area of the curriculum or related services is being modified or discussed in the meeting but, not less than five (5) calendar days prior to the meeting, the excused member has submitted to the parents/persons in parental relation and the CSE written input into the development of the IEP, particularly with respect to their area of curriculum or related services; or

3. The committee member is unable to attend due to an emergency or unavoidable scheduling conflict and the District submits the written input listed in 2. above to the parents/persons in parental relation within a reasonable time prior to the meeting and prior to obtaining written consent to the excusal by the parents/persons in parental relation;
- g) At the discretion of the parent or the District, other individuals who have knowledge or special expertise regarding the student, including related services personnel as appropriate. The determination of knowledge or special expertise shall be made by the party (parents or School District) who invited the individual to be a member of the committee;
- h) Whenever appropriate, the student with a disability. The District must invite a child with a disability to attend the child's CSE meeting if a purpose of the meeting will be the consideration of the postsecondary goals for the child and the transition services needed to assist the child in reaching those goals. If the child does not attend the CSE meeting, the District must take other steps to ensure that the child's preference and interests are considered. To the extent appropriate, with the consent of the parent or a child who has reached the age of majority, the District must also invite a representative of any participating agency that is likely to be responsible for providing or paying for transition services;
- i) A school psychologist;
- j) A school physician, if requested in writing at least seventy-two (72) hours prior to the meeting by the parents of the student or the School District; and
- k) An additional parent residing in the District or a neighboring school district who is a parent of a student with a disability, a parent of a student who has been declassified and is no longer eligible for an individualized education program (IEP), or a parent of a disabled child who has graduated. This parent member may serve for a period of five years beyond the student's declassification or graduation, provided that the parent shall not be employed by or under contract with the School District. Such parent is not a required member if the parents of the student request, in writing, that the additional parent member not participate in the meeting.

## **Subcommittee on Special Education Membership**

The Board of Education shall appoint, as necessary, a Subcommittee on Special Education whose membership shall include, but not be limited to, the following members:

- a) The parent(s) of the student;

- c) Not less than one (1) special education teacher, of the student, or where appropriate, at least one (1) special education provider (i.e., related service provider) of such student;
- d) A representative of the School District who is qualified to provide or administer or supervise special education and who is knowledgeable about the general education curriculum and about the availability of resources of the District;
- e) A school psychologist, whenever a new psychological evaluation is reviewed or a change to a program option with a more intensive staff/student ratio, as set forth in Section 200.6(f)(4) of the Regulations of the Commissioner, is considered;
- f) A member as described in letters b) through e) of this subheading is not required to attend the subcommittee meeting, in whole or in part, if the parent/person in parental relation to the student with a disability and the School District agree, in writing not less than five (5) calendar days prior to the meeting date, that the attendance of the member is not necessary because:
  - 1. The member's area of the curriculum or related services is not being modified or discussed in the meeting; or
  - 2. The member's area of the curriculum or related services is being modified or discussed in the meeting but, not less than five (5) calendar days prior to the meeting, the excused member has submitted to the parents/persons in parental relation and the CSE written input into the development of the IEP, particularly with respect to their area of curriculum or related services; or

## **SUBJECT: APPOINTMENT AND TRAINING OF COMMITTEE ON PRESCHOOL SPECIAL EDUCATION (CPSE) MEMBERS**

### **Committee on Preschool Special Education (CPSE) Membership**

The Board of Education shall appoint a Committee on Preschool Special Education (CPSE) whose membership shall include, but not be limited to, the following members:

- a) The parent(s) of the preschool child;
- b) Not less than one (1) regular education teacher of such child (if the child is, or may be, participating in the regular education environment);
- c) Not less than one (1) special education teacher of the child or, where appropriate, at least one (1) special education provider (i.e., related service provider) of such child;
- d) A representative of the School District who is qualified to provide, or supervise the provision of, special education and who is knowledgeable about the general education curriculum and about the availability of preschool special education programs and services and other resources of the District and the municipality (who shall serve as Chairperson of the CPSE);
- e) An individual who can interpret the instructional implications of evaluation results, who may be a member of the team selected from the regular education teacher, the special education teacher or provider, the school psychologist, the School District representative described above, or a person having knowledge or special expertise regarding the student as determined by the District;
- f) At the discretion of the parent or the District, other individuals who have knowledge or special expertise regarding the child, including related services personnel as appropriate. The determination of knowledge or special expertise shall be made by the party (parents or School District) who invited the individual to be a member of the committee;
- g) An additional parent of a child with a disability who resides in the School District or a neighboring school district, and whose child is enrolled in a preschool or elementary level education program provided that such parent shall not be employed by or under contract with the School District or municipality; and provided further that such parent shall not be a required member if the parents of the child request, in writing, that the additional parent member not participate in the meeting;

- h) For a child's transition from early intervention programs and services (Infant and Toddler Programs), at the request of the parent/person in parental relation, the appropriate professional designated by the agency that has been charged with the responsibility for the preschool child. This professional must attend all meetings of the CPSE conducted prior to the child's initial receipt of services; and
- i) A representative from the municipality of the preschool child's residence. Attendance of the appointee of the municipality is not required for a quorum.

However, except for the parents/persons in parental relation and the appointee from the municipality ( a) and i) above) a member of the CPSE is not required to attend a meeting of the team in whole or in part if the parent/person in parental relation and the District agree in writing that the attendance is not necessary because the member's area of the curriculum or related services is not being modified or discussed at that meeting.

Additionally, a member as described in letters b) through h) of this subheading may be excused from attending the CPSE meeting, in whole or in part, if the parent/person in parental relation to the student with a disability and the School District agree, in writing to the excusal not less than five (5) calendar days prior to the meeting date, that the attendance of the member is not necessary because:

- a) The member's area of the curriculum or related services is being modified or discussed in the meeting but, not less than five (5) calendar days prior to the meeting, the excused member has submitted to the parents/persons in parental relation and the CSE written input into the development of the IEP, particularly with respect to their area of curriculum or related services; or
- b) The committee member is unable to attend due to an emergency or unavoidable scheduling conflict and the District submits the written input listed in a) above to the parents/persons in parental relation within a reasonable time prior to the meeting and prior to obtaining written consent to the excusal by the parents/persons in parental relation.

**SUBJECT: STUDENT INDIVIDUALIZED EDUCATION PROGRAM (IEP):  
DEVELOPMENT AND PROVISION****Development of Individualized Education Program**

The Board of Education directs that the Committee on Special Education (CSE) or Committee on Preschool Special Education (CPSE) shall have prepared a written statement (program) for each child with a disability.

Such an Individualized Education Program (IEP) will be developed by the CSE or CPSE upon referral, and reviewed or revised, whichever is appropriate, for every child with a disability at least annually or in the event that the program no longer appears to be appropriate to meet the student's needs and ability level.

The District shall ensure that each student with a disability has an IEP in effect at the beginning of each school year.

**Functional Behavioral Assessments/Behavioral Intervention Plans**

A functional behavioral assessment (FBA) is an integral part of the evaluation and reevaluation of a student with a disability which should be used throughout the process of developing, reviewing and revising a student's IEP when the student's behavior impedes learning of the child or others. The FBA is the process of determining why a student engages in challenging behavior and how the student's behavior relates to the environment.

The FBA provides a baseline of the student's problem behaviors with regard to frequency, duration, intensity and/or latency across activities, settings, people and times of the day and includes:

- a) The identification of the problem behavior,
- b) The definition of the behavior in concrete terms,
- c) The identification of the contextual factors that contribute to the behavior (including cognitive and affective factors), and
- d) The formulation of a hypothesis regarding the general conditions under which a behavior usually occurs and probable consequences that serve to maintain it.

The CSE/CPSE will ensure that functional behavioral assessments, when appropriate, are conducted and reviewed to:

- a) Identify supplementary aids and services, modifications and/or related services appropriate to address the identified behaviors to promote the student's involvement and progress in the general curriculum;

(Continued)

**SUBJECT: STUDENT INDIVIDUALIZED EDUCATION PROGRAM (IEP):  
DEVELOPMENT AND PROVISION (Cont'd.)**

- b) Determine a student's eligibility for special education services;
- c) Develop the IEP which includes behavioral goals and objectives and positive behavioral supports and strategies.

In the case of a student whose behavior impedes his or her learning or that of others, the CSE/CPSE shall consider strategies, including positive behavioral interventions and supports and other strategies to address that behavior. The need for a behavioral intervention plan (BIP) shall be documented on the IEP and such plan shall be reviewed at least annually by the CSE/CPSE. In addition, regular progress monitoring of the frequency, duration and intensity of the behavioral interventions shall be conducted at scheduled intervals, documented and reported to the parents and CSE/CPSE.

Any use of time out rooms will be in accordance with Policy #7619 -- Use of Time Out Rooms.

**Individual Evaluations**

Unless a referral is withdrawn, an individual evaluation at no cost to the parent will be completed by the CSE/CPSE within sixty (60) calendar days of receiving written parental consent, unless:

- a) A student enrolls in the District after sixty (60) days and prior to a determination by the student's previous school district as to whether the student has a disability, but only if the new school district is making sufficient progress to ensure a prompt completion of the evaluation and the parent and the new district agree to a specific timeframe for completion; or
- b) The parent or student repeatedly fails or refuses to produce the student for evaluation.

No student shall be required to obtain a prescription for a drug or other substance identified as a controlled substance by the federal Controlled Substances Act as a condition of receiving an evaluation.

The individual evaluation will include a variety of assessment tools and strategies, including information provided by the parent. The purpose of the evaluation is to gather relevant functional, developmental and academic information that may assist in determining whether the student is a student with a disability and the content of the student's IEP. This shall include information relating to enabling the student to participate and progress in the general education curriculum (or for a preschool child, to participate in appropriate activities.)

(Continued)

**SUBJECT: STUDENT INDIVIDUALIZED EDUCATION PROGRAM (IEP):  
DEVELOPMENT AND PROVISION (Cont'd.)**

As part of any evaluation, a group that includes the CSE/CPSE and other qualified professionals, as appropriate, shall review existing evaluation data on the student including evaluations and information provided by the parents of the student, current classroom-based assessments, local or state assessments, classroom-based observations, and observations by teachers and related services providers.

On the basis of that review, and input from the student's parents, the group shall identify what additional data, if any, are needed to determine:

- a) Whether the student has or continues to have a disability;
- b) The present levels of academic achievement and related developmental needs of the student, including:
  - 1. Academic achievement, functional performance, and learning characteristics;
  - 2. Social development;
  - 3. Physical development; and
  - 4. Management needs.
- c) In the case of a reevaluation of a student, whether the student continues to need special education; and
- d) Whether any additions or modifications to the special education services are needed to enable the student to meet the measurable annual goals set out in the IEP of the student and to participate, as appropriate, in the general education curriculum.

If additional data are not needed, the District must notify the parents of that determination and the reasons for it and of the right of the parents to request an assessment to determine whether, for purposes of services provided in accordance with law and Commissioner's Regulations, the student continues to be a student with a disability and to determine the student's educational needs. The District is not required to conduct the assessment unless requested to do so by the student's parents.

**Individual Re-evaluations**

A CSE/CPSE shall arrange for an appropriate re-evaluation of each student with a disability:

- a) If the District determines that the educational or related services needs, including improved academic achievement and functional performance of the student warrant re-evaluation;

(Continued)

**SUBJECT: STUDENT INDIVIDUALIZED EDUCATION PROGRAM (IEP):  
DEVELOPMENT AND PROVISION (Cont'd.)**

- b) If the student's parent or teacher request a re-evaluation;
- c) At least once every three (3) years, unless the District and the parent/person in parental relation agree in writing that such re-evaluation is unnecessary.

A re-evaluation shall not be conducted more frequently than once a year unless the parent and the District representative appointed to the CSE/CPSE agree otherwise.

The re-evaluation will be conducted by a multi-disciplinary team or group of persons, including at least one teacher or other specialist with knowledge in the area of the student's disability. The re-evaluation shall be sufficient to determine the student's individual needs, educational progress and achievement, the student's ability to participate in instructional programs in regular education and the student's continuing eligibility for special education. The results of any re-evaluations must be addressed by the CSE/CPSE in reviewing, and as appropriate, revising the student's IEP.

To the extent possible, the District shall encourage the consolidation of re-evaluation meetings for the student and other CSE/CPSE meetings for the student.

**Amendments to the IEP**

Amendments to the IEP made after the annual review by the CSE/CPSE may be made by reconvening the CSE/CPSE and rewriting the IEP or by developing a written document to amend or modify the student's current IEP, provided that:

- a) The parents/persons in parental relation request an amendment to the IEP and the District and parents/persons in parental relation agree to the amendment in writing; or
- b) The District provides the parents/persons in parental relation a written proposal to amend a provision or provisions of the IEP conveyed in language understandable to the parents/persons in parental relation in their native language or other dominate mode of communication, informs and allows the parents/persons in parental relation the opportunity to consult with the appropriate personnel or related service providers concerning the proposed changes, and the parents/persons in parental relation agree in writing to the amendments.

If the parents/persons in parental relation agrees to amend the IEP without a meeting, they shall be provided prior written notice of the changes to the IEP and the Committee notified of the changes. If the changes are made by rewriting the entire IEP, the District shall provide the parents/persons in parental relation a copy of the rewritten IEP. If the amendment is made without rewriting the entire document, the District shall provide a copy of the document that amends the IEP or upon request, a revised copy of the entire IEP with the amendments incorporated.

**SUBJECT: STUDENT INDIVIDUALIZED EDUCATION PROGRAM (IEP):  
DEVELOPMENT AND PROVISION (Cont'd.)****Use of Recording Equipment at IEP Meetings**

The Board of Education shall allow recording equipment to be used at meetings regarding individualized education programs for students with disabilities.

**Provision of Individualized Education Program**

The Board of Education directs that the Superintendent/designee(s) establish administrative practices and procedures to ensure that each regular education teacher, special education teacher, related service provider and/or other service provider who is responsible for the implementation of a student's IEP is provided a paper or electronic copy of such student's IEP (including amendments to the IEP) prior to the implementation of such IEP, or shall be able to access such student's IEP electronically. The Superintendent, or his/her designee(s) shall also establish administrative practices and procedures to ensure that each regular education teacher, special education teacher, related service provider and/or other service provider who is responsible for the implementation of a student's IEP shall be notified and trained on how to access such IEPs electronically. For purposes of this policy, "other service provider" means a representative of another public school district, charter school, Board of Cooperative Educational Services (BOCES) or school enumerated in Education Law Articles 81, 85 or 89 where the student receives or will receive IEP services. Further, the District will designate at least one school official who shall be responsible for maintaining a record of the personnel who have received IEP copies for each student.

Any copy of a student's IEP shall remain confidential in compliance with the Individuals with Disabilities Education Act, the Family Educational Rights and Privacy Act, and District policy regarding confidentiality of student records; and shall not be disclosed to any other person other than the parent of such student, except in accordance with federal and state laws and/or regulations. Appropriate training and information will be provided to designated school personnel, as applicable, to ensure the confidentiality of such information. Procedures will be established to ensure that copies of students' IEPs are stored in secure locations and retrieved or destroyed when such professionals are no longer responsible for implementing a student's IEP.

The Chairperson of the CSE, CSE subcommittee, or CPSE shall designate for each student one or, as appropriate, more than one professional employee of the School District with knowledge of the student's disability and education program who will be responsible to, prior to the implementation of the IEP, inform each regular education teacher, special education teacher, related service provider, other service provider, supplementary school personnel (i.e., a teaching assistant or a teacher aide as defined in Commissioner's Regulations), and other provider and support staff person of his/her responsibility to implement the recommendations on a student's IEP, including the responsibility to provide specific accommodations, program modifications, supports and/or services for the student in accordance with the IEP. In selecting the professional staff person(s), the Chairperson could select him/herself for this responsibility, another administrator, or a teacher, related service provider or other professional based on the particular circumstances of the student's disability and education program.

## **SUBJECT: STUDENT INDIVIDUALIZED EDUCATION PROGRAM (IEP): DEVELOPMENT AND PROVISION (Cont'd.)**

The School District shall also ensure that each teaching assistant, teacher aide and each other provider responsible for assisting in the implementation of a student's IEP has the opportunity to review a copy of the student's IEP (including amendments) prior to the implementation of such IEP. Further, each teaching assistant, teacher aide and such other provider responsible for assisting in the implementation of a student's IEP shall have ongoing access to a copy of the IEP, which may be the copy provided to the student's special education teacher or the teacher or related service provider under whose direction the supplementary school personnel or other provider works. However, the District may, at its discretion, provide a copy of the IEP to teaching assistants and/or teacher aides.

A copy of a student's IEP shall be provided to the student's parents at no cost to the student's parents.

## **SUBJECT: TRANSITION SERVICES**

Beginning not later than the first IEP to be in effect when the student is age fifteen (15) (and at a younger age, if determined appropriate), and updated annually, the student's IEP must include:

- a) A statement of the student's needs taking into account the student's strengths, preferences and interests as they relate to transition from school to post-school activities;
- b) Appropriate measurable postsecondary goals based upon age appropriate transition assessments relating to training, education, employment and, where appropriate, independent living skills;
- c) A statement of transition service needs that focuses on the student's courses of study, such as participation in advanced-placement courses or a vocational educational program;
- d) Needed activities to facilitate the student's movement from school to post-school activities, including instruction, related services, community experiences, the development of employment and other post-school adult living objectives and, when appropriate, acquisition of daily living skills and functional vocational evaluation; and
- e) A statement of the responsibilities of the District and participating agencies, when applicable, for the provision of such services and activities, before the student leaves the school setting, that promote movement from school to post-school opportunities.

In accordance with the Code of Federal Regulations, the district must invite a child with a disability to attend the child's CSE meeting if a purpose of the meeting will be the consideration of the postsecondary goals for the child and the transition services needed to assist the child in reaching those goals. If the child does not attend the CSE meeting, the district must take other steps to ensure that the child's preference and interests are considered. To the extent appropriate, with the consent of the parent or a child who has reached the age of majority, the district must also invite a representative of any participating agency that is likely to be responsible for providing or paying for transition services.

As defined by the Commissioner's Regulations, transition services means a coordinated set of activities for a student with a disability, designed within a results-oriented process that is focused on improving the academic and functional achievement of the student with a disability to facilitate movement from school to post-school activities. Post-school activities include, but are not limited to, post-secondary education, vocational education, integrated employment (including supported employment), continuing and adult education, adult services, independent living, or community participation. The coordinated set of activities must be based on the student's strengths, preferences and interests and shall include needed activities in the following areas:

- a) Instruction;

## **SUBJECT: EXTENDED SCHOOL YEAR (JULY/AUGUST) SERVICES AND/OR PROGRAMS**

The School District shall provide, directly or by contract, special services and/or programs during July and August (i.e., extended school year) to those students whose disabilities are severe enough to exhibit the need for a structured learning environment of twelve (12) months duration in order to prevent substantial regression as determined by the Committee on Special Education (CSE)/Committee on Preschool Special Education (CPSE). Written consent of the parent is required prior to initial provision of special education services in a twelve (12) month special service and/or program.

The CSE/CPSE must determine whether a student requires extended school year special education services and/or programs in order to prevent substantial regression. Substantial regression would be indicated by a student's inability to maintain developmental levels due to a loss of skill, set of skill competencies or knowledge during the months of July and August. In accordance with Commissioner's Regulations, students must be considered for twelve (12) month special services and/or programs to prevent substantial regression if they are:

- a) Students whose management needs are determined to be highly intensive and require a high degree of individualized attention and intervention and who are placed in special classes; or,  
  
Preschool students whose management needs are determined to be highly intensive and require a high degree of individualized attention and intervention;
- b) Students with severe multiple disabilities, whose programs consist primarily of habilitation and treatment and are placed in special classes; or  
  
Preschool students with severe multiple disabilities, whose programs consist primarily of habilitation and treatment;
- c) Students who are recommended for home and/or hospital instruction whose special education needs are determined to be highly intensive and require a high degree of individualized attention and intervention or who have severe multiple disabilities and require primarily habilitation and treatment; or  
  
Preschool students whose special education needs are determined to be highly intensive and require a high degree of individualized attention and intervention or who have severe multiple disabilities and require primarily habilitation and treatment in the home; or
- d) Students, including preschool students, whose needs are so severe that they can be met only in a seven (7) day residential program; or

## **SUBJECT: EXTENDED SCHOOL YEAR (JULY/AUGUST) SERVICES AND/OR PROGRAMS (Cont'd.)**

- e) Students who are not in programs as described in subparagraphs (a) through (d) above during the period from September through June and who, because of their disabilities, exhibit the need for a twelve (12) month special service and/or program provided in a structured learning environment of up to twelve (12) months duration in order to prevent substantial regression as determined by the CSE; or

Preschool students who are not described in subparagraphs (a) through (d) above whose disabilities are severe enough to exhibit the need for a structured learning environment of twelve (12) months duration to prevent substantial regression as determined by the Preschool Committee on Special Education (CPSE).

For students eligible for twelve (12) month service and/or program, per Commissioner's Regulations Section 200.4(d)(2)(x), the student's Individualized Education Program (IEP) shall indicate the identity of the provider of services during the months of July and August, and, for preschool students determined by the CPSE to require a structured learning environment of twelve (12) months duration to prevent substantial regression, a statement of the reasons for such recommendation.

The IEP shall indicate the projected date of the review of the student's need for such services and shall indicate the recommended placement.

The State Education Department (SED) is authorized to approve programs and to establish State Aid reimbursement rates for all special services and programs provided during July and August, both public and private. Therefore, if the School District plans to operate a July/August program, the District must first apply to SED for approval in accordance with SED guidelines/procedures.

**SUBJECT: TRANSFER STUDENTS WITH DISABILITIES**

To facilitate the transition of students with disabilities transferring into or out of the District the District shall:

- a) As the district of origin take reasonable steps to promptly respond to all requests from the new school district.
- b) As the new school district take reasonable steps to promptly obtain the student's records from the previous school, including the IEP, supporting documents and any other records relating to the provision of special education services.
- c) Provide to a student with a disability (as defined in Section 200.1(zz) of Commissioner's Regulations) who transfers school districts within the same academic year a free appropriate education including services comparable to those described in the student's previous IEP.
  - 1. For transfers within New York State, the previously held IEP will be followed in consultation with the parents until the District adopts the previously held IEP or develops, adopts and implements a new IEP consistent with federal and State law and regulation.
  - 2. For transfers from outside New York State, in consultation with the parents the previously held IEP will be followed until the District conducts an evaluation and, if appropriate, develops a new IEP consistent with federal and State law and regulation.

## **SUBJECT: IDENTIFICATION AND REGISTER OF CHILDREN WITH DISABILITIES (CHILD FIND)**

The School District of residence is required to locate and identify all students with disabilities who reside in the District, including students who do not attend public school (with the exception of students with disabilities who are parentally placed in nonpublic schools outside the district of residence). Therefore, it is the policy of the Board of Education to conduct a census in order to have all children with disabilities within its jurisdiction under the age of twenty-one (21) identified, located and evaluated, including children of preschool age, homeless children, children who are wards of the State as defined in Commissioner's Regulations and children in all public and private agencies and institutions.

Any student suspected of having a disability is to be referred to the applicable Committee on Special Education (CSE)/Committee on Preschool Special Education (CPSE) for evaluation and possible identification as a student with disability.

Census data shall be reported by October 1 to the CSE/CPSE as appropriate. The CSE/CPSE will maintain and revise annually a register and related summary reports containing the data requirements indicated in Commissioner's Regulations.

### **Nonpublic School Students with Disabilities Who are Parentally Placed**

If the School District boundaries encompass a nonpublic school, the District, as the district of location, must develop and implement methods to identify, locate and ensure the identification and evaluation of students with disabilities who have been, or are going to be, parentally placed in such nonpublic school.

The child find activities must be similar to activities for students with disabilities in the public schools and must be completed in a time period comparable to that for other students attending public schools in the School District.

As the public school district of location, the District must consult with the nonpublic schools where students are parentally placed to determine an accurate count of students with disabilities attending such schools and receiving special education services.

These requirements only pertain to students with disabilities parentally placed in elementary and secondary nonpublic schools, not to parental placements of preschool children with disabilities in private day care or preschool programs; or to CSE placements of students with disabilities in approved private schools, Special Act School Districts, State-supported or State-operated schools; or to Charter schools.

## **SUBJECT: PARENT INVOLVEMENT FOR CHILDREN WITH DISABILITIES**

The Board of Education recognizes the rights of the parent/guardian to be fully informed of all information relevant to the identification, or change in identification, evaluation and educational placement of a child with a disability.

All due process procedures for parents/guardians and children in the Commissioner's Regulations shall be observed by the School District.

### **Definition of Parent**

Parent means a birth or adoptive parent, a guardian, a person in parental relationship to the child as defined in Education Law Section 3212, an individual designated as a person in parental relation pursuant to Title 15-A of the General Obligations Law including an individual so designated who is acting in the place of a birth or adoptive parent (including a grandparent, stepparent or other relative with whom the child resides), or a surrogate parent who has been appointed in accordance with section 200.5(n) of Commissioner's Regulations. The term does not include the State if the student is a ward of the State.

A foster parent may act as a parent unless State law, regulations or contractual obligations with a State or local entity prohibit the foster parent from acting as a parent.

Unless a judicial decree identifies a specific person(s) to act as the parent or make educational decisions for the student, if one or more parties is qualified to act as a parent, the birth or adoptive parent is presumed to be the parent unless they do not have the legal authority to do so.

### **Surrogate Parents**

It is the duty of the School District to determine whether a child needs a surrogate parent and to assign a surrogate parent in the manner permitted under New York State law. This determination shall be completed within a reasonable time following the receipt of a referral for an initial evaluation or re-evaluation.

In the event that no parent or guardian for a child with a disability can be identified; or after reasonable efforts the whereabouts of the parent or guardian cannot be determined; or the student is an unaccompanied homeless youth; or the child with a disability is a ward of the State and does not have a "parent" as defined above; or the rights of the parent to make educational decisions have been subrogated by a judge in accordance with State law; the Board shall assign an individual to act as a surrogate for the parents or guardians.

Alternatively, the surrogate parent may be appointed by a judge overseeing the child's case.

## **SUBJECT: PARENT INVOLVEMENT FOR CHILDREN WITH DISABILITIES (Cont'd.)**

The person selected as a surrogate shall have no interest that conflicts with the interest of the child he/she represents, and shall have knowledge and skills that ensure adequate representation of the child.

### **Prior Written Notice**

Prior written notice must be given to parents of a student with a disability a reasonable time before the District proposes to, or refuses to, initiate or change the identification, evaluation, educational placement of the student or the provision of a free appropriate public education to the student. Prior written notice must also be provided informing the parents when no additional data is required to determine the student's educational needs, the reasons for this determination and their right to request an assessment.

If the prior written notice relates to a proposed action that also requires parental consent, the District must give notice at the same time it requests parental consent. The prior written notice will contain all elements required by Commissioner's Regulations.

A parent may elect to receive prior written notice and other required notifications by electronic mail (e-mail) communication if the District makes this option available.

### **Parental Consent**

In accordance with due process, a parent or guardian of a special education student or a student suspected of having a disability must provide informed consent before the School District can take certain actions.

#### Consent for Evaluations

The parent or guardian must provide informed consent to the initial evaluation, or reevaluations in accordance with law and/or regulations. If a parent does not provide consent for an initial evaluation, the School District *may* pursue the evaluation by commencing a due process hearing to override the refusal to provide consent.

Parental consent for a reevaluation is not needed if the District can demonstrate that it has taken reasonable measures to obtain consent, but the parents or guardians have failed to respond.

#### Consent for the Initial Provision of Services

Parental consent is also required for the initial provision of special education services. Consent for an initial evaluation does not constitute consent for the initial provision of services. If a parent does not provide consent for the initial provision of services, the School District *shall not* provide the special education program and services to the student and shall not use the due process procedures to

challenge the parent's refusal to consent. The School District shall not be considered to be in violation of the requirements to provide a free appropriate public education (FAPE), shall not be required to convene a meeting of the committee on special education or develop an IEP.

### Consent for Other Actions

Prior written consent must also be provided:

- a) Prior to releasing any personally identifiable information; and
- b) Prior to each time the District proposes to access a parent's private insurance.

### Consent for an Unaccompanied Homeless Youth

Consent may be provided by a surrogate parent. However, until a surrogate parent is appointed, consent may be provided on a temporary basis by an employee of a temporary housing facility operated or approved by a local social services district or a residential facility for runaway and homeless youth.

### Consent for a Ward of the State

A ward of the State means a child or youth under the age of twenty-one (21):

- a) Who has been placed or remanded pursuant to Social Services Law or the Family Court Act or freed for adoption pursuant to Social Services Law; or
- b) Who is in the custody of the Commissioner of Social Services or the Office of Children and Family Services; or
- c) Who is a destitute child under Social Services Law.

In the event that a child is a ward of the State, the School District shall make reasonable efforts to obtain the informed consent from the parent of the child for an initial evaluation to determine whether the child is a child with a disability.

The School District is not required to obtain informed consent if:

- a) Despite reasonable efforts to do so, the School District cannot discover the whereabouts of the parent of the student, including consulting with the agency responsible for the care of the student; or
- b) The rights of the parents of the student have been terminated in accordance with State law; or

### **Procedural Safeguards Notice**

The School District will provide the procedural safeguards notice prescribed by the Commissioner of Education to the parents of a student with a disability at least one time per year and also:

- a) Upon initial referral or parental request for evaluation;
- b) Upon the first filing of a due process complaint notice to request mediation or an impartial due process hearing; and

## **SUBJECT: IMPARTIAL DUE PROCESS HEARINGS/SELECTION OF IMPARTIAL HEARING OFFICERS**

The parent/person in parental relation of a student with a disability may file a written request with the Board for an impartial due process hearing with respect to any matter relating to the identification, evaluation, educational placement, provision of a free appropriate public education, manifestation determination or other matter relating to discipline. The Board may also initiate such hearing.

The School District is committed to making every effort to amicably resolve differences involving the educational programs for students with disabilities. Mediation will be available to resolve disputes involving any matter, including matters arising prior to the filing of a request for an impartial due process hearing. In addition, the District may establish procedures providing the opportunity to meet with a disinterested party from a community dispute resolution center for an explanation of the benefits of the mediation process.

For those exceptional circumstances where a more formal method is required, the impartial hearing process will be utilized. The Impartial Hearing Officer (IHO) renders a written decision after the parties present and refute evidence before him/her. The decision of the IHO is final and binding on both parties unless appealed to the State Review Officer (SRO).

### **Impartial Due Process Hearing Process**

The request for an impartial due process hearing must be submitted within two (2) years of the date the parent or the District knew or should have known about the alleged action forming the basis of the complaint. However, the two (2) year timeline does not apply if the parent was prevented from requesting the hearing due to specific misrepresentations by the District that it had resolved the problem or the District's withholding of information from the parent that is required by Commissioner's Regulations.

The following is an overview of the impartial due process hearing process/prehearing conference:

#### Due Process Complaint Notification

- a) The parent or the School District may request an impartial due process hearing by first submitting a due process complaint notice.

A hearing may not be held until a due process complaint notice is filed. Either the parent, the District, or the attorney representing either party may present a complaint with respect to any matter relating to the identification, evaluation or educational placement of a student with a disability or a student suspected of having a disability, or the provision of a free appropriate public education to such student.

**SUBJECT: IMPARTIAL DUE PROCESS HEARINGS/SELECTION OF IMPARTIAL HEARING OFFICERS (Cont'd.)**

This written due process complaint notice must include:

1. The name of the student;
  2. The address of the student's residence or, in the case of a homeless student, available contact information;
  3. The name of the school the child is attending;
  4. A description of the nature of the problem of the student relating to the proposed initiation or change, including facts relating to the problem; and
  5. A proposed resolution of the problem to the extent known and available to the party at the time.
- b) The due process complaint notice will be deemed sufficient unless the party receiving the notice notifies the other party and the IHO in writing within fifteen (15) days of receiving the notice that they believe the notice requirements have not been met.
- c) Within five (5) days of the receipt of the notice of insufficiency, the IHO shall make a determination on the face of the notice of whether the notification meets the notice requirements and shall immediately notify the parties in writing of the determination.
- d) If the District has not sent a prior written notice to the parent regarding the subject matter of the complaint notice, the District will send a response to the parent within ten (10) days of receiving the complaint which includes:
1. An explanation of why the District proposed or refused to take the action raised in the complaint;
  2. A description of other options the Committee on Special Education (CSE)/Committee on Preschool Special Education (CPSE) considered and why those options were rejected;
  3. A description of each evaluation procedure, assessment, record, or report the District used as a basis for the proposed or refused action; and
  4. A description of the factors relevant to the District's proposal or refusal.

**SUBJECT: IMPARTIAL DUE PROCESS HEARINGS/SELECTION OF IMPARTIAL HEARING OFFICERS (Cont'd.)**

- e) Upon receipt or filing of the due process complaint notice, the District will provide the procedural safeguards notice to the parents. The District will also inform parents in writing of the availability of mediation and of any free or low-cost legal and other relevant services available in the area.
- f) Within ten (10) days of receiving the complaint notice, the non-complaining party must send a response specifically addressing the issues raised in the notice.
- g) A party may amend its due process complaint notice only if:
  - 1. The other party consents in writing and is given the opportunity to resolve the complaint through a resolution session;
  - 2. The IHO grants permission, but not later than five (5) days before the impartial due process hearing commences.

Applicable timelines for the impartial due process hearing will recommence at the time of the filing of the amended notice.

- h) No issues may be raised at the impartial due process hearing that were not raised in the due process complaint notice.

Resolution Session

- a) Within fifteen (15) days of receiving the due process complaint notice from the parent and prior to the due process hearing itself, the District shall convene a meeting with the parents and relevant members of the CSE/CPSE who have specific knowledge of the facts identified in the complaint. A representative of the District who has decision-making authority must attend. The attorney for the District may not attend unless the parent is accompanied by an attorney. At this resolution meeting, the District has the opportunity to resolve the complaint after the parents discuss their complaint and the facts forming its basis.
- b) When conducting meetings and carrying out administrative matters (such as scheduling), the parent and District may agree to use alternative means of meeting participation such as video conferences or conference calls.
- c) The parent and District may agree in writing to waive the resolution session or agree to use the mediation process to resolve the dispute.

## **SUBJECT: IMPARTIAL DUE PROCESS HEARINGS/SELECTION OF IMPARTIAL HEARING OFFICERS (Cont'd.)**

- d) If a settlement is reached, the parties shall execute a legally binding agreement signed by the parent and the representative of the District who has authority to bind the District. This agreement is enforceable in court. However, either party may void the agreement within three (3) business days of the agreement's execution.
- e) If the District has not resolved the complaint to the satisfaction of the parents within thirty (30) days of receipt of the complaint notice, the impartial hearing process may begin and all applicable timelines commence.

### Pre-Hearing Conference

A pre-hearing conference (which may take place via telephone) may be scheduled by the IHO to simplify or clarify issues; establish dates for the completion of the hearing; identify evidence to be entered into the record; identify witnesses expected to provide testimony; and/or address other administrative issues. A transcript or written summary shall be entered into record by the IHO.

### Impartial Due Process Hearing

In the event the complaint is not resolved in a resolution session, the Board will arrange for an impartial due process hearing to be conducted. When carrying out administrative matters relating to an impartial due process hearing, such as scheduling, exchange of witness lists and status conferences, the parent and District may agree to use alternative means of meeting participation such as video conferences or conference calls.

- a) The District must immediately (but not later than two (2) business days after receipt of the due process complaint notice or mailing of the due process complaint notice to the parent) initiate the process to select an IHO. The District selects the IHO through a rotational selection process in accordance with regulatory timelines. The Superintendent's Secretary/District Clerk will be responsible for contacting IHOs and maintaining appropriate records.
- b) The IHO must be certified by the Commissioner of Education, be independent and have access to the support and equipment necessary to perform the duties of an IHO. When the selected IHO indicates availability, the Board of Education must immediately appoint him/her. To expedite this process, the Board may designate one (1) or more of its members to appoint the IHO on behalf of the Board.
- c) The IHO may not accept appointment unless he/she is available to make a determination of sufficiency of a due process complaint notice within five (5) days of receiving such a request and (unless an extension is granted) to initiate the hearing within the first fourteen (14) days after (whichever of the following comes first):

1. The date the IHO receives the parties' written waiver of the resolution session; or
  2. The date the IHO receives the parties' written confirmation that a resolution session was held but no agreement could be reached; or
  3. The expiration of the thirty (30) day period beginning with the receipt of the due process complaint notice.
- d) The hearing, or a prehearing conference, shall commence within the timeframe specified in c) above, unless an extension is granted pursuant to Commissioner's Regulations.
- e) Except in the case of expedited due process hearings, each party must disclose to all parties all evaluations completed by that date and recommendations based on the offering party's evaluation that they intend to use at the hearing not less than five (5) days prior to the hearing. The IHO may bar any party that fails to comply with this requirement from introducing the relevant evaluation or recommendation at the hearing without the consent of the other party.
- f) The hearing will be conducted at a time and location that is reasonable and convenient to the parent and the student involved. The hearing shall be closed to the public unless the parent requests an open hearing.
- g) The role and responsibilities of the IHO will be as enumerated in Commissioner's Regulations.
- h) The student shall remain in his/her current placement during the pendency of the impartial due process hearing unless both parties agree or except as otherwise provided for expedited impartial due process hearings for certain disciplinary suspensions or removals of a student. For a preschool child not currently receiving special education services and programs, he/she may, during any impartial due process hearings or appeals, receive special education services and programs if the parent/person in parental relation and the District agree. However, during the pendency of an appeal for a preschool child who is transitioning from an Early Intervention (EI) program and is no longer eligible for the EI program due to age, the District is not required to provide the services the child had been receiving under EI. If found eligible for special education as a preschool student with a disability, and if the parent consents to the initial provision of services, the District will provide those programs and services that are not in dispute.

- i) The IHO renders and forwards the finding of fact and decision to the parties and to the State Education Department in accordance with regulatory timelines but not later than forty-five (45) days from the date required for commencement of the impartial due process hearing specified in c) above. For expedited hearings the deadline is fifteen (15) business days from receipt of the request for a hearing; for preschool hearings the timeframe is thirty (30) days after the receipt by the Board of a request for a hearing or after the initiation of such hearing by the Board.
- j) The decision of the IHO is final and binding on both parties unless appealed to the State Review Officer (SRO).

### **Burden of Proof**

In accordance with New York State law, the burden of proof and persuasion in an impartial due process hearing dispute relative to a student's special education placement rests upon the school district. However, a parent/person in parental relation seeking tuition reimbursement for a unilateral parental placement shall have the burden of persuasion as to the appropriateness of the placement.

### **Recordkeeping and Reporting**

The District will utilize the New York State Education Department's Impartial Hearing Reporting System (IHRS) to access the alphabetical list of the names of each IHO who is certified in New York State and available to serve in the District. The District will record and report to the State Education Department required information relating to the selection of IHOs and the conduct of impartial due process hearings according to the manner and schedule specified by the Department. The Superintendent shall designate a staff member(s) who will be responsible for reporting such information as required relating to the impartial hearing process into the State Education Department's web-based reporting system.

### **Compensation of Impartial Hearing Officers**

The District will be responsible for compensating the IHO for prehearing, hearing and post-hearing activities at the rate agreed upon at the time of the IHO's appointment. The rate of compensation may not exceed the maximum rate approved by the Director of the Division of the Budget. The District will also reimburse the IHO for travel and other hearing-related expenses (e.g., duplication and telephone costs) pursuant to an annually determined schedule. On an annual basis, the District will forward a copy of its compensation rates to each IHO on the District's rotational list.

At the completion of the impartial due process hearing, the IHO shall submit an itemized bill of hourly charges and expenses, which will be promptly paid by the District.

## **Mediation**

Mediation is voluntary and does not deny or delay a parent's right to an impartial due process hearing. If mediation is initiated after a request for an impartial due process hearing has been received, the impartial due process hearing must continue unless the request for the impartial due process hearing is withdrawn. However, a party may request an extension to an impartial due process hearing in order to pursue mediation.

## **Guardians ad Litem at Impartial Due Process Hearings**

Unless a surrogate parent has been previously appointed, the IHO must appoint a guardian ad litem when he/she determines that the interests of the parent(s) are opposed to or are inconsistent with those of the student or whenever the interests of the student would be best protected by such appointment.

## **Confidentiality**

All issues relating to a request for and conduct of an impartial due process hearing must be kept confidential by all District staff.

## **Administrative Procedures**

Administrative procedures will be developed for the selection and appointment of an IHO consistent with regulatory requirements.

**SUBJECT: INDEPENDENT EDUCATIONAL EVALUATIONS**

Parents of children with disabilities have the right under federal and state regulations to obtain an independent educational evaluation (IEE) at public expense under certain conditions if they disagree with an evaluation obtained by the District.

A parent is entitled to only one IEE at public expense each time the District conducts an evaluation with which the parent disagrees. The District may ask the parent to explain the reason as to why they object to the District's evaluation although the parent is not required to answer.

The District will not unreasonably delay either providing the IEE or initiating an impartial hearing to defend its own evaluation.

**SUBJECT: SPECIAL EDUCATION MEDIATION**

The District will offer mediation to resolve any disputes involving any matter for which an impartial due process hearing may be brought, including matters arising prior to the filing of a request for an impartial due process hearing.

Such mediation shall be conducted by mediators furnished by a Community Dispute Resolution Center who are not employees of a State educational agency providing direct services to the student who is the subject of the mediation process or a school district or program serving students with disabilities. Mediators may not have a personal or professional interest which would conflict with their objectivity in the mediation process and should be knowledgeable in laws and regulations relating to the provision of special education services.

Parents or persons in parental relation to students suspected of or having disabilities will receive written notice of the availability of the mediation program each time they receive notice of their entitlement to the impartial due process hearing procedures in accordance with Federal and State law and regulations. If the parent and District agree, alternative means of meeting participation may be utilized, such as video conferences and conference calls.

Discussions during the mediation process must be confidential and may not be used as evidence in any subsequent due process hearing or civil proceedings.

If resolution to the complaint is reached through mediation, the parent and the representative of the District who has the authority to bind the District will execute a legally binding written agreement specifying the resolution and stating that all discussions occurring during the mediation process are confidential and may not be used as evidence in any subsequent due process hearing or civil proceeding. If the written agreement is inconsistent with the student's current IEP, the IEP must be immediately amended to reflect the mediation agreement.

The mediation process is voluntary and will not operate to diminish or limit any rights provided for in law, including the right of the parent or person in parental relation to request an impartial due process hearing subsequent to mediation. Parents or persons in parental relation to students suspected of or having disabilities continue to have full access to all rights, including due process procedures, provided for in federal and state laws and regulations. Similarly, mediation shall not be construed to limit a parent or person in parental relation from requesting an impartial due process hearing without having first utilized mediation procedures set forth in Education Law.
