Class Summary:

This class will help you succeed in school. We will work to identify obstacles in your learning and practice strategies to overcome them. We will improve your organizational skills and help you become an advocate for yourself.

You *will* have time to work on your homework in this class. However, some of your time in this class will be utilized to help you track grades and missing homework, identify opportunities for help, set goals and practice important skills that will lead you to success.

As an English Learner, one of your big goals is developing in the English language. The first 20-25 minutes of each 90 minute block class will be dedicated to English Language Development (ELD). It is a federal requirement that all English Learners receive ELD instruction.

Class Expectations for Grade Check and Weekly Emails:

Each week, students will also be expected to meet with their study hall teacher to discuss their current grades and set academic goals. This involves checking for missing assignments and creating a plan to get them done in a timely manner. This is called a Grade Check.

Sending weekly emails is worth a total of **5 points each week**. Students will take a snapshot of their grades from PowerSchool (to include grades and any missing or incomplete items) and **email them to a parent, guardian, or other important adult, MTSS teacher, EL Case Manager, Counselor, and Principal**. You might also be required to email teachers for help, clarification on assignments, or needed materials to complete missing work.

Class Expectations for World English- English Language Development

During this course, you will spend 20-25 minutes improving your reading, writing, speaking, and listening skills in English. We will use World English level 2 or level 3. You will receive a student book and access to an online workbook. It is important to have your materials ready when class starts. Each day, the whole group will have a focus topic you practice together in the student book. Then, you will be assigned a very quick independent practice activity to be completed in the online workbook. These activities are due by the next time you have EL MTSS Study hall and their completion is worth 10 points each.

Grade Breakdown:

If you score less than an 80%, you will receive an Unsatisfactory as your semester grade.

If you score between an 80% - 100%, you will receive a Satisfactory as your semester grade.

Organization:

MTSS teachers will verify that the student has a system for organization and this system is working for them to succeed in school. If they do not have a working system, the teacher and student will collaborate on developing a system that works for the student. There are organizational materials available for MTSS students.
