

## 2024-2025

# **DISTRICT COMPENSATION PLAN**

Carrollton-Farmers Branch ISD has a locally designed salary plan for all employees. Employees are paid in accordance with administrative guidelines and an established pay structure. The district's pay plans are reviewed by the administration each year and adjusted as needed. All district positions are classified as exempt or nonexempt according to federal law. Each position is assigned to a pay range based on the level of responsibility and qualifications required of the job. Pay ranges establish the minimum and maximum daily rates that will be paid for each job in the District. Job classifications are determined by the Human Resources Department.

Teachers new to the District are placed on the Carrollton-Farmers Branch New Hire Salary Schedule according to years of experience. The District shall pay each classroom teacher or full-time librarian not less than the state minimum monthly salary, based on the employee's level of experience. After initial employment, salary increases are determined annually by the Board of Trustees during the budget process and are based upon cost of living increases, competitive pay increases, and local budget projections. Employees hired on or after April 1, 2025 are not eligible for the Board approved raise. The District salary plan is designed to ensure that employee pay is equitable, competitive, and affordable. Pay surveys are conducted on a regular basis and salary ranges are adjusted to ensure that pay remains competitive for Carrollton-Farmers Branch ISD employees.

Each employee is required to verify their salary, experience, and workdays in September of each year. Employees can access this information in TEAMS Employee Self-Serve located in the CFB Staff Portal. After reviewing the information, employees should submit questions in writing to the principal/supervisor or to the Human Resources Department. The Human Resources and Payroll Department will not adjust compensation prior to the current fiscal year. Employees may request additional information concerning job classifications and salary ranges from the principal/supervisor.

### **ANNUALIZED COMPENSATION**

Refer to [Board Policy DEA](#)

The district pays all employees on the AP, AS, Tech, and IS paygrades over 12 months regardless of the number of months employed during the school year. Salaried employees will be paid in

equal monthly or semi-monthly payments, beginning with the first pay period of the school year. An employee who separates from service before the last day of instruction or retires under TRS, will receive in his or her final paycheck, a lump sum payment for wages actually earned from the beginning of the school year to the date of separation. Employees that separate after the last day of instruction will continue to receive paychecks through the end of their twelve-month pay cycle.

### **Teacher Incentive Allotment**

For any funds received by CFBISD under the Teacher Incentive Allotment (TIA), 90 percent will be paid to the designated teacher. The remaining 10 percent will be used to support district oversight of the implementation of TIA and ongoing development of resources for TIA. Should the district receive funding for a TIA designated teacher who retires from CFBISD, the teacher will receive the funding amount allocated to them prior to August 31<sup>st</sup>. ***If a TIA designated teacher leaves CFBISD for reasons other than retirement, the teacher will not receive the funding amount allocated to them.*** These TIA funds will be re-distributed to TIA designated teacher(s) at the campus where the teacher was employed.
