

# Comprehensive Needs Assessment 2024 - 2025 School Report

Bulloch County  
Nevils Elementary School

## 1. PLANNING AND PREPARATION

### 1.1 Identification of Team

The comprehensive needs assessment team consists of people who are responsible for working collaboratively throughout the needs assessment process. Ideal team members possess knowledge of programs, the capacity to plan and implement the needs assessment, and the ability to ensure stakeholder involvement. A required team member's name may be duplicated when multiple roles are performed by the same person. Documentation of team member involvement must be maintained by the LEA. Watch the [Planning and Preparation webinar](#) for additional information and guidance.

#### Leadership Team

	Position/Role	Name
Team Member # 1	Principal	Robert Lindsey
Team Member # 2	Assistant Principal	Marla Sumner
Team Member # 3	Instructional Coordinator	Delores Owens
Team Member # 4	Counselor	Mandy Boyles
Team Member # 5	Media Specialist	Julie Brannen
Team Member # 6	SpEd Coordinator	Jennifer Rouse
Team Member # 7	MTSS Remediation Coordinator	Amanda Langes

#### Additional Leadership Team

	Position/Role	Name
Team Member # 1	MTSS Enrichment Coordinator	Sara Sherman
Team Member # 2	Family Engagement Specialist	Jodi Palmer
Team Member # 3	Staff Representative	Charlene Robbins
Team Member # 4	Staff Representative	Vicky Harpe
Team Member # 5	School Council Business	Ryne Brannen
Team Member # 6	School Council Parent	Paige Lee
Team Member # 7	School Council Teacher	Kimberly Griner
Team Member # 8		
Team Member # 9		
Team Member # 10		

## 1. PLANNING AND PREPARATION

### 1.2 Identification of Stakeholders

Stakeholders are those individuals with valuable experiences and perspective who will provide the team with important input, feedback, and guidance. Required stakeholders must be engaged in the process to meet the requirements of participating federal programs. Documentation of stakeholder involvement must be maintained by the LEA. Watch the [Planning and Preparation webinar](#) for additional information and guidance.

#### Stakeholders

	Position/Role	Name
Stakeholder # 1	Jodi Palmer	Parent Involvement
Stakeholder # 2	Mandy Boyles	Guidance Counselor
Stakeholder # 3	Brittany Holsonback	PTO President
Stakeholder # 4	Jennifer Grubbs	PTO Vice President
Stakeholder # 5	Victoria Williams	School Social Worker
Stakeholder # 6	School Council	Ryne Brannen
Stakeholder # 7	School Council	Paige Lee
Stakeholder # 8		

How will the team ensure that stakeholders, and in particular parents and/or guardians, were able to provide meaningful input into the needs assessment process?	<p>Parent, students, and community members are involved in the planning, review, and improvement of the comprehensive schoolwide program plan through their participation in PTO, School Council, and our annual Title I Parent Meeting. The parent involvement coordinator, school stakeholders including School Council members and Parent Involvement Committee members, and attendees of our annual Title I Parent Meeting help develop and revise the school's Parent Involvement Plan (PIP), Home-School Compact, and the School Improvement Plan. This is done on an annual basis. The PIP and Home-School Compact are provided to all parents/guardians each school year and are made available to all stakeholders through the school website. Teachers share information regarding the PIP and Home-School Compact during parent-teacher conferences held throughout the year. The SIP is available via the school website as well. Additionally, the administration has an open-door policy should stakeholders wish to share suggestions or offer feedback on school initiatives.</p> <p>Parents and community members are involved in the development and revision of the SIP through their participation in PTO and School Council. They are also involved through their participation in various school needs surveys conducted yearly. The results of these surveys, as available, are utilized during the school improvement process. Additionally, school stakeholders have an opportunity to provide input regarding revision of the SIP each school year through the annual school-level Title I parent meeting.</p> <p>As part of the strategic planning process, Bulloch County Schools implemented an extensive community engagement project seeking</p>
--	---

	input from all stakeholders (parents, students, teachers, administrators, other school staff, community members, business & industry leaders, postsecondary partners, etc.). The input from stakeholders was used to develop goals for the system-wide strategic plan.
--	--

## 2. DATA COLLECTION ANALYSIS

### 2.1 Coherent Instructional System

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of instructional needs. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the [Coherent Instructional System webinar](#) for additional information and guidance.

#### Coherent Instruction Data

Curriculum Standard 1 -Uses systematic, collaborative planning processes so that teachers share an understanding of expectations for standards, curriculum, assessment, and instruction		
1. Exemplary	<p>A systematic, collaborative process is used proactively for curriculum planning.</p> <p>Nearly all teachers or groups of teachers, support staff, and leaders within the school have common expectations for standards, curriculum, assessment, and instruction.</p>	
2. Operational	<p>A systematic, collaborative process is used regularly for curriculum planning.</p> <p>Most teachers or groups of teachers within the school have common expectations for standards, curriculum, assessment, and instruction.</p>	✓
3. Emerging	<p>A collaborative process is used occasionally for curriculum planning.</p> <p>Some teachers or groups of teachers within the school have common expectations for standards, curriculum, assessment, and instruction.</p>	
4. Not Evident	<p>A collaborative process is rarely, if ever, used for curriculum planning.</p> <p>Few, if any, teachers or groups of teachers within the school have common expectations for standards, curriculum, assessment, and instruction.</p>	

## Coherent Instruction Data

Curriculum Standard 2 -Designs curriculum documents and aligns resources with the intended rigor of the required standards		
1. Exemplary	<p>Curriculum documents (e.g., lesson plans, unit plans, performance tasks, curriculum maps, scope, and sequence documents, guides) that are aligned with the intended rigor of the required standards are the products of a systematic, collaborative process.</p> <p>These curriculum documents and resources are used and continuously revised by teachers and support staff to ensure an alignment with the intended, taught, and tested standards.</p>	
2. Operational	<p>Curriculum documents (e.g., lesson plans, unit plans, performance tasks, curriculum maps, scope and sequence documents, guides) have been designed, and resources are aligned with the intended rigor of the required standards.</p> <p>These curriculum documents and resources guide the work of teachers and instructional support staff.</p>	✓
3. Emerging	Curriculum documents and resources exist, but they are not complete in all content areas or grade levels or lack the intended rigor of the required standards.	
4. Not Evident	Few, if any, curriculum documents and resources exist to support the implementation of the intended rigor of the required standards.	

Instruction Standard 1 -Provides a supportive and well -managed environment conducive to learning		
1. Exemplary	<p>A supportive and well-managed environment conducive to learning is evident throughout the school.</p> <p>Students consistently stay on-task and take responsibility for their own actions.</p>	
2. Operational	A supportive and well-managed environment conducive to learning is evident in most classrooms.	✓
3. Emerging	A supportive and well-managed environment conducive to learning is evident in some classrooms.	
4. Not Evident	A supportive and well-managed environment conducive to learning is evident in few, if any, classrooms.	

## Coherent Instruction Data

Instruction Standard 2 -Creates an academically challenging learning environment		
1. Exemplary	Nearly all teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration).  Students consistently work independently and in teams to solve real-world problems that require advanced effort, decision-making, and critical and creative thinking.	
2. Operational	Most teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration).	✓
3. Emerging	Some teachers create an academically challenging learning environment.	
4. Not Evident	Few, if any, teachers create an academically challenging learning environment.	

Instruction Standard 3 -Establishes and communicates clear learning targets and success criteria aligned to curriculum standards		
1. Exemplary	Nearly all teachers establish and communicate clear learning targets and success criteria aligned to the required curriculum standards. Learning targets are evident throughout the lesson and in student work. Articulation of the learning targets is consistent and pervasive among like content areas and grade levels.	
2. Operational	Most teachers establish and communicate clear learning targets and success criteria aligned to the required curriculum standards.  Learning targets are evident throughout the lesson and in student work.	✓
3. Emerging	Some teachers establish and communicate clear learning targets and success criteria aligned to the required curriculum standards.	
4. Not Evident	Few, if any teachers establish clear learning targets and success criteria aligned to the required curriculum standards.	

## Coherent Instruction Data

Instruction Standard 4 -Uses research based instructional practices that positively impact student learning		
1. Exemplary	Nearly all teachers pervasively demonstrate a repertoire of highly effective, research-based instructional practices that positively impact student learning (e.g., providing feedback, cooperative learning, advance organizers, questioning techniques, similarities and differences, reinforcing effort, goal setting, summarizers, graphic representations, reciprocal teaching).	
2. Operational	Most teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning (e.g., providing feedback, cooperative learning, advance organizers, questioning techniques, similarities and differences, reinforcing effort, goal setting, summarizers, graphic representations, reciprocal teaching).	✓
3. Emerging	Some teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning.	
4. Not Evident	Few, if any, teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning.	

Instruction Standard 5 -Differentiates instruction to meet specific learning needs of students		
1. Exemplary	<p>Nearly all teachers differentiate instruction (e.g., using flexible grouping, making adjustments, providing choices based upon readiness levels, interests, or needs) to meet the specific learning needs of students.</p> <p>Nearly all teachers plan and implement multiple means of representation, engagement, action, and expression to meet the learning needs of students (UDL).</p> <p>Remediation, enrichment, and acceleration are pervasive practices.</p>	
2. Operational	<p>Most teachers differentiate instruction (e.g., using flexible grouping, making adjustments, providing choices based upon readiness levels, interests, or needs) to meet the specific learning needs of students.</p> <p>Most teachers plan and implement multiple means of representation, engagement, action, and expression to meet the learning needs of students (UDL).</p>	✓
3. Emerging	Some teachers differentiate instruction to meet the specific learning needs of students.	
4. Not Evident	Few, if any, teachers differentiate instruction to meet the specific learning needs of students.	

## Coherent Instruction Data

Instruction Standard 6 -Uses appropriate, current technology to enhance learning		
1. Exemplary	The use by staff members and students of appropriate, current technology to enhance learning is an institutional practice (e.g., facilitate communication, collaboration, research, design, creativity, problem-solving).	
2. Operational	Most staff members and students use appropriate, current technology to enhance learning (e.g., facilitate communication, collaboration, research, design, creativity, problem-solving).	✓
3. Emerging	Some staff members, students, or both use appropriate, current technology to enhance learning.	
4. Not Evident	Few, if any, teachers demonstrate a repertoire of effective, research-based instructional practices that positively impact student learning.	

Instruction Standard 7 -Provides feedback to students on their performance on the standards or learning targets		
1. Exemplary	Nearly all teachers use the language of the standards or learning targets to provide students with specific, timely, descriptive feedback on their performance.  Nearly all teachers systematically elicit diagnostic information from individual students regarding their understanding of the standards or learning targets.	
2. Operational	Most teachers use the language of the standards or learning targets to provide students with specific, timely, descriptive feedback on their performance.	✓
3. Emerging	Some teachers use the language of the standards or learning targets to provide students with specific, descriptive feedback on their performance.	
4. Not Evident	Few, if any, teachers use the language of the standards or learning targets to provide students with feedback on their performance, or the feedback that is provided is not specific, timely, or understandable.	

Instruction Standard 8 -Establishes a learning environment that empowers students to actively monitor their own progress		
1. Exemplary	Nearly all students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress.  Nearly all students develop a sense of personal responsibility and accountability by engaging in record keeping, self-monitoring, sharing, exhibiting, and self-reflection.	
2. Operational	Most students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress.	✓
3. Emerging	Some students use tools to actively monitor their own progress.	
4. Not Evident	Few, if any, students use tools to actively monitor their own progress.	

## Coherent Instruction Data

Instruction Standard 9 -Provides timely, systematic, data -driven interventions		
1. Exemplary	Nearly all students are provided timely, systematic, data-driven interventions to support their learning needs.  Interventions are designed to meet the needs of each student. The effectiveness of those interventions is consistently monitored and adjustments are made.	
2. Operational	Most students are provided timely, systematic, data-driven interventions to support their learning needs.	✓
3. Emerging	Some students are provided extra assistance or needed support in a timely manner.	
4. Not Evident	Few, if any, students are provided extra assistance or effective support in a timely manner.	

Assessment Standard 1 -Aligns assessments with the required curriculum standards		
1. Exemplary	Nearly all assessments are aligned with the required curriculum standards. Assessments are reviewed during the school year to ensure alignment.	✓
2. Operational	Most assessments are aligned with the required curriculum standards.	
3. Emerging	Some assessments are aligned with the required curriculum standards.	
4. Not Evident	Few, if any, assessments are aligned with the required curriculum standards.	

Assessment Standard 3 -Uses common assessments aligned with the required standards to monitor student progress, inform instruction, and improve teacher practices		
1. Exemplary	Teachers consistently use common assessments aligned with the required standards in nearly all content areas, grade levels, or both for diagnostic, summative, and formative purposes.  The data from the common assessments are analyzed down to the item level, and the results are used to inform instruction and improve teacher practices.	
2. Operational	Teachers use common assessments aligned with the required standards in most content areas to monitor student progress, inform instruction, and improve teacher practices.	✓
3. Emerging	Teachers use some common assessments aligned with the required standards in a few content areas with a limited amount of data analysis to monitor student progress, inform instruction, or improve teacher practices.	
4. Not Evident	Teachers use few, if any, common assessments to monitor student progress, inform instruction, or improve teacher practices.	

## Coherent Instruction Data

Assessment Standard 4 -Implements a process to collaboratively analyze assessment results to adjust instruction		
1. Exemplary	Teachers extensively use a systematic, collaborative process to analyze assessment results. Instruction is consistently adjusted based on the analysis of assessment results across all content areas, grade levels, or both.	
2. Operational	Teachers regularly use a collaborative process to analyze assessment results. Instruction is routinely adjusted based on the analysis of assessment results.	✓
3. Emerging	Teachers occasionally use a collaborative process to analyze assessment results. Instruction is sometimes adjusted based on the analysis of assessment results.	
4. Not Evident	A collaborative process to analyze assessment results does not exist. Instruction is rarely, if ever, adjusted based on the analysis of assessment results.	

Assessment Standard 5 -Implements grading practices that provide an accurate indication of student progress on the required standards		
1. Exemplary	The grading practices used by teachers across nearly all content areas, grade levels, or both, consistently provide an accurate indication of student progress on the required standards.	
2. Operational	The grading practices used by teachers in most content areas, grade levels, or both provide an accurate indication of student progress on the required standards.	✓
3. Emerging	The grading practices used by teachers in some content areas, grade levels, or both provide an accurate indication of student progress on the required standards.	
4. Not Evident	The grading practices used by teachers rarely, if ever, provide an accurate indication of student progress on the required standards.	

## 2. DATA COLLECTION ANALYSIS

### 2.2 Effective Leadership

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of leadership needs. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the [Effective Leadership webinar](#) for additional information and guidance.

#### Effective Leadership Data

Leadership Standard 1 -Builds and sustains relationships to foster the success of students and staff		
1. Exemplary	Administrators consistently build and sustain relationships to foster the success of students and staff.  The school staff is fully engaged in relationship building through collaboration, internal and external communication, and building trust with staff, students, families, and community stakeholders.	
2. Operational	Administrators regularly build and sustain relationships to foster the success of students and staff.	✓
3. Emerging	Administrators sometimes build relationships to foster the success of students and staff.	
4. Not Evident	Administrators seldom, if ever, build relationships to foster the success of students and staff.	

Leadership Standard 2 -Initiates and manages change to improve staff performance and student learning		
1. Exemplary	Administrators, the school leadership team, and other teacher leaders initiate and sustain change to improve staff performance and student learning.  Administrators, the school leadership team, and other teacher leaders create a sense of urgency for change and effectively communicate a common vision.	✓
2. Operational	Administrators and the school leadership team initiate and sustain change to improve staff performance and student learning.  The principal provides an appropriate balance of pressure and support to manage the change process for desired results.	
3. Emerging	Administrators initiate change to improve staff performance and student learning but do not sustain the change, remove barriers, or both.	
4. Not Evident	Administrators initiate few, if any, changes that impact staff performance and student learning.	

## Effective Leadership Data

Leadership Standard 3 -Uses systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices		
1. Exemplary	<p>The principal and other school leaders continually use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.</p> <p>The principal and other school leaders have a comprehensive knowledge and understanding of the best practices for curriculum, assessment, instruction, and professional learning.</p>	
2. Operational	The principal and other school leaders often use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.	✓
3. Emerging	The principal and other school leaders occasionally use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.	
4. Not Evident	The principal and other school leaders rarely, if ever, use systems to ensure effective implementation of curriculum, assessment, instruction, and professional learning practices.	

Leadership Standard 4 -Uses processes to systematically analyze data to improve student achievement		
1. Exemplary	Extensive, comprehensive processes, including root cause analysis, are used consistently to analyze data (e.g., multiple sources of data: classroom, grade level, departmental, and subgroup, perception data) to improve student achievement.	
2. Operational	Numerous processes are used frequently to analyze data (e.g., multiple sources of data: classroom, grade level, departmental, and subgroup, perception data) to improve student achievement.	✓
3. Emerging	Some processes are in place and used occasionally to analyze data to improve student achievement.	
4. Not Evident	Few, if any, processes are in place to analyze data to improve student achievement.	

Leadership Standard 5 -Builds leadership capacity through shared decision-making and problem-solving		
1. Exemplary	<p>Extensive structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.</p> <p>Administrators collaborate consistently with staff members to gather input.</p>	
2. Operational	Numerous structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.	✓
3. Emerging	Some structures exist for staff to engage in shared decision-making, problem-solving, or both.	
4. Not Evident	Few, if any, structures exist for staff to engage in shared decision-making or problem-solving.	

## Effective Leadership Data

Leadership Standard 6 -Establishes and supports a data-driven school leadership team that is focused on student learning		
1. Exemplary	<p>A highly effective, proactive, and data-driven school leadership team is focused on student learning.</p> <p>The leadership team addresses nearly all areas of student and staff learning and school leadership, including the development, implementation, and regular monitoring of the school improvement plan.</p>	
2. Operational	<p>A data-driven school leadership team is established with stakeholder representation (e.g., core and non-core teachers, certified support staff) and is focused on student learning.</p> <p>The school leadership team meets regularly and uses norms and protocols to work effectively and efficiently.</p>	✓
3. Emerging	The school leadership team is established and has some stakeholder representation but is focused chiefly on school operations rather than student learning.	
4. Not Evident	A school leadership team does not exist or does not have adequate stakeholder representation.	

## Effective Leadership Data

Leadership Standard 7 -Monitors and evaluates the performance of teachers and other staff using multiple data sources		
1. Exemplary	<p>Monitoring the performance of teachers and other staff through observations, surveys, data, and documentation is consistent and comprehensive, resulting in highly accurate performance evaluations.</p> <p>A comprehensive system is in place to provide teachers and staff with ongoing, accurate, timely, detailed, descriptive feedback related to their performance.</p> <p>Administrators use the evaluation process to identify role models, teacher leaders, or both.</p>	
2. Operational	<p>Monitoring the performance of teachers and other staff regularly occurs using data or documentation, generally resulting in accurate performance evaluations.</p> <p>Teachers and staff receive accurate, timely, descriptive feedback related to their performance.</p>	✓
3. Emerging	<p>Monitoring the performance of teachers and other staff is inconsistent, incomplete, or lacks data or documentation, sometimes resulting in inaccurate performance evaluations.</p> <p>Teachers and staff receive some descriptive feedback related to their performance.</p>	
4. Not Evident	<p>Monitoring the performance of teachers and other staff rarely occurs or often results in inaccurate performance evaluations.</p> <p>Teachers and staff receive little or no descriptive feedback related to their performance.</p>	

Leadership Standard 8 -Provides ongoing support to teachers and other staff		
1. Exemplary	A comprehensive support system that is timely and targeted to individual needs is provided to teachers and other staff.	
2. Operational	Most support provided to teachers and other staff is targeted to individual needs.	✓
3. Emerging	Some support provided to teachers and staff is targeted to individual needs.	
4. Not Evident	Support to teachers and staff does not exist or is not targeted to individual needs.	

## Effective Leadership Data

Planning and Organization Standard 1 -Shares a common vision and mission that define the school culture and guide the continuous improvement process		
1. Exemplary	<p>A common vision and mission have been collaboratively developed and communicated to nearly all stakeholders.</p> <p>The culture of the school has been deeply defined over time by the vision and mission, which are updated as needed.</p> <p>The daily work and practices of staff consistently demonstrate a sustained commitment to continuous improvement.</p>	
2. Operational	<p>A common vision and mission have been developed through a collaborative process and communicated to most stakeholders.</p> <p>The vision and mission define the culture of the school and guide the continuous improvement process.</p>	✓
3. Emerging	A common vision and mission have been developed by some staff members but have not been effectively communicated so that they guide the continuous improvement process.	
4. Not Evident	A common vision and mission have not been developed or updated or have been developed by a few staff members.	

Planning and Organization Standard 2 -Uses a data-driven and consensus-oriented process to develop and implement a school improvement plan that is focused on student performance		
1. Exemplary	<p>A school improvement plan has been developed using a data-driven and consensus-oriented process with input from nearly all stakeholders.</p> <p>The plan includes appropriate goals and strategies with a strong focus on increasing student performance.</p> <p>This process and plan consistently guide the work of the school staff.</p>	
2. Operational	<p>A school improvement plan has been developed using a data-driven and consensus-oriented process with input from most plan stakeholders.</p> <p>The plan includes appropriate goals and strategies with a focus on increasing student performance.</p>	✓
3. Emerging	<p>A school improvement plan has been developed with input from some stakeholders.</p> <p>The school improvement plan is based on incomplete data analysis with limited focus on student performance.</p>	
4. Not Evident	An up-to-date, data-driven school improvement plan focused on student performance is not in place.	

## Effective Leadership Data

Planning and Organization Standard 3 -Monitors implementation of the school improvement plan and makes adjustments as needed		
1. Exemplary	<p>The goals and strategies of the school improvement plan are continually monitored by administrators, the school leadership team, and teacher leaders to evaluate the impact on student performance.</p> <p>Ongoing adjustments are made based on various performance, process, and perception data.</p>	
2. Operational	<p>he goals and strategies of the school improvement plan are regularly monitored by administrators and the school leadership team to evaluate the impact on student performance.</p> <p>Adjustments are made to the plan, as needed, based on the analysis of data.</p>	✓
3. Emerging	The goals and strategies of the school improvement plan are occasionally monitored by administrators.	
4. Not Evident	The goals and strategies of the school improvement plan are rarely, if ever, monitored.	

Planning and Organization Standard 4 -Monitors the use of available resources to support continuous improvement		
1. Exemplary	<p>The use of available resources (e.g., personnel, time, facilities, equipment, materials) to support continuous improvement is consistently monitored.</p> <p>School schedules and processes are designed to make effective use of personnel, time, materials, and equipment.</p>	✓
2. Operational	The use of available resources (e.g., personnel, time, facilities, equipment, materials) to support continuous improvement is frequently monitored.	
3. Emerging	The use of available resources to support continuous improvement is inconsistently monitored.	
4. Not Evident	The use of available resources to support continuous improvement is rarely, if ever, monitored.	

## Effective Leadership Data

Planning and Organization Standard 5 -Develops, communicates, and implements rules, policies, schedules, and procedures to maximize student learning and staff effectiveness		
1. Exemplary	<p>Rules, policies, schedules, and procedures are developed with stakeholder input, effectively communicated, and consistently implemented throughout the school to maximize student learning and staff effectiveness.</p> <p>These rules, policies, schedules, and procedures are consistently reviewed and revised as needed.</p>	
2. Operational	<p>Rules, policies, schedules, and procedures are developed, communicated, and implemented throughout the school to maximize student learning and staff effectiveness.</p> <p>These rules, policies, schedules, and procedures are periodically reviewed and systematically revised as needed.</p>	✓
3. Emerging	Rules, policies, schedules, and procedures are developed but are not effectively communicated or are implemented inconsistently across the school.	
4. Not Evident	<p>Rules, policies, or procedures are not developed, are poorly communicated, or are ineffectively implemented.</p> <p>In some cases, rules, policies, schedules, or procedures are out of date or have become barriers to student learning or staff effectiveness.</p>	

## Effective Leadership Data

Planning and Organization Standard 6 -Uses protocols to maintain the school campus and equipment providing a safe, clean, and inviting learning environment		
1. Exemplary	<p>Protocols (e.g., safety drills, tornado drills, inclement weather plans, current crisis plan, school-wide safety plan, maintenance protocols, facility-use protocols, functional custodial schedules) are used extensively to maintain the school campus and equipment providing a safe, clean, and inviting learning environment.</p> <p>A proactive maintenance process is in place, and repairs are completed in a satisfactory and timely manner, when needed.</p>	
2. Operational	<p>Protocols (e.g., safety drills, tornado drills, inclement weather plans, current crisis plan, school-wide safety plan, maintenance protocols, facility-use protocols, functional custodial schedules) are used to maintain the school campus and equipment providing a safe, clean, and inviting learning environment.</p> <p>The school and campus are clean, well-maintained, inviting, and safe.</p>	✓
3. Emerging	<p>Protocols are sometimes used to maintain the school campus and equipment.</p> <p>The school and campus are partially clean, maintained, and inviting, but some safety issues exist.</p>	
4. Not Evident	<p>Protocols do not exist or are rarely, if ever, used to maintain the school campus and equipment.</p> <p>The school and campus are not clean, maintained, or inviting, and safety issues exist.</p>	

## 2. DATA COLLECTION ANALYSIS

### 2.3 Professional Capacity

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of professional capacity needs. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the [Professional Capacity webinar](#) for additional information and guidance.

#### Professional Capacity Data

Leadership Standard 5 -Builds leadership capacity through shared decision-making and problem-solving		
1. Exemplary	Extensive structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.  Administrators collaborate consistently with staff members to gather input.	
2. Operational	Numerous structures exist for staff to engage in shared decision-making and problem-solving and to build their leadership capacities.	✓
3. Emerging	Some structures exist for staff to engage in shared decision-making, problem-solving, or both.	
4. Not Evident	Few, if any, structures exist for staff to engage in shared decision-making or problem-solving.	

Professional Learning Standard 1 -Aligns professional learning with needs identified through analysis of a variety of data		
1. Exemplary	Professional learning needs are identified and differentiated through a collaborative analysis process using a variety of data (e.g., student achievement data, examination of student work, process data, teacher and leader effectiveness data, action research data, perception data from students, staff, and families).  Ongoing support is provided through differentiated professional learning.	
2. Operational	Professional learning needs are identified through a collaborative analysis process using a variety of data (e.g., student achievement data, examination of student work, process data, teacher and leader effectiveness data, action research data, perception data from students, staff, and families).	✓
3. Emerging	Professional learning needs are identified using limited sources of data.	
4. Not Evident	Professional learning needs are identified using little or no data.	

## Professional Capacity Data

Professional Learning Standard 2 -Establishes a culture of collaboration among administrators and staff to enhance individual and collective performance		
1. Exemplary	Administrators and staff, as a foundational practice, consistently collaborate to support leadership and personal accountability and to enhance individual and collective performance (e.g., construct knowledge, acquire skills, refine practice, provide feedback).  Teachers conduct action research and assume ownership of professional learning processes.	
2. Operational	Administrators and staff routinely collaborate to improve individual and collective performance (e.g., construct knowledge, acquire skills, refine practice, provide feedback).	✓
3. Emerging	Administrators and staff sometimes collaborate to improve individual and collective performance.	
4. Not Evident	Administrators and staff rarely collaborate to improve individual and collective performance.	

Professional Learning Standard 3 -Defines expectations for implementing professional learning		
1. Exemplary	Administrators, teacher leaders, or both consistently define expectations for the implementation of professional learning, including details regarding the stages of implementation and how monitoring will occur as implementation progresses.	
2. Operational	Administrators, teacher leaders, or both regularly define expectations for the implementation of professional learning.	✓
3. Emerging	Administrators, teacher leaders, or both occasionally define expectations for the implementation of professional learning.	
4. Not Evident	Administrators, teacher leaders, or both rarely, if ever, define expectations for the implementation of professional learning.	

## Professional Capacity Data

Professional Learning Standard 4 -Uses multiple professional learning designs to support the various learning needs of the staff		
1. Exemplary	<p>Staff members actively participate in job-embedded professional learning that engages collaborative teams in a variety of appropriate learning designs (e.g., collaborative lesson study, analysis of student work, problem solving sessions, curriculum development, coursework, action research, classroom observations, online networks).</p> <p>Professional learning includes extensive follow-up with descriptive feedback and coaching.</p>	
2. Operational	<p>Staff members actively participate in professional learning, most of which is job-embedded, which includes multiple designs (e.g., collaborative lesson study, analysis of student work, problem-solving sessions, curriculum development, coursework, action research, classroom observations, online networks) to support their various learning needs.</p> <p>Professional learning includes follow-up with feedback and coaching.</p>	✓
3. Emerging	Some staff members are engaged in professional learning that makes use of more than one learning design to address their identified needs.	
4. Not Evident	Staff members receive single, stand-alone professional learning events that are informational and mostly large-group presentation designs.	

Professional Learning Standard 5 -Allocates resources and establishes systems to support and sustain effective professional learning		
1. Exemplary	<p>Extensive resources (e.g., substitute teachers, materials, handouts, tools, stipends, facilitators, technology) and systems (e.g., conducive schedules, adequate collaborative time, model classrooms) are allocated to support and sustain effective professional learning.</p> <p>Opportunities to practice skills, receive follow-up, feedback, and coaching are provided to support the effectiveness of professional learning.</p>	
2. Operational	Adequate resources (e.g., substitute teachers, materials, handouts, tools, stipends, facilitators, technology) and systems (e.g., conducive schedules, adequate collaborative time, model classrooms) are in place to support and sustain professional learning.	✓
3. Emerging	Some resources and systems are allocated to support and sustain professional learning.	
4. Not Evident	Few, if any, resources and systems are provided to support and sustain professional learning.	

## Professional Capacity Data

Professional Learning Standard 6 -Monitors and evaluates the impact of professional learning on staff practices and student learning		
1. Exemplary	Monitoring and evaluating the impact of professional learning on staff practices and increases in student learning occurs extensively.  Evaluation results are used to identify and implement processes to extend student learning.	
2. Operational	Monitoring and evaluating the impact of professional learning on staff practices and student learning occurs routinely.	✓
3. Emerging	Monitoring and evaluating the impact of professional learning on staff practices occurs sporadically.	
4. Not Evident	Monitoring and evaluating the impact of professional learning on staff practices occurs rarely, if ever.	

## 2. DATA COLLECTION ANALYSIS

### 2.4 Family and Community Engagement

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of needs related to family and community engagement. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). See the [Family and Community Engagement webinar](#) for additional information and guidance. Visit Georgia's Family Connection Partnership's [KIDS COUNT](#) for additional data.

#### Family and Community Engagement Data

Family and Community Engagement Standard 1 -Creates an environment that welcomes, encourages, and connects family and community members to the school		
1. Exemplary	The school has a well-established, inviting learning environment that welcomes, encourages, and connects family and community members to the school.  Numerous opportunities are given to family members to become actively engaged in school-related events and improvement efforts as participants, event managers, and workers.	
2. Operational	The school has created an environment that welcomes, encourages, and connects family and community members to the school.	✓
3. Emerging	The school has made some progress toward creating an environment that welcomes, encourages, and connects family and community members to the school.	
4. Not Evident	The school has not created an environment that welcomes, encourages, or connects family and community members to the school.	

Family and Community Engagement Standard 2 -Establishes structures that promote clear and open communication between the school and stakeholders		
1. Exemplary	Extensive structures that promote clear and open communication between the school and stakeholders have been effectively established and implemented.  Structures are continuously monitored for reliable and interactive communication.	
2. Operational	Most structures that promote clear and open communication between the school and stakeholders have been effectively established and implemented.	✓
3. Emerging	Some structures that promote clear and open communication between the school and stakeholders exist.	
4. Not Evident	Few, if any, structures that promote clear and open communication between the school and stakeholders exist.	

## Family and Community Engagement Data

Family and Community Engagement Standard 3 -Establishes relationships and decision-making processes that build capacity for family and community engagement in the success of students		
1. Exemplary	<p>A wide variety of relationships and collaborative decision-making processes (e.g., business partnerships, school councils, parent or family organizations, academic and extra-curricular booster clubs, civic organizations, tutoring services, post-secondary partnerships) are pervasive in promoting student success and well being.</p> <p>Expectations for family and community engagement are embedded in the culture and result in stakeholders being actively involved in decision-making.</p>	
2. Operational	Numerous relationships and decision-making processes (e.g., business partnerships, school councils, parent or family organizations, academic and extra-curricular booster clubs, civic organizations, tutoring services) effectively build capacity for family and community engagement in the success of students.	✓
3. Emerging	Limited relationships and decision-making processes have been initiated by the school to build capacity for family and community engagement.	
4. Not Evident	Relationships and decision-making processes for families and the community are non-existent, or those that do exist contribute minimally to student success.	

## Family and Community Engagement Data

Family and Community Engagement Standard 4 -Communicates academic expectations and current student achievement status to families		
1. Exemplary	<p>The school staff provides families with ongoing, detailed academic expectations and/or graduation status (e.g., four-year graduation plans, syllabi, academic advisement protocols).</p> <p>Extensive communication related to the current achievement level of individual students is provided (e.g., progress reports, student-led parent conferences, report cards, reading level reports, state test reports, school-based assessment reports, online reporting system).</p>	
2. Operational	<p>The school staff communicates academic expectations and/or graduation status (e.g., four-year graduation plans, syllabi, academic advisement protocols) throughout the year.</p> <p>Regular communication related to the current achievement level of individual students is provided (e.g., progress reports, parent conferences, report cards, reading level reports, state test reports, school-based assessment reports, online reporting system).</p>	✓
3. Emerging	<p>The school staff communicates some academic expectations at the start of the year.</p> <p>Some communication related to the current achievement level of individual students is provided.</p>	
4. Not Evident	<p>The school staff does little to inform families of academic expectations.</p> <p>Little, if any, communication related to the current achievement level of individual students is provided.</p>	

Family and Community Engagement Standard 5 -Develops the capacity of families to use support strategies at home that will enhance academic achievement		
1. Exemplary	The school continually develops the capacity (e.g., parent training, lunch and learn, make-it and take-it) of families to use support strategies at home that will enhance academic achievement.	
2. Operational	The school frequently develops the capacity (e.g., parent training, lunch and learn, make-it and take-it) of families to use support strategies at home that will enhance academic achievement.	✓
3. Emerging	The school occasionally develops the capacity of families to use support strategies at home that will enhance academic achievement.	
4. Not Evident	The school seldom, if ever, develops the capacity of families to use support strategies at home that will enhance academic achievement.	

## Family and Community Engagement Data

Family and Community Engagement Standard 6 -Connects families with agencies and resources in the community to meet the needs of students		
1. Exemplary	The school has a systematic process in place to connect families with an array of agencies and resources (e.g., Y-Clubs, after-school programs, health and counseling services, community service agencies, civic organizations, tutoring services) to meet the needs of students.	
2. Operational	The school regularly connects families to agencies and resources in the community (e.g., Y-Clubs, after-school programs, health and counseling services, community service agencies, civic organizations, tutoring services) to meet the needs of students.	✓
3. Emerging	The school sometimes connects families to agencies and resources in the community to meet the needs of students.	
4. Not Evident	The school does little to connect families with agencies and resources in the community to meet the needs of students.	

## 2. DATA COLLECTION ANALYSIS

### 2.5 Supportive Learning Environment

Analyze the LEA's data (including sections 2.6) and answer the guiding questions to determine existing trends and patterns that support the identification of needs related to a supportive learning environment. Complete a data-informed self-rating for each Georgia School Performance Standard (GSPS). Student subgroups with a count of less than 15 are denoted by "TFS" (too few students). See the [Supportive Learning Environment webinar](#) for additional information and guidance.

#### Supportive Learning Environment Data

Instruction Standard 1 -Provides a supportive and well-managed environment conducive to learning		
1. Exemplary	A supportive and well-managed environment conducive to learning is evident throughout the school.  Students consistently stay on-task and take responsibility for their own actions.	✓
2. Operational	A supportive and well-managed environment conducive to learning is evident in most classrooms.	
3. Emerging	A supportive and well-managed environment conducive to learning is evident in some classrooms.	
4. Not Evident	A supportive and well-managed environment conducive to learning is evident in few, if any, classrooms.	

Instruction Standard 2 -Creates an academically challenging learning environment		
1. Exemplary	Nearly all teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration).  Students consistently work independently and in teams to solve real-world problems that require advanced effort, decision-making, and critical and creative thinking.	
2. Operational	Most teachers create an academically challenging, learning environment (e.g., higher-order thinking skills and processes, active student engagement, relevance, collaboration).	✓
3. Emerging	Some teachers create an academically challenging learning environment.	
4. Not Evident	Few, if any, teachers create an academically challenging learning environment.	

## Supportive Learning Environment Data

Instruction Standard 8 -Establishes a learning environment that empowers students to actively monitor their own progress		
1. Exemplary	Nearly all students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress.  Nearly all students develop a sense of personal responsibility and accountability by engaging in record keeping, self-monitoring, sharing, exhibiting, and self-reflection.	
2. Operational	Most students use tools (e.g., rubrics, checklists, exemplars) to actively monitor their own progress.	✓
3. Emerging	Some students use tools to actively monitor their own progress.	
4. Not Evident	Few, if any, students use tools to actively monitor their own progress.	

School Culture Standard 1 -Develops, communicates, and implements rules, practices, and procedures to maintain a safe, orderly learning environment		
1. Exemplary	Rules, practices, and procedures that maintain a safe, orderly learning environment are proactively developed, communicated, and consistently implemented across the school.  These rules, practices, and procedures are continually monitored and revised as needed.	✓
2. Operational	Rules, practices, and procedures that maintain a safe, orderly learning environment are developed, communicated, and implemented.	
3. Emerging	Rules, practices, and procedures are developed and communicated but are ineffective or inconsistently implemented across the school.	
4. Not Evident	Rules, practices, and procedures that maintain a safe, orderly, learning environment are not developed nor updated or are poorly communicated.	

## Supportive Learning Environment Data

School Culture Standard 2 -Establishes a culture of trust and respect that promotes positive interactions and a sense of community		
1. Exemplary	<p>Extensive evidence (e.g., positive and respectful interactions, appreciation of diversity, tolerance, understanding) exists that a culture of trust and respect has been established.</p> <p>A pervasive commitment to promoting positive interactions and a sense of community is evident.</p>	
2. Operational	<p>Evidence (e.g., positive and respectful interactions, appreciation of diversity, tolerance, understanding) exists that a culture of trust and respect has been established.</p> <p>A sustained commitment to promoting positive interactions and a sense of community is evident.</p>	✓
3. Emerging	<p>Some evidence exists that a culture of trust and respect has been established.</p> <p>A limited commitment to promoting positive interactions and a sense of community is evident.</p>	
4. Not Evident	<p>Little or no evidence exists that a culture of trust and respect has been established.</p> <p>Unresolved conflicts interfere with a sense of community.</p>	

School Culture Standard 3 -Establishes a culture that supports the college and career readiness of students		
1. Exemplary	<p>Extensive evidence (e.g., advisement, career counseling, transition coaching, high expectations) exists that the beliefs and practices of the school support the college and career readiness of students.</p> <p>The school culture supports addressing individual achievement needs and strengths to prepare students for success.</p>	
2. Operational	Evidence (e.g., advisement, career counseling, transition coaching, high expectations) exists that the beliefs and practices of the school support the college and career readiness of students.	✓
3. Emerging	Some evidence exists that the school supports the college and career readiness of students.	
4. Not Evident	Little or no evidence exists that the school supports the college and career readiness of students.	

## Supportive Learning Environment Data

School Culture Standard 4 -Supports the personal growth and development of students		
1. Exemplary	The school staff consistently provides a comprehensive system of support (e.g., counseling, mentoring, advisement, coaching, goal setting, time management, problem solving) to maximize the personal growth and development of nearly all students.	
2. Operational	The school staff regularly provides support (e.g., counseling, mentoring, advisement, coaching, goal setting, time management, problem solving) to enhance the personal growth and development of students.	✓
3. Emerging	The school staff sporadically supports the personal growth and development of students.	
4. Not Evident	The school staff does little to support the personal growth and development of students.	

School Culture Standard 5 -Recognizes and celebrates achievements and accomplishments of students and staff		
1. Exemplary	<p>The school community consistently recognizes and celebrates the achievements and accomplishments of students and staff.</p> <p>The celebrations are publicized within the school and to the community and support the culture of the school.</p>	
2. Operational	The school community regularly recognizes and celebrates the achievements and accomplishments of students and staff.	✓
3. Emerging	The school community periodically recognizes or celebrates the achievements or accomplishments of students and/or staff.	
4. Not Evident	The school community rarely, if ever, recognizes or celebrates the achievements or accomplishments of students or staff.	

## Supportive Learning Environment Data

Planning and Organization Standard 1 -Shares a common vision and mission that define the school culture and guide the continuous improvement process		
1. Exemplary	<p>A common vision and mission have been collaboratively developed and communicated to nearly all stakeholders.</p> <p>The culture of the school has been deeply defined over time by the vision and mission, which are updated as needed.</p> <p>The daily work and practices of staff consistently demonstrate a sustained commitment to continuous improvement.</p>	
2. Operational	<p>A common vision and mission have been developed through a collaborative process and communicated to most stakeholders.</p> <p>The vision and mission define the culture of the school and guide the continuous improvement process.</p>	✓
3. Emerging	A common vision and mission have been developed by some staff members but have not been effectively communicated so that they guide the continuous improvement process.	
4. Not Evident	A common vision and mission have not been developed or updated or have been developed by a few staff members.	

## 2. DATA COLLECTION ANALYSIS

### 2.6 Data Analysis Questions

Analyze the LEA's data and answer the guiding questions to determine existing trends and patterns that support the identification of demographic and financial needs. Student subgroups with a count of less than 15 are denoted by "TFS" (too few students).

<p>What perception data did you use? [examples: student perceptions about school climate issues (health survey, violence, prejudice, bullying, etc.); student/parent perceptions about the effectiveness of programs or interventions; student understanding of relationship of school to career or has an academic plan]</p>	<p>We used the School Data Profile for School Improvement Planning to help analyze perception data for our students, staff, and parents. The data provides feedback in the areas of culture, instruction, and leadership. The data was compiled from school generated quantitative data and qualitative data collected from survey data completed by parents and staff.</p>
<p>What does the perception data tell you? (perception data can describe people's knowledge, attitudes, beliefs, perceptions, competencies; perception data can also answer the question "What do people think they know, believe, or can do?")</p>	<p>The data provided us with specific things to focus on in the areas of leadership, culture, and academics.</p> <p>Leadership: Student industry and perseverance - Students are committed to working hard to achieve their goals and persist even when things are difficult.</p> <p>Whole person wellness - Students are choosing healthy behaviors for their body and mind.</p> <p>Culture: Learning Engagement - Students feel excited about learning as much as they can in class and working towards their goals.</p> <p>School Belonging - Students feel happy to be an important part of the school community and feel that people at school care about them and understand them. A strong sense of belonging has a positive influence on student engagement and performance.</p> <p>Academics: Self efficacy and self-regulated learning - Students are comfortable asking teachers, adults, friends, or classmates for help when they get stuck on schoolwork or are experiencing a problem.</p>
<p>What process data did you use? (examples: student participation in school activities, sports, clubs, arts; student participation in special programs such as peer mediation, counseling, skills conferences; parent/student participation in events such as college information meetings and parent workshops)</p>	<p>Our students have been very engaged with the life skills that build positive character. They participate in life skills lessons(Character Strong Curriculum) weekly, Monday meetings each week.</p>

What does the process data tell you? (process data describes the way programs are conducted; provides evidence of participant involvement in programs; answers the question "What did you do for whom?")	The data informs us that we are on the right track in providing ways for students to achieve success other than just basic academic achievement scores. Students thrive on keeping up with their own data as well as having other responsibilities in the school.
--	---

What achievement data did you use?	Georgia Milestones, iReady diagnostic results, progress monitoring, progress reports, phonics levels, guided reading levels, writing progression levels, etc.
------------------------------------	---

What does your achievement data tell you?	We are continuing to make gains in our reading and math progress with our students. Students are showing growth on multiple types of measures reflecting academic achievement.
---	--

What demographic data did you use?	Demographic data is used from infinite campus reports combined with student achievement results.
------------------------------------	--

What does the demographic data tell you?	Our Black and Hispanic subgroups border on TFS, but the data does show growth in their overall scores. Our SWD subgroup still has struggles, specifically with standardized testing. We use this data to inform our scheduling practices in order to better meet their needs.
--	---

### 3. NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

#### 3.1 Strengths and Challenges Based on Trends and Patterns

Read the trends and patterns summaries from each section of the data analysis process. Use the information in these summaries to complete 3.2 and 3.3. Using the summaries in 3.1 and other local data, describe the strengths and challenges or answer the guiding questions for each program. Include strengths and challenges related to: a) general program implementation, and b) students and adults involved in or affected by the program. Focus on strengths and challenges that will assist in the identification of needs during 3.2. Watch the [Identifying Need webinar](#) for additional information and guidance.

##### Strengths and Challenges Based on Trends and Patterns

Coherent Instructional: Summarize the coherent instructional system trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?	We have observed a need for continuing to improve our phonics and early literacy programs. We are doing this by using the UFLI and phonics interventions. This structure is consistent from K through 1st and provides the same instruction/vocabulary so that both grade levels are aware of where the students are performing with their reading development. We have also observed a need to improve our phonological awareness programs. We are addressing this through the use Heggerty as part of the grade level instruction and as an intervention.
Effective Leadership: Summarize the effective leadership trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?	School leadership continues to focus on involving teachers and staff in decision making as a result of survey data. This is being done through PLCs, leadership meetings, and grade level meetings.
Professional Capacity: Summarize the professional capacity trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?	Teachers are actively engaged in the PLC process for their own professional growth. Through these, they are able to analyze live data trends in order to make adjustments in their classrooms to help students achieve standards mastery.
Family and Community Engagement: Summarize the family and community engagement trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification	Our family and community engagement specialist plays an active role in continuing to offer opportunities to grow in this area. Parents are very involved with their child's classroom, however, they do not always attend after school events. Survey results show that they are pleased in this area.

## Strengths and Challenges Based on Trends and Patterns

of student, teacher, and leader needs?	
--	--

<p><b>Supportive Learning Environment:</b> Summarize the supportive learning environment trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?</p>	<p>TKES observations continue to show overwhelmingly strong ratings in the area of positive learning environment. We have maintained a 4-star school climate rating for the prior 5 years as a result of this. Climate rating for the current year is not available.</p>
---	--

<p><b>Demographic and Financial:</b> Summarize the demographic and financial trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?</p>	<p>NES has maintained in its percentage of students who are designated as Econ-D based upon free/reduced lunch forms. We are now around 54% low-income. Our student demographics have remained relatively consistent.</p>
---	---

<p><b>Student Achievement:</b> Summarize the student achievement trends and patterns observed by the team while completing this section of the report. What are the important trends and patterns that will support the identification of student, teacher, and leader needs?</p>	<p>Our student achievement results continue to show positive trends. Our progress points haven't been as high as they could be, but if our achievement results continue to increase, the progress points should follow.</p>
---	---

IDEA – Special Education, Economically Disadvantaged Children, and English Learners.

<p>Using the summaries in 3.1 and other local data, describe the strengths and challenges or answer the guiding questions for each program. Include strengths and challenges related to: a) general program implementation, and b) students and adults involved in or affected by the program. Focus on strengths and challenges that will assist in the identification of needs during 3.3. Watch the <a href="#">Identifying Need webinar</a> for additional information and guidance.</p>
--

<p><b>Strengths</b></p>	<p>We have a strong group of SpEd teachers and we have allocated funds to this so that the teacher caseloads remain under 20 so that we can be more targeted with these students to help them be successful. We have also been very specific in our master schedule so that scheduling SpEd is a priority to allow for appropriate time for Tier 1 and Skill based instruction.</p>
-------------------------	---

IDEA – Special Education, Economically Disadvantaged Children, and English Learners.

Using the summaries in 3.1 and other local data, describe the strengths and challenges or answer the guiding questions for each program. Include strengths and challenges related to: a) general program implementation, and b) students and adults involved in or affected by the program. Focus on strengths and challenges that will assist in the identification of needs during 3.3. Watch the [Identifying Need webinar](#) for additional information and guidance.

Challenges	Having to provide multiple services (collaborative, resource, etc.) to different students on the same grade level is always a challenge based on having 6 grade levels to serve. English learners are also a challenge because we share an ESOL teacher with another school. This is a very small student population <sup>10</sup> .
------------	--

### 3. NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

#### 3.2 Identification and Prioritization of Overarching Needs

Use the results of 3.1 to identify the overarching needs of the LEA. Determine the priority order of the identified needs based on data, team member and stakeholder knowledge, and answers to questions in the table below. Be sure to address the major program challenges identified in 3.1. Watch the [Identifying Need webinar](#) for additional information and guidance.

Overarching Need # 1

Overarching Need	Improving student literacy development
How severe is the need?	High
Is the need trending better or worse over time?	Better
Can Root Causes be Identified?	Yes
Priority Order	1

Additional Considerations	
---------------------------	--

Overarching Need # 2

Overarching Need	Improving student mathematical fluency
How severe is the need?	High
Is the need trending better or worse over time?	Better
Can Root Causes be Identified?	Yes
Priority Order	2

Additional Considerations	
---------------------------	--

## 3. NEEDS IDENTIFICATION AND ROOT CAUSE ANALYSIS

## 3.3 Root Cause Analysis

Select the top 2-4 overarching needs from 3.2. Conduct a separate root cause analysis (RCA) for each need. Any RCA tools and resources can be used, but suggestions are available as part of the [Identifying Need webinar](#). After describing the RCA process, complete a table for each selected overarching need.

## Overarching Need - Improving student literacy development

## Root Cause # 1

Root Causes to be Addressed	Student data indicates a significant difference between students' decoding and encoding skills. Students continue to show growth in their Lexile bands. However, their writing levels are not growing at the same rate. This is a result of a consistent guided reading program and inconsistent writing instruction in the primary grades and secondary grades in past school years.
This is a root cause and not a contributing cause or symptom	Yes
This is something we can affect	Yes
Impacted Programs	IDEA - Special Education School and District Effectiveness Title I - Part A - Improving Academic Achievement of Disadvantaged Title III - Language Instruction for English Learners and Immigrant Students Title IX, Part A - McKinney-Vento Education for Homeless Children and Youth Program

Additional Responses	
----------------------	--

## Overarching Need - Improving student mathematical fluency

## Root Cause # 1

Root Causes to be Addressed	The absence of a vertical math framework.
This is a root cause and not a contributing cause or symptom	Yes
This is something we can affect	Yes
Impacted Programs	IDEA - Special Education School and District Effectiveness

## Root Cause # 1

Impacted Programs	Title I - Part A - Improving Academic Achievement of Disadvantaged Title III - Language Instruction for English Learners and Immigrant Students Title IX, Part A - McKinney-Vento Education for Homeless Children and Youth Program
-------------------	---

Additional Responses	
----------------------	--

# School Improvement Plan 2024 - 2025

Bulloch County  
Nevils Elementary School

## SCHOOL IMPROVEMENT PLAN

## 1 General Improvement Plan Information

## General Improvement Plan Information

District	Bulloch County
School Name	Nevils Elementary School
Team Lead	Robert Lindsey
Federal Funding Options to Be Employed (SWP Schools) in this Plan (Select all that apply)	Traditional funding (Federal funds budgeted separately)

Factors(s) Used by District to Identify Students in Poverty (Select all that apply)	
<input checked="" type="checkbox"/>	Free/Reduced meal application
<input type="checkbox"/>	Community Eligibility Program (CEP) - Direct Certification ONLY
<input type="checkbox"/>	Other (if selected, please describe below)

## 2. SCHOOL IMPROVEMENT GOALS

## 2.1 Overarching Need # 1

## Overarching Need

Overarching Need as identified in CNA Section 3.2	Improving student literacy development
Root Cause # 1	Student data indicates a significant difference between students' decoding and encoding skills. Students continue to show growth in their Lexile bands. However, their writing levels are not growing at the same rate. This is a result of a consistent guided reading program and inconsistent writing instruction in the primary grades and secondary grades in past school years.
Goal	Nevils Elementary will increase its ELA GMAS weighted content mastery score by 5% from 70.4% in 2022 to 71.9% in 2023; to 73.3% in 2024; to 74.6% in 2025 by establishing an effective structured literacy program to support growth in reading that will improve student Lexile scores.

## Action Step # 1

Action Step	Continue Implementing UFLI as a Tier 1 program and Cindy Cupp Phonics/Heggerty programs as interventions.
Funding Sources	Title I, Part A N/A
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities N/A
Systems	Coherent Instruction Effective Leadership Professional Capacity
Method for Monitoring Implementation	Administrative observation records
Method for Monitoring Effectiveness	Student Literacy Growth
Position/Role Responsible	Grade level teachers/Admin/Instr. Coach
Timeline for Implementation	Weekly

## Action Step # 1

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	
--	--

## Action Step # 2

Action Step	Continue Implementing Jan Richardson Guided Reading instruction and providing training
Funding Sources	N/A
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities N/A
Systems	Coherent Instruction Effective Leadership Professional Capacity
Method for Monitoring Implementation	Classroom observations
Method for Monitoring Effectiveness	Student Literacy Growth
Position/Role Responsible	Grade level teachers/Instr. Coach
Timeline for Implementation	Weekly

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	
--	--

## Action Step # 3

Action Step	Track student data with student data notebooks
Funding Sources	N/A
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities N/A
Systems	Coherent Instruction Effective Leadership Professional Capacity
Method for Monitoring Implementation	Student Data trackers in notebooks
Method for Monitoring Effectiveness	Student Literacy Growth
Position/Role Responsible	Grade level teachers
Timeline for Implementation	Weekly

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	
--	--

## Action Step # 4

Action Step	Provide an intervention schedule to support all students
Funding Sources	N/A
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities N/A

## Action Step # 4

Systems	Coherent Instruction Effective Leadership Professional Capacity Supportive Learning Environment
Method for Monitoring Implementation	Schedule
Method for Monitoring Effectiveness	Student Literacy Growth
Position/Role Responsible	Principal
Timeline for Implementation	Weekly

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	
--	--

## Action Step # 5

Action Step	Monitor schoolwide AR for independent practice
Funding Sources	N/A
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities N/A
Systems	Coherent Instruction Effective Leadership Family and Community Engagement
Method for Monitoring Implementation	review diagnostic reports
Method for Monitoring Effectiveness	Student Literacy Growth
Position/Role Responsible	Media Specialist/Admin/Instr. Coach

## Action Step # 5

Timeline for Implementation	Quarterly
-----------------------------	-----------

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	
--	--

## Action Step # 6

Action Step	Teachers administer progress monitoring assessments quarterly to students receiving Tier 2&3 interventions
Funding Sources	Title I, Part A
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities N/A
Systems	Coherent Instruction Effective Leadership Professional Capacity Family and Community Engagement Supportive Learning Environment
Method for Monitoring Implementation	Review Progress Monitoring
Method for Monitoring Effectiveness	Student Literacy Growth
Position/Role Responsible	RTI Teachers, K-5 Academic teachers
Timeline for Implementation	Quarterly

## Action Step # 6

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	
--	--

## Action Step # 7

Action Step	Professional Learning Communities analyze I-ready Diagnostic Data/Student progress data
Funding Sources	N/A
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities N/A
Systems	Coherent Instruction Effective Leadership Professional Capacity Family and Community Engagement Supportive Learning Environment
Method for Monitoring Implementation	Review Diagnostic Data
Method for Monitoring Effectiveness	Student Literacy Growth
Position/Role Responsible	MTSS Committee; K-5 Academic teachers
Timeline for Implementation	Quarterly

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	
--	--

## Action Step # 7

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	
--	--

## Action Step # 8

Action Step	Utilize Jan Richardson's Guided Reading Lesson Plan Templates
Funding Sources	Title I, Part A
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities N/A
Systems	Coherent Instruction Effective Leadership Professional Capacity Family and Community Engagement Supportive Learning Environment
Method for Monitoring Implementation	Review Diagnostic Data
Method for Monitoring Effectiveness	Student Literacy Growth
Position/Role Responsible	Grade level teachers/Instr. Coach
Timeline for Implementation	Weekly

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	
--	--

## Action Step # 9

Action Step	Professional Learning Communities Professional Development (PLC Conf.)
Funding Sources	Title I, Part A
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities N/A
Systems	Coherent Instruction Effective Leadership Professional Capacity Family and Community Engagement Supportive Learning Environment
Method for Monitoring Implementation	Weekly PLC Schedule
Method for Monitoring Effectiveness	Student Literacy Growth
Position/Role Responsible	Principal
Timeline for Implementation	Weekly

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	Solution Tree Inc.
--	--------------------

## Action Step # 10

Action Step	Restructuring 1st-5th grade for designated writing teachers in each grade level
Funding Sources	Consolidated Funding
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority

## Action Step # 10

Subgroups	Student with Disabilities N/A Immigrant
Systems	Coherent Instruction
Method for Monitoring Implementation	Master Schedule, PLC
Method for Monitoring Effectiveness	Student Literacy Growth
Position/Role Responsible	Teachers, Progress Monitoring Administration, Schedule
Timeline for Implementation	Weekly

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	
--	--

## 2. SCHOOL IMPROVEMENT GOALS

## 2.2 Overarching Need # 2

## Overarching Need

Overarching Need as identified in CNA Section 3.2	Improving student mathematical fluency
Root Cause # 1	The absence of a vertical math framework.
Goal	Nevils Elementary will increase the Math GMAS weighted content mastery score by 5% from 78.0% in 2022 to 79.1% in 2023; to 80.2% in 2024; to 81.2% in 2025 by implementing a comprehensive math instruction plan.

## Action Step # 1

Action Step	Continue daily Number Talks
Funding Sources	Consolidated Funding
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities N/A
Systems	Coherent Instruction Effective Leadership Professional Capacity Family and Community Engagement Supportive Learning Environment
Method for Monitoring Implementation	Google form- self reflection on number talks - completed quarterly
Method for Monitoring Effectiveness	Student Mathematic Growth
Position/Role Responsible	K-5 Math Teachers, MTSS Teachers
Timeline for Implementation	Weekly

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	
--	--

## Action Step # 1

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	
--	--

## Action Step # 2

Action Step	Provide professional development on Number Talks for K-5 as needed
Funding Sources	Title I, Part A Consolidated Funding
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities N/A
Systems	Coherent Instruction Effective Leadership Professional Capacity Family and Community Engagement Supportive Learning Environment
Method for Monitoring Implementation	Administrative observation records
Method for Monitoring Effectiveness	Student Mathematic Growth
Position/Role Responsible	K-5 Math Teachers, MTSS Teachers
Timeline for Implementation	Yearly

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	
--	--

## Action Step # 2

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	
--	--

## Action Step # 3

Action Step	Track below grade level student data with Student Data tracking document
Funding Sources	N/A Consolidated Funding
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities N/A
Systems	Coherent Instruction Effective Leadership Professional Capacity Family and Community Engagement Supportive Learning Environment
Method for Monitoring Implementation	Student Data Trackers
Method for Monitoring Effectiveness	Student Mathematic Growth
Position/Role Responsible	K-5 Teachers; RTI committee
Timeline for Implementation	Weekly

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	
--	--

## Action Step # 3

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?

## Action Step # 4

Action Step	Provide an intervention schedule to support all students
Funding Sources	N/A
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities N/A
Systems	Coherent Instruction Effective Leadership Professional Capacity Family and Community Engagement Supportive Learning Environment
Method for Monitoring Implementation	Master Schedule
Method for Monitoring Effectiveness	Student Mathematic Growth
Position/Role Responsible	Administration
Timeline for Implementation	Weekly

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?

## Action Step # 5

Action Step	Continue the implementation of Math progressions as an Intervention/Enrichment
Funding Sources	Title I, Part A N/A Consolidated Funding
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities N/A
Systems	Coherent Instruction Effective Leadership Professional Capacity Family and Community Engagement Supportive Learning Environment
Method for Monitoring Implementation	Administrative observation records
Method for Monitoring Effectiveness	Student Mathematic Growth
Position/Role Responsible	K-5 Teachers, MTSS Teachers, SpEd Teachers
Timeline for Implementation	Weekly

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	
--	--

## Action Step # 6

Action Step	Administer progress monitoring assessments to students receiving Tier 2 & 3 Interventions
Funding Sources	Title I, Part A N/A Consolidated Funding

## Action Step # 6

Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities N/A
Systems	Coherent Instruction Effective Leadership Professional Capacity Family and Community Engagement Supportive Learning Environment
Method for Monitoring Implementation	MTSS Quarterly Meetings
Method for Monitoring Effectiveness	Student Mathematic Growth
Position/Role Responsible	RTI Teachers, Classroom teachers
Timeline for Implementation	Monthly

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	
--	--

## Action Step # 7

Action Step	Review iReady Math diagnostic results through PLC's to assign specific pathways for students in 1st-5th grade
Funding Sources	Title I, Part A N/A Consolidated Funding
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant

## Action Step # 7

Subgroups	Race / Ethnicity / Minority Student with Disabilities N/A
Systems	Coherent Instruction Effective Leadership Professional Capacity Family and Community Engagement Supportive Learning Environment
Method for Monitoring Implementation	PLC Agendas- Meeting Summary Minutes iReady reports
Method for Monitoring Effectiveness	Student Mathematic Growth
Position/Role Responsible	3rd-5th Math Teachers; Instructional Support; District Support
Timeline for Implementation	Quarterly

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	
--	--

## Action Step # 8

Action Step	Completing Fact Fluency on MobyMax
Funding Sources	Consolidated Funding
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities N/A
Systems	Coherent Instruction Effective Leadership Professional Capacity Family and Community Engagement Supportive Learning Environment

## Action Step # 8

Method for Monitoring Implementation	Checklist of Teachers - Completing Fact Fluency- by Printing Class Fact Fluency-Dashboard
Method for Monitoring Effectiveness	Student Mathematic Growth
Position/Role Responsible	K-5 Teachers
Timeline for Implementation	Weekly

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	
--	--

## Action Step # 9

Action Step	Professional Learning Communities Professional Development (PLC Conf.)
Funding Sources	Title I, Part A
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities N/A
Systems	Coherent Instruction Effective Leadership Professional Capacity Family and Community Engagement Supportive Learning Environment
Method for Monitoring Implementation	Weekly PLC Schedule
Method for Monitoring Effectiveness	Student Mathematic Growth
Position/Role Responsible	Principal
Timeline for Implementation	Weekly

## Action Step # 9

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?	Solution Tree Inc.
--	--------------------

## Action Step # 10

Action Step	Continue Enrichment in grades 2nd-5th grades
Funding Sources	Title I, Part A
Subgroups	Economically Disadvantaged Foster Homeless English Learners Migrant Race / Ethnicity / Minority Student with Disabilities N/A Immigrant
Systems	Coherent Instruction Supportive Learning Environment
Method for Monitoring Implementation	PBL Schedule/Lesson Plans
Method for Monitoring Effectiveness	Student Mathematic Growth
Position/Role Responsible	4-5 Academic Teachers, MTSS Teachers
Timeline for Implementation	Quarterly

What partnerships, if any, with IHEs, business, Non-Profits, Community based organizations, or any private entity with a demonstrated record of success is the LEA implementing in carrying out this action step(s)?

### 3. REQUIRED QUESTIONS

#### 3.1 Stakeholders, Coordination of Activities, Serving Children, and PQ

##### Required Questions

1. In developing this plan, briefly describe how the school sought advice from individuals (teachers, staff, other school leaders, paraprofessionals, specialized instructional support personnel, parents, community partners, and other stakeholders).	Leadership Team, School Council Members, and other school personnel were given multiple opportunities to provide input.
2. Describe how the school will ensure that low-income and minority children enrolled in the Title I school are not served at disproportionate rates by ineffective, out-of-field, or inexperienced teachers.	<p>e Bulloch County School System maintains a goal to provide professional qualified teachers for all students K-12 with ongoing monitoring of a system-wide hiring process and procedure that includes certification assessment of all certified teacher recommendations prior to board approval and classroom assignments by the following personnel: school principals, the Assistant Superintendent of Human Resources, and the district certification officer. District and school-level administrators are responsible for utilizing the P/Q Report and each school's staff roster to help ensure all teachers meet the standards established by the state of Georgia in regards to professionally qualified status. In addition, the system's Title II, Part A, Coordinator is charged with assessing and monitoring individual school-level certification notebooks and teacher master schedules on an annual basis to assure professional qualified status and placement. School principals, in order to adhere to federal mandates regarding that professional qualified teachers provide all academic instruction, are required to send written notification to the parents of students who will be taught for twenty or more days by personnel who are not deemed professionally qualified.</p> <p>No certification deficiencies exist within any of the elementary schools in our school district. All teachers meet the requirements necessary in order to be termed professionally qualified. All teachers on staff received a score of proficient or better on the 2022-2023 TKES evaluation system.</p>
3. Provide a general description of the Title I instructional program being implemented at this Title I school. Specifically define the subject areas to be addressed and the instructional strategies/methodologies to be employed to address the identified needs of the most academically at-risk students in the	All students will be served through small class sizes, direct small group instruction, and intervention periods each day. Supplemental paraprofessionals are utilized to improve the adult to student ratio. The primary focus will be on language arts and math although science and social studies instruction are also vital parts of our instructional day. Supplemental mental health counseling is utilized to support our social emotional initiative.

<p>school. Please include services to be provided for students living in local institutions for neglected or delinquent children (if applicable).</p>	<p>Teachers and staff are provided continuous professional development opportunities throughout the school year. The school district utilizes the Professional Learning Communities(PLCs) process to provide professional development to schools during designated professional development days scheduled throughout the school years. School administrators provide designated time in the master schedule for weekly PLCs in which teachers and staff discuss and analyze school/student generated data to improve instruction. The PLC process leads to increased teacher effectiveness in the areas of instruction and student learning.</p>
<p>4. If applicable, provide a description of how teachers, in consultation with parents, administrators, and pupil services personnel, will identify eligible children most in need of services in Title I targeted assistance schools/programs. Please include a description of how the school will develop and implement multiple (a minimum of 2) objective, academic-based performance criteria to rank students for service. Also include a description of the measurable scale (point system) that uses the objective criteria to rank all students.</p>	<p>N/A</p>

## 3. REQUIRED QUESTIONS

## 3.2 PQ, Federally Identified Schools, CTAE, Discipline

## Required Questions

<p>5. If applicable, describe how the school will support, coordinate, and integrate services with early childhood programs at the school level, including strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.</p>	<p>Transition and orientation activities are provided for our prekindergarten students preparing to enter kindergarten as well as for our fifth- grade students preparing to transition to the middle school. Prekindergarten students have the opportunity to visit in our kindergarten classes toward the end of the school year. Fifth-grade students have the opportunity to tour the middle school, attend an orientation at the middle school along with their parents, and to participate in a middle school social where they are introduced to students from the other feeder schools. At the end of each year, the middle school band director visits our school along with representatives from Portman's Music to allow interested fifth-grade students to try out a variety of instruments. After this event, information is sent home to parents regarding the middle school band program. Transition meetings are held for prekindergarten and fifth-grade special education students at the end of each school year. These transition meetings afford parents an opportunity to meet with a special education teacher and a regular education teacher from the elementary/middle school. The middle school teachers discuss with parents how their child may find the middle school experience different from that of the elementary school. The meeting focuses on how the student's educational needs may best be met at the middle school in the least restrictive environment (LRE). A representative from the district's Prekindergarten Disabilities Program attends all prekindergarten transition meetings along with a special education teacher and regular education kindergarten teacher. Teachers and parents discuss how the rising kindergartener's needs may be best met at the elementary school. Each meeting includes a discussion of how parents may best help ready their child for kindergarten over the summer months. The school counselor coordinates an orientation for students new to our school at the beginning of each school year. Classroom teachers and the school counselor assign student mentors and provide other assistance to students who are new to our school as needed. Parents and students are provided a welcome package upon enrollment that includes a school and district handbook, supply list, school calendar, school contact information, etc. The English to Speakers of Other Languages (ESOL) Coordinator, the counselor, the parent involvement coordinator, and school faculty and staff assist in meeting the educational and social needs of our ELL. School forms are translated into languages other than English, as necessary. The district provides a phone translation service to aid communication between parents and school employees.</p>
---	--

6. If applicable, describe how the school will implement strategies to facilitate effective transitions for students from middle grades to high school and from high school to postsecondary education including: Coordination with institutions of higher education, employers, and local partners; and Increased student access to early college, high school, or dual or concurrent enrollment opportunities or career counseling to identify student interest and skills.	N/A
---	-----

7. Describe how the school will support efforts to reduce the overuse of discipline practices that remove students from the classroom, specifically addressing the effects on all subgroups of students.	Our school is implementing Multiple Tiered Systems of Support (MTSS) as a means to establish an attendance committee to monitor attendance, establish opportunities for enrichment, establish opportunities for remediation, establish opportunities for Social Emotional Learning, establish opportunities for behavioral support, and Student Mental Health Service.
--	--

## ADDITIONAL RESPONSES

8. Use the space below to provide additional narrative regarding the school's improvement plan.	N/A
