1. From what source do you get "most" of your information about school? (check ALL that apply)

13 responses

2. Do you feel informed?

13 responses

3. If you DO NOT feel informed, please explain.

I think some of the information comes out last minute and some parents need to be able to make plans to attend meetings, events at the school etc. I will say it's been better this year than last year.

Huge gap in communication

There is still a need for posting certain things somewhere so that when kids are absent-the parent is still informed

4. What makes you feel welcomed at your child's school?

The office personnel

The interaction and input with my students

My child's teacher is awesome!

The staff have always greeted me when arriving. Most appear friendly and welcoming.

Everything

Being an educator

Definitely not the office staff

The way the teachers greet you.

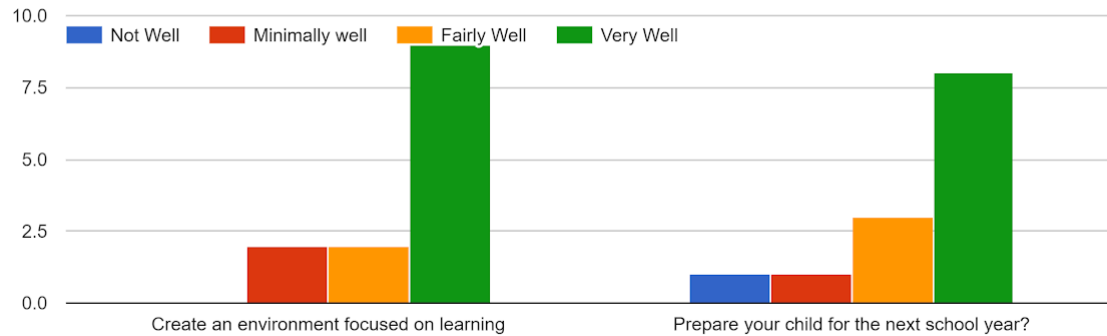

Teachers are friendly.

Friendly staff

Friendly Staff Members

I don't feel welcome

5. How well does your child's school do the following? (If on phone, slide screen to the right to see all choices.)

6. Workshops for Parents - Building Parent

Capacity: What workshop topic(s) do you think would support your child and your family? (Type your answer below)

Pushing your children without them feeling pressured

Reading instruction at home.

How to deal with school avoidance due to social anxiety.

Studying tips

APTT meeting

How to help kids with health problems stay caught up without the teacher making comments to the students or sending notes home

How to manage homework and family time

7. Workshops for Staff - Building Teacher Capacity: What workshop topic(s) do you recommend be presented to the staff to improve our effectiveness relationships with students and families? Na

Currents efforts seem to be going well. I would recommend continuing a focus on relationships and open communication.

How to work with children that have mental health needs. Knowing how to deescalate/calm a child in a crisis.

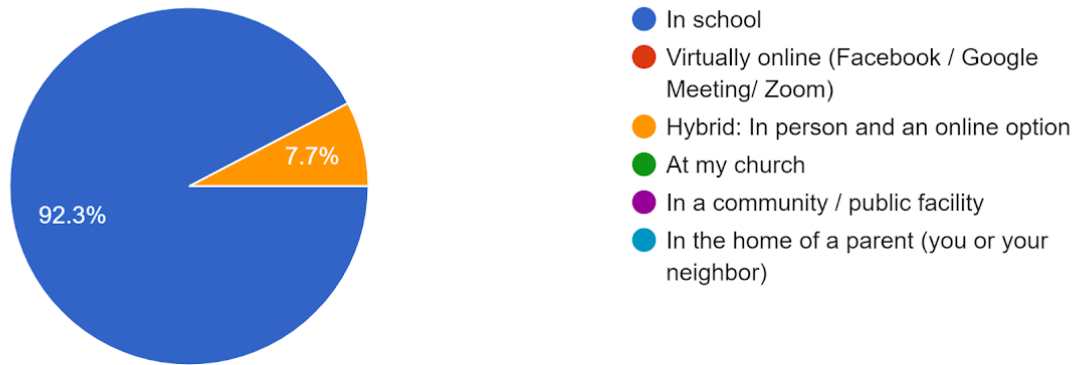

N/A

Empathy

10. School Improvement / District Improvement: What should be the school's / district's main academic priority?

13 responses

If you selected "Other" above, what would you recommend be the district's or the school's main academic priority?

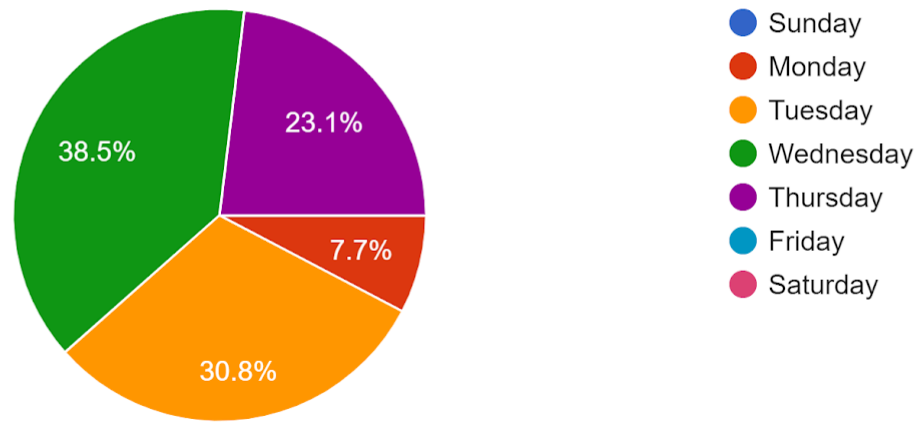

I am torn between the instruction to help meet student needs in math, science etc and more resources for social emotional needs. A lot of children are lacking in coping skills and I think helping develop those skills need to be a focus.

Safe Learning environment

Preparing kids for real world problem solving skills

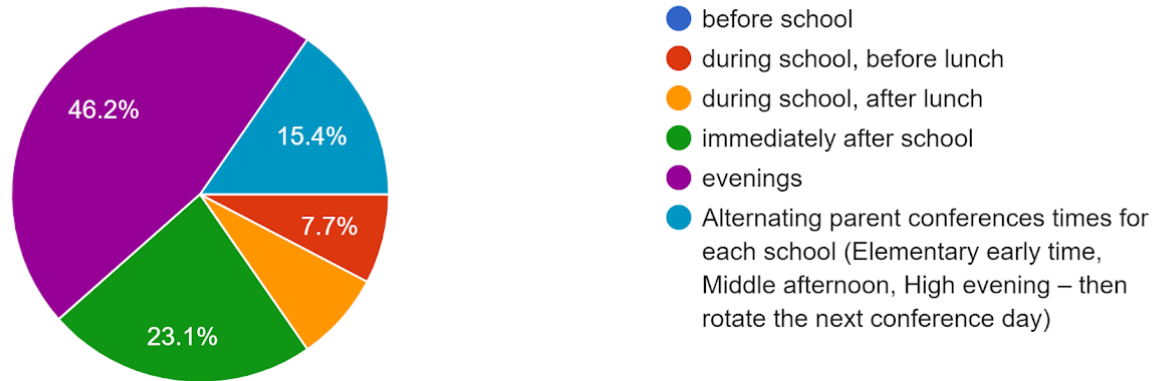

11. What is most convenient for you (Choose one day of the week)?
