HYDE PARK CENTRAL SCHOOL DISTRICT Goal Setting & Road Map Document 2023-2024

PRIORITY AREA 1 - Create consistent, equitable, and aligned educational experiences for all students and staff in support of NY State Standards and our Portrait of the Hyde Park Learner and trait of the HPCSD Employee.							
GOAL	Utilize the BLT to create a culture of data driven instruction that establishes protocols in our school to align, coordinate, and maximize student growth that is consistent and equitable at each grade level.						
LEADING INDICATORS (Action Steps)	Utilize the collaboration time to plan and align the reading curriculum at each grade level in order to implement the reading curriculum at each grade level with fidelity.						
	Establish common practices and protocols in the administration of the F&P assessments, running records, and MAPS data at each grade level.						
	Utilize the SPL hours and faculty meeting hours to share best practices in reading and how to maximize the units of study at each grade level.						
	Create a protocol for classroom intervisitation opportunities that allows teachers to observe each other during reading instruction to allow for learning and feedback.						
RESOURCES NEEDED	Current & leveled books for each classroom, professional development opportunities for best practices in reading, opportunities to observe colleagues, Jen's expertise as the director of ELA & ENL						

TITLE: Principal, VAS

GOAL	Establish opportunities that recognize the value of all our stakeholders in order to engage and collaborate with our students, staff, families, and community partners to work together to meet challenges and achieve excellence for our students.						
LEADING INDICATORS (Action Steps)	Increase participation in our PTA.						
	Provide more opportunities for our families to engage with our school community in both English and Spanish.						
	Invite community members and families into our building to be active participants in our school.						
	Host family nights/curriculum nights for parents to learn more about reading and math at each grade level.						
RESOURCES NEEDED	Potential funds for some of our events, child care, food, volunteers, time for planning events, create partnerships with local organizations (Marist, restaurants, stores) provide translators at events						

PRIORITY AREA 3 - Utilize the Data for Continuous Improvement Framework and establish protocols at all levels of the organization (District, Buildings, Department, and Grade Levels) to align, coordinate, and maximize growth.								
GOAL	Implement the current reading curriculum in a consistent and equitable manner that is aligned across the grade levels which ensures accessibility for all students while also meeting their individual needs.							
LEADING INDICATORS (Action Steps)	Create data tracking tools across each grade level to track progress towards benchmarks (F&P, state testing, MAPS) that look at the student performance and highest areas of need in each grade level.							
	Review the MAPS data in math and ELA from the previous school year and compare growth to the fall.							
	Establish protocols to review data on a consistent basis in order to inform instruction.							
RESOURCES NEEDED	More time for the BLT to meet, support from Jen & Kim as the directors, PD on data driven instruction
