

# Yearly Overview PRECALCULUS

2024-2025

## Semester 1

---

### Term 1

- Fundamental Skills for Success in PreCalculus
  - Functions and Their Graphs
  - Polynomial and Rational Functions
- 

### Term 2

- Polynomial and Rational Functions, continued
- Trigonometric Functions
- Exponential and Logarithmic Functions

### Semester Review and Exam

---

## Semester 2

---

### Term 3

- Trigonometric Identities and Equations
  - Trigonometric Functions
  - Polar Coordinates and Parametric Equations
- 

### Term 4

- Vectors
- Conics
- Sequences, Series, and Binomial Theorem

### Semester Review and Exam

---
