NOTES:

Students who successfully complete a CTE Program may receive exchange credit for some graduation required classes. Please see your counselor for more information. This includes one of the following: 3rd year Science, 2nd year World Language, and 4th year Math or Visual, Performing & Applied Arts.

To receive MMC graduation / replacement credit—students must pass all of the courses within a program to receive credit.

Students successfully completing a CTE Program (with a C+ or better in all program classes) are eligible for free college credit and to participate in Work-Based Learning/Internship Opportunities
