

- See testing calendar tab on school website for testing calendar.  
Please remember a few key things to prepare your children for State and District testing, and these tips are beneficial for any classroom test as well!
  - Make sure your children gets plenty of sleep the night before testing.
  - Have your students eat a healthy breakfast the morning of testing. The school breakfasts will be available as usual, but if your child is a picky eater, make sure to have healthy alternatives at home.
  - Remind your children to take their time on the test and to do their very best.
  - Ask your children about what ideas and concepts they are learning in their classes.
  - Set aside time at home to complete homework and projects.
