

## COUGAR MOUNTAIN MIDDLE SCHOOL

### OVERVIEW

Cougar Mountain Middle School is a five-story building that was completed in 2022. It is one of the District's newest buildings. The steep topography of the site influenced the small footprint and multi-story character of the building. Site elements include the continuation of the community trail. Cougar Mountain is approximately 148,000 square feet and served 636 students in grades 6-8 in the 2022-23 school year.
