

## Information About Emergency Epinephrine Administration

Dear Parents/Guardians:

In accordance with the Pennsylvania Public School Code provisions of "School Access to Emergency Epinephrine" and Board Policy 210.1, the Grove City Area School District maintains a stock supply of epinephrine auto-injectors in each school building. An auto-injector prefilled with epinephrine is the drug of choice used for the emergency treatment of severe allergic reactions (anaphylaxis) to insect stings or bites, foods, drugs and other allergens. If your child has been diagnosed with an allergy or health condition that requires use of epinephrine, it is still your responsibility to provide your child's prescribed medication to the school nurse.

The law and Board Policy 210.1 give trained school employees the authority to administer epinephrine to any student whom they believe in good faith is experiencing anaphylaxis. If a student who does not have epinephrine and is experiencing an anaphylactic reaction, a trained school employee may use the stock epinephrine auto-injector in accordance with the standing order issued by the school physician or provide the student with a stock epinephrine auto-injector for self administration.

By law, the Grove City Area School District is required to notify parents/guardians of their ability to exempt their children from emergency administration of stock epinephrine auto-injectors.

Please complete the attached form (Refusal to Permit Administration of Stock Epinephrine for Emergency First Aid) and return it to your child's school, if you **DO NOT** want a trained school employee to:

- Administer a stock epinephrine auto-injector to your child if s/he is believed to be experiencing a life threatening allergic reaction (anaphylaxis); or
- Provide a stock epinephrine auto-injector for self-administration if your child is authorized to self administer.

The refusal is valid for the school year. If you change your mind after submitting the attached form, you must submit a written request notifying the school nurse that your prior refusal to permit administration of stock epinephrine for emergency first aid is revoked.

**If you have any questions or concerns, please contact your child's school nurse.**

## Refusal to Permit Administration of Stock Epinephrine for Emergency First Aid

I, \_\_\_\_\_, acknowledge that I have received a copy of Policy 210.1 on *Epinephrine Auto-Injectors* and this informational document; I have read and fully understand their content; and by signing this form, I refuse to permit a trained school employee to: administer a stock epinephrine auto-injector to my child in the event that s/he is believed to be experiencing a life-threatening allergic reaction (anaphylaxis); or provide a stock epinephrine auto injector for self-administration if my child is authorized to self-administer.
