**AGREEMENT BETWEEN
WALLA WALLA PUBLIC SCHOOLS
and
WALLA WALLA VALLEY
EDUCATION ASSOCIATION
2022-2025**

This Agreement is made and entered into by and between the Walla Walla Public Schools Board of Directors, hereinafter referred to as the “Board” or the “District,” and the Walla Walla Valley Education Association, hereinafter referred to as the “Association,” and includes all of the following articles, provisions and appendices.

WHEREAS:

The Board and the Association recognize the mutual obligation to bargain collectively to effectuate the provisions of applicable state law. So that the cause of public education may be served in the District, the Board and Association do hereby agree as follows:

ARTICLE I

ADMINISTRATION

SECTION 1: EXCLUSIVE RECOGNITION

The Board hereby recognizes the Association as the sole and exclusive bargaining representative for all certificated non-supervisory personnel currently under contract, under District approved leave, or who are represented substitutes**. Such representation shall cover all employees assigned to newly created professional positions unless the parties agree in advance that such positions are principally supervisory and administrative. Such representation shall exclude:

Superintendent
Assistant Superintendent
Executive Director of Teaching and Learning
Executive Director of Human Resources
Special Education Director
Principals
Assistant Principals
Vocational Director
Athletic Director
Casual Substitutes*

Contracted employees shall mean all employees who work fifteen (15) consecutive days or more and whose positions require a teaching certificate or an ESA certificate to perform their duties.

*Casual Substitutes are substitutes who have been employed by the District fewer than fifteen (15) consecutive days (in the same assignment) or substitutes who have been employed by the District fewer than thirty (30) or more days during the current or preceding twelve (12) month period ending in a school year.

**Represented Substitutes are substitutes who have been employed by the District fifteen (15) or more consecutive days (in the same assignment) or substitutes who have been employed by the District thirty (30) or more days during the current or preceding twelve (12) month period ending in a school year.

The term “certificated employee or teacher” when used hereinafter in this Agreement shall refer to all contracted employees represented by the Association in the bargaining unit as defined.

Unless the context in which they are used clearly requires otherwise, words used in this Agreement denoting gender shall include both the masculine and feminine.

SECTION 2: STATUS OF AGREEMENT

Throughout this Agreement certain rights and functions are accorded and ascribed to the Association, which are in addition to the rights and functions provided for in the rules, regulations, policies, resolutions, and practices of the District. These rights and functions are afforded to the Association as the legal representative for all employees covered under this Agreement.

This Agreement shall supersede any rules, regulations, policies, resolutions or practices of the District which shall be contrary to, or inconsistent with, its terms (to extent of conflict only).

No employee shall be deprived of salary or benefits which have been established under past practice of the District or under the terms of the Agreement. The incorporation of specific provisions into this Agreement shall be regarded as legitimate mutual alteration of related past practices and such language shall be considered controlling in the application of terms of this Agreement.

Existing rules, regulations, policies, resolutions, or practices of the District not in conflict with this Agreement may remain in full force at the Board’s discretion.

SECTION 3: AGREEMENT ADMINISTRATION

The Board and the Association recognize the importance of good communication for the effective administration of this Agreement.

SECTION 4: CONFORMITY TO LAW

If any provision of this Agreement or any application of this Agreement to any certificated employee or group of certificated employees shall be found contrary to law by a tribunal of final jurisdiction, then such provision or application shall not be deemed valid and subsisting except to the extent permitted by law. All other provisions or applications shall continue in full force and effect. If any provision of this Agreement is so held to be contrary to law, the parties shall commence negotiations on said provision as soon thereafter as is reasonably possible.

SECTION 5: DISTRIBUTION OF AGREEMENT

Following ratification and signing of this Agreement, the District shall publish this agreement on the district website at www.wvps.org. Employees are welcome to print a copy of this agreement on a Walla Walla Public Schools' copier.

SECTION 6: CONTRACTING OUT

The District will bargain with the Association concerning the effects of any proposed subcontracting on certificated employee positions.

ARTICLE II

BUSINESS

SECTION 1: DUES DEDUCTIONS

On or before the first day of each school year, the Association shall give written notice to the District business office of the dollar amount of dues and assessments of the Association including the National Education Association and the Washington Education Association, which dues and assessments are to be deducted in the coming school year under all payroll deduction. All Association members who have consented to deductions in accordance with Section A, below, shall have their dues deducted on a twelve (12) months basis.

Teachers who join the Association and consent to deductions in accordance with Section A, below, but who commence employment after September or terminate employment before June shall have their deductions prorated (\$X/number of days in contract). The business office agrees to remit promptly to the Washington Education Association all monies so deducted, accompanied by a list of teachers from whom the deductions have been made. A duplicate list shall be promptly provided to the Association as receipt for said transaction. On or before the monthly pay period, the business office shall notify the Association of any changes in said list due to teachers entering or leaving the employ of the District, and both the District and Association shall notify each other on or before the monthly pay period of any employee entering or revoking membership with the Association.

The Association agrees to reimburse any teacher, from whose pay dues and assessments were deducted, those sums in excess of the total amount due to the Association at that time, provided the Association or its affiliate actually received the excessive amount.

Upon written request from an employee, the District shall deduct the amount requested and forward it to the Union or designee.

A. Membership Deductions

Within thirty (30) days of their commencement of employment, teachers must sign and deliver to the business office a dues check-off authorization and assignment form which is attached hereto as Appendix

K and incorporated in this Agreement. Said form shall authorize deduction of membership dues and assessments of the Association (including the National Education Association and the WEA).

Such authorization shall continue in effect from year to year unless a written request for revocation is submitted, signed by the teacher and received between August 1 and August 31 preceding the designated school year for which revocation is to take effect.

All Membership “drop” requests must be processed through the WEA office before payroll may cease deduction of dues. **Members who wish to cease membership dues and drop their memberships must make inquiries to WEA directly.**

C. Indemnification for Dues Disputes

The Association will indemnify, defend, and hold the District harmless against any claim made and any suit instituted or judgment rendered against the District resulting from any deduction of the Association dues. The Association agrees to refund to the District any amounts paid in error because of the dues deduction provision. In the event of any suits against the District relative to dues deductions, the District shall select the attorney(s).

ARTICLE III

PERSONNEL

SECTION 1: EMPLOYEE RIGHTS

- A. Employees shall be entitled to full rights of citizenship. The District shall provide equal employment opportunity and nondiscriminatory treatment for all staff in recruitment, hiring, retention, assignment, transfer, promotion, and training. Such equal employment opportunity will be provided without discrimination with respect to all protected groups as set forth in the Washington State laws against discrimination in hiring or employment as now or hereafter enacted, except insofar as such factors are valid occupational qualifications.

B. Employees of the District who are represented by the Association shall have the right to freely organize, join, and support the Association and its activities.

C. Right to Due Process

No employee shall be reprimanded, disciplined, or reduced in rank or compensation without just cause. An employee shall be entitled to have present a representative of the Association during any formal disciplinary action. When a request for such representation is made, no action shall be taken with respect to the employee until such representative of the Association is present. If representation is not arranged within ten (10) working days of written notification to the employee, the District may proceed with action against an employee. For the purpose of interpretation of this section, formal disciplinary action shall mean situations in which an employee is to receive a suspension from work, a written reprimand or a notice of termination.

D. Election of Remedy

Any employee receiving notification of nonrenewal of contract, discharge, or adverse effect may elect to have the matter heard either by a hearing officer in accordance with [RCW 28A.405.310](#) or [RCW 28A.405.380](#) or an arbitrator in accordance with the grievance procedure contained herein, provided that when an employee elects arbitration, the Association agrees to move toward arbitration in a timely manner.

E. Safety

F. Grading

Employees shall have the exclusive right and responsibility to determine grades of students. No grade shall be changed without the approval of the employee.

SECTION 2: ACADEMIC FREEDOM

Academic freedom shall be guaranteed to all employees, and no special limitations shall be placed upon study, investigation, presentation and interpretation of facts and ideas concerning man, human society, the physical and biological world and other branches of learning subject to accepted standards of professional responsibility, community standards and adopted curriculum as per [RCW 28A.150.240](#).

These responsibilities include a commitment to democratic tradition, a concern for the welfare, growth and development of children and an insistence upon objective scholarship.

SECTION 3: GRIEVANCE PROCEDURE

A. Definitions

1. A grievance shall mean a written statement (see Appendix M) by the Association that a controversy, dispute, or disagreement of any kind or character exists which arises out of or in any way involves the interpretation or application of the express term or terms of this Agreement.
2. "Days" shall mean school district working days.

B. Procedures

Within thirty (30) days following the time when the grievant knows or could reasonably have known of the act or condition which is the basis of the grievance, the grievant may file a written grievance with his/her principal or immediate supervisor, with a copy to the superintendent or designee. Grievances filed in the name of the Association or the Board, may be initiated at Step 2 of this grievance procedure as set forth below. All certificated employees shall have the right of Association representation at each step of the grievance procedure.

A grievance may be withdrawn or settled at any step without establishing prejudice or precedent.

No reprisals shall be taken by the employer or the Association against any employee because of the employee's participation or refusal to participate in a grievance.

Step 1:

The school principal or immediate supervisor shall meet with the grievant within five (5) days following receipt of the grievance and attempt a mutually satisfactory resolution of the grievance. If no satisfactory agreement is reached, the grievant may within three (3) days appeal to Step 2.

Step 2:

The grievant shall meet within five (5) days following the receipt of the grievant's appeal to the superintendent with the superintendent or designee. The Superintendent or designee shall respond in writing within ten (10) days after the Step 2 meeting. The response shall include the reasons upon which the decision was based. If no satisfactory agreement is reached, the Association may, within twenty (20) days of the meeting, appeal to Step 3 — Arbitration or request grievance mediation.

Optional Grievance Mediation

If the grievance is not resolved at Step 2, the Association may request grievance mediation.

The Association shall notify the District in writing within ten (10) days of receipt of the Step 2 response of its desire to refer the grievance to mediation.

The District shall respond in writing to the Association within five (5) days of receipt of the Association notification whether or not the District agrees to mediation.

If the parties agree to mediation, they shall attempt to agree on a mediator.

The mediator will have the authority to meet and discuss the matter separately with either party, but will not have the authority to compel resolution of the grievance.

The presentation of facts and considerations shall not be limited to those presented at Step 2.

Proceedings shall be informal in nature.

Any settlement agreed to shall be reduced to writing by the mediator and, if necessary, shall be enforceable through the grievance procedure of the Agreement.

The fees and expenses of the mediator and related costs shall be borne equally by the parties.

If no settlement is reached, the grievance may be continued to arbitration.

Step 3:

The parties agree to select an arbitrator whose decision shall be final and binding. A list of at least five (5) arbitrators shall be requested from the Federal Mediation and Conciliation Service and/or the American

Arbitration Association. The parties shall select the arbitrator within ten (10) days of receipt of said list. The total selection list of arbitrators shall always consist of an odd number.

The arbitrator shall be selected from the list of eligible candidates by a representative of the superintendent or designee and the grievant, alternately striking names until only one name remains.

The representative of the superintendent or designee and the grievant shall present their cases to the arbitrator within thirty (30) days after the arbitrator has been selected.

The arbitrator shall make a decision in writing not more than fifteen (15) days following the day the case is presented.

The arbitrator shall have no power or authority to rule on any issue not specifically before him/her. The parties shall not present any issue to the arbitrator, which has not been specifically included within the grievance as presented to the superintendent or designee in Step 2. The arbitrator shall not have any authority to decide any subject not specifically set forth in the express terms of this Agreement, nor shall he/she decide any subject not expressly contemplated by the terms of the Agreement. To the extent any arbitrator's decision exceeds the limitations of his/her authority; it shall be null and void.

The expenses of the arbitration shall be borne equally by the District and the Association.

SECTION 4: PROGRESSIVE DISCIPLINE

The District has the right to discipline, suspend, or dismiss for just cause. Prior to instituting progressive discipline steps, the District will have made a reasonable attempt to counsel with the employee and to clarify job expectations. All disciplinary action shall be in accordance with the principles of progressive discipline. Progressive discipline may include: verbal warning, written warning, and written reprimand. The District may bypass the steps of progressive discipline because of the severity of the employee conduct that constituted just cause for discipline.

SECTION 5: PERSONNEL FILES

The District and the Association agree that confidentiality in observation and evaluation promotes full and fair compliance with the Basic Education Act and that objective observation and evaluation is a vital governance issue, which may be substantially and irreparably damaged by public disclosure of specific observations, evaluations and personnel files. The parties further agree that in order to protect the privacy rights of the individual employees, confidentiality is necessary. Therefore, in compliance with [RCW 42.56.210](#) and [RCW 42.56.540](#), and [RCW 28A.150.230](#) (2-a), the District agrees to exercise best efforts to protect employee rights consistent with the law. Processed grievances, garnishments, and attachments of wages will be kept separate from the employee's personnel file.

There will be only one personnel file, which will be kept in the district's central office. There will be no secret or alternative files kept in the district. However, this will not preclude administrators from keeping working files for their own use. All working files will be subject to the employee's inspection, with exclusive right of response by the employee.

Employees or former employees shall upon request have the right to inspect all contents of their complete personnel files kept within the District. Anyone, at the employee's request, may be present in this review. Any derogatory material, except criminal investigations, not shown to the employee within ten (10) days after receipt or composition shall not be allowed as evidence in any grievance or in any disciplinary action against such employee. A certificated employee shall have the right to attach his/her own written comments relating to material in the file.

Correspondence or other materials making reference to an employee's competence, character or manner will not be kept or placed in the personnel file and/or working file without the employee's knowledge and the employee will have the right of the addendum of all items in the files.

Derogatory materials, except evaluations, will be removed from the employee's personnel file at his/her request two years (or more) from the date of the circumstances or event that precipitated the placement of the material provided there has been no reoccurrence or misconduct. Findings relating to actions or misconduct against children will remain in the file.

The employee may work with the executive director of human resources, or designee, to add material to, or delete material from, his/her personnel file. Any material except that material required by statute or placed as a result of disciplinary action, will be removed, if so requested in writing, from the employee's file two (2) years after its initial placement.

At the end of the current school year, material contained in an administrative working file will be destroyed or moved to the personnel file. This excludes material in an open, ongoing investigation.

The superintendent or designee and the employee and his/her designee will sign an inventory sheet to verify contents of the personnel file at the time of inspection by the employee. Central office administrators will review the contract language regarding personnel files and working files with building administrators at the beginning of each school year.

SECTION 6: CERTIFICATED EMPLOYEE EVALUATION PROCESS

A. PURPOSE

The evaluation procedure set forth herein provides for a positive attitude to be maintained by all parties toward the development and improvement of the instructional program of the District. The evaluation procedure recognizes high levels of performance and encourages improvement in specific identifiable areas, and provides support for professional growth through the systematic assessment of employee performance.

The parties agree that the following evaluation system for all employees in the bargaining unit is to be implemented in a manner consistent with good faith and mutual respect, and, as defined in [RCW 28A.405.110](#):

- (1) An evaluation system must be meaningful, helpful, and objective;
- (2) an evaluation system must encourage improvements in teaching skill, techniques, and abilities by identifying areas needing improvement;
- (3) an evaluation system must provide a mechanism to make meaningful distinctions among teachers and to acknowledge, recognize, and encourage superior teaching performance; and
- (4) an evaluation system must encourage respect in the evaluation process by the persons conducting the evaluations and the persons subject to the evaluations through recognizing the importance of objective standards and minimizing subjectivity.

Additionally, the parties agree that the evaluation process is one which will be implemented with collaboration between the evaluator and the bargaining unit member, as described in [WAC 392-191-025](#):

"To identify in consultation with classroom teachers and certificated support personnel observed, particular areas in which their professional performance is satisfactory or outstanding, and particular areas in which the classroom teacher or support person needs to improve his or her performance."

B. EVALUATOR QUALIFICATIONS:

1. All assigned evaluators shall have been trained in the adopted evaluation processes. The District will maintain documentation with evidence of the successful completion of this training by each individual serving as an evaluator before any such individuals may participate in the evaluation process of bargaining unit members.

2. No teacher shall be evaluated by an evaluator who has not been trained in observation, evaluation, and the use of the specific instructional framework and rubrics contained in this agreement and any relevant state or federal requirements.

C. APPLICABILITY FOR EVALUATION PROCESSES

The evaluation processes to be utilized for employees shall be as follows:

- C. Classroom Teacher- This employee group includes specifically those certificated staff with an assigned group of students for whom they provide academically focused instruction and grades.
- D. Non-Classroom bargaining unit members- This employee group does not meet the classroom teacher definition :

| Article 2. | Therapeutic Specialist |
| Article 3. | Speech-Language Pathologist |
| Article 4. | Coordinator/TOSA |
| Article 5. | Counselor |
| Article 6. | Library Media Specialist |

The evaluative procedure and criteria shall be distributed and explained to all certificated employees at the building level by October 15 of each year or when an employee is assigned to a building. Each employee shall have access through the electronic system appropriate to the teacher's position and track in the evaluation cycle.

D. PROFESSIONAL LEARNING

Each teacher shall receive professional learning focused on the Danielson adopted framework and state criterion to ensure clear understanding of the evaluation process.

E. DEFINITIONS, STATE CRITERIA, FRAMEWORK, AND SCORING

1. Definitions

1. **Criteria** shall refer to one of the eight (8) state defined categories to be scored.
2. **Component** shall refer to the sub-section of each criterion.
3. **Evaluator** shall refer to a certificated administrator who has been trained in observation and evaluation using the adopted instructional framework contained in this agreement and any relevant state or federal requirements. The evaluator shall assist the teacher by providing support and resources. The building principal shall have the primary responsibility for the evaluation of employees under his/her supervision.
4. **Artifacts** shall refer to any products generated, developed or used by a certificated teacher. Artifacts should not be created specifically for the evaluation system. Additionally, tools or forms used in the evaluation process may be considered as artifacts.
5. **Evidence** shall refer to examples or observable practices of the teacher's ability and skill in relation to the instructional framework rubric. It should be gathered through the normal course of employment, and demonstrate student growth impact. The district and association are interested in quality versus quantity.
6. **Not Satisfactory** shall refer to:
 - A. Level 1: Unsatisfactory – Receiving a summative score of 1 is not considered satisfactory performance for a teacher.

- B. Level 2: Basic – If the classroom teacher is on a continuing contract with more than five years of teaching experience and if a summative score of 2 has been received two years in a row or two years within a consecutive three-year period, the teacher is not considered performing at a satisfactory level.
- C. **Student Growth Data** shall mean the change in student achievement between two points in time within the current school year (mutually agreed between teacher and evaluator). Assessments used to demonstrate growth should originate at the classroom level. Assessments used to demonstrate growth must be appropriate, relevant, and may include multiple measures both formative and summative.

2. State Evaluation Criteria:

Criterion 1: Centering instruction on high expectations for student achievement

Criterion 2: Demonstrating effective teaching practices

Criterion 3: Recognizing individual student learning needs and developing strategies to address those needs

Criterion 4: Providing clear and intentional focus on subject matter content and curriculum

Criterion 5: Fostering and managing a safe, positive learning environment

Criterion 6: Using multiple data elements to modify instruction and improve student learning

Criterion 7: Communicating and collaborating with parents and the school community

Criterion 8: Exhibiting collaborative and collegial practices focused on improving instructional practices and student learning

3. Instructional Framework

The parties have agreed to the evidence-based instructional framework developed by Charlotte Danielson. (Appendix Q)

All classroom teachers will be assessed using the Charlotte Danielson Framework for Teaching evaluation rubric.

Non-classroom teachers will be assessed using their respective framework

- Frameworks are published on the district's webpage.

4. Criterion Performance Scoring [WAC 392-191A-140](#)

If the evaluator and teacher cannot agree on a final criterion score, the following principles will apply:

- a. When there is more than one (1) component, if a 4 – Distinguished is scored, the overall criterion score cannot be lower than 2 – Basic.
- b. Each rating will be assigned the following numeric values:
 - Unsatisfactory – 1
 - Basic – 2
 - Proficient – 3
 - Distinguished – 4

5. Summative Performance Rating

A classroom teacher shall receive a summative performance rating for each of the eight (8) state evaluation criteria. The overall summative score is determined by totaling the eight (8) criterion-level scores as follows:

- 8-14—Unsatisfactory
- 15-21—Basic
- 22-28—Proficient
- 29-32—Distinguished

All scores will be determined based on the preponderance of evidence and staff shall have the opportunity to provide additional evidence prior to final evaluation.

6. Student Growth Criterion Score

- a. Embedded in the instructional framework are five (5) components designated as student growth components. These components are embedded in criteria as SG 3.1, SG 3.2, SG 6.1, SG 6.2, and SG

8.1. Evaluators add up the raw score on these components and the employee is given a score of low, average or high based on the scores below:

- 5-12—Low
- 13-17—Average
- 18-20—High

b. Student growth data will be taken from multiple sources during the school year in which the evaluation is being conducted, and must be appropriate and relevant to the teacher's assignment. It will include teacher initiated formal and/or informal assessments of student progress. Student achievement that does not show growth between two points in time in the same school year shall not be used to calculate a teacher's student growth criterion score. Evaluators shall not consider school-wide or District-wide test scores when evaluating classroom teachers as current state testing does not measure two points in time or individual teacher impact.

c. If a teacher receives a 4 – Distinguished summative score and a Low student growth score, they must be automatically moved to the 3 – Proficient level for their summative score. If rubric scores produce a 'low' student growth score or any one of the five student growth components receive an unsatisfactory (1) rating, then a student growth inquiry is triggered as outlined below. The teacher and evaluator will mutually agree to engage in one of the following:

- Compare student growth measure with other evidence (including observation, artifacts and student evidence) and additional levels of student growth based on classroom, school, District and state-based tools;
- Examine extenuating circumstances possibly including: goal setting process/expectations, student attendance, and curriculum/assessment alignment;
- Schedule monthly conferences with evaluator to discuss/revise goals, progress toward meeting goals, and best practices;
- Create and implement a student growth inquiry plan to address student growth areas. (Appendix S)
- Work with a mentor teacher.

F. PROCEDURAL COMPONENTS OF EVALUATION (Appendix Q)

1. Notification

The teacher will be notified no later than October 15th of their evaluator and whether the teacher will be evaluated using a comprehensive or focused evaluation.

2. Student Growth Goal Setting: (Appendices R,S)

By October 31st, the teacher shall determine a student growth goal for the appropriate component or components of SG-3.1, SG-6.1 and SG-8.1. The goal for SG-6.1 and SG-8.1 may be the same goal. *Non-classroom teachers are not required to submit student growth goals or scores.

3. Artifacts and Evidence:

1. The evaluator will collect observation data and evidence. and share artifacts and evidence necessary to complete the evaluation.
2. The teacher will provide artifacts and evidence to aid in the assessment of the teacher's professional performance against the instructional framework rubric, especially for those criteria not observed in the classroom-

4. Record-Keeping

The District shall adhere to the following:

- a. A copy of the final evaluation summary, teacher's written comments, if applicable, and forms shall be included in the teacher's personnel file.
- b. Teachers shall have access to their eVAL account in subsequent years.
- c. Evaluators shall notify the teacher of any additional evidence submitted to eVAL within three days.
- d. Teachers are encouraged but shall not be required to share personal assessment information utilized within the eVAL system.
- e. Any and all data entered into eVAL shall be considered confidential.
- f. The necessary equipment needed to use the eVAL system will be provided by the District.

- g. Non-classroom teachers do not currently have access within the state eVAL system, paper options will be provided (Appendix T)

5. Electronic Monitoring

All observations shall be conducted openly. Mechanical or electronic devices shall not be used to listen to or record the procedures of any class without the consent of the teacher. This recording shall be used for evaluation and not shared without permission.

6. Alternative Evaluator - [WAC 392-191-007](#)

Teachers may make an appeal to Human Resources and WWVEA to request an alternative evaluator. Requests must be submitted in writing within ten (10) days of the first post observation conference.

G. COMPREHENSIVE EVALUATION PROCESS

A Comprehensive Evaluation will include evaluation of all eight state criteria. A teacher eligible for focused evaluations must complete a comprehensive evaluation once every six years.

Observation Cycle:

1. Pre-Observation/Planning Conference:

The pre-observation conference shall be held prior to the first formal observation. The teacher and evaluator will mutually agree when to conference. The purpose of the planning conference is to discuss the employee's goals, establish a date for the formal observation, and to discuss such matters as the professional activities to be observed, their content, objectives, strategies, and possible observable evidence to meet the scoring criteria.

2. Formal Observation:

- a. Provisional employees shall have at least one prearranged formal observation conducted within the first ninety (90) days of the school year. First year teachers must have two thirty minute observations within the first ninety (90) days of the school year. The total annual observation time cannot be less than (90) minutes. Each provisional staff member must have two thirty (30) minute observations per year with the remainder of the required ninety (90) minutes comprised of mini-observations or an additional formal observation. An employee in provisional status as defined in [RCW 28A.405.220](#) shall be observed at least three times in the performance of his or her duties and the total observation time for the school year shall not be less than ninety (90) minutes. Documented evidence gathered through informal observations must be communicated to the teacher.
- b. Non-provisional (30-minute formal and 30-minute accumulative)
- c. The observations will occur no later than five (5) working days after the planning meeting (barring extenuating circumstances).
- d. Observations will not take place the first week of the school year, the last day before or after a break or on the day following an absence of the employee unless mutually agreed upon.
- e. The evaluator will document all formal observations using the negotiated form and provide the information to the employee within three (3) working days following the observation.
- f. The teacher shall be provided the opportunity to submit additional evidence to aid in the assessment of the teacher's professional performance against the instructional framework rubric, especially for those criteria not observed in the classroom. The evidence provided by the teacher shall be incorporated on the negotiated form prior to the post-observation conference, and be used to determine the final evaluation score.

3. Reflective Conference

- a. A reflective conference between the evaluator and teacher shall be scheduled no later than five (5) days after the formal observation (barring extenuating circumstances).
- b. The purpose of the post-observation conference is to review the evaluator's and teacher's evidence related to the scoring criteria during the observation, and to discuss the teacher's performance. The teacher shall be provided an additional opportunity to submit evidence of the teacher's professional performance that the teacher deemed was not observed in the classroom. The evidence provided by the teacher shall be incorporated on the negotiated form and be used to determine the final evaluation score.

- c. If there is an area of concern, the evaluator will identify, in writing, specific concerns for the applicable criteria and provide district support and resources to remedy the concern.
- d. The teacher may attach written comments to the observation report.

4. Final Evaluation Conference

- a. No later than June 1 the evaluator and teacher shall meet to discuss the teacher's final summative score. The final summative score, including the student growth score, must be determined by an analysis of evidence. This analysis will include a holistic assessment of the teacher's performance over the course of the year.
- b. The teacher has the right to provide additional evidence for each criterion to be scored.
- c. All evidence, measures and observations used in developing the final summative evaluation score must be a product of the school year in which the evaluation is conducted.
- d. If the teacher reasonably believes the criterion score or final summative score were not objectively scored, they may be granted any of the following:
 - a. An alternative evaluator scoring of evidence whom is mutually agreed upon by the teacher and the Association
 - b. Assignment of a new evaluator for the ensuing school year
 - c. Assignment of a mentor
- e. The teacher will sign two (2) copies of the Final Summative Evaluation Report—(one copy-employee, one copy-personnel file) The signature of the teacher does not, however, necessarily imply that the employee agrees with its contents. The teacher may attach any written comments to observations and to the final annual evaluation report.

H. FOCUSED EVALUATION

The Focused Evaluation is used when a teacher is not evaluated using the Comprehensive Evaluation process, and will include evaluation of one of the eight state criteria (student growth impact required).

If a non-provisional teacher has scored at Proficient or higher the previous year, they may be moved to Focused Evaluation. The teacher may remain on the Focused Evaluation for five (5) years before returning to the Comprehensive Evaluation.

The teacher or the evaluator can initiate a move from the Focused to the Comprehensive Evaluation. A decision to move a teacher from a Focused to a Comprehensive Evaluation must occur by December 15.

1. The criterion area to be evaluated shall be proposed by the teacher at the goal setting conference, and must be approved by the evaluator.
2. If the employee chooses criterion 1, 2, 4, 5, or 7, they must also complete the student growth components in criterion 3 or 6.
3. Observations and conferences for the focused evaluation shall follow the process set forth in Section G: Comprehensive Evaluation Process. Non-provisional (30-minute formal and 30-minute cumulative).
4. The score received on the selected criterion is the score assigned as the final summative score.
5. A group of teachers may focus on the same evaluation criterion and share professional growth activities. This collaboration should be initiated by the teacher(s) and no individual shall be required to work on a shared goal. In some instances there may be a school wide goal that all teachers will be collaborating on.

I. SUPPORT FOR BASIC AND UNSATISFACTORY PERFORMANCE

1. When a teacher is judged below Proficient, the following conditions and provisions shall be offered to the employee in support of their professional development:

Support Options May include:

- Four (4) days of district funded release time to observe colleagues' instruction

2. In such cases that a teacher with more than five (5) years of experience receives a summative evaluation score below Proficient, the teacher must be formally observed before October 15th the following year. If the Formal Observation in that following year results in ongoing and specific performance concerns, a structured support plan will be mutually developed by the evaluator and teacher within five (5) days following the First Post-Observation Conference and will be completed prior to completion of the comprehensive evaluation.

J. PROVISIONAL EMPLOYEES

Follow the guidelines stated in [RCW 28A.405.220](#).

At any time after October 15, a classroom teacher whose work is judged not satisfactory based on the scoring criteria shall be placed on probation and notified in writing of the specific areas of deficiencies and provided a written reasonable plan of improvement.

1. A classroom teacher's work is not judged satisfactory, and therefore shall be placed on probation, when the overall comprehensive score is Unsatisfactory (1). A continuing contract teacher under RCW 28A.405.210 with more than five (5) years of teaching experience whose comprehensive summative evaluation score is below Proficient (3) for two (2) consecutive years or for two (2) years within a consecutive three (3) year time period shall also be placed on probation.
2. Teachers may only be placed on probation from the Comprehensive Evaluation Process.
3. Teachers on continuing contracts who have been assigned to teach outside of their endorsements shall not be subject to nonrenewal or probation based on evaluations of their teaching effectiveness in the out-of-endorsement assignments in accordance with [WAC 181-82-110](#).

 1. The evaluation report and supporting evidence.
 2. A recommended specific and reasonable program designed to assist the teacher in improving his or her performance.
5. If the Superintendent concurs with the administrator's judgment that the performance of the employee is unsatisfactory, the Superintendent shall place the teacher in a probationary status for a period of not less than sixty (60) school days, any time after October 15. The probationary period may be extended into the following school year if the teacher has more than five (5) years of teaching experience and the final summative rating as of June 1th is Unsatisfactory -1. Before being placed on probation, the Association and the teacher shall be given notice of action of the Superintendent which notice shall contain the following information:
 1. Specific areas of performance deficiencies identified from the instructional framework;
 2. A suggested specific and reasonable plan for improvement;
 3. A statement indicating the duration of the probationary period and that the purpose of the probationary period is to give the teacher the opportunity to demonstrate improvement in his/her area or areas of deficiency.
6. A reasonable plan of improvement will be developed and will include the specific evaluative criteria which must be met and the measures and benchmarks which will be used to determine the teacher's success or failure. The plan will include a system for periodic feedback during the term of probation will include supports provided and funded by the district, and the dates those supports will be put in place. Any of these support activities shall be compensated at the employee's per diem rate of pay for any time that occurs outside the normal work day/year.

During the probationary period the evaluator shall meet with the probationary teacher at least twice a month to supervise and make a written evaluation of the progress, if any, made by the teacher. The provisions of this agreement shall apply to the documentation of observation reports and evaluation reports during the probationary period.
- d. The probationary teacher may be removed from probation at any time if he/she has demonstrated improvement to the satisfaction of the evaluator in those areas specifically detailed in his/her notice of probation.
- e. The probationary teacher may request that an additional certificated evaluator be included as a member of the probationary process and this request must be granted. This evaluator may be assigned by the ESD and will be jointly selected by the district and the Association from a list of evaluation specialists compiled by the ESD.

8 A teacher who is on a plan of improvement must be removed from probation if he/she has demonstrated improvement in the areas prescribed as deficient. A teacher must be removed from probation if a teacher with five (5) or fewer years of experience scores at Basic (2) or above or a teacher of more than five (5) years of experience scores at Proficient (3) or above. A written notice will be provided to the teacher at the time this decision is made.

9 Lack of necessary improvement during the established probationary period, as specifically documented in writing with notification to the probationer constitutes grounds for a finding of probable cause under [RCW 28A.405.300](#) or [28A.405.210](#).

10. Evaluator's Post-Probation Report

Unless the probationary teacher has previously been removed from probation, the evaluator shall submit a written report to the Superintendent at the end of the probationary period which report shall identify whether the performance of the probationary teacher has improved and which shall set forth one (1) of the following recommendations for further action:

- a. That the teacher has demonstrated sufficient improvement in the stated areas of deficiency to justify the removal of the probationary status; or
- b. That the teacher has demonstrated sufficient improvement in the stated areas of deficiency to justify the removal of the probationary status if accompanied by a letter identifying areas where further improvement is required; or
- c. That the teacher has not demonstrated sufficient improvement in the stated areas of deficiency and action should be taken to non-renew the employment contract of the teacher.

11. Action by the Superintendent:

The Superintendent shall determine which of the alternative courses of action is proper and shall take appropriate action to implement such determination.

12. A teacher who fails to successfully complete the probation process, as outlined above, may have their probationary period extended or may be recommended for non-renewal.

L. NON-RENEWAL (DISCHARGE) [RCW 28A.405.210](#)

When a continuing contract teacher with five (5) or more years of experience receives a comprehensive summative evaluation rating of 1 – Unsatisfactory for two (2) consecutive years, after completing probation the first year, the District shall, within ten (10) days of the completion of the Final Evaluation Conference or June 1st, whichever occurs first, implement the teacher notification of non-renewal (discharge) as provided in [RCW.28A.405.300](#).

M. PROBABLE CAUSE The teacher who is, at any time, issued a written notice of probable cause for non-renewal or discharge by the Superintendent pursuant to this Article shall have ten (10) calendar days following receipt of said notice to file any notice of appeal as provided by statute or by this Agreement.

N. EVALUATION RESULTS

- (a) Evaluation results shall be used:
 - 1. To promote reflection on professional practice and facilitate continued professional growth.
 - 2. To document the level of performance by a teacher of his/her assigned duties.
 - 3. To identify specific areas in which the teacher may need improvement according to the criteria included on the evaluation instrument.
 - 4. To document performance by a teacher judged unsatisfactory based on the State evaluation criteria.
- (b) Evaluation results shall not be:
 - 1. Shared or published with any teacher identifying information.
 - 2. Shared or published without notification to the individual and Association.
 - 3. Used to determine any type of base or additional compensation.
 - 4. Used as part of any disciplinary process.

SECTION 7: LAYOFF AND RECALL

In the event the District suffers a significant loss in revenues and/or programs which require a reduction in the work force, the District shall follow the procedures contained herein. The term "layoff" as used herein refers to action by the board reducing or eliminating the contractual status of individuals represented hereunder.

The District shall provide the Association with a detailed report relating to the District's financial condition and the anticipated educational program for the ensuing school year.

Seniority for the purpose for this Agreement is defined as: Number of years of service within the State of Washington. When years of service result in a tie, the staff weighting index number will be the determining criteria.

A. Layoff Procedure

Each employee shall receive and verify his/her seniority and staff weighting index number annually in accordance with (Appendix N). Seniority will include the current school year; however, staff weighting index number will include degrees and credits earned prior to October 1 of the current year. Experience credit for part-time employees shall be granted on the same basis as their percentage of employment, e.g., half time employment for a full year yields one-half year experience credit on the staff weighting index schedule. Summer school and other supplemental contract work do not count toward seniority.

The District will make every effort to use the voluntary and involuntary transfer process in Section 8 before initiating any layoffs. Employees will be laid off beginning with the least senior employee and moving up the seniority order as needed. If a staff member is not qualified to teach in any existing available position in the district, that staff member will be laid off before staff members who are qualified but have less seniority. For the purposes of this agreement, qualified means the proper state endorsement.

Employees with identical staff weighting indices shall be ranked according to the actual date of employment with the District to break the tie. If a tie still exists after all of the above criteria have been utilized, the District will determine which employee is to be retained, provided the District does not act in an arbitrary and capricious manner.

Employees on leave are subject to the Layoff procedure. Any person in the recall pool with more seniority than a person on leave, is recalled prior to the return from leave for the less senior employee.

B. Employment Pool

A certificated employee receiving written notification of layoff shall retain an employment relationship with the District by being automatically placed on layoff and recall status.

Credit for any education acquired during that year will be granted. Acceptance of contract employment as a certificated employee in any other school District while on layoff status shall constitute an automatic termination of the employment relationship as provided herein.

Any employee accepting a temporary position shall not forego his/her seniority recall option in the event a permanent position becomes available.

No certificated employee will be hired by the District from outside of the bargaining unit until all employees on layoff status shall have been determined to not be qualified for the position.

Employment of substitutes shall come from those employees on layoff status except when no qualified employee is available.

Upon the request of a certificated employee, the District shall make provision for the continuance of an employee's participation in any District group insurance program. The entire premium required shall be paid by the employee to the District business office on a monthly basis as required by the business office.

C. Recall

Recall shall be in reverse order of the staff-weighting index number. If a staff member is not qualified to teach in an existing available position in the district, that staff member will not be recalled before staff members who are qualified but have less seniority. For the purposes of this agreement, qualified means the proper state endorsement.

The District shall give written notice of recall by sending a registered letter to the employee at his/her last known address. Any certificated employee so notified shall respond as to whether he/she accepts or rejects the position within ten (10) working days from receipt of said notice.

SECTION 8: ASSIGNMENT, TRANSFERS AND VACANCIES

A. Definitions

1. Vacancies

A "vacancy" is a position that is not assigned to a current staff member at a given site. Notices of vacancies for positions covered by this Agreement shall be posted as they occur and copies of such notices shall be provided to the Association. In cases where multiple openings may occur in a single year, the District shall not be required to re-post like positions.

In filling vacancies for the succeeding year, the District will first decide whether it is necessary to make any involuntary transfers from sites and, if so, the district will follow the provisions below dealing with involuntary transfers. Next, the District will consider qualified employees who volunteer for reassignment or transfer according to the provisions below dealing with voluntary reassignment or transfer.

2. Transfer

A "transfer" shall mean a move by an employee from one site to another.

3. Voluntary Transfer

A "voluntary transfer" shall mean a transfer that an employee requests.

4. Involuntary Transfer

An "involuntary transfer" shall mean a transfer that an employee has not requested and shall include a reassignment that an employee has not requested.

5. Assignment

An "assignment" shall mean the placement of an employee in a particular grade level, subject area, or specialty area.

B Voluntary Requests of Reassignment and/or Transfer

Evaluation results for certificated classroom teachers must be used as one of multiple factors in making human resources decisions.

Areas that could be used in HR decisions:

- Probable cause for non-renewal
- Conversion from provisional to continuing status after year two (2)
- Consideration for TOSA positions requires proficient rating in all eight (8) criterion.

All vacancies which occur for the succeeding year will be posted. After three (3) days during the school year, or five (5) days during the summer, certificated employees interested in reassignment and/or transfer, shall be given first consideration by being offered an interview.

Interviewed employees will be reassigned and/or transferred provided: (1) they are qualified, and (2) the needs of the District are met. The District has the exclusive ability to define its needs, provided the District does not act arbitrarily. After the internal interview process, any unsuccessful employees will be notified as soon as possible in person by the applicable site administrator and provided a basis for the committee's decision. If an internal candidate is not selected the district may interview external candidates.

The District will make every effort to notify certificated employees in writing of any changes in their programs and schedules for the ensuing school year (including the schools to which they will be transferred, the grades and/or subjects that they will teach, and any special assignments they will have) prior to the end of the school year.

C. Involuntary Transfers from Sites

To assure compliance with state and federal requirements and to assure the best quality educational program in the District, it becomes necessary on occasion to make some transfers on an involuntary basis.

1. Prior to the selection of any Association member for transfer, Human Resources shall notify all Association members at the affected site or program of the potential for administrative transfer(s) to allow voluntary transfers from the site. No Association member shall be encouraged or discouraged from volunteering.

Where there are several qualified employees who volunteer for transfer, the senior employee who is qualified shall be given the preferential right of transfer.

Seniority for the purpose of this Agreement is defined as:

- a. Number of years of service within the state of Washington.
 - b. Current placement on the staff weighting index form when years of service do not break the tie.
2. If no qualified employee at the affected site volunteers to be transferred, certificated employees at the affected site will be transferred on the following basis: (1) the employee must be qualified, (2) the

employee's seniority, with the seniority list used in reverse order, (3) the needs of the district must be met. When the least senior employee does not meet all these qualifications, the District will continue to consider certificated employees from the seniority list used in reverse order until one who meets all the conditions is identified.

3. Certificated employees who are to be transferred shall be notified as far in advance of the transfer as possible.
4. A transfer shall be made only after the certificated employee has been notified in writing containing the reasons for the transfer and a meeting has been held with the Executive Director of Human Resources or his/her building principal.
5. Any certificated employee who is involuntarily transferred is exempt from another involuntary transfer for two years after the date of being informed of the transfer.
6. A staff member being transferred shall be provided two school days for the move free of teaching duties if the move occurs during a school year.

D. Part-Time Status/Exclusions

Part time teachers may have their time increased within a building or department upon mutual agreement between the teacher and the district without posting the position. Teachers on probation or on a discipline plan may not qualify for transfer until removed from probation or until they complete the discipline plan. Extracurricular assignments for teachers are not covered by this contract.

SECTION 9: STAFF PROTECTION

- A. The District shall protect certificated employees acting within the scope of their employment by purchasing liability insurance in the amount of ten million dollars (\$10,000,000) per occurrence and twenty million dollars (\$20,000,000) aggregate and the district shall include the certificated employees as named insured under the general liability insurance policy of the District.
- B. Legal counsel shall be provided, through insurance, to any certificated employee against whom a lawsuit is initiated, provided such certificated employee at the time of the act or omission complained of was acting within the scope of his/her employment or under the direction of the District.
- C. A certificated employee who experiences harassment, sexual harassment, threats, or intimidation, as outlined in Walla Walla Public Schools Board Policies and Procedures 3143, 5010 and 5011, while they are performing assigned duties, should bring this to the attention of their immediate supervisor or the district's affirmative action officer. The incident will be reported to the superintendent or designee and when necessary, the police. In cooperation with the employee, the district will take immediate steps to provide for the employee's safety which may include not assigning the student to that teacher's classroom for the duration of the student's attendance at that school or any other school where the teacher is assigned.
- D. The District will continue to provide insurance coverage under its present policy to cover the costs of loss of property (excluding cash) sustained in the course of employment. In addition, the board will develop a \$6,000 fund for the purpose of settling personal property claims utilizing procedures developed jointly by the Association and the District. Such procedures shall address the registration of some items, precautionary measures, limitations, and method of payment.
- E. Whenever a certificated employee is absent from employment and unable to perform duties as a result of injuries sustained in the course of employment, or in the event that a certificated employee has been physically disabled because of an assault on his/her person in the course of his/her employment, the Board will grant the injured certificated employee leave of absence with contract pay for a period not to exceed one (1) year, as provided for hereinafter. During such a period of disability, the certificated employee may utilize his/her sick leave to compensate for the difference in the amount of state compensation and his/her regular salary to the

limits of his/her accrued sick leave account. The sick leave account shall be reduced in the same ratio as the payout bears to his/her total salary. All benefits such as retirement, social security, sick leave and salary placement shall be maintained by the District. Medical benefits will be maintained by the District in accordance with the Family and Medical Leave Act (FMLA), when applicable.

SECTION 10: CONTRACTS, WORKDAY AND PAYMENT

A. Individual Employee Contract

All individual employee contracts (see appendix A) shall be subject to, and consistent with, Washington state law and the terms and conditions of this Agreement. If any individual certificated employee contract contains any language inconsistent with this Agreement, this Agreement, during its duration, shall be controlling.

The Board shall not solicit execution of any individual certificated employee contract at such time or in such manner as shall constitute an unfair labor practice.

Nonprofessional personnel shall not be assigned to perform work in the instructional setting (classroom) which will substitute or replace a certificated employee in his/her assignment or employment. All certificated employees shall be placed on the annual salary schedule in accordance with the criteria for salary schedule placement as contained in this Agreement. The District shall provide each certificated employee a contract with building assignment(s) indicated therein. Such building assignment(s) shall be subject to Section 8 contained herein.

B. Job-Share

Definition:

A Job Share is the shared performance of the duties of a full-time (1.0 FTE) regular position by two employees.

Application Process:

Employees who wish to job share shall submit a written request to their principal or supervisor with a copy to Human Resources. The request shall include the following information: 1) position to be shared; 2) names of the employees who will share the position; 3) proposed days and hours to be worked by each employee and 4) a plan for how the work will be allocated including meetings, conferences and inservices.

Employees must request that a leave of absence be granted for the portion of the contract or assignment which is being reduced.

An employee who would like to job share may ask Human Resources for the names of other employees who have indicated an interest in job sharing.

No job share request shall require the hiring of a part-time employee. (see appendix H)

Decision:

The principal or supervisor will consider each request for a job share and will make his or her decision in consultation with Human Resources based on the following factors: 1) potential impact of the job share proposal on the educational program; 2) best interest of the students; 3) efficiency of the school, department or district operation; 4) employee's employment history including performance evaluations and number of previous leaves granted; 5) needs and desires of the employee and 6) compatibility of the job share employees.

Working Conditions:

Each employee shall be issued a supplemental contract for separate work consistent with the District/WWVEA collective bargaining agreement.

The implementation of a job share shall not cost the District more than the cost of filling a 1.0 FTE position with a single employee with regard to insurance benefits. Benefits shall be paid on a per diem basis for all participants. Salary placement and seniority will be consistent with the District/WWVEA collective bargaining agreement.

To the extent possible, job share employees will substitute for each other when pre-planning allows such an arrangement. A job share employee subbing for their partner will be paid consistent with the substitute rate in the current collective bargaining agreement.

Continuation of the Job Share:

Once a job share position has been approved, the position shall remain as such for the remainder of the school year. By March 15, the employees in a job share position must apply again and request that the job share arrangement continue and that a leave of absence be extended. The principal or supervisor in consultation with Human Resources will notify the employees, no later than April 30, if the job share will be continued.

Termination of the Job Share Agreement:

If the job share arrangement is terminated, each employee will be returned to his/her FTE contract status which was allocated at the time the job share began. The assignment of each employee will begin at the start of a school year and will be at the sole discretion of the District. If either employee who agreed to job share cannot fulfill his/her obligation to a job share or no longer wants to continue the arrangement, the job share may be terminated at the end of the school year or sooner depending upon the circumstances. Both employees may be required to return to work full-time and assignment will be at the sole discretion of the District.

C. Part Time Employment

All part time staff will have access to 5.5 extra days which are specifically designated on the separate contract day form (appendix E). Benefits shall be paid on a per diem basis for all participants.

D. Part Time Teacher's Workday

Elementary teachers who are at least half-time but less than full time employees shall receive and be compensated for a prorated amount of pupil/patron time either before and/or after the school day, prorated planning time and 30 minutes of duty-free lunch if their assignment continues through the lunch period. If at all possible, the teacher's schedule will be continuous once their day begins.

Secondary teachers who are part time will be compensated proportionally according to their FTE assignment. They will be expected to set aside time either before or after school to meet pupils and patrons.

E. Copies of the Contract

An original contract shall be given to the employee each year for signature. Employee may make a copy for their records using Walla Walla Public Schools' copier. The original is to be returned to the District for its file.

F. Length of Contract

The length of a regular employee contract shall be one hundred eighty one (181) days. This shall include 178 student instruction days plus two (2) parent-teacher conference days. If the District extends the contract of a certificated employee, the employee shall be paid per diem for the extra day(s).

G. Current Certification

It is the responsibility of each employee to maintain current certification according to the current standards for the state of Washington. Employees who permit their certification to lapse or do not meet certification requirements shall immediately be placed on unpaid leave from their contract and shall not be permitted to return to their assignment until such time as they are able to provide Human Resources with proof of current certification. Employees who knowingly continue to exercise their contracted duties with a lapsed certificate shall be subject to disciplinary action by the District.

H. Separate Contract Days

Separate contract days must be negotiated each year and shall not be awarded on an ongoing annual basis. ([RCW 28A.400.200](#)(4))

Professional growth days and conference days may be used on a regular workday as long as they are not used during the employee's regular work hours. Other separate contract days may not be used on a day for which the employee has been compensated. Separate contract days are exempt from the leave provisions of this agreement.

J. Length of Workday

Employees shall make themselves available at the beginning and end of their work day for pupil-patron time. The total length of the workday shall be 7.5 hours, which shall include at least a continuous thirty (30) minute duty-free lunch period. One-half (.5) day 3.5 hours (7.5 hours, minus the thirty (30) minute duty-free lunch period, divided by 2). As a last resort, and with building administrator approval, self-contained special education teachers will be compensated at per diem for instructing students during their duty free lunch. Elementary principals should consider including a brief relief period for staff members during their morning and afternoon schedules.

The regular work week for programs with non-traditional schedules shall be equivalent to five work days at 7.5 hours per day, and the work schedule may be differentiated to accommodate building/program/district needs through the waiver process. (Appendix G)

K. Collaboration Time

The purpose of collaboration time is to afford teachers the opportunity to work together to improve student learning and instructional practices within the scope of district and building improvement plans.

The focus of collaboration time should be spent addressing the following questions:

- What is it we want our students to learn? What knowledge, skills and dispositions do we expect them to acquire as a result of this course, grade level, or unit of instruction?
- How will we know if each student is learning each of the essential skills, concepts, and dispositions we have deemed most essential?
- How will we respond when some of our students do not learn? What process will we put in place to ensure students receive additional time and support for learning in a timely, directive, and systematic way?
- How will we enrich and extend the learning for students who are already proficient?
Revisiting Professional Learning Communities at Work by DuFour, DuFour, and Eaker

Collaboration Time - Wednesdays

Team based collaboration will occur every Wednesday. If needed, the district may use one Wednesday per month for other purposes.

Teachers who are part of a collaborative team will be actively engaged in the collaborative process to improve student learning. Teachers will have the opportunity to provide input before collaborative teams are finalized.

The length of the teacher contracted day may be extended for the purposes of Wednesday collaboration time not to exceed 5 hours over the course of the year.

Each elementary building has up to 7 hours that can be used for staff meeting or professional learning in a year. Each secondary building has up to 14 hours, when including the separate contract day from Section H, for staff meeting or professional learning in a year. Staff meetings will not exceed one hour; however, professional learning activities may be scheduled beyond one hour.

▪ Emergency School Closure and Delayed Opening

In situations which necessitate the shortening of the school day (i.e. inclement weather and/or hazardous road conditions, etc.) all employees will be expected to report to work commensurate with the delay. It shall be the responsibility of each employee to contact his/her immediate supervisor as early as possible if the employee will be late for the re-scheduled start of school.

If the determination is made to hold school in the District, all employees are to report to work unless they are ill or are absent on approved District business.

▪ Payment

Regular certificated employees shall be paid in twelve (12) monthly installments on the last business day of each month. Each warrant shall contain one-twelfth (1/12) of the contracted salary, except situations where the employee and the District mutually agree to other arrangements.

In the event of a mistake in payment resulting in underpayment or overpayment, the District and certificated employees involved shall mutually determine an arrangement for correction.

SECTION 11: SALARIES AND STIPENDS

A. Certificated Employee Salary Schedule – (see Appendix C)

Staff members' placement on the District salary schedule shall reflect their education and all certified experience.

B. Horizontal Advancement on the Salary Schedule

Teachers completing sufficient education during any year or summer to qualify for horizontal advancement on the salary schedule must come to Human Resources no later than September 10 for a review of their credits and to complete the District form requesting movement on the salary schedule. Failure to meet this deadline will eliminate any opportunity for horizontal advancement on the salary schedule during the current school year.

All requests for horizontal advancement on the salary schedule shall be accompanied by proof of completion which must be in the form of an official transcript. Grade reports or other documentation will not be accepted. Official transcripts shall be submitted no later than September 10 if advancement is to be reflected in the September payroll. Official transcripts will be accepted by Human Resources up to October 1. However, teachers who fail to provide official transcripts to Human Resources by October 1 will forfeit their right to horizontal advancement during that school year.

Teachers will be reimbursed solely on the basis of approved experience and credits for which appropriate documentation exists in line with existing state laws and the negotiated agreement. All credits to be used for advancement on the salary schedule and must be approved by the District as meeting at least one of the criteria defined by OSPI. Only credits approved by the State of Washington for LEAP calculations shall be approved for salary schedule advancement.

C. Co-curricular Request – Co-curricular Salary Review

The Cocurricular Salary Schedule for employees is attached to this Agreement as Appendix D and by this reference is incorporated herein. Any formal activity, whether currently being offered or not, may be proposed to be included in the Co-curricular Salary Schedule. In addition, when a co-curricular employee (for a single-employee position), or group of employees (for multiple-employee positions) believes his/her or their assigned job duties are significantly different than their current job description/expectation, the employee(s) may request a co-curricular salary review.

When an employee believes his/her after-school activity should be included in the Co-curricular Salary Schedule, or a salary review warranted, they may submit a Co-curricular Request for Consideration Application to the Human Resources Department for consideration. A review will be conducted by a four member committee comprised of District employees not associated with the application. Two members will be selected by the Association and two selected by the Assistant Superintendent. The committee's decision will be based on information provided by the employee and the District. The committee's decision is final and is not subject to grievance, complaint, or review procedures outlined in either the CBA or Board Policy. A majority vote confirming the request shall result in one of the three outcomes:

For a co-curricular request:

- a. the activity will not be included in the Co-curricular Salary Schedule;

- b. the activity will be included in the Co-curricular Schedule at a level determined by the committee, and the employee will be issued a pro-rated contract based on the committee approval date for the remainder of the school year; or,
- c. the activity will be included on the Co-curricular Schedule at a level determined by the committee, and will become effective the following school year.

For a co-curricular review:

- a. the current rate of pay will not be adjusted;
- b. the current rate of pay will be adjusted to a level determined by the committee, and the employee will be issued a pro-rated contract based on the committee approval date for the remainder of the school year; or,
- c. the current rate of pay will be adjusted to a level determined by the committee and will become effective the following school year.

An employee is limited to no more than one co-curricular request and one co-curricular review per two year period.

The committee shall provide the employee only an acceptance or denial of the request. The employee shall not solicit information about the committee's deliberations.

D. Stipend for K-8 Dual Language Classroom Teachers

K-8 Dual Language Classroom Teachers will be provided a \$1000 annual stipend.

E. Building Leadership in the Absence of the Principal

When it becomes necessary for all building administrators to be absent from the building, the principal shall designate a certificated staff member to be in charge during the principal's absence. In making this assignment, the principal shall give first consideration to appointing an individual who has the appropriate administrative education whenever possible. When an administrative intern is available to assume this responsibility, assignment of such duties to the intern would be considered appropriate.

When a building leadership responsibility is assigned to a unit member other than an intern, the employee shall be compensated at the rate of 130 per cent of his/her daily salary for all days involved. In return for such compensation, the employee will assume the administrative duties assigned by the principal during his/her absence, including duties which might result in the lengthening of the employee workday.

E. Class Coverage

1. A principal or his/her designee may request employees to cover classes in cases of emergency when arrangements for a regular substitute cannot be made, either because of the time factor or the unavailability of a qualified substitute. The district shall make every attempt to provide a substitute when a regular employee is absent from work. When requested to cover a class, employees will be paid at the employee's hourly rate. This compensation will be for their planning time that will be done outside of the school day.
2. Arrangements for voluntary class coverage may be made between employees with the prior approval of the building principal except in cases covered by paragraph one (1) above.

F. Compensation for Teaching Extra Class

Compensation for teachers assigned teaching responsibilities for a regular class in addition to their normal full-time work assignment shall be calculated as follows:

$$(base\ annual\ salary \div 181\ days \div periods\ taught) \times additional\ class\ period(s)\ taught$$

G. Early Notification/Transition Grant

All employees who plan to leave the school district at the completion of their regular contract year shall be offered a \$500 grant to be paid in a single installment. The purpose of this grant is to enlist the assistance of employees in providing for an orderly transition from one school year to the next. In return for this grant, employees are requested to leave their room and equipment in good order and to provide the replacement employees with inventories and information necessary for them to assume the duties of their new assignment. Employees may also be asked to participate in an exit conference with the person who will be filling the position. These responsibilities shall be completed by June 30 of the current school year.

In order to receive the grant, employees must signify their intent to leave the school district through a formal letter of resignation submitted to the Board of Education no later than March 1 of the school year in which they intend to resign. This grant shall not be considered as regular remuneration as qualified for retirement calculation purposes.

H. The hourly Curriculum Rate of pay will be determined at 89% of the average of all salaries on the District Teacher's Salary Schedule.

District compensation for certificated employees to provide professional learning outside of the contract day.

- Selection of trainers will be from a list of interested individuals with applicable expertise or district TOSAs. Prior to the assignment, the employee will be provided a summary of the compensation and expectations related to the professional learning being offered.

- Planning for professional learning (outside of the school day) will be compensated as follows:

I In recognition of full-time service in certificated employment the district will provide longevity stipends to certificated employees:

\$700.00 annually - Beginning after their 21st year of full-time certificated employment (at Step 21) and continuing through their 25th year of full-time certificated employment.

\$1,050.00 annually - Beginning after their 25th year of full-time certificated employment (at Step 25). In 2020-21, the stipend will be \$2,100.00. In 2021-22, the stipend will be \$3,150.00.

J. In recognition of the similarity in certification standards between Educational Support Associates (ESA) national certifications and the standards for National Board for Professional Teaching Standards Certification (NBPTS), the District will provide a prorated National ESA Certification single stipend in the amount of \$5,000 per school year for ESAs who possesses one or more of the following recognized national certifications:

- Occupational Therapists National Board for Certification in Occupational Therapy (NBCOT)
- Physical Therapists National Physical Therapist Examination (NPTE)
- Psychologists National Certification in School Psychology (National Association of School Psychologists)
- Speech Language Pathologists who have achieved the Certificate of Clinical Competence from American Speech-Language-Hearing Association (CCC-ASHA)

A certificate, valid for the entire duration of the academic year, shall be submitted no later than September 10 if the stipend is to be reflected in the September payroll. Certificates will be accepted by Human Resources up to October 1. If not provided by October 1, the stipend will not be issued during that school year. An employee

is only eligible for one stipend; if eligible for the NBPTS stipend, the employee is not eligible for a National ESA Certification stipend.

SECTION 12: INSURANCE BENEFITS

Beginning January 1, 2020, and each year thereafter, the employer agrees to provide the insurance plans, follow employee eligibility rules and provide funding for all bargaining unit members and their dependents as required by State Law, the State Operating Budget, and the School Employees' Benefits' Board (SEBB). Inclusive of employer funding will be payment of the retiree carve-out for all eligible employees.

SECTION 13: LEAVES

A Sick Leave

Twelve (12) days of sick leave shall be allowed each year for certificated employees on a full-year contract (see Section 10). Less than full-time employees shall have their sick leave prorated against the amount of time worked. Each employee shall be allowed to accumulate sick leave to a maximum number of days that equal the number of days in the employee's contract.

In implementation of the District sick leave policy, the amount paid to the staff member for total days absence because of illness (or compensatory bereavement) shall not exceed the number of days covered by sick leave times the daily rate of pay (amount of contract divided by number of days contracted). When all sick leave has been exhausted, salary deductions will be at per diem rate.

An exception to the above would be for employees who accumulated additional supplemental sick leave days prior to August 31, 1988. These employees were granted three (3) days per year, beginning the first year of employment to a maximum of fifteen (15) days by the fifth year of employment. Employees with the accumulated supplemental sick leave may use this leave (as driven by a special formula developed at that time) and in accordance with the negotiated agreement.

B. Attendance Incentive Program

The attendance incentive program shall consist of two parts: 1) annual sick leave buyback, and 2) retirement sick leave compensation.

1. Annual Sick Leave Buyback

In January of each year, each eligible current certificated employee may choose to convert unused sick leave days earned during the previous year to monetary compensation. Only days in excess of sixty accumulated days may be converted, and the days shall have been earned at a rate no greater than one full day per month.

Sick leave days eligible for conversion shall be remunerated at a rate equal to one day of the employee's current full-time daily rate of compensation for each four full days of eligible sick leave.

All sick leave days that are converted shall be deducted from the employee's accumulated sick leave balance. The administration of this program shall be in accordance with [WAC 392-136-015](#).

2. Retirement Sick Leave Compensation

At the time of separation from school district employment due to retirement or death, an eligible employee or the employee's estate shall receive remuneration at a rate equal to one (1) day's current monetary compensation of the employee for each four (4) full days' accrued leave for illness or injury.

The administration of this program shall be in accordance with [WAC 392-136-020](#) as amended.

C. Maternity/Adoption Leave

A certificated employee shall be entitled to take a leave of absence for childbirth/adoption and upon the employee's return, will be reinstated in a position comparable to that held when the leave was granted. The employee is expected to give notification of an impending request for maternity/adoption leave to the administration in a reasonable and timely manner. An employee requesting maternity/adoption leave shall give written notice to the district at least thirty (30) days prior to commencement of said leave. The employee shall also notify Human Resources of the approximate time he/she expects to return to work and, within thirty (30) days after childbirth or thirty (30) days after receiving the adopted child within the employee's home shall inform the District of the specific day when he/she will return. All approved maternity/adoption leave shall be deducted from accrued sick leave until all sick leave is exhausted; however, the employee may choose to maintain up to forty (40) hours of sick leave in reserve. Remaining days of approved maternity/adoption leave shall then be without pay. Employees must use all approved maternity/adoption leave prior to initiating FMLA leave.

D. Family and Medical Leave Act (FMLA)

All district employees who qualify under the conditions of the Family and Medical Leave Act may take up to 12 weeks of leave during any 12 month period for the employee's own health needs or to care for certain family members. All FMLA will be deducted from the employee's accumulated sick leave until all sick leave is exhausted. When the sick leave has been exhausted, then all remaining days of FMLA will be taken without pay.

While on FMLA, employees are entitled to maintenance of all group health plan coverages.

When the employee returns to work from FMLA, they will assume the duties of the same position or a position equivalent to the one the employee held when leave commenced. ([District Policy #5404](#))

E. Bereavement Leave

Up to three (3) days non-cumulative bereavement leave days will be granted to each certificated staff member under the following conditions:

- If the leave is for bereavement other than in the immediate family, it will be granted upon prior approval of the superintendent or his/her designated authority with no deduction in salary. Immediate family is defined as the employee's spouse, father, mother, parents of spouse, grandparents, grandparents of spouse, children, brother, sister, brothers-in-law, sisters-in-law, or any relative residing in the employee's household, significant other, or any person with whom the staff member has had a close relationship for several years.
- 2. These three (3) days bereavement leave will not be charged against the twelve (12) days sick leave.
- 3. Three (3) additional days, if required, may be granted upon District notification. The additional days will be charged to sick leave.

Additional bereavement leave is an acceptable reason for use of sick leave.

F. Emergency Leave

An emergency shall be defined as an event which requires the personal attention of the employee, and proper planning would not have avoided the need for using school time. It should be a situation which is not anticipated and is suddenly precipitated. All emergency leave taken under these conditions will be deducted from the employee's accumulated sick leave. The employee will make every effort to notify his/her supervisor and/or the Human Resources as early as possible prior to taking the leave.

G. Subpoena Leave

A leave of absence with pay will be granted when an employee is subpoenaed to appear in an official proceeding if such proceeding does not involve self-employment, other employment or employer, and does not concern the employee's own personal affairs or the affairs of his/her immediate family. Compensation received for honoring a subpoena will be deducted from his/her regular salary if it is determined that he/she is entitled to a leave of absence.

H. Military Leave

If a member of the staff who is in the Armed Forces Reserve is called for reserve duty not to exceed fifteen (15) days during the school year, and such duty cannot be scheduled during the summer, such service shall be allowed in addition to any vacation or sick leave and shall not involve any loss of efficiency rating, privileges or pay. During the period of military leave, the employee shall receive his/her normal pay.

I. Personal Leave

The employee may take up to two (2) days leave each year at the employee's discretion. These days shall be at no cost to the employee. If the employee does not use his/her personal leave days, the district will reimburse the employee at per diem for each day. Compensation will be included in the July paycheck. However, Washington State Teachers' Retirement System Plan I employees, with more than 23 years of experience, must work an additional seven and one-half (7.5) hours of time for each personal day that they wish to cash out. Employees may carry over one (1) personal leave day per year. This request must be submitted to the business office before the last day of school. Personal days may accumulate and be used up to a maximum of three (3) days in any one school year. (Appendix J)

Restrictions:

1. Two (2) days prior notice must be given to either the principal or his/her designee.
2. Substitutes must be scheduled through Human Resources according to procedures. Requests will be considered in the order they are received and confirmed according to the availability of substitutes.

J. Service Incentive Leave

An employee shall receive up to three (3) service incentive leave days each year, as follows:

- One (1) day of service incentive leave each year commencing with the seventh (7th) year (Step 6) of employment as a certificated employee;
- One (1) day of service incentive leave each year commencing with the fourteenth (14th) year (Step 13) of employment as a certificated employee;
- One (1) day of service incentive leave each year commencing with the twenty-first (21st) (Step 20) year of employment as a certificated employee.

For employees choosing not to use one or more of their incentive leave days, the school district will agree to reimburse the employee at per diem for unused days. Compensation will be included in the July paycheck. Incentive leave days may not be accumulated. However, Washington State Teachers' Retirement System Plan

I employees, more than 23 years of experience, must work an additional seven and one-half hours of time for each incentive day that they wish to cash out.

Restrictions:

- This leave is to be taken according to mutual arrangement and agreement between the employee and the immediate supervisor.

K. Longevity Recognition

The District wishes to recognize the longevity and loyalty of those members who have devoted 20 or more years to education (commencing with Step 19). The Association has the option of choosing one of the following for those members with 20 or more years as a certificated teacher.

Two (2) additional service incentive days or two (2) days cashed out at staff member's per diem rate. Compensation will be included in the July paycheck.

Restrictions:

This leave is to be taken according to mutual arrangement and agreement between the employee and the immediate supervisor.

L. Leave Sharing

Certificated employees who have accumulated more than 176 hours of sick leave or more than ten (10) days of vacation leave may donate accumulated leave to other certificated employees. The employee donating the hours shall specify the number of days to be donated. Leave sharing shall be administered in compliance with [RCW 41.04.665](#).

The employee receiving the donated hours must have exhausted all sick leave before using the donated hours, and the employee suffers from, or has a relative or household member suffering from an illness, injury, impairment, or physical or mental condition which is of an extraordinary or severe nature and which has caused, or is likely to cause, the employee to:

1. go on unpaid leave of absence; or
2. terminate employment.

Requests for the initiation of a sick leave sharing program must be accompanied by a doctor's statement indicating that a valid medical condition exists which precludes the employee from returning to work. If the medical condition does not exist with the employee, then it must also be established that the family would greatly benefit from the personal attention of the employee. No employee shall receive an amount of donated leave which totals more than the length of his/her annual basic employment contract. No employee may request a transfer of sick leave which would result in his or her sick leave account going below 176 hours. Donated but unused leave hours shall revert back to the employee who donated the leave hours. An employee receiving donated sick leave hours shall receive the same benefits and pay as if he or she had been working.

All donated leave must be given voluntarily. No employee shall be coerced, threatened, intimidated, or financially induced into donating sick leave. In addition, the names of the individuals who do or do not make donations shall not be published.

M. Leaves of Absence

Leaves of absence up to one (1) year without pay may be granted employees for the purpose of study, travel, exchange teaching, to serve as an elected official, working in a professionally related field, or Association related business.

A leave of absence without pay for one (1) year for exchange teaching and/ or professional advancement beyond certification requirements entitles an employee to a normal salary increment. Upon return from leave, the employee shall be placed in the position last held or in a similar position in the District.

N. National Board Certification Leave

Employees while actively enrolled in the National Board Certification Program may request two (2) days of release time to use at their discretion to complete the program requirements. Should the employee not successfully complete the program, the employee shall not request the days a second time.

SECTION 14: CALENDAR (See Appendix B)

A calendar committee consisting of WWVEA members, PSE members, and district administration will meet and recommend a school year calendar to the Association. Upon Association ratification, the recommended calendar will be presented to the Board for approval.

SECTION 16: TECHNOLOGY

The District and the Association agree that the District will form a committee and develop a coordinated procedure for providing technology and support for all certificated district employees regardless of regular or special services. The parties also agree that this language will not be included in the negotiated agreement.

As a last resort, and with building administrator approval, self-contained special education teachers will be compensated at per diem for instructing students during their planning period. This planning time is in addition to pupil patron time before and after school. No single period of daily planning shall be less than 20 minutes in duration

All elementary school teachers shall be granted three (3) half days for preparation of conference and report card preparation

B. Secondary Planning Time

All secondary classroom teachers shall be granted one (1) class period a day, free of all duties and away from the students in a regular classroom situation for the purpose of preparation and evaluation. Only when an employee volunteers, or when exigent/emergency circumstances arise, may required meetings (e.g. Evaluation, IEP, parent-related) be scheduled during this time. As a last resort, and with building administrator approval, self-contained special education teachers will be compensated at per diem for instructing students during their planning period.

C. Use of Planning Time

Since planning time falls during the regular, contracted workday, the appropriate use of this time shall be subject to monitoring by the supervisor. For the purpose of safety and risk management, staff wishing to leave campus during their preparation time shall seek approval from their supervisor.

SECTION 3: CLASSROOM VISITATION

To provide patrons of the District the opportunity to visit classrooms with the least interruption to the teaching process, the following guidelines are set forth:

- A. All visitors to a school and/or a classroom shall obtain the approval of the principal or designee, and, if the visit is to a classroom, the time will be arranged after the principal has conferred with the certificated employee, if possible.
- B. Whenever possible, the certificated employee will be afforded the opportunity to confer with the classroom visitor before and/or after the visitation.

SECTION 4: PROFESSIONAL LEARNING

It is recognized that an effective professional learning program is necessary to provide continuing opportunities for the professional learning of certificated employees. Therefore, the District and Association shall periodically survey certificated employees to determine staff professional learning needs. Said surveying, planning, and implementation may be with the assistance of other agencies, colleges, or universities.

- A. Professional learning activities may cover the following areas:
 - 1. Release time for classroom observation and visitation
 - 2. Release time for professional learning
 - 3. Workshops and classes designed to meet student needs
 - 4. Consultant and material assistance for staff involved in curriculum improvement and innovation.
 - 5. Clock hours (see appendix I)
- B. The Association may recommend to the District topics for professional learning designed to improve the quality of instruction.
- C. In the implementation of new curriculum, the District and selected staff shall develop and implement a training program for any certificated employee(s) who will be responsible for teaching the new curricular program.
- D. Each federal or state project done or taken on by the District in the area of certification and teacher training will involve a representative from the professional Association and shall be appointed by the Association president or his/her designee. This professional Association representative will be actively involved in the planning [if the District receives more than forty-eight (48) hours notice], promoting, interpreting, and evaluating the project for the duration of the program. The professional Association representative should represent the level involved in the project and released time will be allowed upon the approval of the superintendent or designee when the need arises.
- E. Professional Fund

The District will pay \$240 per full-time certificated non-administrative employee to be used at the discretion of the employee. Funds may be used for classroom supplies and materials, technology, or for professional growth of the employee such as workshops, conference fees or membership in professional organizations.

Professional fund dollars will be paid in the employee's September paycheck.

SECTION 5: STUDENT DISCIPLINE

In the maintenance of a sound learning environment, the District shall expect acceptable behavior on the part of all students who attend school in the District. Discipline shall be enforced fairly and consistently regardless of race, creed, sex, or status. Such discipline shall be consistent with applicable federal and state laws.

The Board and superintendent shall support and uphold employees in their efforts to maintain discipline in the District, and shall give immediate response to all employees' requests regarding discipline problems. Further, the authority of employees to use reasonable disciplinary measures for the safety and well-being of students and employees is supported by the Board. In the exercise of authority by an employee to control and maintain order and discipline, the employee may use reasonable and professional judgment concerning matters not provided for by specific policies adopted by the Board and not inconsistent with federal or state laws or regulations. District Policy No. 3241 is referenced under this section.

The School District and teachers will make every reasonable attempt to involve parents or guardians in the resolution of student discipline matters.

In order to preserve a beneficial learning environment for all students and to maintain good order and discipline in each classroom, the board of directors shall provide that written procedures are developed for administering discipline at each school within the district.

The school-wide discipline plan shall be reviewed, with input from certificated staff, at least once a year. The plan will be shared with all staff prior to the beginning of the school year.

The district understands the importance of administrators being present in the building during student contact hours and will attempt to minimize circumstances where all building administrators are absent at the same time.

Exclusions: As outlined in RCW 28A.600.020 any student who creates a disruption of the educational process in violation of the building disciplinary standards while under a teacher's immediate supervision may be excluded by the teacher from his or her individual classroom and instructional or activity area for all or any portion of the balance of the school day, or up to the following two days, or until the principal or designee and teacher have conferred and agreed on next steps, whichever occurs first. Unless the student's presence poses an immediate and continuing danger to other students or school personnel, or an immediate and continuing threat of material and substantial disruption of the educational process, the teacher or other school personnel must first attempt one or more other forms of discipline to support the student in meeting behavioral expectations before using classroom exclusion.

Current district procedures (3241) developed in collaboration with staff, provide for the following and are affirmed in this contract:

The process for exclusions includes the following:

1. Remove the student from the classroom and identify as an exclusion.
2. Report the exclusion to the administrator.
Following the classroom exclusion of a student, the teacher must report the classroom exclusion, including the behavioral violation that led to the classroom exclusion , to the principal or principal's designee as soon as reasonably possible. Classroom exclusion under the behavioral violation category of "other" is insufficient.

When the teacher or other authorized school personnel administers a classroom exclusion because the student's presence poses an immediate and continuing danger to other students or school personnel, or an immediate and continuing threat of material and substantial disruption of the educational process the teacher or other school personnel must immediately notify the principal or the principal's designee. The principal or the principal's designee must meet with the student as soon as reasonably possible and administer appropriate discipline.

3. Notification of parents of the exclusion:
The teacher, principal, or the principal's designee must notify the student's parents regarding the classroom exclusion as soon as reasonably possible. The initial contact will be made by the teacher via phone or email. The exception would be if a pattern of more than one exclusion exists, or if the student was excluded because they posed an immediate and continuing danger to other students or school personnel or there was an immediate and continuing threat of material and substantial disruption of the educational process. In these circumstances parent contact will be made by the school principal, assistant principal or their designee.
4. Create student re-entry plan:
 - a) Confer between administrator and teacher.

To confer means to agree on next steps. Conferring may include discussion of:

- i. What was the student behavior and the factors contributing to the incident?
- ii. What corrective action, restorative practice, and/or intervention has been utilized?
- iii. What does the class and/or the employee need before the student returns?
- iv. What does the student need before returning to class?
- v. What is the plan to help the student avoid the same behavior in the future?
- vi. What are the next steps if the behavior continues?

Upon the employee's request, a conference between student parent/guardian, principal or administrator, and the employee shall be held to discuss future behavior expectations of the student. If the parent/guardian is unable or unwilling to attend, the meeting may still be held.

b) Communicate outcomes:

Prior to the student's return to a classroom, the employee who excluded the student from the classroom will be informed of the disciplinary action taken against the student.

c) Student returns to class.

SECTION 6: BUILDING BUDGET COMMITTEE

Building principals shall involve teachers in the establishment of priorities to a building for the purpose of purchasing curriculum and instructional materials, developing curriculum, and implementing programs. The building principal and staff shall mutually determine a method of implementing the intent of this provision.

Upon request, a financial statement of the building budget shall be made available to the building through the building principal. The primary responsibility for the building budget shall be with the building principal, subject to the provisions contained herein.

SECTION 7: DISTRICT COMMITTEE WORK

When requesting teacher participation in district committee work, the District will attempt to convey, as accurately as possible, the full nature of the committee's charge. This communication will include the following information:

- A. Specific task(s) to be addressed by the committee;
- B. Who will be responsible for the committee's leadership?
- C. The nature of the results expected of the committee (i.e. report, recommendation, proposals, etc.) and how the District anticipates this work will be used (a tentative time line for the committee's work, including an estimate of the time required of individual committee members), provisions for compensation and/or release time, if any, for the work of the committee which extends beyond the normal work day and year. Upon request by the individual, the committee chairman will provide Human Resources a notice of the individual's participation on the District committee for inclusion in the individual's personnel file

SECTION 8: BEGINNING TEACHER ASSISTANCE PROGRAM

Should the District choose to participate in the Beginning Teacher Assistance Program, the following guidelines for participation shall be in effect:

- A. Beginning teachers are eligible to participate in the district's new teacher support program. A beginning teacher shall mean a certificated teacher with fewer than ninety (90) consecutive days of classroom teacher experience in either a public or private school in any grade, kindergarten through grade 12, and who is under contract for the current school year by Walla Walla Public Schools. The support program shall include New Staff Orientation, the assignment of a Peer Mentor and participation in the District's Mentor Teacher Program. Each beginning teacher and their peer mentor shall be given the equivalent of two (2) release days to be taken in at least half day blocks to work on instruction and or curriculum.

- B. Qualified individuals interested in becoming peer mentors, should make application to their supervisor or building principal prior to the end of the school year. Principals or supervisors may nominate additional individuals for participation. A peer mentor should:
1. Teach in the same major or related area of concentration as that of the beginning teacher and hold either a major or minor in that field.
 2. Have taught successfully for not less than three (3) full years including at least one (1) year in the Walla Walla School District.
 3. Demonstrate effective teaching skills.
 4. Have a good understanding and perspective of District and building policies, procedures, and programs.
 5. Possess a high level of professional development/commitment.
 6. Demonstrate good communication and interpretation skills.
 7. Have the necessary level of energy and enthusiasm and high level of creativity.
 8. Be highly regarded by students, staff, and the community.
- C. Selection of peer mentors shall be made by the building principal and a representative appointed by the Association. Whenever a beginning teacher is nominated by a building principal or supervisor, the District shall notify the Association of that nomination. The Association shall then immediately appoint a representative for the selection process.
- D. Participation in the Beginning Teacher Assistance Program is required for the first year. The second year shall be optional.
- E. Beginning teachers participating in the Beginning Teacher Assistance Program will be paid per diem for hours spent participating in the program. There will be no more than one required meeting per month. These required meetings will last no more than two (2) hours. In addition, there will be an optional one (1) hour per diem time for lead teacher and beginning teacher to consult.
- F. New certificated employees will participate in the New Staff Orientation Week conducted in August, and will be compensated for their time with a stipend.

ARTICLE V

1. Article III, Section 2, Academic Freedom
2. Article IV, Section 5, Student Discipline
3. Substitutes who properly apply will be considered for leave replacement positions and for vacancies posted for regular bargaining unit positions.
4. Substitute teachers who are employed in exactly the same assignment for fifteen (15) or more days, shall be paid, starting with the sixteenth (16) day, at a per diem rate that the employee would receive if paid on the salary schedule for regular certificated teachers.

APPENDIX - P

Focused Evaluation – Danielson – Certificated Classroom Teacher

- The focused evaluation will include the student growth rubrics of the selected criterion. If criterion 3, 6, or 8 is selected, evaluators will use the accompanying student growth rubrics.
- If criterion 1, 2, 4, 5, or 7 is selected, evaluators will use criterion 3 or 6 student growth rubrics.
- While there is no student growth impact rating, a rating of "1" on any student growth rubric row triggers a student growth inquiry.

• The focused evaluation is meant for proficient and distinguished educators and its purpose is to support professional growth.

• If a non-provisional teacher has received a "satisfactory" on his/her last six evaluations, or a "proficient" or "distinguished" once they have transitioned to the new system, the teacher is eligible for a focused evaluation five out of every six years.

• One of the eight criteria must be assessed in every year that a comprehensive is not required.

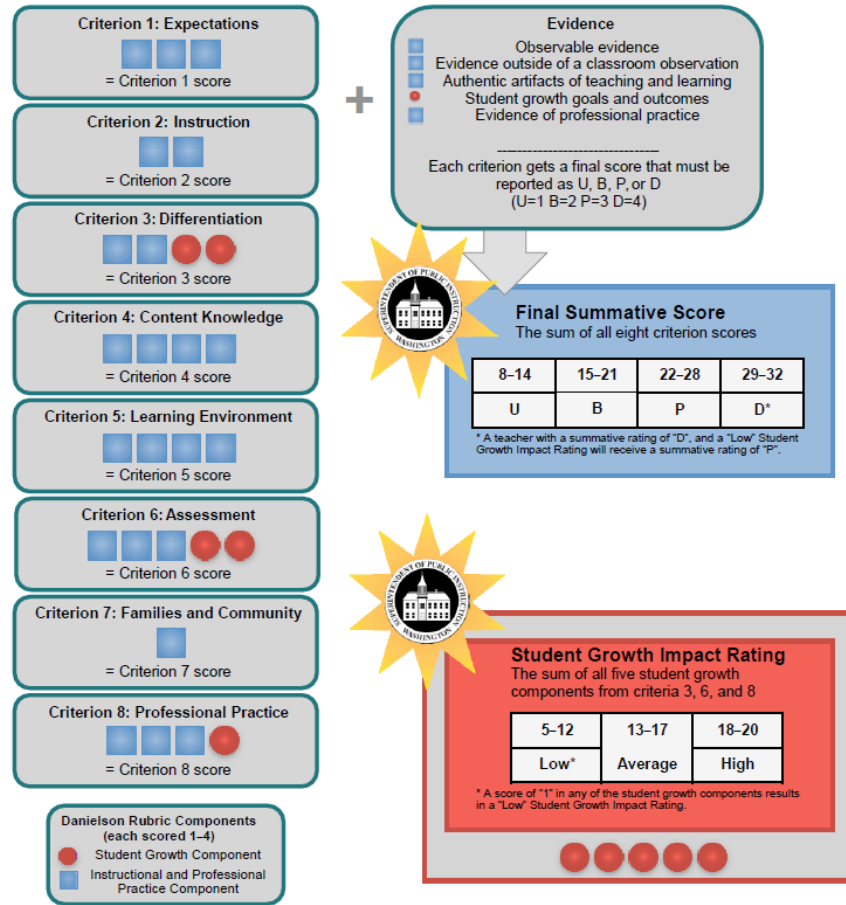

• The final criterion score will be considered the final summative score.

Washington State Teacher and Principal Evaluation Project – March 2013 (Revised August 2019)

APPENDIX – P (page 2)

Comprehensive Evaluation – Danielson – Certificated Classroom Teacher

- A teacher's criterion scores are established using both the district's selected instructional framework and Washington State student growth rubrics.
- The Summative Criteria Score is the sum of the eight criterion scores and is determined by the OSPI-approved scoring band.
- The Student Growth Impact Rating is generated by combining the five student growth rubric components from criteria 3, 6, and 8, and is determined by the OSPI-approved scoring band.
- Teachers with a "Distinguished" Summative Criteria Score and a "Low" Student Growth Impact Rating cannot be rated higher than "Proficient."
- A "Low" Student Growth Impact Rating triggers a student growth inquiry regardless of Summative Criteria Score.

- ☐ Examine extenuating circumstances which may include one or more of the following: Goal setting process; content and expectations; student attendance; extent to which standards, curriculum and assessment are aligned;
- ☐ Schedule monthly conferences focused on improving student growth to include one or more of the following topics: Student growth goal revisions, refinement, and progress; best practices related to instruction areas in need of attention; best practices related to student growth data collection and interpretation;
